VOLUME 70 — BURLINGTON, KENTUCKY THURSDAY, JANUARY 3, 1946 — NUMBER 27

E-452-1

SPECIAL TERM IS SCHEDULED

BY WARD YAGER, CIRCUIT COURT JUDGE—DATE SET FOR JANUARY 15TH—NO JURORS WILL BE REQUIRED.

Hon. Ward Yager, Judge of the Boone Circuit Court has called a special term of the Boone Circuit Court, to convene on January 10th, 1946 at 10 a. m. and to continue through January 12th if necessary.

This special term of court was called because of the severe weather which prevailed in this section during what would have been the second week of the regular term of the court and prevented attorneys and litigants alike from attending court. Inasmuch as there were several cases which counsel for litigants expected to take up with the court during the second week, and the holiday season following close to the regular term and the weather having prevented the regular transaction of business, Judge Yager was of the opinion that a special term was justified.

No jurors will be called for the terms, and no trials will be held, but all matters on the Common Law and equity docket will be before the court for all purposes as if during a regular term.

PROGRAM IS ANNOUNCED

FOR SOIL IMPROVEMENT FOR EVERY SECTION OF STATE—BUILT AROUND WORK OF EXPERIMENT STATION.

A peace-time soil improvement program reaching into every part of the state is announced by Dean Thomas P. Cooper of the University of Kentucky College of Agriculture and Agricultural Experiment Station.

Built around the work of the Experiment Station over a long period of years, the program includes growing crops only on the least erosive soil and the use of other suitable land for meadows and pastures, with non-crop land devoted to timber production. Soil building is to be furthered through the continued use of lime, phosphate and certain fertilizers, the growing of legumes, grass and cover crop residues.

Other provisions of the College of Agriculture's speeded-up soil improvement program are:

Contour cultivation, terraces and diversion ditches to conserve moisture and control rain run-off.

Drainage of wet bottom lands.

Better water supplies for both homes and livestock.

Improvement of pastures by soil building, including sowing grass and legume mixtures and control of weeds.

Improvement of woodland thru control of fires, care in grazing and cutting trees.

In cooperation with farmers, county and community committees and other groups and agencies the program will cover every county in Kentucky, it was stated.

'Proclaim liberty throughout the world, unto all the inhabitants thereof.'

In this land of free men the merry tumult of new Year's is a traditional part of our national life. It does us all good to give the New Year a rousing welcome.

More power to New Year's and the principles of freedom upon which it rests. And more power to you, dear friends, every day of 1946! It has been a pleasure and a privilege to have served you, and we stand pledged to serve you still better in the year to come.

LOCAL MEN ATTEND TOBACCO MEETING

HELD AT PARIS, KENTUCKY ON SATURDAY, DECEMBER 22—20 PERCENT REDUCTION IN BURLEY RECOMMENDED.

A meeting of all farm bureaus from northern and central Kentucky was called at Paris, Ky., on Saturday, December 22, 1945. H. E. White, William Hill, Lassing Huey, J. C. Bedinger, and John E. Crigler represented the Boone County Farm Bureau at this meeting.

Several resolutions were passed in an effort to help the price of burley tobacco the balance of this year and for 1946. It was recommended that all burley tobacco not bringing the floor price for that grade be turned over to the Burley Tobacco Growers Cooperative Association. It was also recommended that the marketing quota tax on excess tobacco be increased from 10 to 15 cents per pound, or 40 percent of the sales price of the tobacco whichever is greater and that the alloted acreage for the following year be reduced by the amount of the excess acreage. It was also recommended that a reduction of 20 percent be made in the 1946 tobacco allotments. It was also recommended that Congress be asked to raise the parity price of tobacco to reflect the increased cost of labor and other production expenses.

Growers have been advised that it will be necessary to reject any basket that brings less than the floor price for that grade and turn it over to the Burley Tobacco Growers Cooperative Association Representative who will pay the floor or support price and the money for all tobacco sold including the amount turned over to the Burley Tobacco Growers Cooperative Association if any profit is made from the sale of it.

Listed below are the grades of burley tobacco as it is now graded by the Government grader and the selling price and the floor price.

REVENUE MAN TO VISIT BOONE CO.

FOR PURPOSE OF ASSISTING TAXPAYERS IN FILING INCOME DECLARATION FORMS BY JANUARY 15TH.

Collector of Internal Revenue, S. R. Glenn, announces that a deputy from his office will visit Burlington January 10th and 11, 1946 for the purpose of assisting the following taxpayers who will be required to file an estimated or final return by January 15th: (1) Farmers, if 80% or more of their gross income is $500 or more from this source would be required to file a declaration or final return by January 15th. (2) Taxpayers who would be required to file an amended declaration by January 15th, and would be privileged to file a final return by this date. Other taxpayers will have until March 15th to file their returns.

Mr. Glenn says that the new Revenue Act is in many particulars different from the laws previously in effect and that the many changes can not be explained in a short notice, but that his deputy is familiar with the laws and is being sent here to be of real service to the taxpaying public. The service is absolutely free. Collector Glenn urges the taxpayers of this county, who would be required to file returns by January 15th, to see the deputy and let him help them with their income tax problems.

Myers-Elsiager

The spacious home of Mr. and Mrs. Russell R. Myers of Erlanger was the setting for the marriage of their daughter Rosemary to Melvin E. Elsiager, son of Mrs. Sam Blackburn of Burlington on December 15th at 7:45. The double ring ceremony was performed by the Rev. R. A. Johnson before he holly banked mantle in the living room.

Given in marriage by her father, the bride a lovely picture in white satin, with a fingertip veil of imported Swiss lace carried white roses and baby breath. Her attendants Miss Clara Lee Lynn maid of honor, and Mrs. Mary Jean Poston both in dusty rose, while Miss Mary Lou Williamson and Shirlyn Lee Howard wore ice blue, all carried colonial bouquets of bronze chrysanthmums with matching ribbons. Petite Joan Ann Kidwell in white net carried the brides train.

The groom had as his best man Mr. Nelson Poston, and as ushers, Mr. Don Loomis, Jack Myers and James Garrett. Preceding the ceremony Miss La Verne Anderson sang "I Love You Truly" and "Always" accompained by Miss Norma Johnson. A reception followed for a large circle of friends.

Mr. and Mrs. Elsiager are residing with the brides parents.

Sunday guests of Mr. and Mrs. Reuben Hodder Jr., were Mr. and Mrs. Ernest Ruppert, of Erlanger, and Mr. and Mrs. Reuben A. Hodder, Sr., of Ft. Mitchell.

The Covington Independent Tobacco Warehouse Co., will have its first sale on Monday, January 7th on the Covington Market.

REMEMBER WHEN

—every political campaign called for torchlight parades? A sight, it was, to watch several hundred men marching along the street, each carrying a flaming torch. Then at the end of the march, in the Court House square or city park, the orator of the occasion blasted the opposition and lauded his own candidate, the same as today. Remember?

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

A PEOPLE OPPRESSED

LESSON TEXT—Exodus 1:8-14; 2:23-25.
GOLDEN TEXT—And He said, Certainly I will be with thee.—Exodus 3:12.

God never forgets His people. We can be assured of that even though at times we must wait for His coming to bring us deliverance.

The history of Israel repeatedly demonstrates the faithfulness of God; hence the lessons of this next quarter concerning them will be a source of real belssing to all who need and seek God's help.

The family of Jacob—or, as the Bible calls them, the children of Israel—prospered in Egypt particularly as long as Joseph and the rulers who remembered him were alive. But they soon learned one of life's bitter lessons, namely, that:

I. Prosperity Is Not Always a Blessing (1:8-11).

The Hebrews were a peaceful, law-abiding people. They were God's chosen people, and as He blessed them they prospered, and thus innocently they brought upon themselves the hatred of the suspicious Egyptians.

Prosperity is never an unmixed blessing. We as a nation know that to be true. Not only does it lead to a certain softening of the sinews, but all too often it results in a weakening of the moral fiber, which makes man easy prey to the attack of the enemy of our souls.

We have just passed through a great war which has demonstrated to the world that in a time of crisis America can be strong; but now that it is over we are ready to fight one another to gain advantage. Many who have profited by war are not content to have less gold in peacetime, and so the old delusion, the love of riches, is about to ruin many lives.

It should be said that the Egyptians had reason, humanly speaking, to fear this great nation which was growing up in their midst. The new rulers did not know Joseph and had forgotten the spirit in which he had brought his family into the land. The leaders of the Egyptians therefore made plans which appealed to their brilliant leaders as politic and wise. But they reckoned without God, and the burdens and the afflictions they placed on the Israelites only served to bring further blessing.

So Israel learned a lesson which our present sorry world can profit by, that:

II. Persecution Is Not Always a Burden (vv. 12-14).

The people of Israel did not appreciate it, but the bitterness of their bondage was a blessing in disguise.

1. It Kept Them Separate as a People. Affliction often serves to keep God's people separated from the world. It is doing so today.

2. It Disciplined Them and Prepared Them for the Hardships of Their Wilderness Journey. We, too, do well to remember that "whom the Lord loveth he chasteneth," and that if we are properly "exercised" thereby, our sorrows may yield rich fruit in our lives.

3. It Threw Them Back upon God. Many are the saints of God who have found that the fiery trial, the burden so hard to understand, or some affliction of body, has caused them to bring their burdens to the Lord. We have traveled far on the road of faith when we have reached the place where we learn that "man's extremity is God's opportunity."

They had only one place to turn. They were hemmed in on every side, but, as ever, they found that no man can close the way up. They called on their God.

III. Prayer Always Brings Deliverance (2:23-25).

Does God really know when His people suffer? Does He really care? Yes, He does. "They cried," and "God heard" and "remembered." That's all we need to know. The groaning of His people had already stirred God's gracious and tender heart. But He waited to hear their cry before He answered. Such is the law of prayer. May we not forget it. Far too often we turn to everyone and everything else, and finally, in desperation, to God. Why not turn to him first?

Does God hear and answer prayer? Yes, but remember that real prayer is the cry of faith coming from the heart of an obedient child. God may answer other prayers, but He always answers the prayer of faith.

His answer may not be in accord with our opinion of what it should be, for His wisdom is infinite. He knows better than we what the answer should be. Let us trust the Judge of all the earth to do right (Gen. 18:25).

A world thrown into unspeakable fear by the development of the atomic bomb is now recognizing that the only hope for the future is a spiritual revival. Many who scoffed at the idea of prayer to God are ready now to hear the witness of a church that really knows how to pray and to bring deliverance from the hand of God.

THE LAST DAY

FOR MEN NOW IN THE ARMY TO RETAIN THEIR PRESENT GRADES BY REENLISTING . . .

Men now in the Army who reenlist before February 1 will be reenlisted in their present grade. Men honorably discharged can reenlist within 20 days after discharge in the grade they held at the time of discharge, provided they reenlist before February 1, 1946.

There's a long list of attractive reenlistment privileges in the new Armed Forces Voluntary Recruitment Act of 1945. The ability to keep your present grade is only one of them, but this privilege expires on January 31.

There are plenty of other reasons why many thousands of men have enlisted, and more thousands are enlisting every day. You'll certainly want to know all of the opportunities open to you. If you'll read them carefully, you'll know why a job in the new peacetime Regular Army is being regarded today as "The Best Job in the World."

HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in Army with 6 months' service.)
2. Enlistment age from 17 to 34 years inclusive, except for men now in Army, who may reenlist at any age.
3. Men reenlisting retain present grades, if they reenlist within 20 days after discharge and before February 1, 1946.
4. The best pay scale, medical care, food, quarters and clothing in Army history.
5. An increase in the reenlistment bonus to $50 for each year of active service since such bonus was last paid, or since last entry into service.
6. Up to 90 days' paid furlough, depending on length of service, with furlough travel paid to home and return, for men now in Army who enlist.
7. A 30-day furlough every year at full pay.
8. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
9. Option to retire at half pay for life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
10. Benefits under the GI Bill of Rights.
11. Family allowances for the term of enlistment for dependents of men who enlist before July 1, 1946.
12. Opportunity to learn one or more of 200 skills and trades.
13. Choice of branch of service and overseas theater in the Air, Ground or Service Forces on 3-year enlistments.

What is the livestock market doing today? How are poultry, eggs, and grain? What is the weather forecast for today, tomorrow? These all-important questions are answered every day on the WHAS "Kentuckiana Almanac" . . . broadcast just when you can listen, 12:35 to 1:15 p.m., Monday through Friday. Saturday the Almanac is broadcast at 11:30 a.m. to 12:25 p.m

But, of course, that isn't all that's in this big, newsy, interesting program. There's music a-plenty played by Bob Hutsell and the WHAS orchestra . . . sweet songs by WHAS soloists, and Kentucky mountain folk music straight from Renfro Valley, plus timely, helpful hints by Frank Cooley, WHAS agricultural co-ordinator. Too, there's humor and suggestions for women by unpredictable Lu Murphy. George Walsh, WHAS sports co-ordinator, has a Sports Page feature on Saturdays . . . and frequently visiting stage, screen and radio celebrities come to the studios of WHAS for a broadcast on Kentuckiana Almanac. Daily, Dean Horlacher of the University of Kentucky interviews a specialist about topics of interest to urban and rural folk alike. Indeed, it's a veritable Almanac of facts, figures, fun and music. . . . It's your program, broadcast daily on your favorite clear channel radio station. . . . .

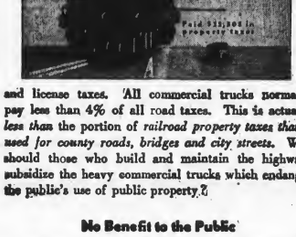
THE WAY THEY LOOK

to the automobilist

This cut is from an actual photograph. It shows the relative size of one of the heavy trucks regularly operated on Kentucky highways before the enactment in 1932 of the 18,000-pound gross weight law, that is, *when trucks with a gross weight of 28,000 pounds were permitted.* The heaviest type of modern railroad freight engine is only 6 inches higher and 2½ inches wider than the one shown in this picture.

Kentucky's Highways Were Not Built for Heavy Trucks



It is reported that the commercial trucking interests will seek to have the legislature permanently authorize the operation of trucks with a gross weight of more than 40,000 pounds.

There are only 2,100 miles of high type surface roads in Kentucky. Even the main highways across the state contain long stretches of narrow, winding roads of low type construction. In the *State Highway System* of 10,000 miles there are 3,200 miles less than 18 feet wide, many substandard bridges and 16,000 places where the view ahead is restricted within 500 feet by sharp curves or other obstructions. In the *County Road System* of 47,000 miles there are 27,690 miles of unsurfaced mud roads. The plain fact is Kentucky's highways were not built for 40,000-pound trucks.

The Subsidy

In a normal year automobiles and trucks of 1½ tons or less capacity pay more than 90% of all gasoline and license taxes. All commercial trucks normally pay less than 4% of all road taxes. This is actually *less than* the portion of *railroad property taxes that is used for county roads, bridges and city streets.* Why should those who build and maintain the highways subsidize the heavy commercial trucks which endanger the public's use of public property?

to the tax collector

No Benefit to the Public

Only the operators of the supersize trucks would be benefited by the proposed law. The 20-ton trucks were permitted here during the war but they did not reduce their charges to the public. *Increasing truck weights* in other states *has not reduced commercial truck rates.* The commercial trucking interests do not even propose to reduce the rates they charge the public if their law should be adopted.

Shall We Build Superhighways or Farm-to-Market Roads?

The more of the road taxes that is used for building the *superhighways needed only by the supersize trucks,* the less will be the funds available for building the *farm-to-market roads* so badly *needed by the farmers and school children* in the rural sections of the state.

THE DANGER AND COST OF THE HEAVY TRUCKS ARE PLAIN ENOUGH. IT IS HARD TO SEE WHAT BENEFIT ANYBODY EXCEPT THEIR OPERATORS WOULD RECEIVE.

This message is published by the Kentucky Railroad Association. Protection of the safety and convenience of the operators of automobiles and of trucks of reasonable size, preservation of the highways, due regard for taxpayers and for those who are dependent upon farm-to-market and county roads—all unite with simple fairness to competing forms of transportation in requiring that reasonable limitations be imposed upon the instrumentalities that use public property for private profit.

Seen And Heard Around The County Seat

Mr. and Mrs. Elijah Stephens entertained with a dinner Saturday night in honor of the marriage of their daughter, Violet Rose to Buster Smith. The guests were Mr. and Mrs. Willard Stephens, Mr. and Mrs. James Edward Stephens of Ludlow, Mr. and Mrs. Wilford Stephens and family of Union and the bride and groom.

Mr. and Mrs. Raymond Combs and son spent Sunday the 23rd with Mr. and Mrs. C. F. Thornton and family of Jonesville.

Mrs. Susie Stephens and son entertained with a dinner during the holidays. The guests were Mr. and Mrs. Walter Hall and family, Mr. and Mrs. Lee Roy Hall and son of Covington, Mr. and Mrs. Roscoe Akins and family, Mr. and Mrs. Pete Stephens and Miss Lucille Cotton.

Mr. and Mrs. Ted Hambrick are the proud parents of a baby girl born Thursday, Dec. 20th. The baby has been named Wilma Jane.

NEW YEAR 1946 will put on his show at the midnight hour, as always in the past. As the show-boat disappears round the bend in the river and we get back into the old routine we hope for you that there was more to it than the fleeting joys of the New Year holiday, that "something has been added"—something of permanent stature—and that 1946 will really make a big difference to you.

PLANNING COMMISSION OF KENTUCKY
says a new state trucking law is
Urgent!

Commission's report: "In direct relation to roadway improvements are the laws regulating weights of loads and sizes of trucking facilities. It is urgent that Kentucky face this issue, promptly and squarely and revise outmoded limits which at the present time are hindering interstate commerce."

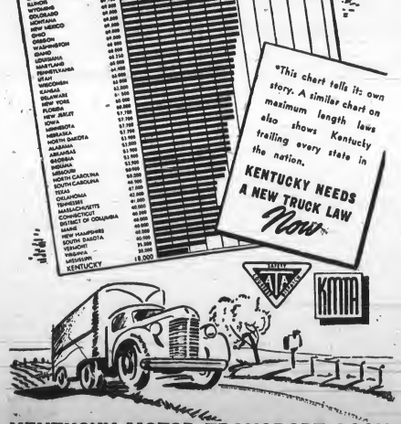
OUT-OF-DATE LAW IS A THREAT TO YOUR INCOME! HERE'S WHY!

All communities in Kentucky are dependent on trucking . . and 65.9% of these communities have no transportation service except trucking! Yet, to transport the vast quantities of goods Kentuckians need for themselves or want to sell to others, we are still penalized with the most restrictive size-and-weight trucking law of any state in the nation!

For example, 92% of all states have a gross weight limit which is 122% more than Kentucky's permanent law allows . . and the average for all 47 states is 233% more than the Kentucky law permits.

THE PRESENT LAW

Kentucky's permanent law limits total gross weight of a truck, plus its load, to only 18,000 lbs. . . and length of truck-trailer to only 50 feet. That's 22,000 lbs. lighter than 47 other states allow . . and 10 feet shorter than 46 other states permit!



THE PROPOSED LAW

Every state bordering Kentucky has liberalized highway laws. Kentucky's proposed law should be comparable to theirs . . and should at least equal the minimums allowed in 70% of all states today.

This means that Kentucky farmers frequently make 2 trips to haul the same amount of farm products which neighbor-state farmers haul in 1 trip. It means that trucking costs are higher for business and industry, too. This added cost stifles trade and makes the price of consumer goods higher proportionately than elsewhere.

Who pay? You do! All Kentuckians do! And, we'll continue to pay until Kentucky gets a new truck law, such as the nationally recommended "uniform code", which has already been adopted in about 70% of all states!

Talk . . wire . . or write . . to your State Legislators without delay. Let them know that you, in addition to the Planning Commission, believe that a new, modern truck law is urgent!

VOLUME 70 — BURLINGTON, KENTUCKY THURSDAY, JANUARY 16, 1946 — NUMBER 28

MARCH OF DIMES DRIVE OPENS IN CO.

JANUARY 14TH TO 31ST—MRS. ELIZABETH GOODRIDGE NESTOR WILL DIRECT CAMPAIGN IN COUNTY.

The annual March of Dimes, to raise funds for the fight on infantile paralysis in the State and in the Nation, will be held from January 14th to 31st.

Mrs. Elizabeth Goodridge Nestor will direct the drive in Boone County.

The Kentucky Chapter of the National Foundation for Infantile Paralysis, which conducts the March of Dimes was compelled to spend almost $200,000.00 to care for victims of the epidemic of 1944, the worst in the State's history. This money was spent for hospital bills, nurses, physical therapists and other necessities, including the operation of an outpatient clinic, where victims receive treatments after discharge from hospitals.

As last year, Henry St. G. T. Carmichael, Kyrock, is State Chairman for the March of Dimes; Judge J. J. Kavanaugh, Louisville, is Vice Chairman and M. C. Browder, Anchorage, is Director.

This newspaper asks that the people of this county respond whole-heartedly to this appeal, as they have always done.

Post War Planning Committee Will Meet

The Boone County Farm and Home Post War Planning Committee will meet at 10:30 a. m. Tuesday, January 15 at the County Agent's office in Burlington. Representatives of organizations affecting the agricultural and home life of the county have been invited to attend.

The committee will attempt to plan a long time improvement program. The program will involve a period of several years with definite goals to be obtained. The committee's study and work is also expected to involve a considerable period of time.

Seabee Receives Honorable Discharge

William Huey, CM1C, of the U. S. Navy Seabees, received an honorable discharge from the U. S. Navy at Great Lakes Separation Center, Friday, January 7th.

"Bill" entered the service October 1943, and received his basic training at Camp Peary, Va., and Camp Pendleton and Camp Parks, Calif. He spent six months overseas, being stationed on the island of Okinawa, in the Pacific.

Bill holds the American Theater Ribbon, and Asiatic-Pacific Ribbon.

He was employed at the new airport prior to entering the service. He is a son of Howard Huey, of Petersburg.

FARM BUREAU BACKS PROGRAM

OF BURLEY TOBACCO CONTROL —PROGRAM WILL BE PRESENTED AT MEETING HELD IN LOUISVILLE.

Boone County Farm Bureau members at their annual meeting held at Burlington, Monday, voted to back the Kentucky Farm Bureau Federation in sponsoring a burley tobacco control program to meet changed market conditions. The state program is to be presented at the Kentucky Farm Bureau Federation meeting being held in Louisville, this week.

The County Farm Bureau also appointed a committee to work out plans for securing a county sheep dipping farm-to-farm service, and to sponsor a 1946 county production contest; a county dairy artificial breeding association to be affiliated with the State Bull Stud; cooperate with the County Post War planning committee and to cooperatively sponsor home food production and 4-H Club programs.

W. W. King of Verona was elected president; S. D. S. Ranson, Walton, vice president; and John Crigler, secretary-treasurer. Directors elected for two year terms were Lassing Huey for Union and Beaver; H. E. White, Burlington; George Heil, Florence; S. D. S. Ranson, Walton, and W. W. King, Verona.

Charlie Stevens

Charlie Stevens, prominent Boone County farmer and businessman, died at Christ Hospital, Cincinnati, Monday afternoon at 5:30, following a short illness.

Mr. Stevens was a lifelong resident of Boone County and has been one of Boone County's most successful farmers and businessmen. He was a member of the Bullittsburg Baptist Church.

Funeral services will be conducted Thursday afternoon at 2:00 p. m. from the Bullittsburg Baptist Church. Burial will be in the Bullittsburg Cemetery.

Mr. Stevens is survived by three sisters, Mrs. Wallace Rice, Bessie and Lizzie Stevens; one brother, Jonas; one niece and 2 nephews, and a host of relatives and friends.

Chambers and Grubbs, are in charge of funeral arrangements.

Automobile Licenses In Hands Of County Clerk

C. D. "Dewey" Benson, County Clerk, announced that 1946 automobile and truck licenses are now in his hands. Vehicle owners are urged to apply for their license early in order to avoid the last minute rush.

When applying for licenses motorists should bring their license receipt of 1945, in order to avoid delay.

FOUR-H PROJECT WORK TO BEGIN

INTERESTED GIRLS WILL START CLOTHING PROJECT AS SOON AS POSSIBLE—OTHER PROJECTS START IN FEBRUARY.

Boone County 4-H Club clothing leaders have expressed the desire to start those girls interested in a 4-H clothing project as soon as possible. Last year many were later in their completion and it was felt best to start the project earlier this year if possible.

Projects that will be available include units on the making of an apron and pot holder, school frocks, sem-tailored garment, tailored garment, and a formal garment.

It is hoped that all interested in this project will be thinking about what they want to make and help this to be the best 4-H club year the county has had.

All other projects will be started the first of February and those wishing to enroll in the 4-H Club may do so at this time.

Florence Trim Visitors By Score Of 27 To 25

Florence trounced the St. Henry Hoopsters, Friday night on the Florence hardwood by a score of 27 to 25. Zapp collected five points for the winners, while Dahlenburg led the attack for the losers with twelve.

In a preliminary game, Florence reserves defeated St. Henry's second stringers by a score of 21-13.

New Haven will be entertained at Florence, Friday night, January 11th. Florence will meet Hebron Saturday on Hebron's floor.

Florence-Walton Offices Will Be Discontinued

Harry C. Heuser, manager of the U. S. Employment Service office at 12 E. 6th Street, Covington, announces that due to lack of patronage this office will discontinue itinerant service to Florence and Walton.

Those wishing to register for employment and veterans seeking employment information and other information pertaining to the G. I. Bill of Rights, are directed to contact the Covington office.

Five Cows Produce 92,542 Lbs. Milk In Year

Five registered Brown Swiss cows in the herd of Mrs. F. W. Michels & Sons, of near Hebron, have produced 92,542 pounds of milk in 365 days, and 3461 pounds of butterfat according to records of Fred S. Iditse, secretary of the Brown Swiss Cattle Breeders Association, Beloit, Wis.

Here's the box score: Maximum Claribell, 22,126 pounds of milk, 851 of butterfat; Belle's Brownie, 19,162 and 631 pounds; Goldy of Laughing Waters, 18,236 and 713; Stasis Johanna Maid, 16,957 and 654, and Jessie's Mary Anne, 16,061 and 612.

CORNERSTONE LAID AT NEW AIRPORT

SUNDAY WITH APPROXIMATELY 1,000 WITNESSING CEREMONIES—HANGAR GROUND BROKEN.

Cornerstone ceremonies for the Administration Building of the new airport located in Boone County were held Sunday afternoon before a crowd of approximately 1,000 persons.

Principal speakers, James E. Quill, Covington attorney and C. Lisle Kays, Chairman of the Kenton County Airport Board, emphasized the debt of the community as a whole to the foresight and energy of the retiring members of the Kenton County Fiscal Court, who had worked long and hard to make the enterprise possible. Kays laid a sealed copper box containing a history of the project in the cornerstone.

Kays pointed out that the airport represented an investment of more than $4,000,000. The Federal Government, he said, had invested $3,000,000 of this and the commercial airlines several hundred thousand dollars.

Many new jobs would be opened when the airport finally became a going concern, Mr. Kays indicated. He expressed hope that many former servicemen would find work in this way.

Persons interested in details of construction work and other matters made an inspection of the airport. Ground for a hanger was broken this week.

Mrs. Jennie Rogers

Funeral services for Mrs. Jennie Rogers, 72, widow of the late Boone Rogers were conducted Saturday afternoon, Dec. 29, from the Belleview Baptist Church, with Rev. Will Smith, officiating.

Mrs. Rogers died at the home of her daughter, Mrs. F. H. Brown after a long illness.

She is survived by two daughters, Mrs. F. H. Brown, Mrs. M. F. Williamson, Belleview; three sons Nathaniel Rogers, Louvette Rogers of Belleview and Dr. John C. Rogers of Hopkinsville, Ky. Burial was in Belleview Cemetery.

Funeral arrangements were completed by Florence funeral home of Chambers & Grubbs.

Mrs. Helena Ogden

Funeral services for Mrs. Helena Ogden were held from Bullittsburg Baptist Church Sunday at 2 p. m. with burial in Bullittsburg Cemetery with Rev. W. T. Gardiner officiating.

Mrs. Ogden passed away in the home of her daughter, Mrs. Alvin Whitaker, Bullittsville, Ky., Thursday afternoon, December 27.

Funeral arrangements were in charge of Chambers & Grubbs, Florence funeral directors.

William Dorsey

Requiem High Mass for William Dorsey, 80, resident of Erlanger, was sung at St. Henry Church at 9 a. m. Saturday, following prayers at the Taliaferro funeral home, Erlanger at 8:30 a. m.

Mr. Dorsey died Wednesday at St. Elizabeth Hospital following a brief illness.

He is survived by ten nephews and seven nieces.

Phillip Taliaferro, Erlanger funeral director was in charge of arrangements.

Robert Lee Strause

Services for Robert Lee Strause, 42, were held at the residence in Walton Ky., at 2:00 p. m., Friday, December 28. Burial was in the Walton Cemetery.

Robert Lee Strause, son of James and Cora Strause, was born in Burlington, Ky., September 12, 1903 and departed this life December 25 1945 at the age of 42 years, 3 months and 13 days. He had been in failing health for the past six months.

He was united in marriage to Virgie Dixon of Dry Ridge, Ky., on July 27, 1924. To this union four children were born, Wilbur Lee 20, Lillian 17, Shirley 11 and a baby son Glen Edward, who preceded him in death in 1937. His father also passed away several years ago.

He is survived by his wife, Virgie one son Wilbur Lee, with U. S. Army; two daughters Lillian and Shirley; his mother, Cora Bethel and one sister, Viola Trayler.

Stephens-Smith

Violet Rose Stephens, only daughter of Mr. and Mrs. Elijah Stephens and Howard E. Smith, youngest son of Robert W. Smith and the late Gracie Merrick Smith, were quietly married at Burlington Baptist Church, Saturday, December 29th, with Rev. E. A. Johnson, officiating. Mr. and Mrs. George W. Wurster, of Cincinnati, Ohio, were the attendants, and members of the immediate families were guests.

Following the ceremony, a dinner was served at the home of the bride for the bridal party and guests.

The bride was attractively attired in a beige, three-piece dressmaker suit, with black accessories and wore a corsage of white carnations. The groom was attired in navy blue.

Violet Rose is a graduate of Burlington High School, class of '41. Howard is a veteran of the Medical Corps of the U. S. Army and is now employed in Lawrenceburg, Ind.

They will make their home in Belleview.

Their many freinds join in extending them life's best wishes, as they journey one pathway together.

Miss Minnie Sue Oldham Weds Lt. Wm. Cheney, Jr.

Miss Sue Oldham, daughter of Mr. and Mrs. A. B. Oldham, Jr., Traveler's Rest, Lincoln county, became the bride of Lt. William Bellinger Cheney, Jr., son of Capt. and Mrs. William B. Cheney of Montgomery, Ala., at a ceremony solemnized at 4 o'clock Saturday afternoon at the home of the bride's parents.

The bride was given in marriage by her father. She wore a blue-grey suit with matching hat and black accessories. Her shoulder bouquet was of pink rosebuds and heather.

A small reception was held after the ceremony. The bride's table, covered with an antique lace cloth, was centered with a three-tiered wedding cake topped with bride and bridegroom figurines.

The bride is a graduate of Sayre School for Girls, Lexington, where she was valedictorian of her class. She attended Ward-Belmont College, Nashville, Tenn., and was a member of the Del Vers Club. She also attended Centre College, Danville. "Minnie Sue" as she is known to her many friends in Burlington has spent numerous visits with her relatives in Burlington and other sections of the county.

Charles R. Willis Stationed In Japan

With the Sixth Army in Japan—Private Charles R. Willis, son of Mr. and Mrs. Albert Willis, Route 1 Burlington, Ky., has arrived in Japan with the 32d "Red Arrow Infantry Division."

As part of the occupation forces, on Kyushu, southernmost large island in the Japanese group, his unit, Headquarters Battery, 126 Field Artillery Battalion is stationed in the city Oita.

The occupation climaxes the 32d's many smashing victories over the Japanese in the Southwest Pacific. Willis is seeing first hand the people whose army the 32d Division defeated at Buna, Saidor, Aitape, Biak, Morotai, Leyete and Luzon. The Division amassed a total of 654 days of combat time in World War II.

Pvt. Willis entered the army in January of 1945, received training at Camp Robinson, Arkansas and embarked for overseas duty on August 27. He attended Hebron High School and was employed as a truck driver in civilian life.

The 32d Division, under the command of Brigadier General Robert B. McBride, Jr., is part of General Walter Krueger's 6th Army.

Final Report Made On Victory Bond Drive

The official report on the Victory Bond Drive for Boone County shows a total of $803,820.75 bonds sold on a quota of $308,000.

This total includes $124,743.75 in E bonds sold on a quota of $90,000.00. Many counties had trouble in reaching their E bond quotas, but Boone County exceeded its E bond quota by 38 percent.

CLOTHING DRIVE JANUARY 7 TO 31

EACH PERSON IN COUNTY URGED TO GIVE AT LEAST ONE GARMENT—ORGANIZATIONS ASKED TO COOPERATE.

Boone Countians are participating in the National Clothing Drive for overseas relief, January 7th, through January 31st.

The program "to collect 100,000,000 garments and to write 100,000,000 letters" in the United States is conducted under the sponsorship of the United National Clothing Collection. All clothing collected will be sent overseas to the millions of people who are needy and destitute.

Each person of Boone County is urged to give at least one garment. Dig out your spare clothing today! The following is needed badly: Coats, suits, trousers, skirts, dresses, shirts, sweaters, underwear, shoes, (also galoshes, overshoes, rubbers), pajamas night gowns knitwear, blankets, bedding, piece goods, remnants, and infants' and children's garments, draperies and feed sacks. Old used yard goods or old draperies are needed. There is a special appeal for yard goods and warm head scarfs.

Articles not wanted are handbags, straw hats, toys, feather beds, pillows, mattresses, novelties, and household furnishings. Although clothing need not be in perfect condition, it must be useful to the people who receive it. All type of washable garments should be washed before they are given to the collection but need not be ironed. Other garments should be clean and sanitary but need not be dry-cleaned before being contributed.

A list of collection centers will be given in next week's paper. Get you: garments ready.

All organizations churches, P.-T. A's, Homemakers, Rotary, 4-H Boy Scouts and others are urged to cooperate in the drive. If you have any questions, contact Mary Hood Gillaspie, Burlington 412.

A PEOPLE DELIVERED

LESSON TEXT—Exodus 6:6-8; 13:17-22.
GOLDEN TEXT—I will trust, and not be afraid; for the Lord Jehovah even the Lord, is my strength.—Isaiah 12:2.

"Is thy God able to deliver thee?" was the question asked of Daniel in the lions' den (Dan. 6:20). It is in the minds and on the lips of many in every hour of crisis.

God is able to deliver. Moses found that out when in answer to his complaint that the Lord had done nothing for his suffering people (Exod. 5:22), the Lord revealed Himself as the One who was not only able but ready to take them out of their bondage.

I. God's Promise (6:6-8).

Moses was to remember that he was dealing with the Eternal One, unchangeable, and always true to His word and able to make His will come to pass (v. 2, 3).

So often men in dealing with God think of Him in terms of their own weakness and failure. What we need is to have a Godlike conception of God, not a manlike idea of Him. God is the infinite and the Eternal One with whom we have no right to quarrel, and whose dealings with us are too high for us to judge (Ps. 139:1-6).

God's covenant with His people was established (v. 4). He had heard their cry (v. 5), and His deliverance was sure (v. 6). The only thing Moses had to do was to wait and see God work.

That word "wait" is a little one. It seems to call for no effort, to be easy of fulfillment; yet it seems to be the hardest thing for a human being to do. Christians who can speak and work for God when things are active and moving become querulous and despondent when they have to wait or when they are laid aside for a time.

His promise is sure. That is not just a religious sentiment. It is a fact, and it is proved by history.

II. God's Plan (13:17-19).

There was a direct, easy road along the coast of the Mediterranean up to Canaan, but God with His pillar of cloud and fire did not lead in that way.

How strange that He should take them by a longer, more difficult way! Not at all. He knew the danger of the easy way. It was there that the warlike Philistines would be lying in ambush. Such immediate conflict would discourage Israel and tempt them to return to the fleshpots of Egypt. So He took them the other way.

Note that God's guidance for them was one of intelligent planning, not just impulse or chance. He knew what to do, and He did it, for their good.

God has a plan, not only for the nations, but also for individuals, for your life and mine. Let us find His will for us, for it is good, acceptable and perfect (Rom. 12:1, 2).

Note the honoring of the faith of Joseph in God's promise (v. 19). The memory of his assurance was a blessing to his descendants, and they honored it and him. What will our descendants have to say about our faith in God?

III. God's Presence (13:20-22).

Our God does not just send a plan or program to His people. He is always with them and is ready to go before them.

God's plan is made known to His people as they follow Him step by step. This means that there must be guidance, moment by moment, if His plan is to be worked out. He gives such guidance and it is only when His children fail to follow it that the pattern of life becomes confused.

The field of divine guidance is one in which Christians have widely divergent experiences. Some know the sweet, unconfused daily experience of God's hand upon them, caring for even the minor details (or are they minor?) of life. Others have known the directive power of God in some life crisis, but not in the ordinary affairs of life. Many, and perhaps most, think of divine guidance as a spiritual theory of which the preacher talks, but know nothing of it in their own lives.

What makes this great difference? Faith—or the lack of it. Those who trust God accept and receive His blessed leadership moment by moment. It is as simple as that. Others reach out and take it when the pressure of life makes them cast themselves on God. Others simply muddle along "doing their best," which is not their best, for God is not in it.

The pillar of cloud, which became luminous at night, was ideal for the guidance of Israel. It provided shade from the hot sun by day, and it was a sure guide in the darkness of the night.

We who believe in Christ have an even better and more precious evidence of God's presence—the Holy Spirit who indwells us. He reveals God's will to us, urging us on, or restraining us as the need may be. Are we obedient to His blessed promptings? Do we walk in the light of His perfect guidance?

CORN YIELDS 104 BUSHELS AN ACRE

Lafayette Shelton of Wayne county grew 104 bushels of two varieties of Kentucky hybrid corn on one acre, reports Farm Agent H. J. Hayes. The corn, planted on bottom land, was well fertilized at the time of planting and given a side dressing of 200 pounds of ammonium nitrate when the corn was about 12 inches high.

WITH OUR BOYS IN THE SERVICE

We are in receipt of the following letter from Orville "Bitts" Sebree Y3C, COMSOPAC Off. Pers. care Fleet Post Office, San Francisco, Calif.:

You may be a bit surprised to hear from me, but now as I have a little time I will try to drop you a line or two, providing I can think of that much to say.

The COMSOPAC headquarters here are breaking up on the 16th of the month, so we are in quite a mess now, moving desks and closing out the files, and taking part of the things and putting them on the Cruiser Vincennes, as the flag will go aboard her on the 16th of December, but I will have to remain here with the Historical Department, for a few more months, but am hoping not for long.

"I have been receiving The Recorder regularly and sure do appreciate it, also hear from 'Sickum' quite often, glad to hear from him and know everything is the same in the home town.

"Saw in the paper where 'Skeets' Walton has returned home, was only able to see him once, but he was only about one mile from me all of the time. Even though the paper is about two months late getting out here, it really is good news from the home county.

"I suppose everyone up there is now in the Christmas spirit. There is not much spirit in it here as the weather doesn't seem much like that time of year that I was used to being around Christmas time.

"Will close now, wishing everyone a Merry Christmas and a Happy New Year."

Auto Operators Seeking License, Given Warning

New applicants for motor vehicle operator's licenses must be accompanied by a licensed operator when applying to take the examination given by the Highway Patrol, Col. John Baker, Director of the Highway Patrol declared today.

Colonel Baker said that there was an apparent misunderstanding on the part of some of the Circuit Clerks, who issues licenses, and applicants, who drive their cars to the examining station without a licensed driver in the seat with the applicant. The law provides that any person who, except for his lack of instructions in operating a motor vehicle would otherwise be qualified to obtain a license could procure an instructions permit which would entitle the holder to operate a motor vehicle for 60 days on the highways, provided the operator had a licensed driver occupying the seat beside him.

Those persons failing the examination will not be permitted to drive their car home unless a licensed operator accompanies them, Col. Baker declared.

Sportsmen Urged To Report 1945 Take

Frankfort, Ky.—Sportsmen have been slow in sending in their report to the Division of Game and Fish listing the numbr of gam and fish taken during 1945, Earl Wallace stated, which is hindering the Division from compiling an accurate survey. The Division is making every effort to have a report on the game and fish taken during the year, Mr. Wallace said, and unless the sportsmen of the state cooperate by sending in their reports, it will be impossible to ascertain an accurate supply for restocking in 1946.

The reverse side of hunting and fishing licenses lists the species of game and fish that are legally pursued by sportsmen. A blank space is opposite each name to be filled in by the licensee giving the number of game and fish that he obtained during 1945.

"If every sportsmen will fill in these forms and mail them to the Division, we will be better equipped to restock our fields and streams next year, "Mr. Wallace concluded.

LESPEDEZA GROWN ON EIGHT MILLION ACRES

Lespedeza was grown on about eight million acres in Kentucky in 1944, according to a new College of Agriculture circular dealing with this hay and pasture crop. The reason for this big acreage is that lespedeza makes good pasture on poor land, makes a good hay crop, seldom fails to make a stand and it produces lots of seed.

As hay, lespedeza grows up to two feet high and sometimes produces four tons to the acre. As pasture, it is unexcelled in mid-summer, when grasses are dormant. Seeded with grasses, lespedeza provides nitrogen to stimulate the grass growth.

A cheap way to improve worn land is to lime and phosphate and then seed to lespedeza and keep in pasture several years. Thin pastures give almost twice as much grazing when lespedeza is seeded in them.

Most lespedeza growers seed in March or April, sewing 20 to 25 pounds of korean lespedeza per acre.' The circular gives complete information on seeding lespedeza in mixtures and deals with all phases of growing this remarkable hay and pasture crop and soil builder. Copies may be had from county agents or by writing to the College of Agriculture and Home Economics, Lexington.

Jean Ewbanks Honored At University Of Ky.

Jean Ewbanks was honored on the "Kentuckyana Almanac" Radio 12:30 program over WHAS, Saturday, January 5th, with a 15-minute interview, in which she personally told her story of her past eight years' experience and achievements in her 4-H Club work, which was climaxed last September at Kentucky State Fair, in her winning not only all firsts and Grand Champion in 4-H registered sheep" classes, but also a number of top prizes and Reserve Champion ewe in open to world Southdown sheep classes, and prizes on her White Rock chickens.

She was also a member of the State Champion 4-H Fat Stock judging team, in the contest sponsored by the Courier-Journal, judging two classes each of cattle, hogs and sheep; (her two sisters, Mary Kay and Eloise were other two members of the Gallatin County judging team) and they would have competed against the winning teams from the other 47 States at Chicago International Live Stock Show in December, but the contest was cancelled by order of the ODT on account of military transportation.

Jean was also recently honored at the University by being selected as the only freshman Home Economics delegate to the State Home Economics Conference held at Louisville, and a three-day all-expense trip.

NEW HAVEN HOMEMAKERS

The New Haven Homemakers' Club met at the home of Mrs. Emily Cleek of Richwood Road on January 3rd. Mrs. Cleek served a splendid luncheon in her beautiful Cape Cod home. Twenty members answered roll call and everyone had a grand time.

Mrs. Ransom, our president opened our meeting. We were honored by the presence of our charming Miss Mary Gillaspie and her lesson for the day was "Grooming Aids."

Mrs. Virgil Young was chairman of our Christmas Party. We exchanged gifts and it was lots of fun. Mrs. Young's good thoughts for the day was "Fear Not." Mrs. Young also presented Mrs. Warren L. Miller and Mrs. Grace Abdon with birthday gifts which were lovely wall plats.

We had a lovely guest at our meeting, Mrs. Nettie Moore, of Cincinnati, Ohio. She was a most welcome visitor.

Our talented Live at Home chairman, Mrs. Russell Garrison wrote two special poems for our Christmas party and everyone enjoyed a good hardy laugh from them.

Our club is making plans to send a delegate to the Farm and Home Convention. The New Haven Homemakrs' Club also purchased T. B. bonds.

Mrs. C. Johnson, our rocking chairman gave a grand reading on Mexico, and was enjoyed by all.

At our next meeting there will be a print feed sack exchange so bring along your piece of feed sack.

Mrs. Emily Cleek will again have the next meeting at her home on Richwood Road on February 18th at 11 o'clock.

All the members of the New Haven Homemakers' Club try to attend these meetings.

Mrs. Laura Bowen, Pub. Chmn.

BETTER EQUIPMENT SHOW PLANNED FOR FARM, HOME MEETING

Displays of the farm and home equipment which many families want to buy as soon as it is available, and also equipment that can be made on the farm, will feature the 34th annual Farm and Home Convention at the University of Kentucky Jan 29-Feb. 1.

As many farm machines as can be obtained at that time will be exhibited, including tractors, combines, pick-up balers, rotary plows, corn harvesters, etc.

Labor-saving equipment, much of which can be made on the farm will include self-feeders, gates, tobacco-lowering hook, improved spearing, splitting and suckering knives, and other tobacco growing helps; hurdles for all kinds of stock, phenothiazine feeders, grass cutters, hay dryers, hay and corn loaders, orchard sprayers and dusters, and numerous general farming appliances and devices.

Electric and gas equipped kitchens, refrigerators, washers and ironers, electrically operated water systems and numerous small household appliances will be on exhibit.

Building designs and materials will comprise one section of the show, with displays of wood, fiber, asphalt, asbestos and metal materials.

The convention will give major consideration to farming and homemaking in time of peace, including the general improvement of the farm and farm home. Health, cooperation and international relations will be other features.

The Kentucky Federation of Homemakers, livestock associations and other farm groups will meet during the week.

Twenty-five 4-H clubs in Knox county planted 54 memorial trees in November, one for each boy in the community lost in the war.

DIVERSIFIED FARMING PROVIDES GOOD LIVING

How following a diversified farm program has provided well for Robert McKinney, Negro farmer, and his family of seven, is told by John H. Finch, farm agent in Barren and Warren counties.

A review of McKinney's records shows he has four cows and six hogs, and that he raised 188 chickens and a baby beef, butchered for home use. He and his family grew a garden of an acre and a half, an acre orchard, a strawberry patch of 200 plants and 3 acres of sorghum for molasses and feed. The sale of produce and an acre of tobacco brought a cash income of around $1,419.

Feed produced for livestock included 420 bushels of corn, 38 tons of alfalfa, orchard grass and lespedeza hay, 65 acres of pasture and 15 acres of small grains and winter pasture.

The McKinney family also stored for winter use 777 quarts of fruits, vegetables and meats, 25 gallons of molasses, 4 gallon of kraut, 10 bushels of Irish potatoes, 12 bushels of sweet potatoes, 8 bushels of turnips and 30 pumpkins.

RURAL HEALTH NEEDS STRESSED IN REPORT

"It is of utmost importance that rural communities consider methods of securing and maintaining the services of good doctors, dentists and nurses," says Dean Thomas P. Cooper of the Kentucky College of Agriculture and Home Economics in his report to the Committee for Kentucky.

"Unless specific ways are developed to attract them to rural areas however, many communities may find that they still have too little medical service.

"The development of small local clinics and hospitals is one means of accomplishing this purpose. County and municipally owned hospitals or clinics may be needed in some communities. Health cooperatives, in which the members pay fixed sums each year for medical service, might attract physicians to some communities and bring medical services within reach of all. Group health insurance is one means of protecting against large unexpected medical and hospital expenses.

"The mobile medical and dental outfit used by the armed services may be adaptable to rural needs in Kentucky. It is possible, too, that surgical instruments, X-ray machines and other equipment used by the armed forces may be purchased for use in rural areas.

"The expansion of public health departments to communities where that service is unavailable at present, is another possibility for improving the health program of the community."

NOTED SPEAKERS TO BE HEARD AT FARM AND HOME MEETINGS

Noted speakers to be heard at the 34th annual Farm and Home Convention at the University of Kentucky at Lexington January 29 Feb. 1 include Roger Corbett of Chicago, secretary of the American Farm Bureau Federation. He will discuss cooperation among farmers during reconversion, at the general session for farmers the first day.

Other speakers at the farmers' general session Jan. 29 include President H. L. Donovan in a discussion of "The University Develops Kentucky's Resources;" Prof. K. H. Hinchcliff of the University of Illinois, speaking on better housing; D. E. Timmons of Washington, adviser of the Office of Price Administration, discussing price regulations, and Dr. H. B. Price of the University of Kentucky, reviewing Kentucky agriculture during reconversion.

Cooperation among farmers during reconversion will be the subject of an address by John H. Davis, of Washington, secretary of the National Council of Farmer Cooperatives, at the general session of farmers Jan. 30. and at the general session on Jan. 31 Dean Thomas P. Cooper of the College of Agriculture and Home Economics will speak.

Speakers at the sessions for homemakers will include Mrs. Sarah Porter Ellis of the Southern States Cooperative; Prof. Hinchcliff; Miss Ruth M. Beard, Ohio State University household equipment expert; Miss Virginia Jewel, New York clothing designer; Robert Wilson of the Kentucky Utilities Company; Miss E. L. Anderson of the Farm Foundation in Chicago, and Mrs. Wanda Wilkins, of Brazil.

Approximately 30,000 acres of rye and vetch mixture have been seeded this fall in Logan county.

CLAY FARMERS SET IMPROVEMENT GOALS

Farmers in Clay county have set up a 12-point soil improvement program to run over a period of years. Farm Agent Charles Dixon lists the following provisions:

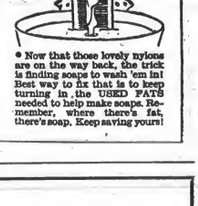
1. Use lime and phosphate on all crop land.
2. Drain wet land.
3. Save and use manure, tobacco stalks and other crop residues.
4. Reclaim eroded land by growing permanent pasture, special crops or timber.
5. Sow mixtures of grasses and legumes on hay and pasture land.
6. Use high analysis fertilizers on cultivated crops.
7. Grow improved varieties of crops.
8. Foster construction of farm reservoirs.
9. Encourage planting cultivated crops on the contour.
10. Put cover crops on tobacco, corn, cane and soybean land.
11. Protect woodlands from fire and livestock.
12. Encourage farmers to take advantage of available soil conservation services.

MAKE MONEY FROM GARLIC

Growing garlic is the speciality of 4-H club member Cletus Heck, 18, of Campbell county, his crop grown last summer on a plot 25 by 50 feet selling for $65. Having garlic ready to market early in the season while prices are still high is an important factor in this enterprise, according to young Heck. He also uses sufficient fertilizer, is careful to set only perfect cloves grown from his home produced seed and he digs his crop as the tops dry to prevent rotting.

In Taylor county, 315 4-H club members primed 75,000 pounds of tobacco.

Twenty-five hundred tons of limestone were used by 120 farmers in Carter county in 1945.



4-HERS CONTROL POTATO DISEASES

Potatoes free from spots and black streaks are being enjoyed by Casey countians as a result of a project undertaken by 4-H club members last summer. Under the direction of Home Agent Sunshine Colley, 457 4-H'ers were each given a gallon of certified Irish Cobbler seed potatoes which had been treated with semesan bel, with the understanding that two gallons of potatoes would be returned in the fall.

Highest production was made by Ada Combest with 3.6 bushels, Leo Keller and Dale Ready, each of whom grew 3.5 bushels, and Roger Bastin with 3.4 bushels. All members reported that the treated seed produced smoother and larger potatoes, and in greater quantity, than untreated seed in the same patch.

Livingston county farmers in the Tennessee Valley watershed have set a goal of 20,000 pines and 5,000 black locusts to be planted in 1946.

CATTLE DISEASE FIGHT IS SHOWING RESULTS

Frankfort, Ky.—American cattle are now almost completely free of tuberculosis, according to a report issued here today by veterinary authorities.

"Twenty-five years ago, bovine tuberculosis caused tremendous financial losses to our farmers, and caused the spread of bone forms of tuberculosis to tens of thousands of children," today's report by the American Foundation for Animal Health declares.

"In contrast with this, a recent check at three important cattle markets showed that only one animal in 7,300 was condemned by veterinary inspectors because of this disease. In these same three markets twenty-five years ago condemnations for tuberculosis averaged one animal in every 80.

"The 25-year fight against this disease, led by veterinarians, government authorities, and farm groups, has paid tremendous dividends, both financially and in saving the lives of countless children who might have otherwise died of the disease."

FLOCK PAYS WELL

David Griswell of Grayson county realized a profit from his flock of 126 New Hampshire Red pullets over a three-month period. He reported to Farm Agent R. H. King that his flock averaged 19 eggs per hen in September, 23 eggs in Oct. and 22 eggs in November, bringing him a total receipts of $300.55. Expenses for that time were $139.26, leaving him a profit of $161.29.

FLORENCE P.-T. A.

The regular meeting of the Florence P.-T. A. will be held Monday night, January 14th at 7:30 p. m., at the school house. Please make an effort to attend.

ON KENTUCKY FARMS

Russell Jenkins of Pulaski county piped water to his house, milk house and dairy barn, following the installation of an electric pump in a recently walled spring.

Homemakers in Hickman county made 1,925 articles from feed bags, in addition to making or remodeling 1,627 garments and cleaning 77 sewing machines.

Solon Chinn of Ohio county realized an income of $26 per ewe from his lambs and wool, following a program of pasture rotation and drenching.

By using labor saving methods in cutting tobacco, Denton McPherson of Monroe county cut his tobacco with half the usual labor and time.

On a test acre, R. M. Hagan of Daviess county produced 132 bus. of hybrid corn.

Eugene Shuffett of Green county sold three yearling registered Hereford heifers for $525 from cows which he bought for $100 each in 1940.

F. G. Marquette of Pendleton county sold 166 lambs and 870 pounds of wool from 116 western ewes for an average income of $22.22 per ewe.

Soybeans have become an important crop in McLean county, where farmers this year harvested 10,000 acres.

The 4-H Club council in Johnson county and the Flat Gap School have purchased jointly a 16-millimeter projector, microphone and turntable.

Glenford Hood, 4-H'er in Oldham county, worked about 1,400 hours in his labor project to earn more than $500.

Nine-tenths of all tobacco land in Jackson county is said to have a cover crop of vetch, crimson clover, wheat or rye.

SAVE SCRAP PAPER

There is still a critical shortage of paper. Anyone having paper, please leave at Mrs. Vernon Pope's and the Homemakers will appreciate your cooperation in the saving of all waste paper.

For further information, contact Mrs. Jas. G. Smith. telephone Burlington 83.

RECIPE OF THE WEEK

"Don't forget to include cabbage frequently in your winter menus is the advice of food specialists at the Kentucky College of Agriculture and Home Economics, who add that the less cabbage is cooked or exposed to the air, the more vitamin C it will contain.

Cabbage with Cheese Sauce

2 quarts chopped cabbage, 2 cups milk or 1 cup milk and 1 cup vegetable stock, 4 tablespoons flour, 4 tablespoons butter or fortified margarine, ¾ teaspoon salt and 1 cup cheese shaved thin.

Place cabbage in a large amount of boiling water, cook until it is tender, about five to 10 minutes; then drain. Make a white sauce of the milk, flour and butter, and before removing from the fire, add the finely shaved cheese. Allow cheese to melt but not cook. Combine cabbage and cheese sauce and serve.

Menu: Stuffed pork chops, baked potatoes, cabbage with cheese sauce, waldorf salad, whole wheat muffins, and canned fruit sauce.

The Tuckahoe Homemakers' club in Mason county is corresponding with homemakers' clubs in England.

Farmers in Pike county seeded 525 acres of balbo rye in the fall of 1945.

Long Illness And Your Feet

N. TULCH

Foot Comfort Specialist at—

PEOPLE'S SHOE STORE

814-816 Madison, Covington

Long illness or long convalescence often may be the cause of painful muscle spasm in the lower limb or foot. In either circumstance long periods of inactivity, lack of exercise, coupled with the week end condition of the body cause the muscles to lose tone and become weak and flabby.

The foot, while lying, as in bed, cannot and is not, held in a normal position in relation to the limbs and rest of the body. The foot is held in an extended position, which allows a shortening of the large muscles in the back of the limb, and allows the weaker muscles in the front of the limb to stretch.

When partial strength, to the patient, is restored and he finally is allowed to walk, it is imperative that the bones of the foot are properly supported in shoes designed to distribute body weight evenly over the whole bottom surface of the foot, and to relieve further the strain on the muscles, ligaments and tendons until normal strength and muscle tone return.

An ordinary "strong looking" shoe is not the solution to this problem. Ordinary shoes with so-called arch support and flat base planes, can only allow the foot condition to degrees further.

At this time special attention should be paid to the inner construction of the shoe. The base construction and inner foundation of the shoe should be shaped to the NORMAL CONTOUR of the bottom of a NORMAL FOOT. The inside of the shoe should resemble the normal foot print in soft turf or sand.

Such a shoe with sound construction and foot shaped base planes is found in an especially built surgical shoe.—Adv.

WITH OUR BOYS IN SERVICE

The following interesting letter was written by Stanley Tanner RDM3C, U. S. N. R.:

"Aug. 15, 1945 Aboard the U. S. S. Hocking (A. P. A. 121).

On August fifteenth nineteen hundred and forty-five I was a passenger on the U. S. S. Hocking (A. P. A. 121) which was anchored in Ulithi Bay, Ulithi Caroline Island.

"We were waiting for further orders to proceed to our destination, which was unknown to us. We got up at the usual time, ate chow and began to carry out the plan of the day.

"About 0930 we began to hear rumors that Japan had surrendered, but we had been use to hearing such rumors for the past several days. Very few of the shipmates paid any attention to it.

"I decided to go down into the mess hall, where our ship service radio was located, to see if I could hear some war news. As I entered the mess hall I heard the announcement being made that Japan had surrender, but it hadn't been officially confirmed as yet.

"I grew excited and rushed back up on topside to where my two shipmates that I had chummed with were, and told them what I had heard, but they never believed me. So we went back into the mess hall.

"When we arrived, there was music playing on the radio, several boys talking in groups, some writing letters and others waiting for more news. Over in one corner sat a colored boy playing a piano.

"In a few moments the music stopped and they began to repeat the news, everything grew quiet and all began to gather around the radio. The broadcast came from Washington and said the official word that Japan had surrendered but had not ceased firing as yet. The United States appointed General McArthur as Supreme Commander of Japan along with other high-ranking officers of Russia and China.

You could hear boys saying, 'thank the Lord' and others cursing Him, still others wanting to go ashore and celebrate by getting drunk if they could get anything to drink. We then left the mess hall and went to our sleeping quarters.

"Around 1115 a. m. the word was passed over the ship's public address system and all the while they were announcing it things again became quiet. When they had finished several boys gave out a yell, others went on reading their books. And those who were playing cards continued their game. There were a few that said a silent prayer, I myself did, I felt I should thank Him for what He has done for me. I know others did as there were about twenty-five hundred naval personnel aboard.

"Then they announced our destination, which was Okinawa. We would leave here (Ulithi) Saturday 18 August and arrive in Okinawa Wednesday 22, August, but due to the war our orders were subject to change.

"This is my experience on August 15, 1945."

RESOLUTIONS

WHEREAS, it has pleased the Almighty God, the great Architect of the Universe, to take from our lodge here on earth our beloved brother, Charles W. Riley, and

WHEREAS, He endured himself to us and the community at large by his gentleness and dependability, that he was ever kind and generous friend, one whose counsel was often sought and needed, and whose death will be mourned by each member of this lodge as the loss of a personal friend, and

WHEREAS, it was not alone for his outstanding qualities as a Mason that we remember him, but his examples as a conscientious, upright citizen, and his noble christian character. Therefore, be it

RESOLVED, That we share deeply in the sorrow of the widow, the son, and his family, and hereby commend them to the One who says, "I am the Resurrection and the Life." Be it further

RESOLVED, That a copy of these resolutions be placed in the minutes of the Hebron Lodge No. 757, that copies be sent to the family, Masonic Home Journal, and a copy be sent to the local paper for publication.

Respectfully submitted,
ROBERT J. REIMER

CLOTHING CENTERS ARE ANNOUNCED

IN CAMPAIGN TO COLLECT CLOTHING FOR WAR VICTIMS IN EUROPE—PRESIDENT'S APPEAL GIVEN.

President Truman has urged all Americans to contribute clothing for war victims in Europe, China, and the Philippines in the Victory Clothing Collection. His appeal follows:

"This winter more than 300,000,000 war victims throughout the world are paying the cost of victory in property, disease, cold and hunger. In all the countries devastated by war, lack of clothing intensifies their hardships. Their need is immediate and desperate.

"I therefore urge every American to heed the appeal of the Victory Clothing Collection for Overseas Relief. The spare garments contributed by Americans last spring has helped clothe twenty-five million men, women and children in Europe, China, and the Philippines and has made possible the start of their rehabilitation this winter.

"In sharing our comparitive plenty with the less fortunate once again, we make the Victory Clothing Collection an expression of our gratitude to the Almighty for the Victory won at so great a cost."

The clothing collection centers for Boone County have been announced as follows:

Constance—Old Post Office.
Petersburg—Post Office.
Hebron—Masonic Hall.
Verona—Verona School.
Walton—Walton Garage.
Burlington—Burlington School.
New Haven—Union Bank.
Rabbit Hash—Craig's Store.
Florence—Town Hall.
Bullittsville—Engle's Store.

It is hoped that Boone County will enter in this drive whole heartedly and make the amount of clothing collected greater than it has ever been.

Nine Inducted From Draft Board No. 9

The following Boone County men were inducted into the Armed Forces January 3rd, according to C. G. Kelly, Clerk of local Board No. 9:

Ernest Y. Finn, Joseph K. Hogan Lloyd M. Shields, James W. Wadsworth, James L. Whitson, Earl D. Dempsey, Wilton E. Clore, Jack T. Roland (enlisted), Bernard J. Bruggeman.

He will personally solicit, and show farms in this and adjoining counties. Mr. Mullins is very well known in Boone County and his many friends join in wishing him success.

ELSMERE MAN ENDS LIFE SUN.

BY FIRING CHARGE FROM .22 CALIBER RIFLE THROUGH HIS RIGHT TEMPLE—VERDICT OF SUICIDE RETURNED.

Archie Ammerman, 57, of Garvey Avenue, Elsmere, ended his life Sunday when he fired a charge from a .22 caliber repeating rifle through his right temple at his home.

Mrs. Tressa Riffe, Kenton county coroner, returned a verdict of suicide. No motive for the act was found. Mr. Ammerman was said to have been in good health and cheerful spirits when last seen alive.

He was found dead in his bed by his brother Howard Ammerman, with whom he made his home.

No notes were found at the home and no reason for suicide was known, according to William Ranshaw, deputy coroner and attorney who made an investigation.

Ammerman is survived by one brother and a sister, Mrs. Sophie Moss, of 812 Garvey Avenue, Elsmere.

Dates for the Florence, Hebron, Constance, and Hamilton meetings will be announced this coming week.

These meetings will include two parts: First, a discussion by leaders of the results accomplished last year and secondly, the making of plans for new work in 1946. All farmers interested in cooperative agricultural improvement work are invited to attend the meetings in their respective communities.

Fruit Growers Will Meet February 6 And 7

Boone County fruit growers have been invited to attend the Ohio Horticultural Society meeting that will be held at the Netherland Plaza Hotel in Cincinnati on February 6th and 7th. This should be one of the best fruit meetings to be held in this area, according to H. R. Forkner, County Agent. The newer developments in production, marketing and horticultural supplies will be displayed at the meeting.

Programs will be available at the County Agent's office in the near future. Growers who do not receive a program through the mail should contact the County Agent's office.

Akin-Elliott

Miss Elva G. Akin, only daughter of Mr. and Mrs. R. J. Akin and Sgt. Olan L. Elliott, oldest son of Mr. and Mrs. E. B. Elliott were quietly united in marriage at the home of Bro. W. T. Gardner, pastor of the Bullittsburg Baptist Church, Saturday, January 12 at 6:00 p. m. The double ring ceremony was performed. Mr. and Mrs. Roscoe Akin, brother of the bride were the attendants.

The bride is a graduate of the Burlington High School and has for the last several years been employed at the Boone County A. A. A. office as clerk and treasurer.

Sgt. Elliott is a graduate of the Hebron High School and has served thirty-nine months in the U. S. Army. He has reenlisted in the service and Mrs. Elliott will remain with her parents until his return.

Following the wedding the happy young couple left for a month's honeymoon in Florida.

MEMORIAL SERVICE HELD BY BAR ASS'N.

FOR CHAS. W. RILEY WHO PASSED AWAY NOVEMBER 18 — MEETING CALLED DECEMBER 10TH.

At a called meeting of the Boone County Bar, on December 10, 1945, Honorable Ward Yager was nominated and elected Chairman and A. D. Yelton was appointed Secretary and the death of the late Chas. W. Riley, a member of the Bar and County Attorney was suggested, there upon a Memorial to the memory of this departed member of the Bar was presented to the Bar, and the same was unanimously adopted by the members present, and it was ordered spread at large on the order book of the Boone Circuit Court and a copy was directed to be sent to his wife and son.

After appropriate remarks, there being no further business before the meeting of the Bar, the meeting adjourned sine die.

The memorium adopted is as follows:

IN MEMORIUM
CHARLES WILLIAM RILEY

A son of a prosperous, well-to-do and highly respected farmer, Charles William Riley was admitted to the Bar of Kentucky on December 30, 1930.

On March 5, 1936. he was elected by the voters of Boone County to the office of County Attorney to fill the unexpired term of B. H. Riley, made vacant by his death. He was elected to a full term as County Attorney in 1937, and was serving his second full term as County Attorney and would have completed the same on January 1, 1946, but for his untimely death on November 18, 1945. He had been re-elected for a third term, which would have begun on January 1, 1946.

He received his legal education at the Cincinnati Y. M. C. A. Law School, which he attended at night after leaving the farm and while employed as Cashier of the Hebron Deposit Bank at Hebron, Kentucky.

Such in brief is the all too short career of Charles William Riley at the Bar of Kentucky.

In the performance of his official duties, as well as in the protection of the rights and interests of his client, he was upright, bold and fearless, yet possessed an inate courtesy to friend and foe, which intervened so that the wounds of controversy were never mortal.

Among his fellows at the Bar, he was genial and generous, possessed of a fine sense of humor and would occassionally tell a good, clean, wholesome anecdote. He loved his profession and held fast to its ideals and ethics, and opposing counsel had perfect confidence in his integrity.

Others may record in tender memory his tragic calling from his devoted wife and son; others may write of the sterling qualities of a citizen who, in departing, left this world nobler, fairer and better than he found it. It remains for the Bar of Boone County, with one accord, to pay a simple tribute to one of its members, who was held in the highest esteem as a lawyer, an advocate and student of the law, imbued with the highest ideals of a great profession, a faithful public servant, a Christian gentleman, courteous, yet unpretending, a man of strong character, yet lovably human.

With heavy hearts and treasured recollections of a life well spent and rich with promise, this page of the record of this court is dedicated to the memory of Charles William Riley.

Sam Patrick

Sam Patrick, farmer of Hebron, Ky., died Thursday at his home after an extended illness. He was native of Morgan county, but had made his home in Hebron for 15 years.

He is survived by his wife, Mrs. Cordelia Roberts Patrick, and a son Charles A. Patrick.

Funeral services were held at 2 p. m. Saturday at the Bullittsville Christian Church with Rev. Noble Lucas, officiating. Burial was in Richwood Presbyterian Cemetery.

The Chambers and Grubbs funeral home, Florence was in charge of arrangements.

Ryle worked in the Army Airways Communications System which operates a world-wide air forces communications network, a world-wide system of radio aids to aerial navigation, control towers, and air-to-ground stations, all of which provide the safety factor for airways travel throughout the world.

Receives Discharge

T-Sgt. James W. Kottmyer received an honorable discharge from the U. S. Army Air Corps at Fort Knox, Louisville, Ky., December 24th, after serving five years and two and one-half months.

James was the first to enter the service in his precinct prior to compulsory registration, enlisting October 11, 1940. He received his basic training at Chanute Field, Rantoul, Ill. He was stationed for sometime at MacDill Field, Tampa Fla., Venice Air Base, Venice, Fla., Boca Chica Air Base, Keywest, Fla., Page Field, Ft. Myers, Fla., Robins Field, Macon, Ga., and Fort Jackson, S. C. He attended school at Douglas Aircraft, Santa Monica, Calif., and served on the Island of Guam in the Pacific.

James is the son of Mr. and Mrs. George Kottmyer and husband of Bessie Reeves Kottmyer, of Constance.

Check Pressure Cookers Now

Many of us have a tendency to wait until the time of need before we do our checking. Now that the canning season is over, we should check our pressure cookers, and if repairs are needed have them done before storing them away. Waiting until you are ready to use a cooker before checking may cause you to have to use some other means of canning while waiting for repairs, according to Martha Lee Jones, Assistant Home Demonstration Agent.

If the gauge on your pressure cooker needs to be checked, bring it to the Home Demonstration Agent's Office and we will be glad to check it for you. Let us get off to a good start next canning season with all our equipment in good repair.

Chairman Of Infantile Paralysis Campaign Undergoes Operation

Mrs. Elizabeth Goodridge Nestor, Chairman of the Infantile Paralysis work in Boone County was taken to St. Elizabeth Hospital, Covington, last Tuesday for an emergency operation. She will be unable to lead the drive this year.

FIREMEN TO MEET INDEPENDENT FIVE

ON BURLINGTON FLOOR SATURDAY EVENING, JANUARY 26—PROCEEDS TO BE USED FOR MAINTENANCE OF EQUIPMENT

The highlight of the present basketball season for local fans will be offered Saturday evening, January 26, on the Burlington high school floor. This extravaganza of the hardwood brings together the heretofore undefeated Burlington Volunteer Fire Department team (record: no wins and no losses) against the Burlington Independents.

The star-studded "hose and ladder" boys will be lead by such stars of the past several decades as the Cropper boys, Judge and Kirtley, Albert "ten second" Kirk," Luther Smith, Sam Ryle, Bill Rudicill, Wendell Easton, Les McBee, Ty Combs, and a galaxy of other stars, plus several "rookies" of more recent years—Dud Rouse, Don Kirkpatrick, and "Sickem" Weaver. The manager, and he will be announced next week, promises a complete roster soon.

The Independents are pinning their hopes on such hoopsters as Roscoe Akin, Reuben Hodder, Wilton Stephens, Bus Loomis, Bill Sullivan, Ivan Gulley, Jack Clore, Bill Huey, Leroy McNeeley, Marion and Joe King, plus several others not under contract at this writing.

As an added feature to this expected riot will be music by the Burlington high school band, before the game at the quarter and half and at the many necessary "time outs."

The entire show is being sponsored for the benefit of the local Volunteer Fire Department. Tickets at twenty-five cents for children and fifty cents for adults (no one will be admitted free, not even the tempermental star performers) will be on sale at all public places soon.

Whether you think you can stand to see such a spectacle or not, you are urged to buy your tickets and help this worthy cause. A few fifty cents may be a good investment in saving your property from fire loss.

Flash—Local bookmakers have made the Independents a slight favorite in the wagering and they are also betting that there will be more stiff backs, legs and joints Sunday, January 27, than there will be points made on the night of play.

BANKS WILL BE CLOSED SATURDAY, JAN. 19TH

Banks throughout the county will be closed Saturday, January 19th, as this is a national holiday, being Robert E. Lee's birthday.

Businessmen who transact their business at the various banks in the county should keep this closing date in mind.

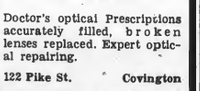
REMEMBER WHEN



—every political campaign called for torchlight parades? A sight, it was, to watch several hundred men marching along the street, each carrying a flaming torch. Then at the end of the march, in the Court House square or city park, the orator of the occasion blasted the opposition and lauded his own candidate, the same as today. Remember?

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

THE LAWS OF A PEOPLE

LESSON TEXT—Exodus 20:1-17.
GOLDEN TEXT—I will delight myself in thy commandments, which I have loved.—Psalm 119:47.

Law is necessary to order. Basic laws have been laid down by God for the orderly administration of His universe.

Physical laws are of great importance, but of even deeper significance are the moral and spiritual laws which control the human life. There is in the world a moral law—a distinction between right and wrong—which man may ignore only to his own sorrow, and which he can not abrogate or destroy. All laws of men which are true and right are founded on this underlying moral law, and they are in reality simply a development and interpretation of "God's Code of Morals"—the Ten Commandments.

These fundamental laws were given to Israel at Mount Sinai, but they speak to us with remarkable freshness and directness. They merit more extensive study than we can give them in this limited space, but we can note their broad outlines and certain practical applications. There are two divisions—one concerns man in his relation to God, and the other in his relation to men. We have:

I. A Right View of God (vv. 1-11). The first and most important question to be asked regarding any law is, "By whom was it established?" Legislation by an unauthorized person or organization has no power over others. Who gave the Ten Commandments? Verse 1 tells us "God spake all these words."

Men may sneer at theology as being outmoded, but the fact is that Christian doctrine is the only safe foundation for Christian character.

1. Whom to Worship (vv. 2-5). There can be but one true God, and He alone is to be worshiped. He is a personal being, ready to enter into communion with each one of us. No image or likeness can take His place. Bowing down before idols, no matter what they may be called, is expressly forbidden by God.

2. How to Worship (vv. 6, 7). We are to love Him and to keep His commandments. There is to be no sham about this, for no matter how sweet and pious may be the praise and prayer of man, he has taken the Lord's name in vain unless he keeps the Lord's commandments by holy living.

3. When to Worship (vv. 8-11). God has ordained that man should not incessantly bear the burden of toil. He is to have a day of rest and a time for worship, undisturbed by the duties and responsibilities of daily labor.

America needs a mighty stirring up about the desecration of the Lord's day. The stalwarts of the last generation fought a valiant battle against a rising tide of secularism and worldly pleasure. Now no one seems to care. Do you? "Six days shalt thou labor." Give God one day out of seven.

II. A Right View of Man (vv. 12-17). To be right with God means that we will also be right with our fellowman. Conversely, the man who is manifestly wrong in his relation to his fellowman is either not right with God at all, or he is not living out his Christian life in practice. This should show in:

1. Family Life (v. 12). The fifth commandment has to do with the relation between child and parent. There is a plain and direct command that father and mother should be honored. Only in respect and obedience to parents can the child possibly find true and proper development.

Parents who have permitted children to go astray during the war years will need to stress anew the God-required obedience to their authority.

2. Physical Life (vv. 13, 14). God is interested in our bodies. Already we have noted His provision for a day of rest each week. Now we are reminded of the sanctity of human life. "Thou shalt not kill," and remember there are many other ways to kill a man other than shooting him.

Let us be sure that we are not a party to the destruction of anyone's life either by reason of carelessness or greed.

Note the emphasis on adultery. Moral uncleanness, which is so awfully common in our day, is one of the most effective methods of destroying the body even while degrading and defiling the soul with sin.

3. Social Life (vv. 15-17). "Thou shalt not steal"—and remember any dishonest appropriation of what does not belong to you is stealing, call it what you will. And "false witness"—how it has honeycombed our very civilization! Not a little of it is found within the church, more shame upon us! Lastly, we come to "covetousness" — which has been called one of the "respectable sins of nice people." It is subtle and often hidden. Let us root it out of our own lives by God's grace.

Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison, Covington

Standing and sitting erect require less muscular effort than the slumped posture for the normal, healthy person. With the body in an erect attitude the center of gravity passes more nearly through the center of the body and places the weight on bones and ligaments that are by nature equipped to meet slumps forward, the shoulders droop, the spine curves and the abdomen bulges; then muscles must taken on more and more of this burden of weight bearing, a burden for fatigue and later actual deformity of certain of the bones and joints.

The first necessity in good posture is good feet.

Show me a person with good posture and bad feet. It's almost impossible.

But show me a person with good posture and I'll show you a person with good feet, for good posture starts with good feet. The foundation of any super structure is the most important.

Don't suffer another day with your feet.

No matter how many shoes or trial supports you have tried, try just one more and have one of our foot comfort specialists make a free foot analysis and show you how to get rid of all foot pains, leg pains, backaches and headaches. Even arthritis and rheumatism pains are often mistaken—most times when feet are corrected the pains vanish. We know we can help you to stand up straight—Adv.

THE INSTITUTION OF THE SABBATH

"And the heavens and the earth were finished, and all the host of them, and on the seventh day God finished his work, which he had made; and he rested on the seventh day and hallowed it; because that in it he rested from all his work which he had made." (Gen. 2-1-3).

The Sabbath was God's gift to man. The Sabbath was not made for God, "The Almighty fainteth not, neither is weary. All of his early works of creation were for man's welfare and protection." In simple and sublime language His will or decree is expressed and the results followed like an echo. Among the reasons for the institution of the Sabbath, we may safely emphasize these: Man's mind is finite and his memory very imperfect. God realized that some means must be provided to stir up the mind of man to remember the significance of the mighty acts of creation. First that the material universe and all it contains had an origin; 2nd, that it was brought into being by a creative act of an intelligent, almighty, and benificent being; third, that this being was God; 4th that He is the only rightful proprietor and sovern of the universe; 5th that His will is the supreme law of its occupants; 6th that the knowledge of His will is by revelation. Our bodies are but mortal and need regular periods of rest. Labor that is continuous will destroy both mind and body.

The Sabbath is needed for communion with God. It must be set aside for worship, and dedicated to spiritual matters, or else the higher nature will soon be subordinate to the lower, and our souls will wander far from God.

All our springs of joy are in God, and unless we obey His commandments, and worship, fear, and adore Him. If we continue to violate His laws, very soon there will be nothing sacred; and no tie will permanently bind unless it is sacred. Some means must be taken to prevent alienation from God. Whenever the holiness of the Sabbath is disregarded, there marriage, in its true and holy sense, has been disregarded and there, drunkenness, gambling, idleness, cheating and fraud have taken the place of honest toil, and there immortality and vice erect their standards.

Our spiritual nature finds health in communion with God, not in picnics, shows, joy rides and other earthly revelings which so often end fatally. A few bottles of the devil's brew, a crash, agonized screams and some mother's heart will ache, and life never will be the same here again, and young souls will be ushered into the presence of God, all unprepared.

So often we hear remarks like these, "Sunday is such a lonely day," or "What are you going to do Sunday?" For the Christian there is only one answer, "I am going to church, I am going to worship God."

The Sabbath was here even before sin came, it antedates all arts and sciences. It was here before Enoch built a city or Cain walked away from its altars of worship to murder his brother. Its sunlight flashed in the face of the first babe that ever rested in its mother's arms. It survived the flood of water, as it will survive the deluge of fire. When the heavens are rolled together as a scroll, and earth shall be dissolved, the Sabbath will remain, and its glory enswathes the tree of life in the paradise of God.

It was here when the devil made his first visit to earth, and its sweet and everlasting rest will be with us after he and others who violate God's Holy will, are cast into the lake of fire. It is the heritage of God's people forever and ever, a great luminous institution of God. It was made for man, all of God's works for man were to benefit and bless. Never, no never, were they meant to be burdensome.

In this sad time of so much suffering and sorrow, God's people would do well to examine their own lives and say, "Is my conduct commendable in the eyes of my Master? Does He approve of my life?"

When "our boys" come home will they see Jesus in our lives? Will they find in us something that will set their feet on a higher ground? Will our conduct give them a hungering and thirsting after righteousness? Or will they find a nation of Sabbath breakers, revelers and followers of the gods of pleasure?

"Narrow is the way and straight is the gate that leads to life eternal. The will and desire of God is for His people to worship and serve Him, in his house, on the Sabbath day." Remember the Sabbath day to keep it Holy.

CARBOLA — The Disinfecting White Paint

Dry disinfecting is practical during winter months. Doesn't add moisture to floors, dropping boards and nests as with liquids. Apply dry Carbola dust lightly each day. Helps prevent winter disease epidemics. Excellent against ammonia fumes in rabbitrys and dog kennels. Use as a scouring powder to clean water troughs and feeding dishes.

B. W. C. MEETS

The B. W. C. of the Bullittsburg Baptist Church met with Mrs. Ben Setters, of Idlewild Friday night for their regular monthly meeting with seven members present.

The election of officers was held. Mrs. Bruce Campbell was elected counselor; Mrs. Wm. Hill, 1st Co-chairman; Mrs. Mary Hensley, 2nd Co-Chairman; Mrs. Cash Sullivan, 3rd Co-Chairman; Mrs. Ralph Marsh, secretary and treasurer; Mrs. Ed Black, Community Missions; Miss Lucy Lee Grant, Training School. Mrs. W. T. Gardner was the retiring counselor.

We voted to have two mission studys, one in July and one in November. The meeting was closed by Mrs. Gardner.

Nice refreshments were served by Mrs. Setters and daughters.

Use of hybrid corn seed and heavier fertilization resulted in an estimated 40 bushels of corn to the acre in Simpson county.

S. O. Goff of Green county produced a third more corn from his hybrid seed than from the open pollinated variety.

17-Point Program Is Outlined By Post War Planning Committee

At Meeting Held Tuesday of Last Week—County Improvements Are Outlined For Entire Area

The Boone County Post War Rural Planning Committee in a meeting at Burlington last Tuesday, outlined seventeen projects to be accomplished during the next 10 to 20 years. The planning committee represented forty-two chairmen and advisors from local organizations dealing with farm and home problems.

This was the second meeting of the committee and future meetings were planned to receive committee and sub-committee reports on detail operations and accomplishments.

The seventeen point program and county committee appointments are as follows:

1. Rural road for all farm families. Committee, Judge C. L. Cropper and fiscal court. Judge Cropper reported the fiscal court had already mapped a post war program for rural road improvement, but that part of this program called for state and federal aid on rural roads. The county is now maintaining 300 miles of road with $49,000 county and $10,000 state funds. Eighty-five miles of road have been blacktopped and maintained by the county. Labor formerly took 15 percent of the revenue but today is taking 40 percent of the gross revenue. Materials and equipment have advanced in proportion. The county has made plans for the state to take over five additional county roads during the next three years. If this is accomplished, more funds will be available for the side roads or farm-to-market roads.

2. Electric to be available for all farm families. Will Smith, chairman, appointed committee.

3. Improvement of the rural home to the point where electric, home water supply and other conveniences for better living are available. Mrs. Stanley Ranson, Mrs. Clyde Arnold, and Mrs. Sibbia Reimer, co-chairmen to appoint rest of committee.

4. The farm tenant houses be made more desirable. Will Smtih, chairman.

5. Livestock and home water supply improvement. J. C. Acree, chairman of farm water supply; Mrs. Sibbia Reimer, chairman of home water supply. One thousand farm ponds have been constructed in Boone the last five years.

6. Make the farm productive enough and profitable enough to present a greater appeal to young people. Improved marketing considered important in this project. H. E. White, chairman. Suggestions were made for a cooperative market for farm products such as dairy products, poultry and garden.

7. Provide more wholesome rural recreation for youth and adults in the form of fairs, picnics, and rural youth gatherings. Rogers Knox, chairman, Mrs. Sibbia Reimer, Rev. Roy Johnson, Mrs. Albert Pfalzgraf, Mrs. Clyde Arnold Wholesome recreation is needed for youth and adults. The following suggestions were made: 1. Have two-day County 4-H and Utopia Fair; 2. Evening recreation locally and of a county nature; 3. Roller skating rink at school; 4. More youth activities in churches; 5. Employ a trained worker for rural youth; 6. Develop youth citizenship.

8. Rural church, a vital and important part of rural life, should receive stronger support in attendance.

9. Farm work shop improvement to save through labor efficiency. H. E. White, chairman.

10. Clearing of bush land for either better pasture or permanent woodland. H. E. White, chairman.

11. Development of locker-freezer plant and other programs to better feed farm families. Mrs. Huey Aylor chairman, Miss Elizabeth Lowry and A. E. Stephens. There is a need for an educational program on preparation and uses of foods and locker-freezer services.

12. Need for strong farmer organization through which to work. Walter King, chairman.

13. Clearing and beautifying of roadways. Judge Carroll Cropper, chairman, Mrs. Adam Dolwick, H. E. White, Edgar Graves, and Tom Carr.

14. Improvement of rural schools. Mrs. Stanley Ransom, Mrs. Albert Pfalzgraf, R. C. Lutes. Mr. Norris reported that 50 percent of teachers are emergency teachers. One county high school was suggested.

15. Expansion of health program. Mrs. Sibbia Reimer, Mrs. J. C. Aylor, Miss Elizabeth Lowry, Mark Cook. Suggestions were made to: 1. Get more doctors in the county; 2. Investigate Blue Cross Hospital plan; 3. Investigate the possibility of securing an Army trailer for clinic work.

16. Secure State Park in Boone County. Jake Cleek, chairman, and J. C. Acree.

17. Promotion of industries in Boone County. A. B. Renaker, chairman and Will Smith. The committee was asked to study the possibilities of a water supply for industries and public transportation.

Mr. White as chairman of Nos. 6, 9, and 10, serves as chairman of the County Agricultural Improvement Association Committee which will work on the Agricultural Improvement phases of the program. Chairmen of the County Agricultural Improvement Association along with Homemakers' Clubs had identified the first twelve points in the program in a meeting held last March. The last five points were added to and the whole program enlarged at Tuesday's meeting.

The following officers were elected to serve for the year: Chairman, Will Smith; secretary, Mrs. Sibbia Reimer.

The next meeting will be held April 16th, 1:00 p. m. A motion was carried that a written report of each chairman be turned in to the secretary before the next meeting. These reports will be kept in the permanent secretary's book.

Those attending were: D. H. Norris, Superintendent of Schools; Jake Cleek, New Haven; Mark Cook, A. A. A.; Ray Wilson, Farm Security; Rogers Knox, Utopia; Rev. Roy John Johnson and Rev. Edward Carlin, ministers; John Worthington, Verona; Mrs. Joe Rouse, Verona; Mrs. Clyde Arnold, County President Homemakers; Mrs. Albert Pfalzgraf, County Citizenship Chairman; Mrs. Stanley Ranson, New Haven; Mrs. Don Hacker, Kentaboo; Mrs. Joe Hogan. Hebron; H. E. White, Fiscal Court and Chairman County Agricultural Extension Association; A. B. Renaker. County Banks; Mrs. Sibbia Reimer, Ass't. Superintendent of Schools; Judge C. L. Cropper; A. E. Stephens, Boone County Recorder; J. C. Acree, S. C. S.; Edgar Graves, Fiscal Court; Home Economics Farm Security Worker, John H. Crigler, 4-H Council; Will Smith, Grant; Martha Lee Jones, Assistant Home Demonstration Agent; Mary Good Gillaspie, Home Demonstration Agent, and H. R. Forkner, County Agent.

Sorrell-Smith

Miss Goldie Rosina Sorrell, daughter of Mr. and Mrs. Adrian Sorrell, of Florence, Ky., and Mr. Airvin Louis Smith, son of Mr. and Mrs. Floyd Smith, of Sherman, Ky., were married at the home of Rev. R. H. Carter, Florence, Ky., January 15th at 3:30 p. m.

Attendants were Norma Fay Holt cousin of the bride and David Holt.

The happy young couple left for a short honeymoon at the bride's sisters, Mr. and Mrs. Leo Jaeger in Mansfield, Ohio, after which they will make their home with the bride's parents.

The bride is a graduate of Burlington high school in 1943. The groom served four years in the U. S. Navy, and received an honorable discharge on January 1st.

House Harmony Homemakers' Project For February

Miss Vivian Curnutt, specialist, University of Ky., was in Boone County recently to give the first in a series of lessons on "House Harmony" to the leaders of Homemakers' Clubs. Room combinations were stressed relating color, texture, and line to the room. This lesson will be given at the February meeting of the Homemakers' Clubs. Anyone interested in this lesson is invited to attend any one of the meetings.

There were twelve clubs represented at the training school, with nineteen leaders present for the lesson.

William Black

Services for William Black, Petersburg, were held at Big Bone Baptist Church at 2 p. m. Saturday with Rev. R. A. Johnson, officiating. Burial was in Big Bone Cemetery.

Mr. Black, who was 73, was a lifelong resident of Boone County, and had been actively engaged in farming. He died after an extended illness. His remains were removed to the Chambers & Grubbs funeral home, Florence for preparation.

He is survived by four daughters, Mrs. Harmon Tanner, Erlanger; Mrs. Clyde Clements and Mrs. Buscheiman, Covington, and Mrs. Len Hubbard, Muncie, Ind.; and six sons, Joseph, Charles, John, Goebel, Henry and Ben Black, all of Boone County; two sisters, Mrs. George Miller of Erlanger and Mrs. John Moore, of Vevay, Ind; one brother Tom Black, of Big Bone and 27 grandchildren and seven great grandchildren and a host of other relatives and friends.

Chambers and Grubbs, Florence funeral directors were in charge of arrangements.

PLANS MADE BY FARMERS

IN WALTON-VERONA COMMUNITIES AT MEETINGS HELD FRIDAY AND SATURDAY—OTHER MEETINGS PLANNED.

Farmers of Walton and Verona communities planned their 1946 Agricultural improvements programs last Friday and Saturday, according to H. R. Forkner, County Agent.

Soil improvement and tobacco were the major projects in the programs. The programs included the increased use and early ordering of fertilizers, the increased seeding of vetch, Balbo rye and cover crops, water supply, seeding and management of pasture and hay crops, use adapted hybrid corn seed, use of improved root rot resisting tobacco varieties, tobacco disease control, dairy feeding and breeding, sheep parasite control and dipping vat service, truck crops, egg marketing, and home food production and preservation. The leaders emphasized the importance of 4-H Club work and recommended that it be expanded.

Wide range of interests in improvement indicates farmers are interested in a balanced program. Community program planning meetings to be held include:

Burlington, January 21st; Petersburg, Jan. 22nd; New Haven, Jan. 23rd; Grant at the school, Jan. 25; Hamilton at school on February 1; Florence at Town Hall on February 2nd; Constance at school on February 5th and Hebron at school on February 7th. All meetings are scduled for 7:30 p. m. All farmers interested in helping plan the 1946 program are invited to attend.

CLOSING DATE SET FOR FEBRUARY 1

FOR FILING APPLICATIONS FOR NEW BURLEY TOBACCO FARM ALLOTMENTS — SEVERAL REQUIREMENTS OUTLINED.

The closing date for filing applications for new burley tobacco farm allotments is February 1, 1946, unless the farm operator has been in the armed services, in which case such applications shall be filed prior to February 1, 1946, or not later than sixty days following date of his discharge, whichever is later.

The establishing of new tobacco allotments is only for those persons who have never established a tobacco allotment on the farm that they own or operate, or no tobacco has ever been grown on the farm in the last five years.

There are several requirements that must be met before a person can establish a new tobacco allotment, and are as follows:

1. The person making application for such allotment must be the owner or operator of the farming operations on the entire farm.

2. The farm operator shall have had experience in growing burley tobacco, either as owner or tenant during two of the past five years; except, that a farm operator who has been in the armed services shall be deemed to have met the requirements if he has had such experience during one year within the five years immediately prior to his entry into the armed services.

3. The farm operator shall be largely dependent on the farm for his livelihood.

4. The farm covered by the application shall be the only farm owned or operated by the farm operator.

Any person who believe they can establish a tobacco allotment under the above conditions, are requested to file an application at the County Agricultural Conservation office by February 1, 1946.

William Ezra Popham

William Ezra, Popham, retired Boone County farmer passed away Friday at the home of his sister, Mrs. William Waters, of Limaburg, after an illness of six years.

Mr. Popham, who was 72 years old, was a member of the Odd Fellows, of Florence, Ky.

Besides Mrs. Waters, he is survived by two other sisters, Mrs. Robert L. Brown, Florence and Mrs. Clifford P. Tanner, of Hebron; and one brother, Charles Popham, of Florence.

Funeral services were conducted at 2:30 p. m. Sunday at the Taliaferro funeral home, Erlanger. Burial was in the family cemetery.

Philip Taliaferro was in charge of arrangements.

Certificates To Be Awarded Volunteers

The American National Red Cross wants to award volunteers with certificates and pins for faithful and meritorious service in World War II. These volunteers are to have served 200 hours or longer.

Boone County Red Cross officials are anxious for names of all volunteers who have served faithfully in World War II. See your local sewing or knitting chairman that your name is on the list. Send these lists to Mrs. Martha Huey, Production Chairman, Union, Ky.

New Schedule Announced

The Union and Richwood Presbyterian Churches announces their new schedule of services as follows: Union Church service at 10:30; Sunday School at 11:15. The Richwood Church service at 11:30; Sunday School at 10:30. This program is to go into effect starting Sunday, January 27.

A special invitation is extended to all members of these churches, and friends, to join together in the celebration of the Lord's Supper this first Sunday of the schedule change. The Rev. Mr. Ed Rock is to have charge of the service for this event.

Two Receive Discharges

Two Boone County boys received their discharges from the Fort Knox Separation Center, January 17th, according to a report from the Public Relations Office. They are:

Pfc. James W. Maxell, of Burlington, son of Mr. and Mrs. Ed Maxwell, who had been stationed overseas for several months in the European Theater.

T-4 Clifford O. Dinser, of Union R. D.

Burlington Juniors Will Present Class Play

PARALYSIS DRIVE CLOSES JANUARY 31

ACCORDING TO CHAIRMAN, JOHN McEVOY — EVERYONE URGED TO CONTRIBUTE TO THIS WORTHY CAUSE.

The closing date of the Infantile Paralysis Drive is January 31, according to John McEvoy, County Director. Anyone wishing to contribute to this worthy cause, and not having been solicited by someone in your community, kindly contact your community chairman. Chances are you were not home when the solicitor called, and therefore they didn't get your contribution.

The following is a list of the community chairmen:

Beaver and Richwood, Mrs. Jos. Woods; Bullittsville, Mrs. Chas. Engle; Burlington, W. H. Easton; Constance, Mrs. Vera Dolwick and Mrs. Reba Ellis; Florence, Mrs. Edna Cody; Grant, Mrs. Edna McNeeley; Hamilton, Big Bone and Rabbit Hash, Mr. J. C. Acree; Hebron, Mrs. Howard Acra; Petersburg, Mrs. Oleva Doiph; Taylorsport, Mrs. Elizabeth Morehead; Union, Mrs. Shirley Ferguson; Verona, Mrs. Clayton Renaker and Walton, Mr. Meadows.

Florence Chairman Urges Support

When one of the following workers calls at your home in behalf of the National Foundation for Infantile Paralysis, we trust you will open your door, your heart and your pocketbook: Mrs. George Byrnes, Mrs. Clifford Coyle, Mrs. Ralph Lipp, Misses Alice and Dorothy Cody, Al Hue, Mrs. Floyd Roberts, Gene Schroder, Mrs. Alice Blackburn, Ross Russ, Mrs. Vernon Smith. Prof. W. R. Davis, Rev. Paul Rimmer, Mrs. William Schmidt, Miss Jo Ann Nubaum, W. Fitzgerald, Lawrence Aylor, Mrs. Louis Houston, Miss Alma Schwibold, Miss Bonnie Scram, Miss Ruth Aylor, W. Fullerton and Ralph Stith.

The above appeal was made by Mrs. Ralph Cody, Florence Chairman.

Youth Slightly Injured In Car-Truck Accident

Alfred Strader, 14-year-old son of Albert Strader, Colored, Burlington, received minor head and face cuts Tuesday morning in a car-truck accident near Limaburg.

The car was driven by the boy's father, Albert Strader and the truck was driven by Ted Hambrick of Ryle & Hambrick, Burlington. The accident was due to icy condition of the roads, as both parties were unable to bring their vehicles to a stop as they approached the bridge near Limaburg. The head-on collision which followed caused damage to the truck and car in the amount of $200.00, according to R. I. Rouse, Sheriff of Boone County. Both vehicles were covered by insurance.

Hazardous roads throughout this area this week have resulted in minor accidents, and according to weather reports Tuesday, no relief is in sight, as sub-zero temperatures prevailed in most sections.

Farm And Home Convention Notes

Displays of time and labor saving equipment which can be made at home will be featured at the Annual Farm and Home Convention at the University of Ky., Lexington, January 29 to February 1. Of particular interest to Homemakers will be the exhibit, "Sit While You Work" in which a demonstrator will show the ease with which the family ironing can be done when equipment is of the proper height and arrangement. Another exhibit will demonstrate the importance of having everything within reach. Included will be a dish cupboard with shelves correctly spaced, a step-saving service wagon and lap table. Other conveniences displayed will be a homemade sewing cabinet and floor polisher.

Boone County will be well represented at the Convention with two delegates from the Federation of Homemakers and delegates from the Homemakers Clubs. Those to attend are: Mrs. Pauline Parker, Verona; Mrs. Oliver Kottmyer, Constance; Mrs. Henry Anderson, Hebron; Mrs. Martha Jane Carpenter, Walton; and Mrs. Esther Gering, Florence. Other delegates to represent the remaining Homemakers Clubs are to be selected this week. Mrs. Clyde Arnold, county president, and a delegate yet to be selected will represent the county.

Anyone desiring a program for the week may have one by contacting the Home Demonstration or County Agents' Offices.

John W. Quigley

Funeral services for John W. (Jerry) Quigley, former Florence garage operator, were held at 2 p. m. Wednesday at the Catherman funeral home, Ludlow. Burial was in Spring Grove Cemetery, Cincinnati.

Mr. Quigley died Sunday in Miln, Ind., where he had resided for seven years. He was 78 years old. He was a Mason and a member of the Scottish Rite in Covington. In addition, he belonged to Hopeful Lutheran Church, Florence.

He is survived by his widow, Mrs. Cora Stothfang Quigley; a sister, Mrs. Alice McGlasson, Hebron, Ky., and two nieces, Mrs. Verner Tupman, Hebron and Mrs. Liston Hempfling, Constance, Ky.

FARM BUREAU SETS GOAL AT 200

IN MEMBERSHIP CAMPAIGN FOR 1946, ACCORDING TO W. W. KING, PRESIDENT — SPECIAL MEETING HELD FRIDAY.

The Boone County Farm Bureau has launched a membership campaign to secure 200 members in 1946, according to W. W. King, president. The services of L. P. Jones, of the Kentucky Farm Bureau have been secured to assist in the membership campaign. One hundred and eight paid members were enrolled in 1945, which was the largest county membership in recent years.

The Board of Directors held a special meeting at Burlington last Friday to plan the membership campaign. It is hoped to reach the 1946 goal by the annual banquet to be held in early March. Each member is to receive a free ticket to the banquet.

J. C. Acree and Wilford Scott reported to the directors on the Farm Bureau Convention held in Louisville on January 9th, 10th and 11th. They reported the Kentucky Farm Bureau has planned a constructive farm program for the year and that the Boone County organization is rendering support to their program.

A Correction

In our issue of January 10, 1946 we carried an article, sent us from the U. S. Navy, stating that Robert L. Smith, QM3c, USNR, husband of Mrs. Mae H. Smith, of Burlington, Ky., was on his way home.

This article was in error, as Mr. Smith and Mrs. Mae H. Smith have been divorced for the past two years. Both of them have given us this report.

"Bob" has been discharged from the U. S. Navy.

BASKETBALL TREAT IN STORE FOR FANS

WHEN BURLINGTON FIREMEN MEET INDEPENDENT FIVE ON GYM FLOOR SATURDAY NIGHT —LARGE CROWD EXPECTED.

Boone County basketball fans and public-spirited citizens have the year's biggest treat coming their way Saturday evening, January 26 at 8 p. m. when the local Volunteer Fire Department team takes the floor against the Burlington Independent five at the High School gym. The contest is being sponsored by the Fire Department and all proceeds will go to the organization.

The committee in charge has left nothing undone in making the evening's show a success. The popular Burlington High band will be on hand to play plenty of "peppy" school songs and fast marches. There will be popcorn and peanut vendors, and there will be an exhibition of basketball put on by approximately forty local players —some good, some "has beens," some "never were," and some "never will be." (If you don't believe it, check the partial list of players).

According to Coach Kirt Cropper of the never defeated "fire" boys the game will be close. (Note: Probably close to a riot). Coach Cropper is pinning his hopes largely on the "fast break" type of play for which the department is so famous when the fire siren blows.

The uncanny shooting or such famous players as Deputy Sheriff Wendell Easton, Justin "Snappy" Dolph and Ray Holbrook, plus the precision-play teamwork of the entire squad is bringing Coach Cropper much satisfaction.

Coach Irvin Rouse of the Independents, though not announcing his starting five, lets it be known that his worries are not too great with Roscoe "free-falling" Akins once again in great shape. Others who will perform for the Independents will be Bill Huey, Ivan Gulley, Albert Sebree, Jack Clore, Russell Loomis, Bill Sullivan, Wilton Stephens, Joe and Marion King, Jim Ogden, "Socks" Benson, Leroy McNeely, Harry Scroggin and several others, whose names are unavailable at present.

Other eligibles for the firemen are Reuben Hodder, Dud Rouse, Albert Weaver, Don Kirk, Bill Jarreil, Bill Rudicill, Frank Maurer, Warren Kirk, Luther Smith, Judge Cropper, Pete Stephens, Edgar Maurer, Nelson Poston, Albert Kirk, Sam Ryle, Ted Hambrick, Ted Cress, Elza Poston, Jeff Eddins, Robert Clore, Robert Maurer, Frank Milburn, Walter Brown and Pete Jones.

Officials for the game will be Ralph Maurer and Skeets Walton.

The committee in charge composed of Les McBee, William Rudicill, William Jarrell, Warren Kirkpatrick and Nelson Poston in the name of the Fire Department cordially invite and earnestly urge the public to buy tickets and attend this first of a series of entertainments for the benefit of their organization.

Tickets are on sale at all Burlington business houses, or you may purchase them at the door. Admission will be twenty-five and fifty cents.

Late Flash: Rev. Roy Johnson has been unanimously elected cheerleader of the firemen's team and has consented to be present with his assistants, Mr. Will Beemon and Mr. John Ryle, to lead the cheering section.

BURLINGTON W. M. U. NOTES

Sixteen members and one visitor responded to roll call of Jan. 9, business and program meeting at 2:30 p. m. at the church.

Mrs. Les McBee, newly elected president, presided, aided by the following efficient corps of election officers: Mrs. Irvin Rouse, first vice pre sident, Mrs. Alline Brady, 2nd vice president, Mrs. Walter Brown 3rd vice president, Mrs. Thos. Hensley, secretary and treasurer.

Mrs. McBee gave an inspiring devotional message from I Peter 2:1-10, illustrating truths drawn from the idea of building.

Mrs. Brady presented an interesting program on the month's topic, "Our Assets for Building a New World." Participating in the discussion were, Mrs. W. Brown, Mrs. I. Rouse, Mrs. R. Clore and Mrs. M. Lucas.

During the business session president McBee, announced plans and objectives for the new year's work, and urged meeting of Standard of Excellence for 1946 as every organization of W. M. U. did in 1945. She appointed the following committees:

Community Missions: Mrs. Wendell Easton, Mrs. M. A. Yelton and Mrs. McFarland.

Stewardship: Mrs. Ed King.

Mission Study: Mrs. M. Lucas.

Publicity: Ruth M. Kelly.

Social: Mrs. Grover Jarrell, chairman.

Community Missions chairman of past year reported the donation at Christmas of ten baskets of fruit to shut-in members and of others of our community.

—Publicity Chairman.

J. T. Rice of McCracken county reports that peach trees treated for two years with ammonium nitrate produced five bushels per tree, while trees which were untreated produced only two bushels.

IMPROVED UNIFORM INTERNATIONAL
SUNDAY SCHOOL Lesson

A PEOPLE AT WORSHIP

LESSON TEXT—Exodus 28:1; 35:4-9, 20-29.

GOLDEN TEXT—Thou salt worship the Lord thy God, and Him only shalt thou serve.—Matthew 4:10.

A nation which knows God must have a place and a plan for worshiping Him. The history of Israel has moved forward in the account in Exodus where the people delivered from bondage are established as a theocratic nation; that is, one governed by God.

The covenant at Sinai (ch. 19) was followed by the giving of the law (chs. 20-23), and then in chapters 24-40 we find the worship of God established. Two elements are necessary—a way in which God may be approached and a place to meet Him. The former is provided in the ordaining of the Aaronic priesthood, and the latter by the building of the Tabernacle.

I. God Provides a Way to Worship (28:1).

The appointment of Aaron as high priest, and his sons to serve with him, provided for the proper conduct of the worship of God which was to take place in the Tabernacle.

The sinner coming into the presence of God must approach by way of the brazen altar where sacrifice could be made for sin. This called for a priest set apart for this holy duty, which would open the way for the repentant one to enter into the Holy place, and ultimately to know that his sin was covered in the Holy of Holies.

Consider the grace of God in thus providing for the deep spiritual need of His people. All of this pointed forward to the day when Christ the true High Priest was to make the perfect and final atonement for sin by the sacrifice of Himself on Calvary's tree.

The symbolic dress of the priest and his consecration for his duties are all very instructive, but we do not have space to comment at length. Suffice it to say that the one who is to serve in the conduct of the worship of God is to be a called, cleansed and consecrated man, set apart for a holy calling and eager to be used of God to lead men into fellowship with Him.

From these first provisions for the worship of God we thus may learn many of the high principles which are to guide the church regarding the call and separation of men to the ministry. The gift and grace of God shown in the man's character are far more important than intellectual or social standing.

II. God Provides a Place of Worship (35:4-9, 20-29).

The plan for the Tabernacle was given by God to Moses in much detail. A close study of it will bring rich reward.

Although the plans were made by God (Exod. 25-27), note that He gave to the people the privilege of providing the materials. They recognized it as a high privilege and not a burden, and they came enthusiastically with their gifts.

That thought bears application to the believer, for we know that God still loves a cheerful giver (II Cor. 9:7). Those who groan and grumble about the money and material needed for the worship of God have not caught the real spirit of Christian giving.

The children of Israel brought more than enough of their most treasured possessions and of the labor of their hands; in fact, they had to be told to stop (Exod. 36:1-7). Imagine having to tell people to stop giving! That would be a novelty!

The Tabernacle was duly built, and thus there was provided for Israel a place of meeting (Tabernacle literally means "tent of meeting"), beautiful and appropriate for their days of sojourning in the wilderness.

The significance of the Tabernacle is both interesting and important.

(1) It is a symbol of God's presence with His people. All who were defiled were excluded because God was there.

(2) It is a type of God's method of bringing sinners to Himself. There must be a sacrifice for sin before communion can be established.

The furniture of the Tabernacle is therefore significant. The altar of sacrifice and the laver of cleansing come first in the outer court. Then on his journey from the sacrifice to the communion of the Holy of Holies, the one who seeks God is fed by the showbread, lighted by the candlestick and sustained by prayer, of which the altar of incense speaks.

Christ is the Bread of life, the Light of the world, our High Priest and interceding Advocate.

Within the Holy of Holies the mercy seat typifies the covering of a believer's sins by the blood of Christ.

(3) It is a symbol of the incarnation of Christ of whom it is said that He "tabernacled" with men.

(4) It is a symbol of heavenly things. Christ now appears in heaven for us as our minister and high priest (Heb. 8:1-5).

(5) It is a symbol of God's dwelling with men in the ages of eternity (Rev. 21).

BARREN FARMERS SET COVER CROP RECORD

That Barren county farmers sowed more cover crops in the fall of 1945 than in any previous year is stated by Farm Agent J. O. Horning. Seed dealers in the county reported selling 64,500 pounds of vetch, 27,900 pounds of crimson clover, 8,000 bushels of balbo rye and 20,000 pounds of rye grass. In addition to these cover crops, the usual acreages of wheat, barley and oats were sowed.

THAT TRIP *You've Earned...*

GO SOON—AND SAVE AS YOU GO GREYHOUND

Right now is the best time of the year to give yourself a well-earned, much-needed vacation — for many reasons.

It's the least crowded time of the whole year for transportation, with more room on Greyhound buses bound for almost any part of the U. S. A. or Canada.

A vacation is most welcome of all in midwinter — when you *really need* respite from cold weather monotony and the strains of four war years!

Your winter trip to the sunny South or West — to friends or family in nearby towns — to popular snow-sport resorts — will be warm and comfortable aboard a Greyhound highway coach. Fares, as always, are lowest for any type of transportation. Go *soon* and go *Greyhound* — for a pleasant, relaxing winter trip.

IT'S STILL WISE TO PLAN AHEAD:

- ***Get tickets and information well in advance***
- ***Travel in midweek when possible***

Will they thank you for good strong feet?

Oh, you mother of a child—you want his manners to be nice, you want his brain to be quick, you want his hands to be agile—but dont' you want his feet to be sturdy and true, well-shaped and graceful? Are those of your daughter?

You mother of a child, twenty years from now his feet will be walking up to get a diploma, or confidently marching in to get a job, maybe walking up to an old church alter to meet a bride in white. (Or it may be the bride herself). Your child may never thank you for good strong feet, he'll take them as a matter of fact, but what will he think if they're not good strong feet? Sure he'll still love you—but "why didn't mother make sure I was growing up right?"

It is a responsibility, just one of the many a mother takes on when she brings a child into the world. —Adv.

Mr. Stephenson died at the home of his son, Clyde Stephenson, of Toledo, Ohio, Tuesday of last week.

He is survived by another son, Guy Stephenson, of Los Angeles, Calif; three daughters, Mrs. Della Barnett, Covington; Mrs. Florence Thise, Detroit, Mich.; Mrs. Grace Jones, Mt. Oral, Ohio.

Wm. Jesse Bagby

Wm. Jesse Bagby, age 72, died at the home of his son Jesse L. Bagby, near Waterloo, early Sunday morning, following a prolonged illness.

Mr. Bagby was a lifelong resident of Boone County, having farmed in and around Waterloo all his life.

Funeral services were conducted Tuesday afternoon at 2:00 p. m at the Belleview Baptist Church, with Rev. Roy A. Johnson in charge. Burial was in the Belleview Cemetery.

Chambers & Grubbs were in charge of arrangements.

WEED PRODUCES TON PER ACRE

SIX FARMERS REPORT THE SALE OF A TON OF TOBACCO OR MORE PER ACRE—QUALITY IS GOOD.

Louis Hitzfield and sons, L. W. Gulley, Burlington, J. F. Cleek and Dick Houston of Beaver, Owen Stephenson and J. G. Pennington, of Walton were among the tobacco growers the past ten days who have reported the sale of a ton of tobacco or more per acre. The quality of the crops where the fertilizers were balanced has been proportionately good in most cases.

Farmers have set a "ton per acre" goal in most of the Community Agricultural Improvement goals. A large yield per acre is considered more efficient production and more profitable under present market conditions.

The ton per acre goals in most instances have been reached only through heavy fertilizer applications, according to H. R. Forkner, County Agent. L. W. Gulley's yield of 2,368 pounds per acre on one field is an example. A total of 20 loads of manure, 1000 pounds of phosphate, 500 pounds of complete fertilizer, and 200 pounds of Ammonium Nitrate were applied in addition to the turning under of a green manure crop. The greatest danger in heavy applications of fertilizer is the failure to supply sufficient phosphate and sulphate of potash to secure uniform ripening and quality. The variety of tobacco grown does not appear to be an important factor in securing a high yield per acre.

The County Agent's office will be glad to receive the reports from farmers securing a ton or more of tobacco per acre.

Alvin Clore Arrived Home Saturday After 19 Months Duty

Alvin "Pip" Clore, son of Mr. and Mrs. Stanley L. Clore, of Burlington and husband of Mrs. Olive Louise Clore, returned home, Saturday, January 26th after serving nineteen months in the U. S. Navy, attached the Armed Guard of the U. S. Navy.

"Pip" entered the service in June 1944, receiving his boot training at Great Lakes, Ill. He was stationed in the Pacific area during his entire service.

He received an honorable discharge from the U. S. Naval Separation Center, Great Lakes, Ill., Saturday January 26th.

Prior to entering the service, he was employed by the Allis-Chalmers Co., Cincinnati, and expects to resume his work with that company in the near future.

Saturday Morning Sale

Leaving their farm on account of ill health, G. Kenneth and Katherine Taylor will hold a public auction Saturday, Feb. 8, 10:00 a. m., at their farm, two miles west of Union, on Union and Big Bone road. Livestock, tools, household goods, etc., will be sold. Rel C. Wayman, Covington real estate agent, will conduct the sale, with Lute Bradford and Charles M. Tanner, auctioneers.

DIPPING SERVICE PLANS ARE MADE

BY BOONE COUNTY FARM BUREAU PROVIDING SUFFICIENT INTEREST IS SHOWN—EQUIPMENT COMMITTEE NAMED.

The Boone County Farm Bureau is making plans for the purchase of a portable sheep dipping vat for farm to farm service provided there is sufficient interest in this work. Sheepmen who are interested in this service are urged to leave their names at the County Agent's office in Burlington.

Joseph A. Huey, H. E. White, and H. R. Forkner were appointed on a committee to locate equipment and to survey the approximate number of sheep that would be dipped. The cost to the farmer is estimated to be around ten cents per head.

The committee has located the equipment and is ready to recommend to the Farm Bureau board of directors that the equipment be purchased provided sufficient numbers of farmers file requests for this service. Dipping will start soon as shearing is completed. The material used will require only one dipping per year.

William W. Lail And William H. Long Receive Discharges

S-Sgt. William W. Lail and Sgt. William H. Long, of Florence, received their honorable discharges at Fort Knox, Ky., January 19, 1946.

S-Sgt. Lail and Sgt. Long entered the service August 15, 1942 and were never separated during their entire service, being stationed in the European Theater for thirteen months as Military Police. They returned to the states August 11, 1945 and were stationed at Atlantic City, N. J., for two weeks and then returned to Ft. Knox, Ky., for discharge.

While stationed in the States their chief work was patrol duty.

5114 Pounds Of Burley Grown On 2.2 Acres

Louis Hitzfield and sons raised 5114 pounds of tobacco on 2.2 acres of ground near Idlewild, Ky. This tobacco was set on the 17th and 27th of May and was housed in September.

Fertilizers consisting of 33 tons of manure and 1000 pounds of Agrico tobacco fertilizer 4-12-4 were used on the ground. This tobacco was Stafford's Golden Burley.

Good Average Reported For Crop Of Burley

Millard Sullivan, Burlington, R. 1, sold 3,024 pounds of tobacco at the Big Burley Warehouse Co., Carrollton on last Friday for an average of $50.30. The high basket brought 58 cents.

LIVESTOCK WATER GOAL IS REACHED

IN BOONE COUNTY'S LONG TIME IMPROVEMENT PROGRAM — 100 PONDS OR FARM RESERVOIRS CONSTRUCTED.

"Livestock water for every pasture field" was set up in 1936 as a long time goal in Boone County's long time Agricultural Improvement program. H. E. White, prominent farmer of Burlington community is the first farmer to report the successful attainment of this goal.

White has eight large fields on his farm with satisfactory ponds in seven of these fields and a creek with a good water hole in the eighth field. One field already had an old pond suitable for stock water. Six new ponds have been constructed the past three years at a total cost of $480.

Mr. White previous to completion of his stock water improvement program, was forced during drouth periods to drive his stock to water and then water them only once per day. The loss in livestock gains during such periods would soon pay for several ponds.

Boone County farmers during the past five years have constructed more than 1000 ponds or farm reservoirs that cover more than 300 water acres. The county as a whole, is still far from its goal. More than 1000 more new ponds are needed plus large numbers of sanitary watering troughs, ponds fenced to prevent livestock disease spreading and other farm reservoir improvements. The local Soil Conservation District has been rendering valuable assistance in this work.

Farmers are urged to analyze their livestock water needs and to plan for improvements this year while money and equipment will be available. Good livestock water is considered more valuable than good livestock feed.

New Streamlined Nursing Course Is Available To Ladies

Mrs. Mary R. Caron, instructor for instructors, National Red Cross, Washington, D. C., has just spent several days in Boone County in regard to the streamlined six-lesson Home Nursing Course, which is being given out by National Red Cross.

Mrs. Caron spent the week-end with Miss Elizabeth Lowry and has returned to Lexington, where she recently completed a course to ten nurse instructors, Miss Lowry being among the group. Mrs. Caron will give the same course in Indianapolis beginning February 1st.

The streamlined Home Nursing course will be given in Boone County in communities and towns where a room and equipment can be provided.

Those interested in taking this course are asked to fill in the following blank and mail to Miss Lucy Lee Grant, Executive Secretary Boone County Chapter American Red Cross, Burlington, Ky:

I would like to take the new streamlined Home Nursing Course of six lessons if it can be put on where it is accessible to me.

Receives Promotion While Stationed In Japan

With the Sixth Army in Oita, Japan—Charles R. Willis son of Mr. and Mrs. Albert Willis of Route 1, Burlington, Kentucky, has been promoted from Private First Class to T-5.

His unit, the 126th Field Artillery Battalion of the 32d (Red Arrow) Infantry Division, is now stationed in the city of Oita on Kyushu, southernmost large island in the Japanese group.

As part of the occupational forces, he is seeing first hand the people whose army the Red Arrowmen defeated in battle from Australia to the Philippines.

He entered the service in January of 1945, received training at Camp Robinson, Arkansas and embarked for overseas duty last August 27.

Before entering the Army, Willis attended Hebron High School. He was employed as a truck driver.

The 32d Division, commanded by Brigadier General Robert B. McBride, Jr., is part of General Walter Krueger's Sixth Army.

Mrs. Rosa Connett

Mrs. Rosa Connett, of 47 Clover Avenue, Erlanger, died late Monday at Booth Hospital, following a long illness. She was 76.

She is survived by four sons, Harry, Cincinnati; Phillip, Louisville; Richard, Erlanger, and G. Noel Connett, Covington; four daughters, Mrs. M. Y. Rich, and Misses Helen, Ruth and Dorothy Connett, all of Erlanger, 10 grandchildren and two great-grandchildren.

The Tallaferro funeral home, Erlanger is in charge of arrangements.

Taylor-Aylor

Zelma Rose Taylor, daughter of Mr. and Mrs. Edw Taylor, Dixie Highway, Erlanger, became the bride of Lawrence L. Aylor, son of Mr. and Mrs. Shelley H. Aylor, of Florence on January 17, 1946 at 9:00 a. m. at St. Henry Church, Erlanger.

The bride was attired in a gown of satin brocade, with long train, and fingertip veil, trimmed with wide lace. She carried a bouquet of white roses and orchids. The bridesmaid, Miss Charlotte Mathes of Erlanger wore a gown of gold georgette and carried a bouquet of red roses and baby breath. The maid of honor, the bride's sister, Miss Estelle Taylor, wore a gown of aqua crepe and carried a bouquet of pink rose buds with baby breath. The headdress of both bridesmaid and maid of honor were of matching net, peaked caps.

The best man, Louis M. Letko of Chicago, and the groom wore navy suits and ties.

Miss Taylor was formerly a dental assistant in Cincinnati, and Mr. Aylor is now assistant Postmaster at the Florence Post Office.

The couple plan to settle in Florence as soon as their apartment is ready.

Florence Graduating Class Of '39 Entertained

NEW HOMES FOR VETERANS

TO BE STARTED, ACCORDING TO OFFICE OF FEDERAL HOUSING ADMINISTRATION, PRIORITY FORMS AVAILABLE.

Applications for priorities for more than 150 housing units to be constructed for veterans of World War II have been received at the office of the Federal Housing Administration since January 15, the effective date of this new priorities system, it was announced today by Roscoe R. Dalton, State Director. Special instructions for speedy processing of these applications have been received, Mr. Dalton stated, and that if applications are complete with plans attached, applications one day may be approved or disapproved by the next.

Application forms for priorities are available through the Federal Housing Administration office for individual veterans who want to build their own homes as well as for builders who want to erect one or more buildings for sale or rent giving preference to veterans. These applications are processed by the Federal Housing Administration without reference to the type of financing proposed.

Simplicity is stressed in the entire preference rating system, in an effort to get maximum construction of moderate cost housing under way as speedily as possible. Mr. Dalton stated.

It is anticipated by the Civilian Production Administration that about one-half of the critically short materials produced in 1946 will be made available for the construction of homes for veterans.

While $10,000 is the maximum sales price and $80.00 per month the maximum rent which can be charged for these units, building contractors will be urged to produce the large percentage in much lower brackets. Mr. Dalton pointed out that he is getting results and that builders are cooperating as indicated in types of houses being proposed and sales prices indicated. He stated that the sales prices range from $3500 to the limit of $10,000 with a good percentage in the bracket from $3500 to $7500.

Materials to which HH priorities will apply are common face brick, clay, sewer pipe, structural tile, gypsum board, gypsum lath, cast iron soil pipe and fittings, cast iron radiation, bath tubs, lumber, mill work and concrete blocks. Additions to or deletions from this schedule may be made from time to time.

An applicant for priorities must show that he will start construction within 90 days from the date of approval and is required to hold each unit during the period of construction and 30 days after completion for sale or rent to veterans. Each purchaser in succession agrees to hold the property for 30 days for sale to veterans of World War II.

Priorities are available under this program for conversion of existing properties, where an increased number of dwelling units will result.

Housing now under construction may be brought under the priorities program if it meets the standards prescribed in Priorities Regulation 33.

Hebron Trounces Burlington Friday

Hebron scored a 38-16 victory over the Burlington basketball team Friday night on the loser's floor. Hebron took an early lead and maintained a safe margin throughout the game.

Hebron, with Buckler leading the way, sported a 7-4 lead in the first period and increased this to 20-6 at the half as the losers were held scoreless for seven minutes of the period. The losers outscored the winners in the third period 9-7 but were swamped in the closing period as the Hebron team outscored them 11-1.

Buckler scored 15 points for the winners while Toadvine added 12. Presser led the attack for Burlington with nine.

In a premilinary game, Hebron's reserves emerged on the long end of a 32-17 count.

Burlington High School's Eagles will be host to the Florence Knights at the local gym Friday evening, February 1st.

Mr. and Mrs. Reuben A. Hodder, Sr., of Ft. Mitchell were Saturday evening guests of Mr. and Mrs. Reuben Hodder, Jr., and family.

Local Draft Board Members To Receive Five-Year Medals

State Selective Service headquarters has recently notified the Local Board members of the Boone County Board No. 9 that they would be awarded a certificate and medal for five years' service with Selective Service.

Geo. W. Baker, Robt. C. Eastman and Al Stephens, who compose the Local Board have served faithfully since the beginning of Selective Service and all members who were chosen at the beginning are still serving and are one of the few boards in the state that have all of its original members.

The awarding of the certificates and medals will take place on February 18th at 2:00 p. m. at the University of Kentucky by Governor Simeon S. Willis.

FIREMEN DOWNED BY INDEPENDENTS

ON BURLINGTON HARDWOOD SATURDAY NIGHT—THANKS EXTENDED TO PLAYERS AND PUBLIC FOR SUPPORT.

The Burlington Fire Department basketball team was unable to extinguish the fire-brand of ball displayed by the local independent quintet here last Saturday evening and ended up on the short end of a 28-18 score. The contest was sponsored by the Volunteer Fire Department, and though their team lost, the game was highly successful from the entertainment and financial standpoint.

Members of the sponsoring organization wish to express their thanks to the participating players, the Burlington High band, others who took part in making the affair successful and to the public for such splendid support.

Utopia Club Held Meeting January 17

The Utopia Club held its January meeting at the Burlington School with twenty-nine members present. Mr. Carl Jones from Lexington met with us. The programs for the coming year have been planned. Mr. Jones entertained us with folk games after the business meeting. Refreshments were served by Martha Lee Jones and Sally Souther.

Next month's meeting will be held on February 21st, 8:00 p. m. at the courthouse. John S. Gardner from the University will be present to speak on "Insecticides for the Garden and Uses of D. D. T.," according to James Franklin Brown, Club reporter. All young people are invited to attend.

HEART ATTACK PROVES FATAL

TO OMER R. PORTER IN COVINGTON — WAS NATIVE OF BOONE COUNTY—SERVICES HELD MONDAY.

Funeral services for Omer Riddell Porter, whose body was found early Friday in his home, 606 Washington St., Covington, were conducted at 1 p. m. Monday in Covington.

Mrs. Tressa Riffe, Kenton County Coroner, said that Mr. Porter died of a heart attack, probably late Thursday. He was 56 years old.

The Covington Life Saving Squad, which had attempted to revive him, said there was a lighted gas stove in the room in which he was found. It was believed at first that he might have been overcome by the fumes, but Mrs. Riffe determined there was not a toxic concentration of fumes in the apartment.

Mr. Porter was a native of Boone County and for many years was employed as a foreman with the Kentucky Highway Department, being rated as one of the best in the state. He had been a resident of Covington for seven years.

He is survived by a son, Omer Tousey Porter, Covington; a brother, George Porter, Burlington; and two sisters, Mrs. Mollie White and Mrs. Carrie Alford, of Louisville.

William H. Weber

Services for William H. Weber, Florence, Ky., were held at Chambers & Grubbs funeral home, Florence, Thursday at 2 o'clock with Rev. J. Paul Rimmer, pastor of Lutheran Church, officiating. Burial was in Highland Cemetery.

Mr. Weber was 70 years old last August 11 and had been a resident of Boone County most of his life. He was a member of Hopeful Lutheran Church. His wife preceded him to the grave in 1924. He had made his home with Mr. and Mrs. Chas. M. Carpenter for the past 20 years.

He leaves a sister. Mrs. Agnes C. Withrow, of Portsmouth, Ohio.

He was an employee of the Heidelberg Brewing Co.

Infant Hill

Funeral services the infant daughter of Mr. and Mrs. William Hill, of Idlewild were conducted from Petersburg Cemetery, Wednesday morning at 11 o'clock, with Rev. Gardner, pastor of Bullittsburg Baptist Church, officiating.

Besides the parents the child is survived by two brothers and one sister.

Chambers and Grubbs were in charge of arrangements.

COW TESTING TO START FEB. 1

IN NORTHERN KENTUCKY DAIRY HERD IMPROVEMENT ASSOCIATION — TESTER HAS BEEN APPROVED.

The Northern Kentucky Dairy Herd Improvement Association will start official testing work on February 1st after two years delay, according to H. R. Forkner, Boone County Agent. Mr. Red Wilhoit, of Union, R. 1, has been approved as tested and the reorganization meeting for Boone, Kenton and Campbell County dairymen has been set for February 6 at the Kenton County Agent's office in Covington.

Nine Boone County dairymen have retained their old membership or have requested new membership in the association. They are: R. C. Garrison, O. Y. Kelly, Boon-Tucky Farms, Walter Scott, Ed Grater, Chas. Koch, Joe Ryan and Ben Nichting, and Walter King. There are still a few memberships open in the Association and dairymen who are interested in this important dairy program are urged to contact immediately one of the members or the County Agent's office. Twenty-four days usually makes a full month for the tester and membership is necessarily closed when the full quota is reach.

Boone County has additional four dairymen, O. W. Purdy, Jesse Wilson, Robert Youell and Grant Maddox, who are members of the Boone-Shelby-Carroll County Association under the supervision of the tester, John Hood.

REMEMBER WHEN

—every political campaign called for torchlight parades? A sight, it was, to watch several hundred men marching along the street, each carrying a flaming torch. Then at the end of the march, in the Court House square or city park, the orator of the occasion blasted the opposition and lauded his own candidate, the same as today. Remember?

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

FEAST DAYS OF A PEOPLE

LESSON TEXT—Leviticus 20:7, 8; 23:4-6, 15, 16, 24, 27, 28, 34, 39-44.
GOLDEN TEXT—The Lord hath done great things for us; whereof we are glad.—Psalm 126:3.

God wants His people to enjoy their religious life. Being in fellowship with Him is not something to dampen one's spirits, but rather to give joy and enthusiasm full liberty. Even with Israel in those early days when Christ had not come and they had only the promises and types of His coming, He arranged for regular religious feasts or festivals which brought the people together to worship Him.

One can well imagine the delightful fellowship as friends, acquaintances and especially relatives from various places went up to the feast together. Personal joy was heightened by the great spiritual joy which they shared.

The obvious lesson for us is that we who know Christ and have peace and liberty in Him should enjoy our Christian anniversaries to the full in a manner well-pleasing to Him. We need such occasions to renew our faith, to quicken our joy, and to cause us to remember God's grace and His blessings.

The first of the assigned Scripture passages does not directly relate to the feasts of God's people but rather speaks of:

I. The Holiness of the Lord (Lev. 20:7, 8).

God is holy and His people in their earthly walk are to show that they have been sanctified by Him. This involves a separation from worldly practices and an eagerness to do the will of God.

Keeping the statutes of God should be the delight of His people, not a burden or a trial. There is real liberty in conformity to law. Holiness makes for freedom and fruitfulness.

Now we turn to the consideration of the feasts of the Lord. In selecting the verses, two of the feasts were omitted, so we shall include Leviticus 23:3, 9-12 with the others assigned.

II. The Feasts of the Lord (Lev. 23:3-6, 9-12, 15, 16, 24, 27, 28, 34, 39-44).

This is one of the great chapters of the book of Leviticus, presenting both practical and prophetic teaching. The holy "feasts" and the "set times" of Israel (which we shall consider under the one heading of "feasts") were for their spiritual instruction and edification, but they also reveal God's prophetic purpose for both Israel and the Church.

1. The Sabbath (v. 3). This is not strictly considered one of the feasts but a set time—a holy convocation to be held after six days of labor. It is the type of the rest that God has in mind for His people. (See Heb. 4:1-11.)

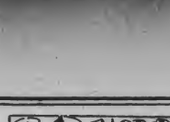
A word of admonition is in order regarding America's awful disrespect for and misuse of our day of rest—the Lord's day. Is it not time we did something about the desecration of Sunday?

2. The Passover and the Unleavened Bread (vv. 4-6). These could be considered separately but they are closely related. The Passover spoke of the Lamb of God who was to shed His blood on the cross, even as it pointed back to redemption by blood on that dark night in Egypt (Exod. 12:12, 13).

The unleavened bread speaks of holiness. This is not the result of "servile work" (v. 8), but a showing forth of faith in the offering by fire.

3. The Firstfruits (vv. 9-12). Just as the one sheaf was waved before the Lord as the earnest of the harvest, so Christ in His resurrection is the firstfruits of them that sleep in the grave. (See I Cor. 15:20-23.) Note that it was waved "on the morrow after the Sabbath" (v. 11) which is the resurrection morning—our Sunday. What a blessed thought!

4. Pentecost (vv. 15, 16). Fifty days after the feast of firstfruits came a new meal offering; two wave loaves are presented before the Lord. This new meal offering speaks of the believing people of Christ, and so it came to pass that it was on Pentecost that the Holy Spirit was poured out on the Church (Acts 2:1-4), just fifty days after the resurrection of Christ.



5. Trumpets (v. 24). This looks forward to the day when God shall call His people Israel in the latter days. This will bring them together for the great day of

6. Atonement (vv. 27, 28). On that day Christ shall take away the sin of His people (Zech. 13:1), and they shall be prepared for the crowning and joyous feast of

7. Tabernacles (vv. 34, 39-44). This was the great feast of ingathering of the products of the year. Israel then dwelt in booths to recall their days in the wilderness. It was a time of full rejoicing, when sorrow and crying were put away. It is the type of Israel's ultimate restoration and full blessing.

Such are the feasts of the Lord—delightful and faith-stimulating—for Israel and for us!

Members Of Waterloo Switchboard Association Will Hold Meeting Feb. 9

Heretofore, some forty-five years ago, probably in the year of 1901, a number of citizens and residents of [illegible] Kentucky [illegible] ing in the vicinity of Waterloo, associated themselves together for the purpose of installing a switchboard and telephone lines to their respective homes and to other telephone exchange connections located in the county.

Several years later, this same group assembled and in such meeting determined to acquire land and build a telephone exchange. The land was acquired from Jaap Sullivan and the building was erected by Mr. Ira Pope. The cost of the land together with the cost of building the exchange and installing the telephone exchange equipment was proportioned among those assembled or represented at the meeting.

The exchange is now idle and has been for quite some length of time. There are charges against the land and building for taxes and mayhap other charges.

Inasmuch as these matters should be properly considered and dispatched, and upon consultation with others, the undersigned, has undertaken by this notice to assemble those original members or their heirs or assigns to a meeting to be held at the exchange on the 9th of February, 1946, at 1:00 o'clock p. m., at the exchange building for the purpose of caring for all matters coming before the meeting, according to J. D. McNeely.

That individual or individuals who possess the records of the Association are especially requested to be present and bring with them any and all of the records of their possession.

REPORT STRESSES SOIL IMPROVEMENT

To build and keep up the fertility of the soil would do more for Kentucky than any other one thing the people themselves can bring about, declares Dean Thomas P. Cooper of the State College of Agriculture and Home Economics in his report on agriculture to the Committee for Kentucky. To quote him further:

"Soil improvement is basic to practically all other improvements in farming and farm life. Immediate steps are needed to build up the soil on at least half of all the farms in Kentucky; and on most of the other half, further soil improvement could profitably be made.

"Building up of better farms on the wide scale envisioned here would be the work of a period of years—perhaps in 20 years the task could be accomplished. It will require a great deal of forethought, knowledge, hard work, and not a little capital. The methods are within the reach of all, and have been put into practice successfully on both small and large farms. After the war, farm people will have more funds than before with which to do these things. So far as credit may be needed, it is as sound financially to borrow or lend money for soil improvement as for purchase of a farm in the first place.

"Over the state as a whole the program for land improvement would require about 16 million tons of ground limestone for a basic application (12 times as much as was used in 1942), and 1,300,000 tons a year thereafter. It would take each year about 3 times as much phosphorus as is now used, 15 times as much nitrogen and 20 times as much potash. It would mean the building of terraces on nearly 3 million acres and the rearrangement of fence lines to permit contour tillage. It would involve seeding a winter cover crop on about 5 million more acres of land than are now regularly covered, and it would mean much more attention to effective use of livestock manures and crop residues. It would mean more good, improved pastureland and meadow land (especialy of alfalfa and clover) and less plowed land. Over the years it may provide the basis for 40 percent more annual income for Kentucky farmers than they would have without it."

$1,500,000 CAMPAIGN TO BEGIN FEBRUARY 10TH FOR BAPTIST HOSPITAL

Lexington, Ky., January 25—Sixteen Baptist Churches in the immediate Lexington area have been fully organized to begin solicitation February 10, in the drive to raise $1,500,000 for the building of the new Central Baptist Hospital.

The campaign is being started in the Lexington area before being carried to other communities throughout Central and Eastern Kentucky. Intensive solicitation of the Baptist church membership will be made and others in the communities asked to make their donations to the fund, inasmuch as the hospital will serve persons of all denominations.

With patients coming to the two existing Lexington hospitals from all parts of Central and Eastern Kentucky, the shortage of hospital beds has become very acute in the past few years. The minimum number of hospital beds for this entire area is an average of 6 beds per 1,000 population. There are now only 1.5 hospital beds per 1,000.

Patients are now being placed in the corridors, reception rooms and libraries, because of the demand for hospital treatment. The new hospital will provide 250 more beds, thus alleviating the overcrowding to a great extent.

Churches which have organized committees for solicitation of their memberships, include Calvary, Grace, Porter Memorial, Felix Baptist Churches in Lexington; Dry Run, East Fork, Mt. Pleasant, Nicholasville, Pinchard, Clear Creek, Millersburg, and the First Baptist Church of Paris.

The project has been endorsed by Governor Willis, "I am very glad indeed to know that the need for further hospital service is recognized, and that you are proceeding to meet that need insofar as you are able to do so," Governor Willis wrote the committee.

W. H. Courtney has been named chairman of Special Gifts Committee. Other chairmen will be named shortly.

H. T. Bugg, 72, of Carlisle county harvested his first crop of burley with excellent results, following the use of manure, phosphate and commercial fertilizer.

ROADS RETARD STATE PROGRESS

(Bardstown Standard, Jan. 3, 1946)

Progress is retarded in Kentucky by its bad roads. The "mired wheel" in this State is its big mileage of impassable highways. The State has about fifty-six thousand miles of road and of this total mileage one-half is still earth or mud surface. About eighteen thousand miles of this total is made up of good and bad, and mostly bad county turnpikes. State maintained roads include about ten thousand miles.

Kentucky undeveloped resources, which cannot be developed without better roads. It is far from being a rich state, having no large cities to help provide adequate funds for road building and carrying on the necessary activities of a progressive state. Of necessity its county road improvements have to be made at moderate cost and improved as rapidly as funds are available. Otherwise Kentucky will be stuck in the mud and at the tail end one hundred years hence. First give our home people road mileage and get them out of the mud and town and city trade and also road funds will grow by leaps and pounds.

The state road system was constructed on a moderate cost basis, and now it has ample funds to straighten, widen and strengthen its heavier traveled roads for future travel. For the lack of funds the far greater system of county roads must be improved in the same way, or else Kentucky must remain in the background for ages to come. A great part of the rural people are denied rural mail routes, school bus routes, and many other privileges that good roads provide. Back there in the mud in wet times about all most of the rural road people can do, is to toil from daylight to dark, eat, sleep, whistle and sing and look at the sun. These good and patient folks do get a little jollying and attention about election times; yes, plenty of promises, but little performance.

The rural people are growing weary of this neglect and through their county judges and other local officials will present a bill or bills to the approaching session of the General Assembly, providing for an increased mileage of crushed stone and other gravel roads of moderate cost, similar to the rural gravel roads in Tennessee and some other states. The purpose of such legislation is to prevent the building of state roads with rural road funds, providing, however, that the fiscal body of any county may modify the provisions of the proposed law to suit local conditions by a majority vote of its members.

An appropriation of five million dollars of state funds will be sought for the improvement of the rural roads. One-half the appropriation is intended for maintenance of present county turnpikes and the other half for construction of new roads, but these proportions may be changed by the fiscal body of any county to fit local conditions. The measure is so drafted as to provide safe and sufficient supervision of all rural road improvements.

Starving Corn Plants Easy to Detect

Marginal "firing" of corn leaves shows soil's potash supply is too low to nourish the growing plant.

LAFAYETTE, IND. — Detecting symptoms of plant food hunger in Midwestern crops and applying remedies in the form of fertilizers containing potash, nitrogen, phosphorus, boron and other nutrients will help farmers build greater postwar profits and halt the steadily rising danger of soil bankruptcy, according to Dr. George N. Hoffer, noted agronomist.

Dr. Hoffer pointed out that corn plants and various legumes are better "indicators" of plant food deficiencies in the soil than any other Midwestern crops. Describing the symptoms of starvation for potash and other nutrients in corn, he said:

"If corn plants bear leaves that are yellowish-green to yellow in appearance, nitrogen starvation is indicated. The leaf blades begin to turn orange yellow at the tips and the yellowing follows the midrib. The affected tissues later become dry. Frequently corn growers make the mistake of attributing nitrogen starvation to dry weather. Corrective measures are the introduction of more legumes into the rotation, return of crop residues and the use of supplementary nitrogen fertilizers.

"On young plants, purplish-tinted leaves may mean a deficiency of phosphorus. Plants make slow progress in growth and development. Phosphorus deficiency occurs chiefly in acid soils. Liming benefits these soils by creating a more favorable soil reaction for the phosphate fertilizers applied to correct the deficiency.

"Potash deficiency is indicated by yellow and brown 'scorched' edges and leaves. This symptom must be distinguished from the yellowing of the midribs that characterize nitrogen starvation. Potash is the mineral nutrient that determines the efficiency working of the corn plants. It is needed in all parts of the plant for growth, for starch production, for the manufacture of proteins, and for the absorption of mineral nutrients by the roots.

"When potash starvation symptoms are noticed, a definite degree of soil exhaustion is indicated. The only way to correct this deficiency is to apply potash fertilizers."

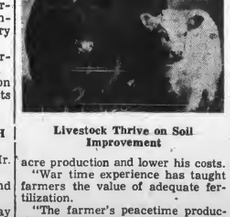
WINTER STORAGE OF PLANT FOOD HELP TO FARMERS

CHICAGO—The need for winter storage of fertilizer on farms is just as great this year as during the war if Midwestern farmers are to be assured sufficient supplies for next spring's planting needs, according to a statement made public here by the Middle West Soil Improvement Committee.

"Food production goals for American farms will be high again in 1946," the statement declares. "De-

Ready for Spring Planting

mand for fertilizer to help grow bumper crops will continue at peak level.



"Wartime experience demonstrated that fertilizer can be safely stored during the winter months and be in condition for best drilling results in spring, if a few simple rules are followed. Fertilizer should be placed in the barn or any dry building with flooring above the ground. It should never be stored on the earth itself. Bags should be stacked close together to reduce circulation of air from which fertilizer absorbs moisture. Stacks should not be too high."

BUMPER BEEF AND FIELD CROPS BUILD FARM PROSPERITY

CHICAGO—Peacetime prosperity of Midwestern agriculture will depend not on the size of the farm operated, but on the crop yield per acre, a statement by the Middle West Soil Improvement Committee points out.

"That includes the meat output from beef cattle, and the dairy production from milk cows as well as the yield from grain and field crops," the statement declares.

"In the competitive years ahead, the advantage will lie with the farmer who is able to boost his per

Livestock Thrive on Soil Improvement

acre production and lower his costs.

"War time experience has taught farmers the value of adequate fertilization.

"The farmer's peacetime production program will be greatly aided by the fertilizer industry which is ready to meet his postwar needs."

Kumagaya—An incident of extreme mental depravity and cannibalism that occurred in Japan last March has just been uncovered by members of the 97th Infantry Division.

Informed of the crime only a few days ago, Capt. James H. Robertson, S-2 of the 387th Regiment immediately checked on the story and found that a thirty-two year old Japanese woman, Hatsuko Mogi, her warped mentality aggravated by hunger, had on March 29, 1945, throttled to death, dissected and served that evening for supper, her seventeen-year-old imbecile stepdaughter.

Japanese police told of taking the woman into custody recently. The case was turned over to the 77th Military Government Company attached to the 97th in Gamma prefecture.

Captain Murray E. Gottesman, legal officer of the 11th, had a Japanese psychologist give the woman rigid sanity tests without delay. Investigating further Gottesman learned that Hatsuko's husband had been inveterately lazy and had not provided for his family. The woman herself was filthy. Neighbors claimed she had not swept her home in over seven years.

A preliminary hearing of the case has been held as is customary in Japanese legal procedure. The trial is to be held at Maebashi in the next few days where further details of the crime are expected to be disclosed.

WARNING GIVEN FARMERS IN CARING FOR MACHINERY

It will take several years for farmers to obtain all of the new machinery needed for replacement and expansion, states Mr. Arnold Brinker of Jos. A. Kuchle & Co., Ferguson System dealer here, in sounding a warning on winter care of the tractor and implements with a view toward longer wear.

He pointed out that all manufacturers are rushing tractors and various types of equipment to dealers everywhere as production increases, but that the serviceability of machinery now in use can be maintained by the following helpful suggestions:

Keep the battery clean, the terminals greased, the cells filled with clean distilled water. The charge in the battery should be maintained by running the engine or taking it to a service station for re-charging when the tractor is not in use for some time. Never store the battery on a concrete floor or in a damp place.

Mr. Brinker suggests that a hot engine be allowed to cool gradually before filling with cold water. In freezing weather, let the engine cool off a bit before draining the water.

Slow starting in cold weather may be caused by too heavy crankcase oil, frozen water pump, water in the fuel system, moisture in the distributor, or dirty spark plugs.

The following steps are advised for tractor storage: Store tractor in shed or some other sheltered place; drain entire fuel system and cooling; remove the battery for proper storage, and relieve the tires by elevating the tractor on blocks.

A coat of paint not only improves the looks and service ability of the tractor, Mr. Brinker states, but the machine will work better and last longer.

HUGE CORN YIELD ON SAWBRIAR LAND

V. P. Withers of Breckinridge county harvested in the fall of 1945 84 bushels of yellow hybrid corn per acre on a field of five acres which until a few years ago was waste land grown up in sawbriars and sumac. He told Farm Agent Kenneth A. Brabant he has applied three tons of limestone, 60 tons of manure and approximately three tons of commercial fertilizer per acre during the past 20 years. Withers has used a five-year rotation plan of wheat and tobacco or corn followed by redtop, red clover and lespedeza.

Mr. and Mrs. Robert Utz, Mr. and Mrs. Tom Brumback called on Mr. and Mrs. Henry Holzworth Sunday.

MORE INCOME PER EWE

An increase of $1.14 in gross income per ewe in 1945 over the preceding year was reported by Logan county farmers having 19 demonstration flocks. Gross income per ewe for lambs and wood was $19.71. Farm Agent John R. Watlington states that the average wool clip was 8.8 pounds, each fleece averaging $4.39. Average value of each lamb marketed was $12.93.

Approximately 50 percent of the farmers in Robertson county have storage lockers in the new frozen food locker plant at Mt. Olivet.

Weak Feet Affect Body

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

When feet are permitted to pronate inwardly, the bony structure of the foot goes down, shutting off the nerve and blood supply in the bottom of the foot. When you cramp or choke the blood stream and slow up circulation, there is a lack of bone repair; chemical deposits, or waste matter form at the joints. Next inflammation sets in at these joints causing pain. That inflammation is often mistaken for rheumatism, arthritis and many other ailments. Altho when you cramp the blood supply you shut off the food supply to the nerves.

When nerves are impoverished, muscle tone is impaired because sensory nerves indirectly control motor nerves which in turn control the muscles. When muscles in the feet have lost their tonicity due to impoverishment of the nerves, feet are no longer subconsciously held in normal position.

Surgical shoes give support to the vital arches in the feet releasing cramped nerves and blood vessels to promote better circulation. Gradually as circulation improves, muscles grow strong and regain their tonicity.

With foot health improved the person feels better all over. Research has shown that no less than eighty-seven diseases are indirectly caused by bad feet.

Don't take chances with your health, happiness and peace of mind. With foot comfort you'll live longer and feel better.—Adv.

Vaccination Unnecessary In Clean Herds, Is Word

Pointing to the confusion among farmers as to whether adult cattle should be vaccinated against Bang's disease (brucellosis), the American Foundation for Animal Health today issued a series of findings summarizing latest research on this problem.

It is not advisable to have adult cattle vaccinated, says the report, if the breeding herd is "clean" and "negative" to the Bang's disease blood test, or if the herd is supplying raw milk to city users, or if the farmer expects to sell breeding stock to buyers in other states.

The report favors adult vaccination, however, where signs indicate an outbreak of brucellosis is starting in a good herd of cattle. It also recommends vaccination of heifer and bull calves 4 to 8 months old.

"No farmer can hope to control or overcome brucellosis by vaccination alone," the Foundation points out. "Veterinary authorities have found that the ideal program for the dairy farmer is a combination of calfhood vaccination coupled with periodic bloodtesting of adult breeding cows. For the beef rancher, interested in calf crop production only, vaccination of cattle of all ages is often a satisfactory solution."

Mr. and Mrs. H. R. Forkner spent Wednesday of last week, in Lexington.

Officers Installed At Bullittsburg Baptist Church

Rev. Gardner, pastor of the Bullittsburg Baptist Church held a most impressive installation of officers service, last Sunday evening. Not all officers were present to participate, so it was easy to see how necessary it is for each to let his light shine in the community. The absent ones left dark spots in the circle of lighted candles, just as the non-working ones do in a community.

Rev. Gardner is working hard on plans to make the Sunday School at least standard. Plans are already on foot for another Vacation Bible School, the best means of evangelization among children. Are you interested? What can you do to help?

The neighborhood regrets to learn that it is necessary for the pastor to move out of the community. His new home is not far away. He will locate in Bullittsville neighborhood soon.

What about a parsonage, folks? Are you thinking and praying about this matter? Even a preacher needs a home where he can be secure from the threat of having to move.

The publicity chairman asks the following question: Where and how are you spending your Sundays? Bullittsburg Church will welcome you to each and every service.

New Haven School To Organize Band

The New Haven School has recently announced its intention of organizing a school band which will become a part of the Boone County School Band, under the direction of Dean Bloss. musical instructor.

New Haven will join with Burlington, Florence and Hebron in the county organization to become a part of one of the finest school bands in northern Kentucky.

The three schools that already have organized bands, journeyed to New Haven Monday evening to present a concert for the benefit of the New Haven group and assisted in the organization of the new band.

T-3 Clarence Peeno Receives Discharge

T-3 Clarence E. Peeno, son of Mr. and Mrs. Elmer Peeno, of Erlanger, received his discharge at Camp Atterbury, Ind., January 29, after serving two years and eight months in the Engineer Corps, of which time twenty-three months were spent in New Guinea, Philippines and Japan.

He received his basic training at Camp Clairborne. La., attended high school at Hebron, graduating in the class of 1938, and was an employee of the Glow Electric Co., prior to entering the service.

For the activity of each committee member and for the most generous response from each contributor. of and to the Union Infantile Paralysis Drive, the little children thank you. May this, your contribution never be used but if the need does arise the community can feel prepared.

Sheriff Rouse Recovers Two Stolen Automobiles

Sheriff R. I. Rouse, recovered two stolen automobiles Wednesday in the vicinity of Florence. The first car found was that of Robert Cupper, Florence oil station attendant, a 1936 coach which had been missing since Tuesday. The car was stolen from in front of the White Villa Inn near Florence. It was recovered a short distance away on U. S. 25.

The second car, owned by Laverne Sullivan, Florence, was removed from in front of his house late Tuesday. The auto was found abandoned, out of gas, on Route 42, near Florence.

No tract of the thieves has yet been found, according to Sheriff Rouse.

TAX COLLECTOR WILL VISIT CO.

WILL ASSIST TAXPAYERS IN FILING FINAL 1945 INCOME TAX RETURNS—MANY REVISIONS MADE IN LAW.

Collector of Internal Revenue, S. R. Glenn, announces that a deputy from his office will visit Burlington on February 25 through 28, and Walton on March 4 through 6, 1946 for the purpose of assisting taxpayers in filing their final 1945 returns and their estimated returns for the year 1946. Their returns should be filed by March 15, 1946.

Mr. Glenn says the new Revenue Act is in many particulars different from the laws previously in effect and that the many changes made can not be explained in a short notice, but that his deputy is familiar with the laws and is being sent here to be of service to the taxpaying public. The service is absolutely free. Collector Glenn urges the taxpayers of this county to see the deputy and let him help them with their income tax problems.

Miss Mary Katherine Brashear, oldest daughter of Mr. and Mrs. S. Brashear, of Napoleon and Joe Albert Kannady, oldest son of Mr. and Mrs. John C. Kannady. of Verona, were married January 26, by the Rev. Henry Beach, of Union.

Miss Henrietta Brashear, only sister of the bride and Junior Allphin, cousin of the groom were the attendants.

The parents of the bride entertained on Saturday evening with a dinner for relatives, and on Sunday Mr. and Mrs. John Kannady entertained, celebrating three occasions: Return of his sons Ben and Joe from South Pacific and John from Germany; John C. Kannady's birthday and Joe's wedding. Those in attendance were Mr. and Mrs. Joe Kannady, Mr. and Mrs. John C. Kannady, Mr. and Mrs. S. Brashear and daughter Henrietta, Mr. and Mrs. Bert Kannady and sons, Mr. and Mrs. Lou Margalin and sons, Junior Allphin, Ben and Johnny Kannady.

Dipping Vat Purchased By Local Farm Bureau

The Boone County Farm Bureau has purchased a portable dipping vat and is making plans for having farm to farm dipping service available after June 1st to local sheepmen.

A number of requests for dipping service have already been received at the County Agent's office. Sheep scab has been on the increase and ticks. lice and mites annually cause considerable loss of wool and conditions of both sheep and lambs. Plans are to operate this service over a two to three week period covering planned routes where farmers request the service.

BULLITTSVILLE HOMEMAKERS

Let it snow! Bullittsville Homemakers scorned the icy roads and proceeded as usual to their meeting place in the home of Mrs. A. L. Pfalzgraf on January 24.

Eight members and the Home Demonstration Agent were present and answered roll call with, "my most useful Christmas gift."

During the business session the standing chairmen gave good reports. Plans were made to make coveralls (youths') for the Red Cross. The citizenship chairman said, in her report, to be sure your flag is displayed correctly when you display one.

Mrs. Nick Mikkelsen delighted the club with a discussion and pictures on Denmark, the land of her birth.

Miss Gillaspie very ably presented the lesson on "Grooming Aids." Several preparations were mixed and distributed to the members.

The next meeting will be in the home of Mrs. Nick Mikkelsen on February 14, one week earlier than usual, because of a conflict of dates with the "training class." Friends are always welcome.

Outstanding Farms Are Sold During Past Week

Two outstanding real estate sales in this section were made last week. Lee R. McNeely purchased 65 acres from Ralph Jones, 4 miles out on the Burlington Idlewild Road, including the 8-room modern home, large barn and a number of outbuildings. This was formerly the home of Mrs. George C. Kreylich which Mr. Jones purchased about a year ago.

Mr. Jones retains about 170 acres of this farm on the opposite side of the road from the 65-acre tract sold Mr. McNeely. This is one of the best homes in the county.

Possession will be given before March 1st. This sale was made through A. B. Renaker.

Mr. Jones immediately purchased the farm of E. H. Doyle two miles from Florence on the Burlington-Florence Highway, including the modern brick home, large barn and other good outbuildings. This is a real show place along the Burlington-Florence Highway.

Mr. Jones will move to his new home before March. The deal included all the personal property on the farm of Mr. Doyle.

Returns From Florida Visit

Mrs. Lucille Garrison, of Union, and Mrs. J. O. Griffith, of Walton, who were accompanied by Mr. and Mrs. Warren G. Miller. Jr., also of Union, have spent a very enjoyable vacation in the sunny south, visiting all major cities and all sites of interest in Florida.

The party returned last week, leaving Mrs. Griffith in Tampa, Florida. She and Mrs. Garrison are especially interested in obtaining property there.

Party Given In Honor Of Red Cross Nurse

Friday night Mrs. Willa May Hodder entertained the members of the Home Nursing Class and their teacher, Miss Elizabeth Lowry Red Cross Nurse, with a party at her home. The guests were Mrs. Adeline Combs, Mrs. Elizabeth Forkner, Mrs. Frances Eddins, Mrs. Betsy Maurer, Mrs. Lou Pope, Mrs. Londa Lee Maurer, Mrs. Margaret Stephens and Miss Elizabeth Lowry, county nurse, who so ably directed the group in the proper care of a patient in the home.

The class presented Miss Lowry with a gift as a small token of their appreciation for her efforts.

Constance Man Receives Honorable Discharge

Allen S. Kenyon has received his discharge from the Material Division of the Air Force of Wright Field, Dayton Ohio.

Major Kenyon completed four years of service in the Air Force, and four years of military training in the R. O. T. C. at the University of Kentucky.

He has left Dayton, O., for Columbia University at New York City where he will complete his Doctor of Philosophy Degree in chemistry, which he expects to finish in a short time.

HUNT TO ADDRESS TOBACCO GROWERS

AT MEETING IN BURLINGTON FRIDAY NIGHT MARCH 8—REQUESTED BY FARM LEADERS IN PLANNING PROGRAM.

Russell Hunt, tobacco specialist from the College of Agriculture, will address Boone County tobacco growers in a meeting at Burlington Friday night, March 8th.

This meeting was requested by farm leaders in planning the 1946 Agricultural Improvement Program. The meeting is late in the season but is the earliest date the speaker was available. Hunt has urged that those growers who are not satisfied with present varieties grown, try small acreages of Kentucky Experiment Station No. 19, No. 22, or No. 52, all of which are producing high quality leaf and are root rot resisting.

Petersburg Brothers Are In The News

Robert L. Shinkle, son of Mr. and Mrs. Fritz Shinkle has enlisted in the U. S. Navy and is receiving boot training at Great Lakes, Ill.

Samuel Shinkle, of North Bend, Ohio, now has solo license for flying. He received instruction at Mt. Healthy, O., and at the Boone County airport.

Wilbur Shinkle, who received an honorable discharge from the U. S. Army at Ft. Knox on December 11 had been in the service since June 1941. Fourteen of his fifty-four months' service were spent overseas. He is entitled to wear the European Ribbon with two battle stars, the Pre-Pearl Harbor American Defense Ribbon, the Victory and Good Conduct Ribbons. He was also awarded the meritorious service plaque for excellent work during the first months of overseas service.

The above men are all sons of Mr. and Mrs. Fritz Shinkle, of Petersburg.

Florence Knights Win Over Burlington

Florence Knghts were entertained by the Burlington five Friday night, February 1. and emerged on the long end of a 35-28 count. The Knights took an early lead and maintained a safe margin throughout the game. The score by quarters: 12-4, 22-15, 29-20.

Presser was high point man for the losers with 13, while Zapp collected 12 points for the winners.

In a preliminary game, Florence reserves defeated the Burlington second string men by a 20-15 count.

Receives Discharge

Edgar Griffin, S1C, Petersburg, Ky., received an honorable discharge from the U. S. Navy, Friday, February 1st, 1946 at the U. S. Naval Separation Center, Great Lakes, Ill.

HEBRON HOMEMAKERS

The January meeting of the Hebron Homemakers' Club was held at the Masonic Hall in Hebron. The hostess of the day was Mrs. Stanley Graves. There were 15 members, two visitors and Miss Martha Lee Jones present.

The major project was "Grooming Aids," given by Bessie Acra and Lorena Clore, assisted by Miss Jones.

The February meeting will be held at the home of Mrs. Mattie Simpson of Hill Top on the 13th. The topic of the day will be "House Harmony." The demonstration leaders will be Sue Rogers and Lena Mae Riddell.

RESOLUTION

WHEREAS it pleased our Heavenly Father in His great wisdom, to call from earthly labor to everlasting peace in his Kingdom, the soul of our beloved brother Chas. W. Riley on Sunday, November eighteenth, nineteen hundred forty-five.

BE IT RESOLVED that the community has lost a good citizen, a thoughtful neighbor, our church a faithful untiring, ever ready worker, whose fellowship will be greatly missed, and his wife and son, a devoted husband and father.

BE IT FURTHER RESOLVED, that we point, with pride, to the church and community, his life among us, as a pattern and example for us to follow. To his family we point to God who knows, understands and does all things well.

BE IT FINALLY RESOLVED that a copy of these resolutions be placed in our minutes as a permanent memorial to him. A copy sent to the family and a copy to The Boone County Recorder for publication.

Gospel Team To Hold Service Sun.

The Royal Ambassador Gospel team composed of a group of boys from the North Bend Association will conduct the morning worship services at the Burlington Baptist Church, Sunday morning.

These boys have conducted services throughout Northern Kentucky. This will be their second time at Burlington. Their program consists of special music, testimonies and sermons delivered by two of the group. Their sermon topics will be "What Will I Do With Jesus" and "The Stepping Stones to a Better Christian Life."

They are under the leadership of "Andy" Andress, Associational R. A. Counselor. Everyone is cordially invited to attend this service showing how young people can serve.

Large Crowd Attends Benefit Basketball Game

A benefit basketball game was given for the March of Dimes campaign last Thursday night at the Florence High School gym, between Florence and New Haven teams. A large crowd was in attendance and $65.43 was turned over to the National Foundation of Infantile Paralysis.

A final report of the total contributions in the county will be published in next week's issue of The Recorder.

Mr. and Mrs. E. M. Brodt, of Ft. Mitchell, spent Sunday with Mr. and Mrs. D. H. Norris and family.

"Keep Ration Book Four, No Other Rations Needed" OPA Tells Consumers

"Hold on to your Ration Book Four," consumers were reminded by the District Office of Price Administration, Louisville.

Calls and letters to the District Office indicate that some consumers think their current ration books will be of no further use after sugar stamp No. 39 is spent, and that they must obtain a new ration book in order to have future sugar rations.

The District Office emphasized that this is not the case but that stamps validated for sugar in the future will be stamps in the current Ration Book Four, yet to be designated. Anyone having a Ration Book Four will not need a new book and should not apply for one.

Only persons who have not been issued a Book Four, such as ex-servicemen, need to secure new individual sugar rations. Such persons may apply to the Sugar Rationing Officer, District OPA Office, Kenyon Building, Louisville.

COUNTY OFFICES WILL BE CLOSED FEBRUARY 11

County officers in the court house will be closed February 11 and February 22, due to legal holidays, Lincoln and Washington's birthdays.

REMEMBER WHEN
—every political campaign called for torchlight parades? A sight, it was, to watch several hundred men marching along the street, each carrying a flaming torch. Then at the end of the march, in the Court House square or city park, the orator of the occasion blasted the opposition and lauded his own candidate, the same as today. Remember?

More Headaches for the Farmer

Once more the farmer is being asked to break all food production records. To plow more acres, feed more livestock and harvest more crops than ever before. He is being asked to do this so that America may continue to feed and clothe the needy throughout the world, as well as our own folks at home.

To carry out this job the farmer must have tools of production. Most of those he owns have taken a terrific beating. They can't be tied together much longer with rusty fence wire.

In the teeth of this situation, the farmer ran into a strike in the steel industry—a strike which hit at the heart of food production.

When the steel plants shut down, manufacturers of farm machinery and equipment, farm trucks and tractors cannot get steel for their products.

This year the farmer won't receive as many of the replacements he desperately needs. He'll fight ahead with his old, broken machinery trying to crack another food production record, but the cards are stacked against him.

All this means more headaches for the farmer —loss of vital food production, and a bad dent in his pocketbook.

Facts Too Frequently Omitted

The steel strike was called by the United Steelworkers of America—CIO, which insists on a wage increase totaling $166,000,000. The U. S. Steel Corporation has offered a wage rise which if applied throughout the industry would amount to $135,000,000.

Steel workers are already among the highest paid wage-earners in America. Before the strike their average earnings were approximately $1.16 an hour, $9.26 a day and $46.32 a week—on a forty-hour week. The U. S. Steel offer would have given them about $1.31 an hour, $10.46 a day and $52.32 week. But they refused it, and accused the steel industry of conspiring to ruin the union with an offered wage increase of $25 a month, the highest increase in the industry's history.

The strike is a direct violation of the contract between the union and the steel companies. The union agreed not to strike during the life of the uion agreed not to strike during the life of the contract. Yet, the union struck on January 21.

Fighting for a Way of Life

Farmers have a big stake in continuous steel production. They have an opportunity to say what they think about unchecked labor monopolies which bring to a stop the nation's recovery efforts, through excessive wage demands which could only add to inflation and cause soaring prices.

Not until enough of them protest unfair, dictatorial actions and urge proper safeguards against arrogant, heedless union leadership and one-sided labor laws will the country get back to sane, profitable production where everyone works together toward a better standard of living.

LOOKING AHEAD at ELECTRICAL LIVING

You'll enjoy garden-fresh foods the year around with an

Electric Home Freezer

Imagine having fresh strawberries at Christmas ... homegrown asparagus in November ... corn-on-the-cob whenever you want it. These are just a few of the fascinating possibilities open to owners of home freezers.

No question about it, you'll eat better with a home freezer ... and you'll save money, too. You can freeze surplus garden vegetables and fruit that would otherwise go to waste ... freeze poultry and meats when they are cheapest and most plentiful and serve them months later. Regardless of season, you can serve the finest of fresh foods the year 'round.

The home freezer is only one of many new or improved postwar electrical servants that will soon be available. Plan now to add the appliances you need. Enjoy better living *electrically!*

COMMUNITY PUBLIC SERVICE COMPANY

Electrical Living Is Better Living

Since pioneer days, women have dreamed constantly of better, easier living. Today home electrical servants bring fulfillment of this age-old longing. The automatic washer, ironer, automatic electric range, dishwasher and other appliances bring new release from drudgery, more leisure time. And thanks to low-cost electricity, they are economical to operate. It costs little to live better electrically!

ELECTRICITY IS YOUR MOST ECONOMICAL HOME SERVANT

FOR THE MOST

PROFITABLE MILKING* IN 1946

...You Need the

DE LAVAL MAGNETIC SPEEDWAY MILKER

*Most Profitable Milking means top production ... sound, healthy udders ... greatest savings in time and labor ... production of clean milk ... all at lowest cost and with complete dependability. The De Laval Magnetic Speedway will get these results for you—And Here's Why...

UNIFORM, REGULAR MILKING
Obtained by controlling the pulsations of *all units from one master control by magnetic force.* Results in absolutely uniform, regular milking speed and action most pleasing to the cow. Provides fastest milking and highest, even production.

SPEEDWAY COMFORT TEAT-CUPS
Provide perfect milking and cow comfort. Cannot "crawl." Fit all teats properly. Support sides, apply vacuum only to teat ends. Liners can be trimmed and stretched for best milking and longer life. Easiest assembly and disassembly.

SANITARY CONTROL
Easy-to-wash construction and exclusive sanitary control features result in cleanest milk production. More than 60% of U. S. Certified Milk produced with De Laval Milkers.

CORRECT, UNIFORM VACUUM
Automatic, non-adjustable De Laval Vacuum Controller maintains correct, uniform vacuum for best, fastest milking. High vacuum is dangerous; low vacuum makes for slow milking.

PROFITABLE, DEPENDABLE MILKING with the DE LAVAL STERLING MILKER

Thousands of De Laval Sterling Milker users are doing a *clean, fast and profitable* job of milking. The famous Sterling Pulsator *has only two moving parts.* It provides precise, snappy milking action ... real De Laval-quality milking at lower cost. Complete De Laval Sterling Milker Outfits or single or double units for De Laval Better Milking on your present milker pipe line.

OFFICERS ELECTED BY DAIRY ASS'N.

AT MEETING HELD IN COVINGTON WEDNESDAY, FEBRUARY 6TH—HENRY HERRINGER IS NAMED PRESIDENT.

Twenty-five Boone, Kenton and Campbell dairymen completed the reorganization of the Northern Kentucky Dairy Herd Improvement Association in a meeting at Covington Wednesday evening, February 6th. Testing work held up during the war period started February 7th with twelve dairymen from Boone, four from Kenton and nine from Campbell County signing up for the new year.

Henry Herringer of Campbell County was elected president, Robert Jackson of Kenton County, vice president and Orville Kelly of Boone County, secretary-treasurer of the new association. The association employed "Red" Wilhoit of Boone County who is to begin immediately testing for the members. Boone dairymen securing membership are: Orville Kelly, Dr. R. C. Garrison, Boone-Tucky Farms Walter Scott, Ben Nichting and Joe Ryan, Ed Grater, Herbert Anderson, Walter King, Lawrence Reidinger, F. L. Michels, Cloyd Johnson, and Charles Koch.

Dairy Herd Improvement Association work includes production and feed costs records on each individual cow in the herd. It forms the basis for determining culling, breeding and improved herd efficiency.

Woman Held For Indiana Authorities

Mildred Byington, age 40, was picked up and placed in Burlington jail Thursday night for safe keeping, until she could be returned to Central State Hospital, Indiana, where she escaped January 7, 1946.

Miss Byington was unable to give an accurate account of her whereabouts for the past 30 days. She was taken into custody by Sheriff R. I. Rouse near the R. C. McNay farm, near Gunpowder.

After an investigation by local authorities, she was identified and returned to the Indiana Institution, Friday, just one month after she escaped. Deputy Sheriff W. H. Easton made the trip to Central State Hospital, Friday morning.

Grant Man Enroute Home

Pearl Harbor, T. H.—Alfred Winters, MM3c, USNR, husband of Mrs. Bonita Winters, of Grant, Ky., is one of 1,728 veterans returning to the States aboard the U. S. S. Haskell, an attack transport of the "Magic Carpet" fleet. This ship left Kokosuka, Japan, January 19, and is scheduled to arrive in Seattle about February 2. The U. S. S. Haskell is one of the Navy auxiliary transport and cargo ships engaged in the peacetime task of returning service veterans from the Pacific for discharge.

FEBRUARY 15TH IS CLOSING DATE

FOR MAKING FINAL REPORTS ON THE SOIL BUILDING PRACTICES CARRIED OUT IN 1945 PROGRAM.

February 15, 1946 has been announced as the closing date for making final reports on the soil building practices carried out in the 1945 Agricultural Conservation program.

Notices have been sent to all co-operators in the 1945 program, advising them of the closing date if they have not completed their farm plan report. There were 300 farmers who had not filed their report by February 9, 1946, while a large number of other farmers indicated in their earlier reports that all of the limestone and phosphate received by them as grant of aid material had not been spread. These reports must be completed before applications for payment can be submitted to the State office.

There are about 400 applications for payments which are complete and have been certified by the County Committee for payment. Payments on these cases should be received in about six weeks.

Magill Will Address Fruit Growers March 5

W. W. Magill, Orchard Field Agent from the College of Agriculture, will meet with Boone County fruit growers on March 5th, according to H. R. Forkner, County Agent. The meetings this year will be of special importance in the light of new post war developments in insecticides and equipment.

The morning meeting will be held at the County Agent's office in Burlington with an afternoon field meeting on the farm of Emmett Riddell of near Hebron. All fruit growers are invited to these meetings.

Cows Sell For High Price

Cows offered at the auction sale Saturday at the farm of Embry Klopp brought extremely high prices. Nine cows sold averaged $171.80 per head. The low cow sold for $125.00 and the high cow brought $275.00.

This auction was conducted by Col. Lute Bradford and Col. Chas. Duncan.

4-H CLUBS PLAN ORGANIZATION

FOR YEAR 1946—BOYS AND GIRLS BETWEEN 10 AND 21 YEARS OF AGE ARE ELIGIBLE FOR MEMBERSHIP.

Boone County 4-H Clubs will start their 1946 organization this coming week, according to H. R. Forkner, County Agent and Mary Hood Gillaspie, Home Demonstration Agent. Community clubs will be organized in each of the twelve schools in the county. All boys and girls between 10 and 21 years interested in carrying improved agricultural or Home Economic projects are eligible for membership.

Four-H Club work offers the boy or girl an opportunity to select one or more projects of their own choosing and to make a study of and actually carry out all activities in relation to the project undertaken. The work on the projects is usually carried on at home under the supervision of the member's mother and father. The work in the community is organized and supervised by adult community club and project leaders. The county program is coordinated through the County 4-H and Utopia Club Council, County Extension Agents, State and U. S. Dept. of Agriculture Extension Departments. Four-H Club work is the largest organization of rural boys and girls in the world.

Four-H Club members will be offered a wide variety of projects from which to choose. Agricultural projects will include 4 projects in gardening; 1 corn; 2 hogs; 2 sheep; 4 dairy; 3 poultry; 1 tobacco; and three in farm labor service. Home Economics projects will include eight projects in clothing, 7 in foods; 2 in housekeeping and 6 in room improvement.

Countywide activities in addition to community organizations will be sponsored during the year. They will include Spring Rally, leaders' training meetings, demonstration teams, Junior Week, picnics, County Fair, Community and District Achievement meetings. Participation in county activities are open to all members but are not required.

Both members and parents are urged to talk over the 4-H Club program and be prepared to take part in the organization meetings to be held this coming week.

BLAZE DAMAGES SOUTHER HOME

NEAR BURLINGTON LATE SATURDAY AFTERNOON—DAMAGE ESTIMATED AT $150.00—COVERED BY INSURANCE.

The two-story farm home of W. Keene Souther, Burlington, was damaged slightly by fire late Saturday afternoon, causing an estimated loss of $150.00.

The fire started from defective electrical wiring between the first and second floor, and had gained considerable headway before it was discovered by Mr. Souther, who was doing his evening chores at the barn.

The Burlington Volunteer Fire Department was summoned and the blaze was quickly brought under control with only slight damage being done to the building and some clothing which was hanging near the blaze.

The building and contents were insured in the Farmers' Mutual Fire Insurance Co., of Boone County.

Last week, Civil Engineer, Noel G. Walton of Burlington, purchased from the heirs of the late Clark Beemon, Mrs. Sadie B. Tanner and Mrs. Essie M. Ryle, about 10 acres of land at Limaburg on Highway 18, on which a residence and an old mill are located. Mr. Walton has sold the mill lot to William A. Waters and plans to sell the balance of the land in small tracts for restricted building purposes. Negotions were handled through A. B. Renaker.

$4,000 Contributed Toward Endowment Fund Of Hopeful

The Hopeful Lutheran Council directors have announced that $4,000.00 has been contributed toward the endowment fund of the Hopeful Lutheran Cemetery.

Sometime ago, legal action was taken for the incorporation of the cemetery, with Raymond Beemon appointed agent of the incorporation.

The directors have been elected from the Church Council, consisting of Willis Berkshire, chairman, Albert Rouse, secretary; Raymond Beemon, treasurer, Clifford Tanner and Howard Kelly. These men have been entrusted with the business of establishing the endowment fund for the cemetery, and are now accepting contributions from anyone interested in the endowment fund.

If you do not understand the purpose of the endowment fund, any of these men will be glad to explain it to you. Your contributions now will insure a well kept cemetery in the future.

W. W. Gaines Receives Congressional Award

W. W. Gaines, of Atlanta, Ga., a former Boone County man received a Congressional certificate signed by President Truman for his service as Appeal Agent of the Atlanta Draft Board. The following paragraph appeared in the Capitol Avenue Baptist Church Bulletin, of Sunday, February 3:

"At a Statewide meeting in the city auditorium January 28th, at which Gov. Arnall was the main speaker, one of our members, Mr. W. W. Gaines, was awarded a beautiful medal and a Congressional certificate signed by President Truman. In appreciation of duty faithfully done without monetary compensation during the whole period of the war as Government Appeal Agent on our Local Draft Board. We are happy that Mr. Gaines was so honored."

Surplus Work Clothes Have Ceiling Prices

Work clothing declared surplus by the Navy is coming into local markets tagged with dollar and cent retail ceiling prices, OPA announced.

Approximately 9,000,000 chambray and 4,360,000 utility shirts with a ceiling price of $1.05 each, 1,850,000 utility jackets and 3,300,000 utility trousers with ceiling of $1.75 each, and 6,000,000 dungaree trousers at $1.50 each will be disposed of to wholesalers and retailers by the War Assets Corporation.

The shirts are made of plain weave carded cotton, the jackets and utility trousers of cotton twill, and the dungaree trousers of cotton denim. The chambray shirts and dungaree trousers are indigo blue and the other items olive drab.

Look for the retail ceiling price tag when buying, OPA suggests.

YOUTH WORK TO BE DISCUSSED

BY REV. ERWIN S. SPEES, OF PHILADELPHIA, AT CONFERENCE HELD AT HOPEFUL LUTHERAN CHURCH.

On Thursday evening, February 14, at 8:00, the Rev. Erwin S. Spees of Philadelphia, Pa., will speak and conduct a conference on youth work in the Hopeful Lutheran Church, of which the Rev. J. Paul Rimmer is pastor. The theme of the address and the conference will be "Youth Work in the Church."

The Rev. Mr. Spees is Associate Secretary of the Parish and Church School Board of the United Lutheran Church in America. His special field of interest is youth work, and in the meeting Thursday night he will place special emphasis on this aspect of the church program, as well as discuss problems and offer help in the general field of Christian education. The church which he represents comprises more than 4,000 congregations in the United States and Canada and numbers almost 1,700,000 baptized members.

At the present time Secretary Spees is visiting congregations in the Kentucky-Tennessee Synod in order to confer with Sunday School, vacation church school, and week day church school teachers and officers, church councilmen, and workers in auxiliaries concerning their programs of Christian education. All members of the congregation are invited to attend the meeting Thursday night. An opportunity will be offered to all church workers to present and discuss their particular problems.

Secretary Spees is a graduate of Wittenberg College, Springfield, O., and the Hamma Divinity School in the same city. In 1940 he was called to become a member of the staff of the Parish and Church School Board, after having served for fourteen years in the active pastorate.

The following congregations and pastors will also participate in the meeting: St. Johns, Melborne, Trinity, Bellevue, Rev. Charles L. Masheck, pastor; St. Marks, Newport, Rev Richard H. Trojan, pastor; Zion, Park Hills, Rev. Lorin E. Spenny, pastor; and Hebron, Hopeful, Rev. J. Paul Rimmer, pastor.

BULLITTSBURG B. W. C.

The B. W. C. of the Bullittsburg Baptist Church met at the home of Bro. and Mrs. W. T. Gardner, Friday night, Feb. 8, at 8:00.

New officers for the coming year took charge of the meeting. The meeting was opened with the hymn, "We've a Story to Tell," followed by prayer by Mrs. Gardner.

A very interesting program was rendered on "Signs of a Spiritual Awakening." Old and new business was discussed and quite a few plans were made for community missions for the year.

The next meeting will be for a week of prayer to be held March 8, and the next meeting March 15th, with meeting place left open.

The meeting was closed with a prayer by Lucy Lee Grant. Nice refreshments were served by the hostess.

Stambaugh Will Aid In Farm Labor Problems

Ben F. Stambaugh has been appointed to work out of the State Farm Labor office at Lexington to assist Northern Kentucky farmers on farm labor problems. He will work out of the County Agent's office in Boone County on Monday and Friday; Kenton County office at Independence on Tuesday and Thursday; Alexandria on Wednesday and Covington on Saturday.

Mr. Stambaugh was able to place several farm tenants in the county the past week and states he has a few men seeking farm jobs at the present time. The farm labor program will be available again in 1946 on a more limited scale. Farmers desiring farm help or those who are available for farm work should contact the above County Agent's office on the days scheduled above.

GAME RESERVE IS ESTABLISHED

ON FARM OF B. C. GAINES NEAR IDLEWILD—WILL BE STOCKED BY STATE DIVISION OF GAME AND FISH.

A 673-acre tract of land owned by B. C. Gaines, near Idlewild, Ky., was signed up, and is now under the supervision of the State Fish and Game Division of Frankfort, as a game reserve.

John L. Deline, Federal Supervisor of Refuge and Hunting Grounds; R. W. James, District Supervisor of State Department and Edwin Johnson, State Conservation officer placed posted signs on the property Saturday, and will see that game in this area is amply protected.

The purpose of the reserve is to restock outlying territory. The State Department will stock the territory in the reserve from time to time as needed. This method of conservation is believed to be the best way to replenish our game in this section. As the stock on the reserve grow in numbers, the game will spread to adjoining territory, thereby furnishing good hunting for the followers of Izaak Walton.

This territory will remain as a game reserve for a period of ten years, according to the contract signed by Mr. Gaines. No hunting will be allowed on these premises, and conservation officers will patrol the territory rgularly.

Plans are being made for another such reserve in the county, according to Frank Maurer, president of the Boone County Fish and Game Protective Association.

Brady-Rogers

The marriage of Miss Emma Mae Brady, only daughter of Mr. and Mrs. Sebern Brady to Alpha Lee Rogers, son of Mr. and Mrs. Edward Rogers, took place at the home of the bride's parents, February 8th, with Rev. R. A. Johnson officiating.

The attendants were Miss Carolyn Cropper and Lee R. McNeely.

The bride wore a light grey suit with aqua accessories. Her corsage was composed of pink rose buds.

The groom was recently discharged from the army, having served with the Ninth Air Force in France and Germany.

A small reception followed the wedding ceremony.

IN MEMORIAM

As a new day dawned on Thursday morning, January 31st, 1946, the Death Angel silently came and called a Loving Mother from the cares of this world to a home not prepared by human hands, but eternal in the heavens. The summons came for Mrs. Anna Ryle at the home of her daughter, Mrs. Emma Craig, where she had lived for several months and where she had been tenderly cared for by her entire family during her last illness of four weeks.

Anna Hankinson Ryle, one of six children who came to brighten the home of Robert and Ann Hankinson, was born April 14th, 1865 and was the last of her immediate family. She attended the rural school in her vicinity and grew to young womanhood surrounded by her family and on December 3rd, 1885, she was happily united in marriage to Walter S. Ryle. Two daughters and four sons came to bless this home, namely: Emma Craig, Pearl Scott, Herman, John, Walter and Clayton Ryle, all of this community.

On April 9th, 1914 this family circle was broken by the death of the husband and father and this Mother has bravely carried on through the years.

Mrs. Ryle united with the East Bend Methodist church in November 1887 and her entire life has been examplary of the Christ whom she loved. She was always thoughtful of others, never thinking of herself. Her home was a place where relatives and friends were always welcome and where many happy family gatherings were held.

She will ever be lovingly remembered, not only by her four sons, two daughters, nine grandchildren, and five great-grandchildren but by a host of other relatives and friends. One grandchild preceded her in death.

There is a city far away
Whose streets are paved with gold,
Whose Mansions are more beautiful
Than any words have told;
Eye hath not seen a city
That's so wonderful and fair.
And those who go before us
But await our coming there.

Why Suffer With Your Feet?

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

Our years of research have proven that foot comfort depends on foot balance.

For years men have been guessing about foot balance, putting steel supports under feet and elastic bands around feet, all sizes and shapes corn pads, plasters, callous plasters, etc. Yet people continue to suffer with their feet, legs, back and with various other aches and pains, resulting from feet in numerous cases because they never had their body weight properly balanced on their feet with shoes.

Your feet may look regular to you, but, naturally you cannot detect weakness or have any way of testing for unbalance. But remember: "fat on the ribs" is by no means an adequate criterion of physical well being.

Don't take chances. If you are suffering with leg pains, knee pains, stiffness, backaches or severe headaches, or sleep poorly and are always tired, your feet may be the cause.—Adv.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

TRUE TO A GREAT HERITAGE

LESSON TEXT: Deuteronomy 4:1, 32-40.
MEMORY SELECTION: He hath made his wonderful works to be remembered.—Psalm 111:4.

A goodly heritage is the gift of God to his people. By faith they must enter into it and possess it. Thus they honor him who has promised, and they witness to all the earth that he is a great God and a loving heavenly Father. It magnifies his name to believe on his word and to act on his promises.

Israel, having failed God and plunged themselves into years of wandering by their unbelief when they just came up to the Promised Land, were now ready to go over Jordan and take the land.

A new generation had grown up, and for their instruction Moses rehearsed the history of the people, repeated the promises of God, and renewed their remembrance of his law. The book of Deuteronomy gives that "second law" — actually a review of what had been given before.

As they entered upon God's rich heritage for them they were admonished to

I. Hearken to God's Law (v. 1).

To hearken means more than to hear **and forget.** It carries with it the giving of attention to what is heard with the purpose of doing something about it.

God's law, his statutes and judgments are for the good of his people. They are not designed to limit their freedom, but to provide the channels through which they shall be most free to live and to accomplish that which is good and noble and useful.

Two things were assured to Israel if they hearkened to the law of God. They would first of all "live." This does not mean only that they should escape death, but that they might enter into the fullness of life.

"The Bible teaches that we are free to choose between a high grade of life or a low grade, between a life which involves fellowship with God or a daily existence which means nothing more than the enjoyment of animal comforts and following our own willful ways" (Earl L. Douglass).

The second result of obeying God's law would be their going into and possessing the land which God gave them. There is victory and attainment, as well as blessed fellowship for the one who obeys God. That is true today as it was in the time of Moses.

II. Remember God's Love (vv. 32-36).

The loving mercies of God toward his people had revealed his infinite greatness and glory.

He revealed himself in the fire—and they might well have been consumed by it—yet he graciously spoke to them instead of destroying them. They were to recall, too, that he had done a mighty and wonderful thing in taking them out of the powerful hand of Egypt and making them into a people for his name.

Sad is the state of the soul of the man who has lost his sense of the miraculous. To live in the midst of the constant demonstration of God's power and his mercy, and to see and feel nothing but the commonplace touch of humdrum daily life, is to be blind and deaf—yes, to be dead spiritually.

Is he any less powerful today? Certainly not! He is still the God of the miraculous and nowhere is that divine energy more evident than in the spiritual life of man.

The wonders of God in creation were rehearsed for Israel. They learned of his care for his people. "But far more wonderful are the works of God in the new creation and his infinite care for his people redeemed from a ruined race, and made inheritors of eternal residence in the heavenly Canaan" (Hight C. Moore).

III. Depend on God's Promise (vv. 37-40).

The Promised Land was before them, but it was for them to go in and possess it. There were warfare and struggle ahead, mighty warlike peoples to overcome. Were they able for it? No, not in their own strength!

How were they to accomplish this formidable task? By counting on God. He had promised to drive out the nations now holding the land. He is a God not only in heaven, but also on earth (v. 39). The people who believe him may go forward expecting miracles to happen.

Obedience to God's law brings fellowship with the eternal and omnipotent One, and the confident assurance that he will bring victory and the full accomplishment of his will for the obedient believer.

That is as true now as ever. Yes, let's be accurate and say that it is more true than ever, for believers now are indwelt by the Holy Spirit of God who makes real in and through them all the grace and beauty and power of God.

BURLINGTON HOMEMAKERS

Mrs. C. L. Cropper entertained the Burlington Homemakers' Club February 7th, which was a very busy day. Business and reports were heard during the morning, and we adjourned at noon with a song.

Our charming hostess invited us to the dining room, where we enjoyed a delicious covered dish luncheon.

After enjoying the luncheon, we took our places in the living room for our afternoon session. Our citizenship chairman gave the group different parts of South America to study and bring with them. The lesson for the month was "House Harmony" which was very interesting. There was one new member present.

Our nevt meeting will be held Mach 7th at the home of Mrs. Rite. "Live at Home" will be the lesson. Come, bring your friends.

He lighted the way to a higher standard of living

WHEN Thomas A. Edison perfected the incandescent lamp and built the first practical central station electric system, he set the stage for an era of progress and enlightenment that has raised living standards everywhere. Of all the inventions that sprang from his fertile brain, none had such a profound and far-reaching effect as these two developments in the then relatively unknown field of electricity.

Without electric light and distributed electric power, women would still be slaves to drudgery, men would labor longer to produce less, and the output of farms and industry, which is the real wealth of the world, would be but a fraction of what it is today.

So, on this 99th anniversary of Edison's birth, we again pay tribute to the man, who, perhaps more than any other, helped make the world a better place in which to live. Myriad lights turning night into day and the hum of motors in busy factories are lasting monuments to his genius.

OBITUARY

William Jesse Bagby, son of Sarah and William Coleman Bagby, was born in Gallatin County May 18, 1874 and departed this life January 26, 1946 at the age of 71 years, 8 months and 8 days. He was united in marriage with Hattie Marshall, Feb. 12, 1912. She preceded him to the grave a very short time ago. To this union one son, Jesse Lee was born.

Besides this son, he is survived by his daughter-in-law and three grandchildren, Carol Lejeune, Deanna Sue and Judith Kay; one sister, Mrs. Sallie Ryle; three nieces, five nephews and many other relatives and friends.

During his active years he enjoyed the fellowship of the Masonic Order.

In 1906 he united with the Belleview Baptist Church, of which he was a faithful member until his death. He was a faithful husband and devoted father. His quiet home loving disposition endeared him to all who knew him.

Another dear and loving one
Has left us here behind;
He has gone to that great place,
Where all is dear and kind.
We'll miss him, oh, we'll miss him
There'll be a vacant chair,
But we must live his kind of life
And someday meet him there.

TWO KILLED IN ACCIDENT

NEAR WALTON THURSDAY NIGHT DURING HEAVY STORM —BOTH THROWN CLEAR OF CAR.

Howard Webster, 23, a soldier and his sister, Miss Lucille Webster, 21, both of Elliston Station, were killed Thursday night in an automobile accident on Dixie Highway, two miles south of Walton.

The accident occurred as the driver Howard Webster endeavored to get back onto the road, after a strong wind had shoved the car to the shoulder of the road. Suddenly the wind stopped and the the victims auto plunged head-on into a truck driven by James Judge of Cynthiana. The truck was loaded with corn.

Capt. Tilford Mershon, of the Independence Volunteer Fire Department, and a friend passed the scene a short time later. They took the victims to Independence, then placed them in an ambulance for removal to St. Elizabeth Hospital. Miss Webster was dead upon arrival at the hospital and her brother died several hours later.

Both of the victims were thrown clear of the wreckage, according to reports.

Bulldozers Operating In Francesville Community

Farmers of North Bend section of the county will be interested to know that Elmo Marshall this week moved his bulldozer equipment to the Ray Bingham farm on the North Bend Road and is planning to spend the next several weeks building pond dams for farmers. Mr. Marshall has cooperated in the county water improvement program the past three years and is an experienced and reliable operator.

Farmers in the Northern section of the county have been interested in farm reservoir construction but have been unable to secure equipment. Those who are interested in securing Marshall's services should contact his operators on the job or leave their names at the County Agent's office.

Two Girls Held For Whitesburg Officials

Two Whitesburg, Ky., girls, were being held by Boone County officials, after being arrested by Sheriff Irvin Rouse near Devon Thursday night on a charge of loitering.

Sheriff Rouse stated the girls registered as Wanda Gene Dunn, 19 and Opal Clifton, 16, both of Whitesburg, Ky.

Mr. and Mrs. Luther Gray, of Constance are the proud parents of a 7-pound baby girl, born Wednesday, February 13th. The baby has been named Barbara Marie.

Returned Veteran Takes New Post

Captain Robert B. Worfford, son of Mr. and Mrs. Wm. Worfford of the Petersburg neighborhood, on terminal leave, after serving four years and nine months with the army in the European Theatre has resumed his employment with the Gardner-Richardson Company.

Captain Worfford has been associated with the Gardner-Richardson Co., twelve years, prior to entering the military service. He worked in the folding box department at the Lockland, Ohio plant, but since his return he has been transferred to the sales office at the folding box department in Middletown, Ohio.

Farmers Urged Order Fertilizer Early

Boone County farmers are planning to use record amounts of fertilizers this year, according to recent reports given by farmers to the County Agent's office. Relatively high priced crops and low priced fertilizers have encouraged farmers to seek larger yields per acre.

Prospects are fertilizer supplies will be short again this year. Local leaders, reviewing the situation are urging that farmers order their fertilizer needs and secure delivery at the earliest possible date. Many farmers last year were unable to secure their needed fertilizers at planting time.

Walton Wins Over St. Henry By Close Margin

Walton hoopsters turned back the St. Henry five Friday night by a score of 33-32. A free throw in the final 20 seconds of play enabled Walton to score the victory, on the Walton floor.

Walton took an early lead of 11-8 in the opening period with Simpson and Vest leading the way. The scoring settled down the second period with St. Henry holding a 5-4 margin as the half ended 15-13. Roberts took the offensive in the third quarter and pushed his team to a 32-21 lead at the close of the third quarter. St. Henry rallied in the third frame to tie the score 32-32 with 20 seconds to play. Simpson found the basket with a free throw to win the game for Walton.

Roberts and Persutti each collected 17 points.

New Haven Victors

Burlington suffered defeat Friday night on the home floor at the hands of the New Haven hoopsters by a score of 38-31. The visitors took an early lead with the score standing 7-6 at the quarter, 19-8 at the half and 27-15 at the close of the third quarter.

Howard and Jones divided scoring honors for the winners with 7 each, while Presser led the attack for Burlington with 12.

In a preliminary game, New Haven emerged winners by a 22-14 count.

Dr. L. E. Smith Compliments Co. On Christmas Seal Sale

Dr. L. E. Smith, of the State Tuberculosis Association met with the Boone County Tuberculosis Association, Monday, Feb. 18.

Dr. Smith says, Boone County has made the largest advance in the seal sale over 1945 of any county in the State. A complete report of this sale will be published in county newspapers as soon as all money is turned over to the county chairman. Many are still sending in seal money.

Grace Brown Property Sold To Whitesburg Man

Mrs. Grace Brown sold her farm of 145 acres, located on the Burlington and Belleview road to Otis and David Berry, of Whitesburg, Ky.

The transaction was completed Friday of last week. David Berry plans to move here the first of March.

BULLITTSVILLE HOMEMAKERS

Mrs. Nick Mikkelsen was hostess to the Bullittsville Homemakers' Club on last Thursday, February 14. Ten members and Miss Gillaspie answered roll call by reading a comic Valentine provided by the secretary, Mrs. V. E. Ware. Each reading provoked much hilarity and laughter and was enjoyed very much.

The lesson for the day was presented by Mrs. Gardner and Mrs. M. M. Lucas. Many beautiful settings on "House Harmony" were displayed and many interesting ideas on interior harmony were gleaned by the excellent presentation of this lesson.

During our lunch hour we celebrated the birthday anniversaries of two members, our hostess and Mrs. M. M. Lucas. We won't reveal the number of candles which were on the large Angel Food birthday cake.

Our next meeting will be in the home of our president, Mrs. Robert Grant. Visitors are always welcome.

Pub. Chairman.

Mrs. Wesley Bradley, of Ashby Fork spent Tuesday with her daughter, Mrs. Marie Shinkle and grandchildren, Sarah and Snook.

George Casper Is Commissioned Lieutenant

Fort Knox, Ky., February 16—George P. Casper, son of Mrs. Myrtle Casper, 311 Oak Street, Ludlow, Ky., was commissioned a second lieutenant in ceremonies here today. He was a member of the 92nd graduating class of the Armored Officer Candidate School.

Forty-five new officers received their gold bars upon completion of a rigorous 17-week course covering every phase of the employment of armored equipment and organizations in modern warfare. As their first assignment, they will serve as training instructors in the Armored Replacement Training Center at Fort Knox.

At this meeting the annual election of officers and selection of delegates to the district convention will be held.

Refreshments will be served all new and old members, and all are urged to attend.

Tuberculosis Drive Opens Monday, April 1

In 1900 tuberculosis caused more deaths than anything else in the U. S. Cancer was in sixth place as the cause of death. The reverse is true now, heart taking first place, cancer second and tuberculosis 6th.

We need to exert every available means to combat this dreadful disease. Plan now your contribution for the drive in April. It should be a great deal more than it has been in past years, to meet the pressing need.

Chas. Moore and Emmett Riddell of near Hebron were business visitors in Burlington, Friday.

DRAFT BOARDS FACE BIG JOB

IN HELPING VETERANS TO RE-ADJUST THEMSELVES — DESERVE RIGHTS AND PRIVILEGES.

Kentucky members of local draft boards were told Monday that their biggest job—that of helping returned veterans readjust themselves, was still ahead.

Gov. Willis and Col. Frank D. Rash, head of Selective Service in Kentucky paid tribute to Kentucky participants in the draft program for work accomplished during the war.

Speeches were broadcast to similar ceremonies in Louisville, Ashland and Paducah. Board members serving two years or more were given medals and certificates.

Federal and State aid programs were outlined by Governor Willis. Board members were told that their jobs were to provide adequate facilities to render aid to veterans.

"As veterans they deserve rights and privileges over and above those civilians who have not served in uniform," the Governor said.

Willis singled out the educational opportunities of the "GI Bill of Rights" as the program likely to give the most comfort to veterans in later years.

"We should make the young veteran realize that in education lies the cornerstone of his future," he stated. "These young men during the past four years have been taught to destroy. Now we must teach him to build, create and prepare for the job that lies ahead of them as civilians. This can be accomplished by education and instruction."

TAX ASSESSOR TAKES BRIDE

CEREMONY PERFORMED IN RESIDENCE OF BROTHER BY C. L. CROPPER, COUNTY JUDGE, SATURDAY EVENING.

Miss Lucile Cotton, daughter of Mr. and Mrs. W. B. Cotton, of Latonia, and Mr. Wilton Stephens, son of Mrs. Susie Stephens, of Burlington, were quietly married Saturday evening at 7:00 p. m. in the residence of Mr. and Mrs. A. E. Stephens, Burlington. Judge C. L. Cropper officiated.

Immediately following the ceremony the couple left for Doc's place, Florence, where a wedding dinner was prepared with members of the immediate families in attendance.

Both the bride and groom are graduates of the Burlington High School. The bride is employed by the Peoples Deposit Bank, Burlington, which position she will continue to fill.

The groom is Boone County's present tax commissioner, now serving his fifth term in that capacity.

The happy young couple will be at home to their many friends at the home of the groom's mother on Burlington-Florence Pike.

Scarce Wool Fabric Will Be Offered In Nation-Wide Sale

Almost three and one-half million yards of scarce wool fabric valued in excess of $10,000,000 and declared surplus by the Army, is offered in a nation-wide sale which opened Monday, Rowland D. Schell, Associate Regional Director for the War Assets Corporation announced.

While the disposal will be conducted through the Regional Consumer Goods Offices maintained by WAC in 11 cities, orders from Ohio, West Virginia, Indiana and Kentucky should be sent to the Regional Office, Consumer Goods Division, War Assets Corporation, 704 Race Street, Cincinnati 1, Ohio.

The sale will include 3,383,849 yards of napped wool cloth, olive drab shade 36. It will sell for $2.90 per linear yard f. o. b. the warehouse at Philadelphia.

Those eligible to participate include Federal, State and Local Governments, veterans, garment manufacturers, industrial users, cloth jobbers, and if any balance, exporters.

The fabric is approximately 61 inches wide and is both knitted and woven. It weighs approximately 21.5 ounces per linear yard. Samples in this area may be inspected at the Cincinnati Regional Office.

Price Announcement Made By District OPA

The announcement of an increase of approximately one-half cent per pound the price of sugar resulted in many inquiries from dealers and consumers as to when increased prices will become effective. OPA District Office said today that dealers cannot raise their prices until they have sold an amount equal to their February 9, 1946, inventories and have purchased at the new higher prices.

Retailers will observe present community ceiling prices until new ones are received effective March 1, 1946. Therefore the increase in sugar prices should not reach the consumer until about March 1st, OPA said.

TOBACCO PRICE SHOWS INCREASE

MONDAY'S SALE SHOW RISE OF $1.71 OVER LAST FRIDAY'S SALES, ACCORDING TO REPORTS.

Burley tobacco prices showed a slight increase in Monday's sales over Friday's figures by $1.71 a hundredweight, according to reports. Volume of sales was slightly increased.

Total volume listed Monday was 2,798,696 pounds, for which growers were paid $916,060.46, an average of $32.73 a hundred, the State Department of Agriculture reported.

Of the thirteen state markets still operating, two, Carrollton and Louisville, have announced that they will close after Friday's sales.

A total of 18,425 pounds of tobacco was sold Monday at the Covington Independent Warehouse, near Erlanger for $5,257.13. The average price was $28.53 a hundred pounds. The high basket sold for $55, while the low basket went under the hammer for $9. An average price of $34.49 was reported at last Thursday's sale in the same warehouse.

Nine warehouses in the State have closed for the season, it was reported.

Price Control Volunteers "Carry On" In Kentucky

Reports from Kentucky's fifty-seven Price Control Boards for January show that 1852 volunteers worked a total of 3590 hours in the fight to hold the line against inflation, Geo. H. Goodman, Ky. OPA District Director, said today.

Included in Board Membership are 28 clergymen, 4 doctors, 76 farmers, 28 representatives of labor, 76 teachers, 128 merchants and 116 consumers.

Ceiling prices and postings were checked by volunteer Board Representatives during January in 5,255 food stores, 1182 surplus war goods outlets and 192 parking lots. Price Control is a people's program and this fine cooperation is appreciated, Goodman said.

W. P. Beemon celebrated his seventy-sixth birthday Saturday with a dinner at the home of Mr. and Mrs. Lloyd Weaver and son, Mr. and Mrs. A. B. Renaker were guests.

Reception To Be Given At Sand Run Church

There will be a reception given at the Sand Run Baptist Church parsonage by pastor and Mrs. L. M. Hamilton, in honor of all returned servicemen who are members of Sand Run Baptist Church. The reception will be held Friday evening, February 22nd at 7:30 p. m.

Even through war, God has been good to us and to our land. Sand Run Church has constantly prayed for its men who were in the armed forces and not one has been injured, neither have we suffered a casualty. Sand Run Church and her pastor are happy to welcome home these men.

Many of them have returned to the services of the old home church and some of them have definite duties now in Christ's army. Sand Run will build a new church before very long, and our young men feel that if they can help win a war, they can add their strength to the rest of the church and "arise and build the new church."

"Again, your old home Sand Run Baptist Church welcomes home each and all its valiant soldiers and sailors. May God's blessings be upon each man," said Rev. L. M. Hamilton, pastor.

Sand Run Church has been happy over the fact that the attendance at the Sunday Services has been great. We are happy to see so many from Hebron coming to our services. We welcome all to come and hear the message, "Jesus Saves."

Don't forget Greyhound's

COMFORT

Plan your trips well in advance and travel, if possible, during mid-week days to get the most relaxation from deep-cushioned, individual armchairs . . . warm and carefully ventilated Greyhound coaches . . . well-timed rest and meal stops.

CONVENIENCE

It's wise to check with your travel agent for information about schedules that will serve you most conveniently. He'll tell you which buses are least crowded . . . and see that you get the best possible routing to the places you want to go.

LOW COST

You'll save much more for spending at your destination, because Greyhound travel costs less than any other type of transportation. No other way can you go *so far* for *so little*.

FARMERS PLAN FOR BETTER USE OF LAND

Producing the same amount of row crops on 60 percent of the acres now under cultivation is the major aim proposed by the Carlisle county postwar planning committee, according to Farm Agent John B. Watts. By using better seed and commercial fertilizer, and practicing contour cultivation and careful use of land, farmers will be able to reduce the costs of labor, machinery and seed, it was pointed out. At the same time, land will be improved and income increased.

LOOKING AHEAD at ELECTRICAL LIVING

No more stay-at-home washdays
. . . when you get your new

Automatic Washer

You can say goodbye to Blue Monday when you get your postwar automatic washer. No longer will you have to spend weary hours over steaming tubs and a stubborn wringer.

With an automatic washer, you simply put in soiled clothes, add soap, set the controls and the washer does the rest. It fills itself, tumbles clothes clean, thoroughly tumble rinses, spins clothes damp dry, empties itself and shuts off . . . automatically. You don't even have to put your hands in water! And you can leave your house or busy yourself with other tasks while the washing's being done to snowy-white perfection.

Yes . . . the automatic washer is a boon to busy homemakers . . . and so are many other new and improved electrical servants soon to be available. Plan now to add the appliances you need. Enjoy better living *electrically!*

COMMUNITY PUBLIC SERVICE COMPANY

Electrical Living Is Better Living

Gone are the days when homemaking meant an endless round of monotonous, time-consuming household tasks. Today, electric servants take the hard work out of housework at the snap of a switch. And the cost for each service performed is measured in pennies or fractions of pennies per day. It costs little to live better electrically!

COLLEGE TO SPONSOR CORN YIELD CONTEST

To stimulate interest in higher corn yields and to demonstrate how high yields are made, the Kentucky College of Agriculture and Home Economics is sponsoring a "Kentucky Corn Derby" or corn yield contest, it is announced. Prizes will be awarded for the highest yields in one-acre and in five-acre tracts.

Corn is one of Kentucky's most important crops. It is grown on four-fifths of all land plowed for crops, is second only to tobacco in cash value, and is grown by more farmers than any other crop. Despite the fact that Kentucky ranks 11th among the states in acreage of corn produced, it ranks 28th in bushels per acre.

The college has set a goal for a state yield average of 40 bushels per acre to be reached by 1960. Last year the state average was 32 bushels.

Among the improved practices recommended for reaching the goal, the college emphasizes better land use.

"Much land that is too poor or too hilly is now being planted to corn. The more level lands of the state should be built up to a high state of fertility by drainage, the use of lime and phosphate and by growing such legume crops as vetch, crimson clover and sweet clover in rotation with corn. Contour cultivation or terracing on sloping land is advised.

"The planting of hybrid corn has contributed greatly to higher yields. In 1945, 65 percent of the corn crop was planted to hybrids, resulting in the highest state average production on record, despite an unfavorable planting season. The supply of Kentucky hybrid corn seed is ample, and farmers in 1946 will not have to use poorly adapted, out-of-state hybrids."

Five Escape Injury In Crash On U. S. 42

Five persons escaped injury in an accident early Monday morning on U. S. 42 when a car driven by William S. Insco. Dayton, Ohio, crashed into the rear of a car driven by Grace Stephens Robinson, of Covington on U. S. 42 at Gunpowder bridge.

Insco's car plunged over an embankment at the bridge, turned over and was badly damaged, but he and three passengers escaped injury. Mrs. Robinson also escaped injury.

Wendell Easton, Deputy Sheriff of Boone County was called to investigate the accident.

Correction

In last week's issue of The Recorder, an article was carried under the heading "Tuberculosis Drive" handed us by the Cancer committee. This article was in error as it should have been "Cancer Drive" instead of Tuberculosis Drive.

April is cancer month, and contributions are needed badly. The committee urges each one in the county to contribute toward this fund as freely as possible.

FRUIT GROWERS PLAN '46 PROGRAM

GROWERS WILL MEET AT COUNTY AGENT'S OFFICE MARCH 5TH TO DISCUSS CROP OUTLOOK.

Boone County fruit growers will discuss the 1946 outlook and orchard management programs Tuesday, March 5th, according to H. R. Forkner, County Agent. Growers will meet at the County Agent's office at 10:00 a. m. to discuss the outlook and new developments in spray materials, spray schedules and management practices. A field meeting at 1:00 p. m. will be held on the farm of Emmett Riddell, one mile west of Constance on State Road 20.

W. W. Magill, fruit specialist, from the College of Agriculture, will lead the discussions at both meetings. All who are interested in fruit growing are invited to attend these meetings.

W. D. Armstrong, of Princeton Sub-Experiment Station, will meet with Northern Kentucky fruit growers at the Kenton County Agent's office in Covington at 2:00 p. m., Wednesday, March 6th, to plan for the 1946 Insectory News service that is available to all local growers. Growers interested in helping to plan for this service are urged to attend.

LLOYD SOCIETY TO MEET

The Lloyd Society will hold an all-day meeting at the home of Mrs. Mabel Sayre, Saturday, March 2nd. The Christmas party will be held at this time. Bring your little gift. All members are urged to be present.

Church Month To Be Observed By Burlington Baptist Church

The month of March has been set aside as "Go to Church Month" in the Burlington Baptist, according to Rev. R. A. Johnson, pastor.

Rev. Johnson stated, "We have three hundred and five resident members, some of these because of age or illness cannot attend, leaving about 280 that should be in God's house on the Lord's Day. We are expecting you as a member of the church to be present sometime during the month. We feel that the greatest movement needed for the present is a back-to-church move. If we are going to solve our problems of today, we are going to do it God's way or they will never be solved."

The pastor is asking for a great spirit of cooperation in attendance in all the services, and asks all to prove to all our relationship to God is real. Help make next Sunday a great day for the Lord.

630th Carries On

On September 7, 1945 an engineer outfit of which Pfc. Earl H. Webster, 630 Eng. L. E. Co., Campbell, Ky., is a part, returned to the states. The 630th Engineer Light Equipment Company had come home. They had done their job; they had done it well. Gen. Montgomery of the British Army representing the 21st Army Group had recommended the organization for valor.

Today a new outfit is being born. The veterans of the 630th have gone home. They have left with the knowledge of having served with a fine company. The present men of the 630th will uphold all traditions so highly set.

The 630th is a small organization. Its T/O calls for 76 men and 3 officers. These men operate nearly 40 pieces of equipment. The training with these bulldozers, air compressers, cranes and other equipment is a valuable experience for civilian life.

At present the Company is reorganizing. When this organization is completed, keep your eye on the 630th. They're going places.

Celebrate 50th Anniversary

Mr. and Mrs. Sam Cummins, of Garvey Ave., Erlanger held open house on February 24 from 2 to 4 p. m. in celebration of their fiftieth wedding anniversary.

Many friends called during this period and offered felicitations. The wedding ceremony was re-enacted by the pastor of the Elsmere Baptist Church, including the rendition of the song, "I Love You Truly."

At six o'clock a cafeteria luncheon was served to the immediate families of Mr. and Mrs. Cummins. The house and tables were beautiful with their decoration of yellow spring flowers.

They received numerous useful and beautiful gifts and altogether the memory of the occasion will linger long with the host and hostess and guests.

FLORENCE MAN DISCHARGED

Fred A. Miller, MM3c, 53 Park Ave., Florence received an honorable discharge from the U. S. Navy February 19, 1946 at the U. S. Naval Personnel Separation Center, Great Lakes, Ill., according to information received at this office.

FIVE BURLEY MARTS TO CLOSE

THIS WEEK, ACCORDING TO STATE DEPARTMENT OF AGRICULTURE—SEASON AVERAGE REPORTED AT $39.91.

Kentucky's burley tobacco growers have received $158,111,479.58 for 396,194,095 pounds of leaf marketed to date this season, an average of $39.91 a hundred weight, the state department of agriculture announced.

The U. S. Department of Agriculture said 37 of the 47 markets in the burley belt have closed and of the 10 remaining open, all of which are in Kentucky, about half were scheduled to end sales this week.

During the week ending Friday, final auctions were conducted at Bowling Green, Carrollton, Richmond and Shelbyville in Kentucky.

During the week just ended, 9,334,036 pounds of burley tobacco were marketed in Kentucky for $2,846,023.09, an average of $30.49, the state department of agriculture said.

Waning deliveries reduced gross sales to only 10,599,624 pounds at an average of $30.43 on all active burley tobacco markets last week, the U. S. Department of Agriculture said. The average was $2.03 lower than that of the previous week.

ENROUTE TO FLORIDA

Mr. and Mrs. Kenneth Taylor nee Katie Meier, have gone to Florida, via auto and trailer, and Mrs. Taylor sends us a seven-page account of their trip. This day-by-day description of the county is interesting, but too lengthy to publish in full.

In Kentucky they saw men plowing, ready to burn plant beds, and hauling many tobacco stalks. They saw Fort Knox and parked for the night at Elizabethtown. In Tennessee they had their steepest grade in Nashville and had rain and snow from there to the Alabama line.

At Ardmore as they crossed into Alabama, Mrs. Taylor writes: "Traders were so thick we hardly got through. On my side I saw horses hitched to wagons, and cows in racked wagons, being traded, and Kenneth saw on his side a man with crosscut saw looking at a gun. They were right up to us on both sides."

At Birmingham, in the Mountains, they had to drain the alcohol and change to light weight clothing. In Georgia, Mrs. Taylor writes: "We have no fire in our trailer. I like the southern accent. People are very friendly."

Cecil Bradley and family, and Leonard Bradley and family, of Indiana, spent Sunday with their parents, Mr. and Mrs. Wesley Bradley.

Mary Yates Discharged

Mary M. Yates, aerographer's mate, third class, daughter of Mr. and Mrs. B. C. Yates, Burlington, Ky., R. 1, has been discharged, after honorable service in the Navy, at the personnel separation center in San Francisco, Calif.

License Deadline Extended To April 1

Gov. Simeon Willis, Monday had extended from March 1 to April, the time for deadline for motorists to procure their annual licenses for operation of autos.

Willis said the extension was granted because of unavoidable delay in procuring and delivery to county clerk the forms and registration plates necessary.

Four-H Leaders Plan Conference

Plans have been made for the annual Boone County, 4-H Leaders' Conference March 9th, 10:00 a. m. to 2:30 p. m. Four-H leaders, both community and project, are invited to attend this all-day get-together at the courthouse in Burlington.

A program has been planned to inspire 4-H leaders. Leaders will discuss the best methods of doing 4-H work. Miss Ruth Lattimer and Mr. E. E. Fish, 4-H district field workers, will be present at the meeting.

Scores for the 1945 4-H work in the high school and grade school groups will be announced by the scoring committee. The outstanding club in each group will receive an award given by the Banks of Boone County.

Boone County Farms Sold During Past Week

L. W. Gulley purchased the 255-acre farm on Gunpowder Creek, in the Camp Ernst section of the county, from Mrs. Helen Tomlin.

Noel G. Walton sold the 10-acre tract of land with the improvements, at Limaburg, which he recently purchased from the Clark Beemon heirs, to James E. Boyd, of Ft. Mitchell.

John Sutton and sons, who recently purchased the 302-acre farm, known as the R. B. Huey farm on Woolper Road, sold to M. D. Sherritt the 5-room tenant house and about 16 acres of land out of the large tract, and then sold the balance of the farm to Wilford Dixon.

Melvin Jones sold the 70-acre tract of land on Highway 20, recently received from William Hill, to John Sutton and his son.

John Terian sold his farm of 128 acres 1½ miles north of Burlington, known as the N. W. Carpenter farm, to Edgar Stanley, of Cheviot, Ohio. Elmer Kirkpatrick will remain on this farm this year.

Lee R. McNeely has contracted for the sale of his farm of 55 acres on Burlington-Idlewild Road, known as the G. C. Kreylich home, recently purchased from Ralph Jones, to D. E. Chesser of Cincinnati.

All of these sales were made during the past week through A. B. Renaker.

Driver Fined On Drunken Driving Charge

Jay Johnson, 38, of Winchester, Ky., was arrested by the State Highway Patrol, 1 mile south of Florence this week and brought before Judge C. L. Cropper, Burlington, for hearing on a charge of driving a car while under the influence of alcohol.

He was found guilty and fined $100.00 and costs and placed in jail overnight. He was also required to pay slight damages to another car which he struck prior to his arrest near Florence.

JIM HUMPHREY ADDRESSES CLUBS

AT MEETING HELD IN BURLINGTON FEBRUARY 21—URGES GOOD FOOD PRODUCTION PROGRAM.

Boone County Homemaker Club and Live at Home leaders in a meeting at Burlington February 21, urged that a good home food production and preservation program be conducted this year. Prospects are that food may continue both scarce and high. Abundance of good food is considered essential to the health and welfare of rural people.

Jim Humphrey, poultry specialist from the College advised leaders that both feed and labor may be limiting factors in poultry raising this year. Efficient practices will become more important. Healthy chicks grown under disease free conditions combined with efficient brooding and labor saving practices will pay good dividends. Chicks from disease free flocks electric and lantern brooders, deep litter and manure pits in laying houses, locating needed feed supplies in advance are practices worthy of immediate consideration. Plans, circulars and information on all these practices are available at the County Agent's or Home Demonstration Agent's offices.

Rotenone is the most important 1946 garden insecticide for all types of insects according to John S. Gardner, garden specialist. The full post war 1% full strength Rotenone should be used in perference to the one-half or three-fourths of 1% Rotenone used during the war. Good seeds and especially certified potato, tomato and other seeds should be used. Heavy applications of commercial fertilizers and manure where available, were recommended for more productive yields. Failure to use a properly balanced fertilizer may cause many vegetables to set a short crop.

The County Homemakers' Clubs are sponsoring a series of community home food production and preservation meetings during the year. These meetings are designed to keep the public informed on the importance of home food production and best methods of preparation and preservation to better feed the family.

Mr. and Mrs. C. G. Lamb, of Covington called on Mr. and Mrs. D. H. Norris, Sunday afternoon.

FIRST VICTORY SCORED FRIDAY

BY BURLINGTON TEAM WHEN THEY TROUNCED WALTON BY SCORE OF 49-40 ON WINNER'S HARDWOOD.

Burlington high school basketball team chalked up their first victory of the season, when they trounced the Walton five on the Burlington floor Friday night by a score of 49-40.

Coach "Skeets" Walton's boys took an early lead and maintained a safe margin throughout the game. At the close of the first quarter Burlington led by a score of 9-6. The score at the half was Burlington 27, Walton 12; third quarter, Burlington 41, Walton 25.

Presser led the attack for Burlington with 15 points, while Vest was high point man for Walton with 21.

In a preliminary game which was interesting throughout, Walton's reserves emerged on the long end of 18-17 count over the Burlington reserves.

Slight Damage Caused To Store By Oil Stove

Damage estimated at approximately $50.00 was caused when a kerosene stove caught fire in the store of John C. Whitaker, of Bullittsville, one day last week.

The Hebron Fire Department was summoned, and quickly extinguished the blaze. The volunteer firemen arrived at the scene of the fire four minutes after being called.

BURLINGTON W. M. S.

A most interesting and inspirational meeting of W. M. S. was held February 13, 2:30 p. m. at the church, with 20 ladies and Rev. R. A. Johnson, present.

Mrs. McBee gave an impressive devotional message on "Stages of Spiritual Awakening."

Mrs. Aline Brady was in charge of the program, the topic being "Signs of Spiritual Awakening." Ruth Kelly and Mrs. A. D. Yelton developed the subject, using the various prevalent signs in world today as a basis for their discussions.

Following a season of sentence prayers from the entire group, Mrs. Brady then requested voluntary contributions from members, on any subject conducive for better work. The following responded in an informative manner: Mrs. McBee, Mrs. Brown, Mrs. Horton, Mrs. Gaines, Mrs. Walton, Mrs. M. A. Yelton, Mrs. Holtzclaw.

Rev. Johnson then added words of commendation and encouragement for efforts put forth and exhorted still greater ones for the future along all lines of W. M. U. work.

The next meeting will be an all-day session at 11 a. m. at the church March 6th for regular business and monthly program, together with observance of March Week of Prayer for Home Missions. Each member is expected to bring one guest from the church membership with her. A covered dish luncheon will be served.

—Publicity Committee.

Attend Livestock Meet

Boone County was well represented at the Cincinnati Livestock Producers Association held at the Netherland Plaza Hotel in Cincinnati last Thursday. J. C. Frank Jones, 85, life long resident of this section, and last survivor of a family of 11 children, died Sunday at his home in Union, after a short illness. Mr. Jones was a native of Grant County.

He is survived by his wife, Mrs. Mattie Jones; four sons, W. H. Jones, of Erlanger; Lafayette Jones, of Union; Alex Jones, of Burlington and Orville Jones, of Covington.

Funeral services were held at 3 p. m. Tuesday at the Tharp and Stith funeral home, Florence. Burial was in Rice Cemetery, Union.

UTOPIA CLUB HEARS GARDNER

AT REGULAR MONTHLY MEETING HELD FEBRUARY 21—CROPS AND LIVESTOCK OUTLOOK DISCUSSED.

The Utopia Club held its monthly meeting at the courthouse, February 21, with a good crowd present, according to James F. Brown, club reporter. The outlook for crops and livestock prices for 1946 was discussed.

Mr. John S. Gardner from the College was present and gave a very interesting talk on "Insecticides for the Garden and Uses of D. D. T." Mr. Gardner states that D. D. T. should be used with much care as all the good as well as harmful results are not yet known about the spray. D. D. T. is the only known spray that will kill the Blister Beetle, better known as the old fashioned potato bug. This new spray should not be used on fruit trees until after all bloom is gone for it will kill honey bees as well as the codling moth.

Gardner's plan for the home garden spray is to use Rotonone and Cuprocide as they are harmless to plants as well as people. Cuprocide should be used on all vegetable plants as it is the best known spray to control blight and should be used two or three times before the crop reaches maturity. The market gardener may use Calcium Arsenate or Bordeaux mixture and Cuprocide except for beans as the Arsenate sprays are cheaper to use.

Gardner named a new bean, the U. S. Refugee No. 5 to plant after June 1st. This bean is a heavy yielder and produces semi-round beans.

After the business meeting, refreshments were served by the committee.

Next month's meeting will be held March 21st at the Courthouse.

A PEOPLE FINDING A HOMELAND

LESSON TEXT: Joshua 1:1-4; 23:1-11.
MEMORY SELECTION: Thou shalt bless the Lord thy God for the good land which he hath given thee.—Deuteronomy 8:10.

God is the Lord of nations as well as of homes, and he is concerned that those who honor him in their homes have opportunity to serve him in their national life. This was true in a special way with Israel, but it is also true of us today.

Ready to enter the Promised Land, the people had to part with their great leader, Moses, who was not permitted to enter. The time comes when even the mightiest of men fall, but life must go on and new leadership must be found.

I. The Changed Leader (Josh. 1:1-4).

1. Workers Die—God's Work Goes On (vv. 1, 2).

God buries his workmen at the end of their day of labor, but God's work goes on. The people had become attached to Moses and had learned to trust his leadership, even though they often murmured. With his death we might have assumed that there would be a letdown, but that was not in God's plan.

The Lord works through men. He gives them abilities and uses them for his glory, often in a way which astonishes them and others. But let them not become proud, for God has someone to take their place when they are gone. They are not indispensable.

2. The Need Is the Same, So Is the Blessing (vv. 3, 4).

The promise given to Moses was still good. God's promises are always good. They are the only really stable thing in a trembling universe. The question is, Are we ready to take him at his word?

They were to step out by faith. The land was promised to them only as the sole of their foot should tread upon it. Israel never took out the full promise of verse 4. They lacked faith.

God honors those who believe him and who move forward by faith to plant the foot of spiritual conquest in new territory. Some are doing it now. Are we?

The enemies of God's people were many and mighty, but they were not able to stand in the way of God's people when they were moving forward for him. Here again, Israel failed. They did not drive them out, because they did not take God at his word. The application of that truth to us is obvious.

II. The Unchanging God (Josh. 23:1-11).

Between our first scripture and this selection will be found the history of the conquest of the land (at least, of the larger part of it), and the division of the territory between the tribes.

Years have passed quickly, and the new leader, Joshua, is now an old man, soon to go to his reward. He gathers the elders who represented the people and gave them good counsel for the days ahead, even as he recalls the blessings of the past.

1. God Did Help (vv. 1-3).

Israel had been in many hard battles. They had gone through the trials of pioneer days in a new and unfamiliar land. Now they were established and at peace. Perhaps they were recalling their mighty exploits and their own sacrificial efforts.

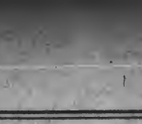
Joshua reminds them that it was God who fought for them (v. 3). We need just such a reminder in our land today.

2. God Will Help (vv. 4, 5). Joshua had a word of encouragement for the days ahead. There was much yet to be done. The land had not been fully taken. He reminded them of God's help in the past, so that they would depend on it in the future.

It is one mark of a great man that he looks beyond the end of his own short existence and plans for the future.

What about the future? Joshua reminded them that every blessing they had received, every victory they had won, everything had come from the hand of God. There and there alone was their hope for the future. And it was enough!

3. Help Yourself (vv. 6-11). To keep true in the land where their neighbors engaged in idol worship and all manner of immorality required definite action on the part of Israel.



They were not to deviate in the slightest from God's way, "to the right hand or to the left" (v. 6), for a little beginning in the wrong direction winds up in awful departure from him.

They were not even to swear by the heathen gods, not even to mention them. They were to "cleave" to the Lord, a graphic presentation of the close relation between God and his people.

There are many thoughts here which can be profitably applied to our daily lives. Faith in God calls for stalwart action and [illegible]

KILL FUNGI

... If you want to be free of many external skin infections

Fungi (parasitic vegetable growths) may cause conditions such as ringworm, athlete's foot and other infections that result in burning, itching, festering, and irritation. Relief requires destroying these growths.

Calomel and thymol-iodide, the two outstanding medicinal properties for fighting fungi, are together available in only one known ointment, called LODORAL.

That's why LODORAL works and works fast. Try it. It's the satisfaction, or money-back salve that soothes externally caused skin troubles faster than you ever thought possible. Try it—you'll be glad!

Just Let Me Tell You A Few Facts About Walking, So You'll Realize Just How Much It Can Do For You

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

The normal heart, you know, beats about seventy-two times a minute and pumps about six ounces of blood with each beat. Now, in fast walking, or at the rate of four miles an hour—(which is how fast you should walk to do you some good)—you'll find the normal heart will INCREASE its beat ten times to the minute, pumping six ounces of blood at each beat, gives sixty ounces per minute or 3600 an hour, which is 225 pounds. You can easily see that 225 ADDITIONAL pounds of blood pumped DAILY through your veins means just that much more life to your whole body.

There's no use of my telling you to get out and walk if you are having trouble with your feet, because I know you won't do it. BUT—if I tell you how to get rid of those aching, paining feet, first—then there's nothing to keep you from walking every day and benefitting your health by this wonderful exercise.

It has also been found that millions suffer without knowing the reason why—those headaches, those leg pains, and even sleepless nights may be caused by the shoes you are wearing.—Adv.

Merchants in Owsley county have more than doubled their orders for hybrid seed corn this year.

In Wayne county, it is planned to increase the acreage of alfalfa by 50 to 100 percent.

LOOKING AHEAD at ELECTRICAL LIVING

You can shop while your dinner cooks itself . . . in your postwar

Automatic Electric Range

Caught in the squirrel cage routine of preparing three meals a day? New happy hours of kitchen freedom are ahead when you get your postwar automatic electric range.

With an automatic electric range, you can prepare a full meal in advance, pop it into the oven before you leave for an afternoon of shopping or bridge, set the automatic controls, and come home to find the food perfectly cooked and ready for the table. The range will turn itself on, cook the food the required length of time and then turn itself off . . . all automatically.

And that's only one of many advantages of modern electric cooking. You'll enjoy its speed, coolness and spic-and-span cleanliness, too. It's an important step in your program of postwar better living electrically.

Electrical Living is Better Living
. . . and today's low cost electricity makes it economical to make full use of time-saving, work-saving electric servants. It costs little to live better *electrically!*

RED CROSS DRIVE NOW UNDER WAY

IN BOONE COUNTY—GOAL IS SET AT $4,500 — VETERANS STILL NEED CARE OF RED CROSS.

The 1946 Red Cross campaign started March 1, with a quota of $4,500.00. Chairman R. I Rouse and co-chairman Judge C. L. Cropper and their assistants have been busy during the last month with organization of their forces of volunteer workers preparatory to the big drive that is now launched.

Most persons say the war is over. They ask: "Why should I give?" The war is far from being over for the Red Cross. The war is going on every day in service of the Red Cross for hundreds of thousands of men still overseas. At home there are large numbers of men in service in the various camps and aboard ships that go to sea who need the Red Cross as their great mother every day. In hospitals throughout the land our wounded veterans to whom the Red Cross minister in its never-ending task of carrying on.

Overseas the great task of Red Cross workers is to keep the men who yearn for the day when they can come home, from getting into trouble. Here again the Red Cross steps in and acts as a great mother.

At home the Red Cross must carry on. Men returning home from service constantly are utilizing the Red Cross to see that they have their GI rights; that they obtain payments due them which have not been received. In some instances money is advanced to them to tide them over until their payments can be arranged.

At home the Red Cross must carry on the same work it normally does in peace time. It must be prepared to meet disaster wherever it strikes; it must be marshaled for epidemics or for unforeseen disaster ready to move at a moments notice and dispense aid in large measures. There also is the work of the Junior Red Cross, the Nurses' Aid Servcie, the home service branch and all that the Red Cross always has done in the past prior to the war days imposed the extra burden upon its errands of mercy.

You and all of us must be prepared to subscribe in the next few days to the quota assigned our county—it is our duty to our fellowmen. It is the part we must play in doing our share to carry on the task of this great mercy agency.

Boone County must not fail! When the Red Cross solicitor visits you, have your liberal donation ready to swell the needed fund to put Boone County "over the top."

If you are missed by the solicitor you can mail your donation to R. I. Rouse or Judge C. L. Cropper, Burlington, Ky.

COUNTY SPELLING SET FOR FRIDAY

ALL BOONE COUNTY SCHOOLS INVITED TO PARTICIPATE—$10.00 PRIZE WILL BE GIVEN CHAMPION SPELLER.

The Boone County Spelling Bee will be held at Burlington school Friday, March 15th, 1946, according to D. H. Norris, County School Superintendent.

This contest is sponsored by the Louisville Courier-Journal. The county winner will receive a $10.00 cash prize and a championship pin given by the Louisville paper.

Schools in the county have selected the champion speller of the school, who will represent that school in the county contest to be held March 15th. The contest will start at 1:30 p. m., Mr. Norris announced.

In the past competition has been keen in the contest, and no doubt the same will hold true this year.

BURLEY AVERAGES $26.57 IN KY.

AT TWO MARKETS REMAINING OPEN—AVERAGE LESS THAN SALES REPORTED FRIDAY OF LAST WEEK.

Louisville, Ky., March 4—Lexington and Hopkinsville were the only markets selling burley tobacco today, of the four still open, the State Department of Agriculture reported.

Total volume was 342,758 pounds for which buyers paid $91,061.19, an average of $26.57. This average was $3.11 hundredweight less than Friday's two-market report when Owensboro and Lexington held sales.

At Lexington, however, both volume and price were up. A total of 192,430 pounds was disposed of for $60,535.04. This made the day's average $31.46, compared with an average of $29.90 last Friday.

The Hopkinsville market handled 150,328 pounds of burley for which growers received $30,546.15, an average of $20.32 a hundred.

The only dark tobacco sales reported in Kentucky today were 21,654 pounds of Eastern fire cured leaf sold at Hopkinsville. Buyers paid $6,896.72, an average of $31.85 a hundred pounds.

Hagedorn Maytag Shop To Give Portable Philgas Service In Co.

The Wm. Hagedorn Maytag Service Center, located at 856 Dixie Highway, Erlanger, announce the addition of another attractive service feature that has recently been added to their modern service and sales department—portable "easy to carry" bottled natural gas.

With Pilgas—bottled natural gas—available in small, easy-to-carry "packages" at only $1.50 each, every family can now afford the speed, cleanliness and convenience of modern gas cooking!

In addition to the advantage of buying real cooking gas in small convenient $1.50 "packages," you also get uninterrupted gas service with the Philgas Self-Service Automatic System. An almost human robot automatically changes the gas supply from an empty cylinder to the full one! No worry about exhausting a cylinder in the middle of your cake baking—no relighting of pilot lights.

In addition to the above service, a complete range sales and service has been established and they can sell, install and service your Philgas range.

CORINTH WINNERS OF 33RD TOURNEY

NEW HAVEN RUNNERS-UP—BOONE COUNTY TEAMS MAKE GOOD SHOWING — ATTENDANCE IS GOOD.

The Corinth basketball team copped the 33rd District tournament Saturday night by defeating New Haven, 38-32, in a close game at the Crittenden gym. The teams were tied, 8-8 at the quarter, but Corinth moved ahead in the second period and maintained a lead throughout the game.

Stone led the attack for Corinth with eleven points, while Knox and Shields collected seven each for New Haven.

In the initial game of the tournament Hebron defeated Dry Ridge by a score of 28-25 in an overtime period, while Burlington turned back the Crittenden quintet by a score of 38-33.

Florence was eliminated Wednesday night by the Walton five by a score of 30-37, and Williamstown defeated Mason by a 36-34 count.

High point men for Walton were Roberts with 11 and Zeph with 10. High for Florence were Zapp with 10 and Horton 8.

Gardner collected 14 points for Williamstown while Carr scored 14 for Mason.

Thursday night, Hebron, pre-tourney favorites were eliminated by the Corinth five by score of 25-23. Corinth took an early lead, the score being 7-2 at the close of the first quarter. Hebron rallied in the second quarter to lead the tourney winners 1-10. At the close of the third quarter the score was Hebron 12, Corinth 13.

Stone and Brown divided honors for the winners with eight points each, while Buckler collected nine for Hebron.

In the final game of the evening, Burlington was eliminated by the strong New Haven quintet by a score of 38-24. New Haven took an early lead and was never on the short end of the count. The score by quarters was 7-6, 18-17, 28-22 and 38-24.

Presser collected sixteen of Burlington's 24 points, while Howard was high point man for New Haven with 12.

The ninth regional tourney will be held at the Newport High School gymnasium with Corinth, Dixie Heights, Campbell County, Newport competing for the championship.

The tourney will open Friday night with two games and the finals will be contested Saturday night. Newport will meet Corinth and Dixie Heights will play Campbell County in the opening session.

The champion of the regional will represent this section in the state tourney which will be played at Louisville March 14-16.

He was brought to the office of Dr. M. A. Yelton, and then removed to Christ Hospital, where part of the finger was amputated. He returned to his home and is reported to be convalescing nicely.

BURLEY ACREAGE TO BE REDUCED

IN BOONE COUNTY BY TEN PER-CENT, ACCORDING TO MARK COOK, CHAIRMAN OF COUNTY AAA COMMITTEE.

Individual farm acreage allotments of burley tobacco in Boone County for 1946 will be reduced by 10 percent below 1945 in accordance with a recent announcement by the U. S. Department of Agriculture of a decrease of a similar amount in the 1946 national marketing quota, it was stated today by Mark Cook, chairman of the County AAA Committee.

The reduction, he said, was made possible through a recent amendment to the Agricultural Adjustment Act of 1938, and is considered advisable at this time in order to bring supplies of burley tobacco more nearly in line with demand.

"During the past two years we have seen available supplies of burley tobacco increased by approximately 200,000,000 pounds because of the record crops of 1944 and 1945," he declared. "Many burley producers have experienced sharp drops in the prices of some grades of the 1945 crop and have expressed their favor of a reduction to prevent accumulation of a tremendous surplus of burley, such as we saw several years ago."

The reduction will result in a total national acreage allotment of 558,000 acres, compared with allotments of 610,000 acres in 1945. If yields are normal, and if growers again plant about the same percentage of the allotment as they have in the past, the 1946 crop of burley should amount to about 498-500,000 pounds, as compared with approximately 603,000,000 pounds produced in 1945.

Mr. Cook also announced that the new legislation increases the rate of penalty imposed on tobacco marketed in excess of the farm's marketing quota to 40 percent of the national average sales price during the preceding marketing year. On the basis of a season's average price of 40 cents, the penalty rate in 1946 would be 16 cents per pound, instead of the 10-cent penalty in effect in the past.

In addition to the increase in penalty rate, Mr. Cook said, enforcement of the quota program will be further strengthened by measurement of burley acreages on all farms in 1946.

THE NEW BREAD; WHAT IT WILL BE

QUESTIONS ANSWERED CONCERNING EIGHTY PER CENT EXTRACTION FLOUR TO BECOME EFFECTIVE MARCH 1.

What is eighty per cent extraction flour? What sort of bread will it make? What qualities will it have? How will it affect cake and other bakery products? Will this new bread baked in American bakeries have the nutritional value that our enriched white bread has?

These are questions which people ask as a result of President Truman's Wheat Conservation order which became effective March 1. Following are some of the answers according to Mary Hood Gillaspie, Home Demonstration Agent:

The White House order is receiving a wholehearted cooperation on the part of the baking industry. Bakers and millers are taking steps to guarantee to the consumer a product fully equal in nutritive value to what he has received in the past. Enrichment of both bread and family flour will be continued.

Eighty per cent extraction, which is the Wheat Conservation Directive, means that from each one hundred pounds of wheat the miller must get at least eighty pounds of human food. Department of Agriculture experts estimate that 198 million bushels of wheat in the form of flour will be required before the next crop is harvested and milled. This amount of flour, according to traditional milling methods, which gives 72 pounds of flour and 28 pounds of animal feed for each one hundred pounds of wheat, would require 275 million bushels of wheat. Under the new extraction the same amount of flour would be milled from 248 million bushels of wheat —a saving of 27 million bushels of wheat for shipment to hungry nations.

Experimentally baked samples show that the bread will be a creamy color and will have good eating quality. It makes excellent toast. The effect of the eighty per cent extraction flour on other bakery products, including cake, is being determined now through extensive experiments. These show that most cakes will have much the same characteristics as they now have except they will not use as much and will be more porous.

Concerning the nutritional value of the products, spokesmen at the American Institute of Baking in Chicago have stated: "Great Britain has been grinding flour to eighty per cent extraction and higher. From their experience we know that the new flour is only one-half as rich in thiamine, niacin and iron as American enriched flour, and contains much less riboflavin. All of these factors are important in maintaining health. The Baking Industry, at meetings with Government officials in Washington, pointed out this fact and stated its intention to continue to add these nutrients to bread, and so guarantee consumers a product of high nutritional value."

Millers also will continue to enrich family flour so that American people can be assured of the health benefits of the enrichment program.

The high extraction order is part of a worldwide effort to conserve wheat for bread—the people's vital food. Great Britain now is using an eighty-five per cent extraction flour, and France a ninety per cent extraction.

Wm. "Bill" Sullivan has entered the business of auctioneering and would appreciate your patronage. Mr. Sullivan feels that he is able to conduct an auction sale in a fine manner and will endeavor to render you the best possible service at all times. His services will be good and his prices right.

Mr. Sullivan is a resident of Boone County and makes his home with his parents, Mr. and Mrs. Cad Sullivan. The telephone Number is 176-X.

Rev. W. M. Smith of Burlington is attending the National R. E. A. Convention at Niagra Falls, Ontario this week.

PAYMENT PROGRAM TO BE CONTINUED

THROUGH JUNE 30TH ON MILK AND BUTTERFAT, ACCORDING TO U. S. DEPARTMENT OF AGRICULTURE.

The U. S. Department of Agriculture announced Monday that the Dairy Production Payment Program, previously announced through March 1946, will be continued through June 30. Rates for the April-June period will be the same as those for the corresponding period last year.

This action means that 1946 April payments rates for milk in Kentucky will be 60 cents per hundredweight, and for butterfat 17 cents per pound. For May and June, the payments will be 25 cents per hundredweight of milk, and 10 cents per pound of butterfat. The lower payments during May and June are made in accordance with the accepted practice of decreased producer payments during the flesh season of milk production. The payments will be subject to termination or revision in the event of any general increases in price ceilings for milk and its products.

On January 29 the Stabilization Administrator announced that the general level of returns to milk producers would be maintained during 1946 at the 1945 level either by subsidy payment or by increases in price ceilings should the subsidy be eliminated. At the same time it was pointed out that it is the Government's policy to avoid price increases where possible by making termination of subsidies subject to general stabilization of the cost of living.

Under the Dairy Production Payment program, payments are made to farmers on the milk and butterfat they produce and sell. The program has operated since October 1943 to offset increased dairy production costs and to encourage a continued high rate of milk production.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

A PEOPLE IN CONFUSION

LESSON TEXT: Judges 2:7, 11, 16-23.
MEMORY SELECTION: The Lord is my helper, and I will not fear.—Hebrews 13:6.

Confusion is a word well suited to describe the world today. With the end of the war we had hoped for peace and goodwill, and what have we? We may learn from the experience of Israel the reasons for such confusion. They, too, had come into their land and should have had only peace and prosperity. Instead there were turmoil and disorder. Why?

The success or failure of both nations and individuals is ultimately determined by their attitude toward the law of God. He is always right and true. The constant factor in a world order that swings wildly from one extreme to another is his law, which is perfect and eternal.

God is no respecter of persons. Even Israel, his own chosen nation, found that observing God's law meant blessing, and failure to do so brought judgment and sorrow. No man is great and powerful enough to ignore this rule, and none is exempt from its operation.

I. The Cause—Forgetting God (vv. 7, 11).

The Lord had promised the land to them as they went in and possessed it by faith in him. He fully kept that promise in the measure that they believed him. They never did take the whole land, but that was because of their failure, not God's.

As the people of Israel took possession of the land, they went forward in the way of blessing as long as Joshua, and the elders who remembered God, kept them steady and true. We have here an excellent illustration of the power of a godly example. It is far stronger than we think.

The fact that a nation has been highly privileged and has been exalted to a place of power and honor will not save it in the day when God is forgotten. Israel no longer had God-fearing men to bring it back to the Lord, and so began its awful drifting.

We Americans are rightly proud of our great land, its mighty resources, its fine past and promising future. But what is the future to be? Oh, we say, the most glorious days are ahead! They may be, but only if we, like our forefathers who established this nation, recognize God. If we do not, America will go the way of the forgotten empires of centuries past, and that in spite of all its past achievements and its present promise.

It is a significant thing that our business and national leaders often come from Christian homes, but it is sad that they themselves are so frequently not Christians. Their lives are shaped by the teaching and influence of godly parents, but what will their children do if they are not brought up in the fear and admonition of the Lord?

II. The Condition—National and Spiritual Confusion (vv. 16-19).

The history of the period of the judges in Israel is incomplete, but what we have shows the awful condition of the nation. Not only were they in separate tribes, but the people as a whole were divided into three groups—north and south of Jerusalem, and east of the Jordan.

The moral and spiritual decay were evident in their turning to the immoral practices of Baal-worship.

One would have thought that God would give up a people so set on sinning, but he did not. He provided deliverance for Israel. That gives us courage, for we know that he has not given us up, but has provided in Christ a sure deliverance, if America will turn to him.

It is interesting to note that God works through men. Some of these judges were great men; others were just ordinary men. But each in his appointed place, at the appointed time, was God's man.

Confusion, sin and disobedience cannot be tolerated indefinitely. So Israel stubbornly went on to

III. The Conclusion — Judgment from God (vv. 20-23).

God not only will not hold a backsliding nation guiltless, but will bring judgment even if he has to turn over his people to a despoiling nation. He has instruments of individual and national chastisement, and he is ready to use them.

Notice that wherever they went the Lord's hand was against them. There is no place to flee from the presence of God. Anyone who thinks he can do it should read Psalm 139: 7-12. It can't be done. That is a comfort to the believer, but it is very disquieting to the unbeliever.

They compromised with evil, and lost not only their testimony but their very spiritual life. They forsook God and took into their friendship the enemies of God, only to find that they were their own enemies.

We are in danger now of compromise with evil, both in our personal and in our national lives. As we do —and if we do—we may expect only disaster and judgment.

NEW HAVEN HOMEMAKERS

The New Haven Homemakers' Club met at the home of Mrs. Emily Cleek, of Richwood Road on February 19th and eighteen members answered roll call with what they like about Valentines.

We were very sorry that our president Mrs. Ranson could not meet with us for the morning session. But we were honored with her presence at the afternoon session. Our vice president, Mrs. Russell Garrison took over and our meeting was carried out beautifully. We opened our meeting singing Kentucky's old favorite, "My Old Kentucky Home."

Our Home Agent Miss Mary H. Gillaspie was also present.

Our Club contributed toward the Infantile Paralysis campaign.

Our club was delighted to welcome our visitors from the Florence Homemakers' Club, Mrs. Arnold, our County President and Mrs. Fitzgerald our County Chairman of Home Furnishings. We were also delighted in having visiting members from the Walton Club, Mrs. Allen Gaines, Mrs. J. C. Bedinger and Mrs. John Vest, and hope they will come back soon again.

Mrs. Virgil Young chairman of entertainment, gave a birthday gift for the month of February to Mrs. R. H. Garrison and Sally Bell Garrison. The gifts were lovely pot holders.

We adjourned for luncheon, which was served our hostess, Mrs. Emily Cleek and co-hostess, Mrs. Will Abdon. After luncheon we convened for our afternoon session.

Our County president, Mrs. Arnold took over the afternoon session, giving us one of the most splendid reports on the Farm and Home Week, held in Lexington.

Following her report Mrs. Fitzgerald, County chairman of Home Furnishings gave a wonderful demonstration on how to blend colors and how to decorate our homes. Everyone enjoyed it so much they did not want to see the demonstration end.

Each member was given material to sew for the Red Cross, and that closed our meeting for the day.

Next meeting will be held March 18th at 10:30 at the home of Mrs. Laura Bowen.

Laura Bowen, Reporter.

HEBRON HOMEMAKERS

Members of the Hebron Homemakers' Club met at the home of Mrs. Mattie Simpson on February 13th. Roll call was answered by members. A very good account of the Farm and Home Convention was given by Mrs. Inel Anderson. She spoke on highlights and interesting events that took place while she was there.

The project lesson in "Houses Harmony" was given by Sue Rogers and Lena Mae Riddell. We received many helpful hints on pattern texture and color in decorating. The March lesson will be "Live at Home." The minor project is "Spring Style Trends."

The group is having a scrap paper drive. Anyone having any newspapers or magazines, please leave at the school any time between now and March 1st.

—Publicity Chairman.

CONSTANCE HOMEMAKERS

The Constance Homemakers met at Mrs. John Dolwick's February 6th with fifteen members, four visitors and Miss Gillaspie, Home Demonstration Agent, answering roll call with homemade Valentine.

The president presided over the regular session of business with the standing committee each giving a good report. Our president, Mrs. Oliver Kottmyer gave a good report on Farm & Home Week which she attended as a delegate of the Constance Homemakers' Club.

The major lesson of the day was "House Harmony" presented by the leaders, Mrs. Margaret Prabel and Mrs. Mary Dye, and held the interest of all present.

The next meeting will be held at the home of Mrs. John Hempfling, March 6th. Roll call to be answered with a "Memorable Event" for the month of March.

—Pub. Chairman.

RECIPE OF THE WEEK

A tasty dressing will add zest to a roast pork shoulder. Remove the bones, then sew the edges together to form a pocket as the dressing is piled in lightly. Seasoned on the outside with sale and pepper, the roast is then ready for the oven. Allow about 4 hours for a five-pounds shoulder roast at moderate temperature.

A slice of shoulder or fresh ham may be covered with dressing, then rolled and tied before roasting. Miss Florence Imlay, food specialist at the Kentucky College of Agriculture and Home Economics, suggests this recipe.

Stuffed Pork Roll

1 slice of chesh ham or shoulder 1½ inches thick, 1½ cups dry bread crumbs, two thirds cup corn bread crumbs, ½ cup celery, ¼ cup finely chopped onion, 3 tablespoons chopped parsley, two thirds cup milk, 1 egg, 1½ teaspoons salt and pepper.

Sprinkle the pork with 1 teaspoon salt and pepper. Beat the egg and add the milk. Combine the crumbs, celery and onion, then add the liquid; if too dry, add more milk. Place dressing on the pork and fold the edges over the top. Tie firmly with string. Place the roll on a rack in a roaster and sear in a hot oven, 450 degrees, for 20 minutes. Reduce the temperature to 325 degrees and cook for 1 hour uncovered, or until the meat is tender. Make gravy with the pan dripping. Remove the strings before serving.

Menu: Stuffed pork roll with dressing, gravy, baked squash, buttered cabbage, waldorf salad, wholewheat rolls, butter and gelatine dessert.

LOOKING AHEAD at ELECTRICAL LIVING
You can sit down and relax while you iron ..with your postwar
Electric Ironer

Does ironing day leave you limp and exhausted . . . all tuckered out from pushing a hot iron back and forth for hours as you shift from one tired, burning foot to the other? Then the ironing appliance that says, "Lady, be seated," is the answer to your prayers.
With an electric ironer, you can relax while you iron. You simply *guide* the pieces through as you sit comfortably in your chair. And you can iron everything from sheets to shirts with amazing ease . . . in two to four hours less time than you can iron by hand.
The electric ironer is one more example of how electrical servants save time and work . . . give you more hours of leisure. Plan now to add the appliances you need as soon as they become available. Enjoy postwar better living *electrically!*

ENERGETIC HOMEMAKERS RESTORE OLD FURNITURE

Although it is five years since the Mayslick Homemakers' Club in Mason county studied the refinishing of furniture, three of the members have continued to work together on their home improvement projects. They are Mrs. W. S. Talley, Mrs. W. P. Dye and Mrs. L. K. Helphenstine, the two last named women now being members of the more recently organized homemakers' clubs in Fleming county.

According to Mrs. Laura V. Littrell, Mason county home agent, the three homemakers have refinished or restored to usefulness more than 100 articles. Included are nine refinished tables, 14 dining room chairs, nine rocking chairs, eight beds, six dressers and chests and three buffets, in addition to many other pieces.

The women also upholstered eight chairs, made eight slipcovers, hooked 12 rugs and made a dressing table and stool. The caning of chairs is also listed in their accomplishments. Then they made six feather mattresses, boxed three sets of springs and cut down a large mattress for a day-bed.

In Lawrence county there will be an approximate increase of 50 percent in the acreage of hybrid corn planted this year.

In Allen county 3,500 pounds of certified alfalfa seed have been ordered.

WARREN FARMERS MAKE GOOD RECORDS

Farm Agent Ray C. Hopper of Warren county reports on the farming practices of 11 farmers in the Browning community:

"All of the 11 farmers last year used bordeaux on their plant beds, they grew hybrid corn and used phenothiazine in treating their sheep. Three of them bought stripping lights, five started registered herds of beef cattle and five sold eggs to the cooperative store.

"Six hundred acres in the community have been planted to cover crops, 25 acres were seeded to alfalfa last fall, 26 acres of permanent pasture have been started and 20 acres of vetch and rye planted for seed."

LOGAN FARMER HAS HIGH EWE AVERAGE

Maintaining his seven-year record among sheepmen in Logan county for establishing the top income per ewe, W. C. Howlett of the Auburn community marketed 22 lambs from 20 ewes for $489.64. Ten bought a total of $100.80, making gross income from lambs and wool of $590.44, or $29.52 per ewe. Summary demonstration flock records have been kept in Logan county since 1938, Farm Agent John R. Watlington notes.

ALFALFA-GRASS MIXTURE MAKES HAY AND PASTURE

Elic Hatler, Edmonson county, has a three-acre patch of alfalfa which he sowed three years ago along with 5 pounds of bluegrass seed. At the present time, there is at least -a- three-fourths stand of blue grass sod. Hatler told Farm Agent Stanley Hager that he is convinced that sowing grasses and alfalfa is the best method to assure him plenty of hay and establish good pasture.

Menifee 4-H Club Council Plans Recreation Center

Through the efforts of the Menifee County 4-H Club Council, a building on the town square in Frenchburg has been converted into a recreation center, parents and children cooperating in putting it in good condition. Financed by donations and subscriptions, the building is open under supervision for scheduled periods throughout the week.

ORCHARD GRASS YIELD INCREASED IN SHELBY

Results of using ammonium nitrate on orchard grass were seen on the farm of John Wallace Nuttall in Shelby county. Mr. Nuttall applied the fertilizer to about 30 acres of orchard grass in March of last year after growth had started. When the grass was cut for seed, an average of 21 bushels per acre was harvested. Farm Agent John W. Holland notes that on one fourth acre, where no ammonium nitrate was used, the orchard grass seed was not worth cutting.

IN LOVING MEMORY
Of My Dear Nephew
CHARLES E. CRADDOCK
Killed In Action January 4, 1945

Somewhere in Belgium a soldier's grave
Lies our dear "Charlie Boy",
among the brave.
He never shunned his country's call,
But gladly gave his life for all.
He died, the helpless to defend,
A faithful soldier's noble end.

You little thought when you left home,
That you would return no more.
That you in death would sleep alone
And leave us here to mourn.
You left behind thee broken hearts
That loved you so sincere.
That never did nor never will
Forget you "Charlie Boy", dear!

Missed sadly by his mother, father, sisters, brother, aunts and uncles and many, many friends that loved him dearly.

Written By His Aunt,
Mrs. Cecil G. Presser

THE GREAT TOE

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
614-616 Madison. Covington

Do you know that the great toe supports the entire weight of the body for an instant, in the last act of walking?

The foot muscles acting upon the four lesser toes preserve the balance of the body by causing the toe to grip in the shoe and in the last act of walking to give the final spring, or "take off." By their attachment the toes flex at their first (holongel) points and extend at their second and third joints. so that the ends of the toes are pressed upon and grip in standing so as to form powerful propelling levers as the body swings forward upon the toes.

Now, take off your shoes—and look at the bottom of your toes. In every case (there are few exceptions) you will see where the fleshy tissue on the bottom ends of the toes comes to a point, from being forced tight together and in many cases the toes themselves lap over one another. This is positive evidence of ill fitted and ill shaped shoes. This continued distortion of toes in many cases leads to bunions, Hommar toes and other toe defects.

Lack of balance will cause you to walk incorrectly and create strain in other parts of the body, inducing fatigue, pain and more misery, NOT ONLY in the feet, but even in the back of the neck and headaches. Resolve right now to correct this condition.

It costs you nothing for a thorough analysis of your foot problems and difficulties. Remember you can't be HAPPY with UNHAPPY FEET.—Adv.

HILL TOP

On Thursday evening Mr. and Mrs. Norman Herbstreit and Saturday evening Mr. and Mrs. Elmo Jergens entertained for the following guests: Mr. and Mrs. Henry Vahlsing of Cincinnati, Mr. and Mrs. Adam Dolwick and family of Pt. Pleasant, Miss Mabel Dolwick of Constance, Virgil Hapley, of Illinois and Mr. and Mrs. A. D. Kissick.

The Herbstreit and Jergens families, Virgil Hapley, Mr. and Mrs. A. D. Kissick, Mrs. W. D. Carder, were among the large crowd of friends who were entertained with a lovely six o'clock dinner Sunday evening at the home of Mr. and Mrs. Adam Dolwick, of Pt. Pleasant.

Saturday evening guests of the W. D. Carders were Mrs. Jennie Regenbogen and son Irvin, of Hebron and Miss Lorena Regenbogen, of Ludlow.

Mr. and Mrs. Henry Anderson were recent guests of Mr. and Mrs. Charles Moore, Sr.

Mrs. Wm. Bock spent Sunday with Mr. and Mrs. Fred Vahlsing, of Constance.

Mrs. A. D. Kissick spent Tuesday with her aunt, Mrs. Addie Aylor, of Burlington.

Mr. and Mrs. Truman Lucas called on the Otto Munts family, of Westwood, Sunday.

E. B. Anderson of Daviess county has completed building eight farrowing houses according to plans supplied by his county agent.

The sale of milk and cream brought $273,428 to Rockcastle-Southern Madison counties last year.

Where Is Your New Home Now?

Right now the home you want to build is in the tree, the iron ore pits, the clay banks and the quarry.

Legislation, HH priorities, allocations, preference rating, will not build a home. Neither will such legal juggling of a meagre supply of materials produce building materials. An HH priority may mean little more than a license to hunt home-building materials.

Lumber and building material dealers and contractors can build all the homes America needs—if building materials are available. But unless production of materials is unblocked, no one can build homes. Whether a house is labeled "Public Housing" or "Prefabricated Housing" or a "Privately Built Home"—all are bidding for the same supply of materials.

Here are the materials that must be produced. These are the materials in short supply which are subject to distribution control through priorities:

Lumber	**Common Brick**
Concrete Block	**Millwork**
Clay Sewer Pipe	**Face Brick**
Structural Clay Tile	**Gypsum Board**
Cast Iron Soil Pipe	**Gypsum Lath**
Cast Iron Radiation	**Bath Tubs**

What has happened that all these essential building materials are lacking? Have we exhausted raw material supply? Or plant production?

NO! But the irresistible force of industry has run into an immoveable body!

In the case of Brick and Tile, for example, it took the OPA six months to grant a price adjustment that allowed 125 of 400 closed plants to reopen. This action resulted in a 35% increase in production within the following three months.

Similarly, OPA's unrealistic pricing policies blocked adequate production of Gypsum board and lath, cast iron soil pipe, and clay sewer pipe for months.

Although price adjustments have been granted in the above-mentioned fields, lumber production still remains under wartime pricing formulas.

It is still more profitable for the lumber mill to cut items for export to foreign countries, or to cut logs into sizes used by industry than it is to manufacture lumber for home construction. Premium prices for industrial items have been granted in some instances during the war, but now that peace has come, price adjustments encouraging home construction lumber have not been made by OPA.

Price adjustments are needed to obtain maximum production of hardwood flooring, millwork, ceiling, siding, and plywood.

Recommendations have been made to the OPA repeatedly, but action is not forthcoming.

The Building Industry stands ready to build the homes Americans need. But until the production and flow of materials is unblocked by OPA, thousands upon thousands of homes for Americans and veterans will go unbuilt!

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

KILL FUNGI

. . . If you want to be free of many external skin infections

Fungi (parasitic vegetable growths) may cause conditions such as ringworm, athlete's foot and other infections that result in burning, itching, festering, and irritation. Relief requires destroying these growths.

Calomel and thymol-iodide, the two outstanding medicinal properties for fighting fungi, are together available in only one known ointment, called LODORAL.

That's why LODORAL works and works fast. Try it. It's the satisfaction, or money-back salve that soothes externally caused skin troubles faster than you ever thought possible. Try it—you'll be glad!

ELSMERE DRUGS

ELSMERE, KENTUCKY

HAD AWARDS been given for distinguished service on the *home front*, the overalls of many a Southern farmer would today be decorated with *service-ribbons*.

Handicapped by shortages of labor and machinery, he produced record yields of food and farm crops in the critical war years when they were needed most! He did this by working harder and longer—and by care of machinery which could not be replaced.

Peace has come—but new tractors, trucks and machinery are still *hard* to get. You'll very probably have to nurse your old machinery through another trying season.

Your Standard Oil man can help you with this. Not alone by supplying you with dependable lubricants that will give longer, more useful life to your machinery—but by furnishing you with a Lubrication Chart *tailor-made* for your own make and model of tractor.

You'll find the Standard Oil man serving your community a good man to know. He's friendly and helpful. Like the dependable products he sells, he's been a "Stand-by" to thousands of Southern farm homes for many, many years.

FREE LUBRICATION CHARTS AND FARM ALMANAC

Ask your Standard Oil man for a copy of his new 1946 Farm Almanac . . . and for a Lubrication Chart — tailor-made to your own model tractor, that takes the guesswork out of tractor lubrication.

CARD OF THANKS

We take this opportunity to express our sincere gratitude to our friends and neighbors for the kindness shown to me and my family during my recent illness. We are grateful for the many beautiful cards, flowers and other remembrances which we received. We especially thank our neighbors who rendered personal assistance during this time. May each of you be richly bleessed for your kindness. 1t-p

D. H. Norris and Family

W. A. Catron of Clinton county produced 3,340 pounds of Ky. 41 tobacco on a measured acre and a half of land.

In Loving Memory

Of our beloved wife, mother and grandmother,

Bertha Lane

who passed away March 1, 1944.

It seems like only yesterday
You smiled your very last,
We cannot seem to realize
That two long years have passed,
You bade no one a last farwell,
You said goodby to none,
Your loyal heart had ceased to beat—
Before I knew it you were gone,
Sometimes it is hard to understand
Why some things have to be,
But God in His Wisdom has planned,
Beyond our power to see.

Sadly Missed by Husband, Children and Grandsons.

IN LOVING MEMORY

Of our beloved daughter and mother, Edna Mae Heist, who passed away March 23, 1945.

It seems like only yesterday
You smiled your very last;
We cannot seem to realise
That one long year has passed.
You bade no one a last farewell,
You said goodbye to none;
Your loyal heart had ceased to beat
Before we knew it you were gone.
Sometimes it is hard to understand
Why some things have to be
But in His wisdom God has planned
Beyond our power to see.

Sadly missed by her parents, Mr. and Mrs. Fred Vahlsing. 1t-c.

WALTONIAN 4-H CLUB NEWS

The Waltonian 4-H Club held its first regular monthly business meeting at the Walton School on Monday, February 18th.

As is the usual procedure at the first meeting of the year, officers were elected. They were as follows: David King, President; Carl Simmons, Vice-President; June Doane, Secretary-Treasurer; Sgt. at Arms, Billy Smith. The project captains and leaders have not yet been elected. We hope to elect these sometime next week.

There isn't much news besides this except that this year is going to be one of the biggest and best we have ever had.

June Doane, Secretary

CONSTANCE

Miss Thelma Heist and Mrs. Ted Vahlsing called on her grandson, who has been very ill.

Irvin Hood left recently for a trip to Texas.

Shirley Hempfling is spending a few weeks in Florida.

BIRTHDAY REMEMBRANCE

Of our beloved father and grandfather, C. W. Craig, born March 8, 1880, died August 10, 1945.

More and more each day we miss you,
Friends may think the wound is healed
But they little know the heartache
That lies within our hearts concealed.
Sadly missed by wife, children and grandchildren. 1t-p

Approximately 800 farmers grew burley tobacco in McCracken county last year, Ky. 16 and Ky. 41 A varieties being the most popular.

Constance Cornerackers Meet

The Constance Corneracker Club met at the school February 25th, 1946. This was our second club meeting of the yeyar.

The president is Earl Johnson, Vice-President Joan Caseldine, Secretary Ruby Sprague, assistant Secretary Flora Johnson, Treasurer Rosie Crowley, Cheer Leaders Alice Rolph, Pearl Pohle, Glayds Rudisell, Sergeant-At-Arms Merll Pohle.

Mr. Davis talked to the boys about their projects. We have a great many boys in the 4-H club this year.

Miss Gillaspie talked to the girls about their sewing projects for this year. We have twelve girls taking sewing projects.

At the end of the meeting the boys met with Mr. Davis and girls met with Miss Gillispie to elect project captains and make plans for futher meetings.

VOLUME 70 — BURLINGTON, KENTUCKY, THURSDAY, MARCH 14, 1946 — NUMBER 37

APPROVAL GIVEN AIRPORT LOAN

OPERATION OF NEW AIRPORT EXPECTED TO BE IN FULL FOECE BY JULY 1—LOAN IS GRANTED BY RFC.

The Reconstruction Finance Corporation, Washington has agreed to grant a loan of $200,000 to the Greater Cincinnati Airport, Boone County, according to announcement made last week by Rep. Brent Spence, of Ft. Thomas.

Complete operation of the new airport is expected by July 1 as a result of a three-way financial arrangements made between the airport board, the RFC and three nationally known airlines.

The loan was made for construction of an administration building and other facilities at the airfield. The RFC agreed on the loan on the basis of revenue bonds to be issued by the board as security and after three airlines, American Air Lines, Transcontinental & Western Air Lines and Delta Air Lines, granted a $200,000 loan to the board.

The RFC previously had declined to approve a loan of $400,000 for the building on the ground that the Airport Board could not levy taxes to obtain funds to repay the loan. Rep. Spence working with Senator Alben W. Barkley of Kentucky, had applied for obtained a rehearing of of the application for a loan.

Loans made through the RFC, airlines and the operator of the restaurant and other concessions will supply the $400,000 originally requested by the Airport Board from the R. F. C. Northern Kentucky officials were jubilant when the decisions was announced. They promised that as a result Greater Cincinnati would soon have an airport without hasards in full operation.

Equipment Inspected By Boone Orchardmen

Boone County orchardmen saw latest fruit spraying and grading equipment in operation in a tour and field meeting last Tuesday. W. W. Magill, orchard field agent from the College, addressed the group on latest in good orchard management and practice.

Charles L. Hempfling and son, of Taylorsport gave a demonstration of his new one-man operated power driven propeller sprayer that is estimated to spray from 25 to 30 acres of orchard daily. A new power driven duster was seen at the C. L. Hempfling and Son farm and the latest small orchard equipment at the Emmett Riddell farm.

Magill advised growers that D. D. T. was not recommended in Kentucky's 1946 spray program. Proper and timely use of the present recommended program will produce clean fruit of top market quality. A series of spring and summer field meetings in Northern Kentucky were planned. The purpose of these meetings will be to see and study special problems of production being encountered in the orchards. The first of the meetings will be held in Boone County on Tuesday, April 30th.

AIRPORT HAS BUS SERVICE

FROM ERLANGER—WILL SERVE AIRPORT WORKMEN AND RESIDENTS OF THAT AREA—SCHEDULE ANNOUNCED.

The Dixie Traction Co., inaugurate limited bus service from Erlanger to the Greater Cincinnati Airport near Hebron, beginning Monday of this week, it was announced.

Buses will serve the airport workmen and the people in that area. However, it is expected that on Sundays many people will take advantage of this bus service to do sightseeing and view the facilities of the airport. When patronage justifies, extra service will be added.

On the daily schedule, buses will leave Commonwealth avenue and the Dixie Highway at 7:10 a. m. and leave the airport at 7:30 a. m. to return to Erlanger. Another bus will leave Erlanger at 4:10 p. m. and the airfield at 4:30 p. m.

The Sunday sightseeing schedule includes two bus trips. The first will leave Erlanger at 2:40 p. m. and return at 3 p. m. The second will leave Erlanger at 5:10 p. m. and return from the airfield at 5:30 p. m.

Growers Urged To Produce Quality Weed

Russell Hunt, tobacco specialist from the College, urged growers to stress quality in their production practices for 1946. Seventy-five growers attended the county meeting at Burlington last Friday evening.

Quality will pay greater dividends this year, according to Hunt. Farmers can produce higher quality by controlling diseases, properly balancing their plant food, allowing their crops to ripen before cutting and in general carrying out those practices which they already know. Practices recommended by Hunt included:

1. Selecting of a good Root Rot resisting variety including one of the following: Kentucky Experiment Station 16, 19, 22, 41A or 52. Use No. 33 where Fusarium Wilt is a problem.

2. Secure a new plant bed site in the open and treat early with Bluestone-lime. Tobacco canvas is hard to get—order now. Old canvas will not likely carry Blue Mold.

3. Use rich land, 7 to 15 loads of manure, 500 to 1000 pounds of complete fertiliser. Use Vetch as a green manure crop where possible.

Plans are to hold a late summer meeting to study harvesting and curing practices.

Mrs. Flora Rodamer

Funeral services for Mrs. Flora Rodamer, lifelong resident of Constance, were held at the Church of the Brethren, Constance at 2 p. m. Friday. Burial was in Peono Cemetery.

Mrs. Rodamer, who was 52, died Tuesday at her home, following a long illness.

She is survived by her husband, Andrew Rodamer; a daughter, Mrs. Hilda Fleck, Cincinnati; three sons, Lawrence, Burlington high school principal; Milton and Kenneth Rodamer; her father Samuel Peono; two sisters Mrs. Grace Lane and Myrtle Reeves; a brother, Irvin Peeno, and three grandchildren, all of Constance.

J. Carter Snell

J. Carter Snell, aged 76, of 329 Spring Grove Ave., Cincinnati, died Friday morning while visiting his cousin, Mrs. Elsber Martin, Crescent Ave., Erlanger, Ky.

He is survived by one son Silas Snell, Cincinnati; two daughters, Mrs. Margaret Motz, Cincinnati, O. and Mrs. Birdie Smith, Owen County.

He was a native of Grant County and a member of Keefer Christian Church.

Funeral services were held at the Tallaferro funeral home, Erlanger, Monday at 10 a. m., with Rev. Sparks officiating. Burial was at Keefer, Ky.

Elizabeth G. Bradley

Elizabeth Green Bradley, wife of Thomas C. Bradley passed away at her home, 2668 River Road, Cincinnati, on Feb. 28 after six weeks' illness of a heart ailment.

She was a native of North Bend Bottoms, Boone County, living most of her life in Cincinnati. Her husband is an employee of the New York Central Railroad.

She leaves to mourn her passing, her beloved husband; one daughter Mrs. Helen Wehmeier, of Price Hill, Cincinnati; one son Earl Bradley and a grandson of Ysypliante, Mich.; two sisters, Mrs. Ida Seamen and Miss Irene Green; and three brothers, John and Walter E., and Joseph Green.

Services were held at the John J. Radel funeral home, 652 State Ave., Monday, March 4th. Burial was at Bullitsburg Cemetery.

Church Receives Beautiful Gifts

The Methodist Church of Florence was the grateful recipient recently of a beautifully bound pulpit Bible and matching Methodist hymnal, given in memory of Mrs. Anna Wightman Bradford, who was a faithful member of that church for many years.

The hymnal came from her daughter, Mrs. A. G. Stone, and Rev. Stone, of Lexington, and the Bible from a niece, Miss Daisy B. Watson, of New York City. Both gifts were dedicated at the morning service, March 3, 1946, and are much appreciated by pastor and members.

Mr. and Mrs. Ben Kottmyer, William Anderson and Mr. and Mrs. Henry Siekman were Sunday guests of Mr. and Mrs. Vernon Anderson, of Hebron.

FOUR-H LEADERS PLAN '46 PROGRAM

IN MEETING HELD AT BURLINGTON SATURDAY — ELEVEN LEADERS AND GUEST SPEAKERS ADDRESS GROUP.

Boone County 4-H adult community and project group leaders placed rural youth and youth training as fundamental in building the better county of tomorrow. The leaders met in an all-day conference at Burlington last Saturday.

Eleven leaders and guest speakers addressed the group on 4-H youth problems and club organization problems. Brief statements of speakers were as foloiws:

A. B. Renaker, representing the banks of Boone County, "The banks are interested in our boys and girls and in maintaining a strong economic program." Mr. Renaker awarded the Banks of Boone County trophies to Walton 4-H Club for outstanding 4-H Club achivement in the high school group during 1945 and to Constance Cornerackers' 4-H Club for outstanding achivement in grade school group during 1945.

Mrs. Sibbia Relmer, County school attendance officer stressed the importance of pratical education through 4-H project work. This practical training is of equal importance to classroom instruction.

Walter King, president of the Boone County Farm Bureau, stressed the importance of training youth to think in terms of cooperation and working together in solution of common problems.

Mrs. J. C. Acres, Hamilton Silver Leaders 4-H Club leader, advised the group that parents are influenced and learn much from members who carry out projects in improved agriculture and home economics. Many adults are prejudiced against using improved practices but will learn through helping their children.

Judge C. L. Cropper stated that Boone County youth had never presented a juvenile delinquency problem to the local courts. There is a marked increase in delinquent youth from other areas coming into the county. Programs that build for better citizenship and leadership will keep Boone County a good place in which to live.

Bill Davis, Assistant County Agent, reported one hundred ninety-seven members had enrolled in 352 agricultural projects under the supervision of 25 adult project leaders and 27 community club leaders.

Mary Hood Gillaspie, Home Demonstration Agent, stated that 265 girls had enrolled in approximately 400 home economics projects under the supervision of 35 adult leaders.

H. R. Forkner, County Agent, outlined the long-time goals of the local 4-H Club program. Two goals given special emphasis: (1) Developing in youth an understanding and appreciation of nature and its possibilities to produce more abundantly and more efficiently and (2) developing of rural pride.

E. E. Fish and Miss Ruth Latimer of the State 4-H Club office reviewed the County, State, and National 4-H Club events scheduled for this year. Mrs. W. E. Davis assisted in group singing and games.

Twenty-eight leaders attended the conference. John E. Crigler, new president of the County 4-H and Utopia Club Council, presided at the meeting. Crigler opened the meeting by stressing the importance of adult leaders in carrying out the 4-H program. Prof. D. H. Norris who served as efficient chairman of the 4-H and Utopia Club Council for thirteen years was given special recognition during his brief visit to the meeting. The next county leaders' conference will be at the annual 4-H Spring Rally on May 25th.

ADULT CLASS OF FLORENCE METHODISTS WILL MEET

The adult class of the Methodist Church will meet Wednesday night, March 20th. A speaker and special music from the city has been secured. Dinner is being served at 6:30 and all members are urged to come and bring their friends.

Mr. and Mrs. W. B. Cotton and Mrs. James Reed, of Latonia, Mr. and Mrs. John Conner and son, of Hebron and Mr. and Mrs. Wilton Stephens were dinner guests Sunday of Mr. and Mrs. W. L. McBee and son.

Mr. and Mrs. Eddie Easton and Mrs. Susie Stephens spent Sunday with Mr. and Mrs. Roscoe Akin and family.

SEND YOUR ITEMS TO US FOR PUBLICATION

Each week there are many news items of interest in communities throughout the county that escape our notice and consequently do not appear in these columns.

It is our desire to serve the entire county, and to give our readers all the news possible, but without your cooperation this is impossible. We urge each subscriber to report items of interest in his or her community.

Many times there are deaths in a community that are never called to our attention. Many times there are fires, and many other happenings that are of interest to everyone in the county. If these happenings are reported to us we will publish them, thereby giving your paper added interest.

We will appreciate your cooperation.

Burlington High Seniors Will Present Play Friday, March 22

On Friday evening, March 22, at eight o'clock the senior class of the Burlington high school will present in the Burlington school auditorium, a new comedy, entitled "This Daring Young Man."

According to story of the drama, young Pat O'Reilly III dreams of following in the footsteps of his father, a famous musical comedy star of days gone by. Pat makes his home with an aunt and uncle, who frown on his ambition to lead a swing band. They own a theatre and needing money to hold on to it, they go to New York to borrow some from a rich relative. This is Pat's opportunity and the story of how he and his "Rhythm Rascals" overcome obstacles and put the theatre on its feet again provides three acts packed with humor.

Sixteen seniors compose the cast. Charles Shinkle is the erating uncle, and Betty Ryle, a modern mother, is his wife. Marjorie Garrison is their attractive, strong-minded daughter, and Agnes Stephens, who likes to do "imitations," is her younger sister. Jimmie Wonderly, Irish, is "this daring young man" who leads the band. Willa Deck is the Irish servant. Harold Presser manages the theatre and talks a blue streak. Hansell Ashcraft, sophisticated stranger, is mistaken for a racketeer. Imogene Presser plays the part of Aunt Minstern, prim and victorian. Betty Gulley is a hard-boiled young woman and a theatre usher. Pat's band, the Rhythm Rascals, consists of Imogene Rouse, tuba; Seburn Scott, banjo; David Clore, piano; Melvin Wingate, saxaphone; Pauline Rouse, clarinet; and Ruby Ryle (colored) trumpet.

Twins Born To Aylors

Mr. and Mrs. Wm. Wesley Aylor, Union are proud to announce the arrival of a fine pair of twins, born at the St. Elizabeth Hospital on Feb. 18th, delivered by Dr. Harry R. Daugherty at 11:21 and 11:26 a. m. The older, a boy, weighing 7 pounds 8 and three-fourth ounces has been named Kenny Ray, and the younger, a girl, weighing 7 pounds, Janny May. This happy couple also have another son Jerry Wesley, 4 years, who could not be more proud. How thankful they are!

Mrs. Vodia Maynard spent the week-end visiting her sisters Mrs. P. E. Kline and Mrs. Herman Wentz, of Cincinnati.

PASTURE, HAY MEETING FRIDAY

WILLIAM C. JOHNSTONE WILL LEAD CROP PRODUCTION DISCUSSIONS—IMPROVED METHODS TO BE OUTLINED.

Boone County farmers will hold a pasture and hay crops meeting at Burlington courthouse on this Friday, March 15th from 10:00 a. m. to 3:00 p. m., according to H. R. Forkner, County Agent. The meeting will be devoted to the production of better corn, pasture and hay crops and new methods of curing higher quality hay.

William C. Johnstone, field agent in agronomy from the College, will lead the crop production discussions. New varieties, improved strains, fertilisers, and rotations for better crop yields will be discussed. Johnstone is considered an authority and an interesting speaker on his subject.

Charles L. Hempfling, farmer in North Bend bottoms, will discuss his fertilizer and management program that netted 118 bushels of corn per acre the past year on approximately 100 acres, and around 100 bushels per acre the past three years.

C. Liston Hempfling, owner of the first one-man pick-up baler in the county, will give experiences with this new method of hay making. He has had wide experience with this equipment and this subject will be of interest.

Prof. J. B. Kelley, head of the Agricultural Engineering department, has helped develop several features of the Kentucky program for curing hay in the barn through use of forced air. He will demonstrate models of the equipment and discuss methods of operation. Barn curing of hay gives promise of bringing in a new era in hay making. The highest quality of hay obtainable is secured through this method.

The above meeting was planned in Boone County's Agricultural Improvement program. It will offer all farmers an opportunity to hear the latest and best recommended practices in corn, pasture and hay production. All farmers are invited to attend. The meeting will start at 10:00 a. m. and close at 3:00 p. m.

Homemakers' Training Class Scheduled March 20

House harmony leaders of the Homemakers' Clubs will attend a training class next Wednesday, March 20th. Two leaders from each of the clubs will meet at the Town Hall in Florence, 10:30 a. m. to 3:0 0p. m:

"Using Available Space" will be discussed by Miss Vivian Curnutt, Home Furnishings Specialist, University of Kentucky. Plans have been made to show various types of storage space. Leaders are planning to make one storage article, probably book shelves. Also each leader will have the opportunity to refinish a waste basket.

All are invited to attend any local meeting in April for the storage lesson, according to Mary Hood Gillaspie, Home Demonstration Agent.

BURLEY SEASON CLOSES FRIDAY

LEXINGTON MARKET WILL BE LAST TO CLOSE—AVERAGE FOR SEASON REPORTED AS $39.72 HUNDREDWEIGHT.

With the final week of the 1945-46 burley tobacco season at hand, the State Department of Agriculture reported sales in Kentucky to date have aggregated 402,129,147 pounds for $159,744,623.48, an average of $39.72 a hundredweight.

Only the market at Lexington continues in operation. It will close for the season after auctions Friday.

Final sales were conducted last week in Hopkinsville, Owensboro and Paducah, the only markets in addition to Lexington which remained open. Maysville, which had its last scheduled sale previously, conducted a clean-up auction Thursday.

The U. S. Department of Agriculture, reporting for the entire burley belt, said season's sales thru March 8 totaled 602,601,504 pounds at an average of $39.45 a hundredweight. Of the total poundage Tennessee's share was 132,374,617 pounds at an average of $39.43, and that of states other than Tennessee and Kentucky, 68,783,751 pounds at an average of $38.05.

Local Property Exchanged During The Past Week

Several pieces of property have changed hands during the past week, according to information reaching this office Tuesday.

Hugh McArthur sold his house and 1 acre of land at the corner of Highway 18 and Woolper Road, 4 miles west of Burlington, to Mrs. Lutie Aylor of Florence. Mrs. Aylor rented the property to Mr. and Mrs. J. S. Butler, of Florence for this year.

C. R. Kite sold his store property and stock of merchandise at Belleview to Hugh McArthur.

Mrs. Lutie Aylor sold her house and lot in Florence, recently purchased from Mrs. Lizzie Utz, to Mrs. Ann Conner.

These sales were made through A. B. Renaker the past week.

Charley Dolph sold his garage in Belleview to his son Garnett, but will continue to operate the cabinet making business there.

Charley Dolph purchased the Bernard Rogers house and lot in Belleview, it was reported.

Fiddler's Contest To Be Held At New Haven

An Old Fiddler's contest and Amateur Night" will be given at the New Haven school Friday night, March 15th, 8:00 p. m., it was announced this week.

An evening of entertainment is promised those attending this performance, and awards will be given the winners of the contests.

LABOR SAVING DISPLAY APRIL 19

BY FARM LABOR OFFICE AND LOCAL DEALERS IN FARM EQUIPMENT—RURAL PEOPLE URGED TO ATTEND.

A farm and home labor saving equipment display will be held at Walton high school on Friday night, April 19th and Saturday, April 20th, according to H. R. Forkner, County Agent. The display will be made by the State Farm Labor office and local dealers in cooperation with the Boone and Kenton County Extension Services.

Original plans were to hold this display at the County Fair but when this was found impractical, the bi-county meeting was planned. Labor saving practices were originally stressed as a war-time necessity, but are appreciated as important in all phases of farm and home work. All rural people are urged to make plans to see this display that will involve hundreds of pieces of equipment.

Why Don't We Have Lumber FOR HOME BUILDING?

There are plenty of trees, plenty of lumber mills, but very little lumber for Home Building. WHY?

Here are the simple facts behind the lumber shortage—these facts are stopping Home Building:

1. Over 50% of our lumber was once cut by small mills. Thousands of these mills were put out of business during the war by OPA ceiling prices. OPA still clings to wartime policies and these mills are still out of business.
2. OPA's blind "hold the line" policies, plus lack of enforcement, have led to the development of a huge Black Market in lumber. "Black Market" lumber is lumber that costs the people more money than they would pay if lumber were flowing to them through the normal channels of distribution—the retail lumber dealer.
3. Wartime ceiling prices made it profitable for the lumber manufacturer to cut sizes of lumber suitable for war uses, but not suitable for home construction. As OPA continues this unrealistic policy, manufacturers continue to cut lumber sizes which are unsuitable for home construction. In some cases premium prices granted by OPA encouraged production of lumber not usable for Home Building. Proper peacetime adjustments have not yet been made to encourage production of home construction lumber such as flooring, ceiling, siding, millwork, plywood—all essential items in home construction. This situation affects all lumber production.
4. The manufacturers of lumber have been provided with a a hidden premium on export lumber. The OPA has made it more profitable to produce lumber for export to foreign countries than to produce lumber for home construction.

These are merely examples from the lumber field which indicate the type of OPA action that is blocking the production of home building materials in many fields.

The fact remains that home cannot be built by any industry or Government agency without materials.

Homes cannot be built without lumber—whether that home be wood frame, brick, concrete, or stone.

The lumber and building material dealers, and the contractors of the nation can build all the homes needed—if they have the materials. But the flow of materials must be unblocked. Only increased production of building materials can solve the so-called housing problem and the unrealistic pricing policy of OPA is the biggest present block to increased production!

• • •

Any government program that does not FIRST remove the obstacles blocking production of materials will simply add additional difficulties to the problem facing the building industry.

LOOKING AHEAD at ELECTRICAL LIVING
You can wash dishes without wetting a hand in water
. . . with an automatic
Electric Dishwasher
Here's the appliance that puts an end to dishpan and tea towel drudgery.
With an electric dishwasher, you simply put your dirty dishes, glasses and silver in the large easy-loading racks, turn the simple controls and in 10 minutes or less everything is clean and shiny, dried, ready to put away. Actual tests show that it saves two-thirds of your dishwashing time . . . and you don't have to wet a hand in water.
Many models wash up to 57 pieces (dishes, glasses) at one time—plus 65 to 70 pieces of silverware. Greasy pots and pans, too, are thoroughly washed, rinsed and dried—another nasty chore you'll be glad to be rid of.
By all means include an electric dishwasher in your plans for better electrical living. For time-saving convenience, it's almost without equal.
Electrical Living Is Better Living
The electric dishwasher is only one of many electric servants that will save you time and work the year around. Plan now to add the appliances you need when they become available. Electrical living is better living!

CONSTANCE CORNCRACKERS SEWING CLUB

The Constance 4-H girls met at Mrs. Kenyon's home Wednesday afternoon March 6th. We talked over our projects and how to make different kinds of stitches.

All members were present with the exception of two. Those present were Rosie Crowley, Gladys Rudicill, Flora Mae Johnson and Pearl Pohle.

We're planning to begin our projects as soon as we obtain material for the work. We planned to make a better club this year and also a group of better members.

Flora Mae Johnson, Reporter.

4-H CLUBS PLANT MEMORIAL TREES

Commemorating the lives of 4-H club members who died in World War II, 4-H clubs in 21 counties in Kentucky have set out more than 345 memorial trees. Perry, Whitley, Knox and Breathitt counties have each put out more than 50 trees. Selecting long-lived, hardwood varieties, the members planted oaks, ash, sugar maple, sweet gum, tulip poplar and black walnut. The trees will be appropriately labeled when they have made satisfactory growth.

The Greatest Mother In The World

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

Mother nature gives the birds microscopic eyes to see tiny grain from a distance, and how she cares for us humans.

For instance, when we bruise our feet by wearing poorly constructed or ill fitted shoes. Nature sets up protective layers, corns callouses and bunions, at the point where the attack is directed, and by means of pain telegraphs the brain that danger is at hand and how do we respond to nature's signal? Usually, by padding these protective layers, or paring them. This of course, does relieve the pain but does NOT remove the cause of the trouble. Corns, callouses and bunions are merely symptoms telling you there is something wrong inside your feet.

Permanent relief will be obtained when you relieve pressure on delicate nerves and tissue, when you straighten up weak, inrolling feet that throw the strain of weight bearing into the outer arch. So, if you would really get at the bottom of your foot ills, by all means, see our foot comfort specialists—they will make a scientific foot analysis of your foot. Then foot comfort is absolutely assured.—Adv.

GRANT TRUE BLUE CLUB

The Grant True Blue Club met Monday morning March 11th for business. The meeting was called to order by our president Clarence Rogers and we repeated our Club Pledge and sang "America." Twenty three members answered roll call and four visitors were present.

Miss Gillaspie and Mr. Davis were with us and they helped us plan our work.

Miss Pottinger reported on the leaders' meeting. The various captains reported on work and Miss Gillaspie presented Angie McDaniel with a medal for achievements in caning for 1945. With no further business the club adjourned

Vera Dean Scott, Reporter.

The February meeting of Monday 18th was as follows:

Meeting called to order by Miss Gillaspie as our past president had entered Burlington high this year, and the following officers were elected: President, Clarence Rogers; vice president, Nellie Purdy; secretary and treasurer, Vera Dean Scott; song leaders, James A. Stephens and Elzie Louden, Jr.; sergeant-at-arms, Ethan Rogers; community club leaders, Miss Rachel Pottinger, assisted by Mrs. Wolfe.

After election various project groups met together and elected their captains and leaders and planned their meeting dates. We were glad to have with us our new Assistant County Agent, Bill Davis, he talked with us concerning our projects. The meeting adjourned.

Vera Dean Scott, Reporter.

The Grant True Blue sewing project can report three meetings with their leaders, Mrs. Scott and Mrs. Kirtley meeting each Friday afternoon. Unit I is very busy making pin cushions and equipping their sewing boxes; Unit II, cutting and fitting their slip and Unit III working on play suit. Unit IV reports having difficulty finding material but the planning of their patterns is taken care of.

Mary Jean Stephens, Reporter

The dairy subsidy payment to 390 farmers in Pulaski county, for a three months' period, amounted to $6,767.

About 60 percent of Edmonson county farmers lost thousands of dollars last year when they grew tobacco that was not root-rot or fusarium wilt resistant.

...so don't blame your Implement Dealer!

YOUR implement dealer had planned and expected to have his display floor filled with new implements and tractors weeks ago. And we had planned to make them—had told our dealers and our farmer customers they would have new equipment and plenty of service parts for the 1946 spring work. And we had hoped to sell these machines at no advance in price.

Real Production Had Started

When the war ended, our organization bent every effort to increase production, with the result that in the last months of 1945 machinery was being built in very substantial quantities. Here are a few figures:

ITEM	PRODUCTION NOV. 1945	DEC. 1945
Tractors	7,271	7,432
Combines	2,345	2,526
Cultivators	3,482	3,308
Hay Loaders	209	982
*Plows	6,185*	6,702*

*Plows are made in our Canton and Chattanooga Works, which are not on strike. January production was 7,747 plows.

Both your dealer and we were encouraged by this production picture at the turn of the year. But the strike changed all that. As you know, the CIO United Farm Equipment & Metal Workers of America called a strike in ten of our plants, on January 21, 1946.

What Is The Strike About?

Wages are a basic issue. At the time of the strike, Harvester employes were among the highest paid workers in American industry. When the strike began, the average hourly earnings in the ten plants, not including overtime, were $1.15½. If present wage proposals are adopted, this figure will become $1.33½ per hour.

When the strike began, negotiations were broken off by the Union on the issue of compulsory union membership. The Company has no desire to weaken the Union. It recognizes certain reasonable needs of the Union. But the Company does oppose *compulsory* unionism. It feels strongly that an employe's membership should be a matter of his own choice.

Material Costs and Price Relief

Wages and materials are the great costs of operating our business—together they consume all but a few cents of every dollar the Company takes in. Wages are obviously going to be high—and nobody knows just how high material costs will go.

In the face of rising costs of materials, the Company does not see how it can pay the wage increases recommended by a Government fact finding board until it has definite and satisfactory assurance from the Government that reasonable price relief will be granted to the Company within a reasonable period of time. This matter is of such importance that it will not be discussed here, but will be covered by future advertisements devoted to both prices and profits.

Speaking for our dealers and ourselves, we can assure you that no customer is more eager than we are to resume production. We are doing and shall continue to do everything in our power to bring about a fair settlement as soon as possible.

KILL FUNGI
... If you want to be free of many external skin infections
Fungi (parasitic vegetable growths) may cause conditions such as ringworm, athlete's foot and other infections that result in burning, itching, festering, and irritation. Relief requires destroying these growths.
Colored and thymol-iodide, the two outstanding medicinal properties for fighting fungi, are together available in only one known ointment, called LODORAL.
That's why LODORAL works and works fast. Try it. It's the satisfaction, or money-back salve that soothes externally caused skin troubles faster than you ever thought possible. Try it—you'll be glad!

BURLINGTON HOMEMAKERS

The Burlington Homemakers met at the home of Mrs. Lelia Kite, March 7th with 16 present. The meeting was called to order by the president, Mrs V. Pope. Roll call was answered by "Live at Home" motto. Our business session was in order.

We were asked by Mrs. Cropper to sew for the Red Cross. We adjourned with our grace song for the lunch hour. Mrs. Kite invited us into the dining room, where we had a bountiful lunch.

After the lunch hour we convened for our afternoon session. Mrs. V. Pope and Mrs. M. M. Lucas gave the lesson on "Live at Home," how to grow good gardens and how to have profitable results in poultry raising. Mrs. Yelton gave a wonderful historic talk on our neighboring country, Mexico.

We wish to thank Mr. Luther Smith and Miss Mary Bess Cropper for their kindness in taking the clothing that was brought in at Burlington for the clothing drive, to Florence.

Our meeting was closed after three new members were enrolled. Our next meeting will be held April 4th. Evetyone is cordially invited to attend.

Mrs. M. M. Lucas, Reporter.

FLOCK TOPS COUNTY PRODUCTION RECORD

For the third successive month, the flock of 116 New Hampshire hens belonging to David Criswell topped the production list in Carter county with 22 eggs per hen. Farm Agent R. H. King says Criswell's record book shows total receipts on the flock for the month amounted to $105.10 with expenses $54.65, leaving a profit of $50.45.

CARD OF THANKS

We wish to take this opportunity to thank all of our neighbors and friends for their acts of kindness shown to us during the illness and death of

Flora Rodamer

Especially do we wish to thank Drs. Nunnelley, Bell, Weber, for their services; donors of the floral offerings; Rev. Erbaugh; Click and Stoner for their consoling words, and J. J. Radel for the manner in which they conducted the funeral.

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

VOLUME 70 — BURLINGTON, KENTUCKY THURSDAY, MARCH 21, 1946 — NUMBER 38

LOANS AVAILABLE TO LOCAL FARMERS

FOR CROP, FEED, AND POULTRY THROUGH EMERGENCY CROP AND FEED LOAN DIVISION OF FARM ADMINSTRATION.

S. Q. McGray, Field Supervisor of the Emergency Crop and Feed Loan Division of the Farm Credit Administration for Boone County announces that loans are available for eligible farmers who are unable to secure credit from banks, PCA, or other local lending agencies on reasonable terms and sufficient to meet their productoin needs. These loans are divided into three distinct classes: crop, feed, and poultry.

Crop Loans

Crop loans may be made for the actual production costs of such crops as corn, soybeans, oats, cotton, tobacco, hay, fruits, potatoes, tomatoes, beans and other truck crops grown for market. The money may be used for such production costs as seed, feed, fertilizer, fuel oil for tractors, spray material, minor repairs, and planting and harvesting expenses. The security requirement is a first mortgage on the crops to be grown.

Feed Loans

Feed loans are made for the purchase of such feeds as are usually fed to commercial stock, such as hogs, beef cattle, breeding stock or livestock, the product of which will be sold, such as dairy cattle, sheep being maintained for sale of the wool or lambs, or for the production of feeds such as hay, oats, corn, ensilage, or other popular feed crops. The security required for feed loans is a first lien on all stock that will be fed.

Poultry Loans

Poultry loans may be secured by farmers who have facilities, such as houses, brooder stoves, watering and feeding equipment, sufficient to care for the poultry. The money may be used for the purchase of feed, medical and incidental supplies, for feeding young chicks or turkeys being grown for the market, or the purchase of feed and incidental supplies for a flock kept for the production of eggs. Security for poultry loans is a first mortgage on all the poultry to be fed.

Terms

Crop, feed, or poultry loans become due and payable upon the sale of the crops, livestock, poultry or eggs, or upon October 31, 1946, whichever comes first. The interest rate on all loans is 4 percent and is deducted in advance to October 31, 1946.

Where To Apply

See your County Agent at Bank building, in Burlington. If further information or personal interview is desired, write to S. Q. McCraw, Field Supervisor, at 421 Federal Bldg., Lexington, Ky.

TOWN BOARD O. K.'S THEATER

FOR FLORENCE — ESTIMATED COST OF PROJECT IS $100,000 ACCORDING TO THEATER OFFICIALS.

Town trustees of the town of Florence have granted permission for the erection of a drive-in-theater a project of the Ernst Realty Co., Covington. The project is expected to be completed by July 1, according to announcement by Thomas Hill and William Macklin, officials.

Engineers have been taking levels on 21 acres of land on the Rouse and Foote properties, lying east of the new strip on the Dixie Highway at the north end of Florence, purchased from Robert Rouse, William F. Foote and V. M. Leach by the Ernst Realty Co.

The location is ideal for the theater, as it is one of the highest spots in the area. Semi-circular rams, gradually widening to the rear in order to provide perfect vision, will be placed around an 85-foot screen. There will be space for 765 automobiles and seats for patrons without cars.

All modern equipment will include speakers that may be attached to the inside of each automobile, and the latest design of outdoor projector.

Titles of the property were being checked, and if found clear, work is expected to begin this week. Estimated cost of the project is $100,000.

Enough ground is being held in reserve should it become necessary for enlargement of the space to accommodate about 1,000 cars.

MEETING SERIES PLANNED FOR CO.

TO SIGN 1946 AGRICULTURAL CONSERVATION FARM PLANS IN TEN COMMUNITIES—LAST MEETING DATE MARCH 28.

A series of community meetings are being held to sign the 1946 Agricultural Conservation Farm Plans in ten communities in the county. These meetings started Wednesday, March 20, and will continue through Thursday, March 28th.

Orders for limestone and phosphate will be taken at these meetings. Phosphate is not as limited as it was in 1945 and orders are being taken for the full soil building allowance. Limestone dealers who will deliver limestone as grant of aid in Boone County in the A. C. program are S. H. Graves, Hebron, Ky.; Val B. Dolwick, Florence, Ky.; and Dance Bros., Walton, Ky. Farmers are urged to place their orders for material now, if they wish material to be delivered this spring.

Information is also being requested on the farm plans for certain important crops and for livestock production for both years 1945 and 1946.

The schedule of community meetings is as follows:

Walton, March 20, 9:00 a. m. to 3:00 p. m., Bank basement.
Verona, March 21, 9:00 a.-m. to 3:00 p. m., Bank.
Union, March 22, 9:00 a. m. to 3:00 p. m., Bank.
Beaver, March 22, 1:00 p. m. to 3:00 p. m., Store.
Hebron-Constance, March 23rd, 9:00 a. m. to 3.00 p. m., Bank.
Hamilton, March 25, 9:00 a. m. to 3:00 p. m., School.
Petersburg, March 26, 9:00 a. m. to 12:00 noon, Bank.
Grant, March 26, 1:00 p. m. to 3:00 p. m., Bank.
Florence, March 27, 9:00 a. m. to 3:00 p. m., Bank.

Modern Woodmen Elect Officers

The Modern Woodmen of America held their election of officers on the regular meeting night, Thursday, February 21 at the Burlington Hall. The following officers were elected:

Counsel, Robert Clore; Past Counsel, Elijah Stephens; Advisor, Leslie McMullen; Banker, A. W. Weaver; Escort, Willard Stephens; Sentry, Ted Hambrick; Watchman Howard Lizer; Trustees, Geo. Bradford, A. G. McMullen, A. B. Renaker.

The new officers are planning to organize a Forster team and confer the degree work. Several candidates are waiting for their degree work at this time, and all members are urged to attend the next meeting to be held at the lodge hall in Burlington Hardware building on Thursday, March 21 at 8 o'clock.

Sugar Stamp No. 9 Good For Five Pounds

Spare Stamp No. 9 in Ration Book Four or in the single-sheet sugar ration book is now good for 5 pounds of canning sugar. The stamp will be good through October 31, 1946, Geo. H. Goodman, Kentucky OPA District Director, announced.

It is expected that a second home canning sugar stamp will be validated in late June or July, but the total amount for home canning won't exceed 10 pounds per person at the outside. "Housewives are urged to continue to budget their sugar for actual home canning as there is no additional sugar in sight at this time aside from the stamps being validated. The sugar supply is still uncertain," Goodman said.

Stamp No. 39, for regular use, is good now and the next regular sugar stamp becomes good May 1.

Many people continue to come to the local Price Control Board for additional sugar. The local Price Control Board does not issue sugar stamps. The regular sugar ration books are issued only by the District Office in Louisville.

Merchants are advised to check stamps carefully for correct number. They should not accept mutilated stamps or stamps that have not yet been validated, Goodman said.

Marksberry-Riddle

Miss Joyce Marksberry, of Crescent Springs and Mr. John Dewey Riddle, son of Mrs. Truman Lucas of near Hebron were quietly married Wednesday at the home of the bride's sister. Rev. E. M. Helton, former pastor of Sand Run Baptist Church, officiated.

The attendants were Miss Juanita Munts, of Westwood. cousin of the groom and Bill Beacom, Jr., of Taylorsport, a lifelong friend.

This happy couple spent a few days as Spring Mill Inn, Ind., but now are at home to their many friends at the home of their parents.

SIXTY-FIVE ATTEND MEETING FRIDAY

BETTER CROP PRODUCTION AND HAY MAKING PRACTICES DISCUSSED BY WM. JOHNSTONE.

Home grown fertilizers are the foundation of better farming, according to Wm. Johnston, agronomy field agent from the College of Agriculture, addressing Boone County farmers in a meeting at Burlington last Friday. Sixty-five farmers attended the meeting in which better crop production and hay making practices were discussed.

Johnstone recommended farmers continue to use liberal amounts of lime and phosphate to grow better legumé and clover crops. Once the land has been built up through these practices, profitable yields of all crops may be secured. Contour cultivation and maximum use of green manure crops were recommended. Vetch is rated the best green manure crop for turning under.

C. Liston Hempfling, owner of the first one man pick-up baler in the county gave farmers an excellent report on this method of hay curing. Higher quality cured hay is a goal set in the County Improvement program.

Barn curing of top quality hay was demonstrated by Prof. J. B. Kelley, head of the Agricultural Engineering Department at the College. Top quality hay green in color and leafy can be cured thru this new method. The greatest advantage to this plan is the saving of hay crops under adverse weather conditions.

GOOD YIELD FROM KY. 16 TOBACCO

Jess McMurray of Carlisle county told Farm Agent John B. Watts that last year he had only half enough tobacco plants of a non-root rot resistant variety, and so got more plants from a neighbor. They were grown from root rot resistant Ky. 16 seed. When McMurray sold his crop, the first half-acre yielded 456 pounds and sold for 31 cents per pound, while the Ky. 16 tobacco produced 612 pounds on a half-acre and brought 45 cents per pound.

Play Safe, Son!

Don't Fly Your Kite Near a Power Line

KITE flying is great fun but danger lurks when kites are flown near power lines. Many a child has lost his life by using wire for kite string or climbing a pole to get a tangled kite. Don't take any chances. Play safe by following these suggestions:

Rules for Safe Kite Flying

1. Don't use wire or metallic kite string.
2. Don't fly your kite with wet string or in damp weather.
3. Don't use metal kite sticks.
4. Don't climb poles to get tangled kites.
5. Don't poke sticks at tangled kites or try to pull them down by their tails.
6. Always fly your kites in open fields away from power lines and busy highways.

If your kite becomes caught in electric wires, call our office. We know how to remove it safely without causing a service interruption.

John Dewey Riddle, son of Mrs. Truman Lucas and Miss Joyce Marksberry, of Crescent Springs were married Wednesday at the home of her sister. Rev. Helton, former pastor of Sand Run Baptist Church, performed the ceremony. The attendants were Miss Juanita Muntz, of Westwood, cousin the groom, Bill Beacom, Jr., of Taylorsport, a lifelong friend. This happy couple left for a few days at Spring Mill Inn, Indiana. They are now at home to their many friends at the home of their parents. Congratulations.

Rev. C. C. Omer, of Hodgenville, was the Thursday night guest of the Carder and Kissick families. He was happy to report the birth of a second son, Daniel Thomas, born to the Rev. and Mrs. Thomas Omer.

Messrs Norman Herbstreit and Elmo Jergens attended a banquet given by the Masons held at Coolville, Ohio, Saturday evening.

Mrs. Sallie Bramlage, of Erlanger, called on several friends Sunday afternoon.

Mr. and Mrs. Elmer Miller entertained Sunday for friends and relatives.

Mr and Mrs. A. D. Kissick spent Sunday with Mr. and Mrs. H. P. Buckner, of Pt. Pleasant.

The Herbstreit and Jergens families surprised their father, Mr. John Herbstreit, of Pannel Bottoms Thursday evening, the occasion being his 71st birthday.

Sunday evening guest of the Carders and Kissicks were Mr. and Mrs. A. D. Hunter. Mrs. Charles Moore, Sr., called Saturday afternoon.

We would appreciate it, if everyone would cooperate and send in news items. Thank you.

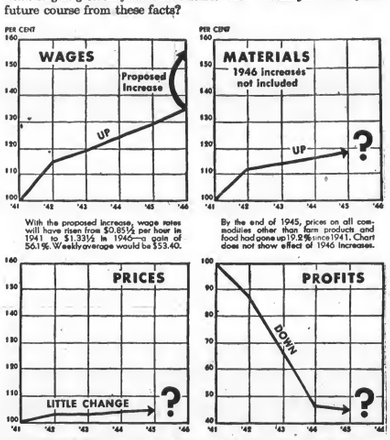
THERE'S NO BETTER TIME TO TAKE THAT TRIP THAN *RIGHT NOW!*

—AND NO BETTER WAY THAN *GREYHOUND*

Buses will be less crowded, in the next few weeks, than any time this year . . . . .

You'll be 'way ahead of the crowd if you board a Greyhound today. During the next few weeks—before millions of pleasure-bound Americans start to sweep across the country in this first peacetime vacation year—you can expect more travel comfort than any time in 1946.

If you've delayed a friendly visit, business call, or vacation trip, go *right now*—go in the comfort of an easy-riding Greyhound motor coach along beauty-lined highways, at lowest fares.



This year, it's wise to travel early! Any year, it's smart to travel by Greyhound!

GREYHOUND

How would you CHART YOUR COURSE?

Pictured here are the records of four "life lines" of our business—four things which largely control the destiny of any business, whether it be a farm, a factory or a store. They are Wages, Materials Costs, Prices, and Profits. Suppose these were pictures of what is going on in your own affairs. How would *you* chart your future course from these facts?

With the proposed increase, wage rates will have risen from $0.85½ per hour in 1941 to $1.33½ in 1946—a gain of 56.1%. Weekly average would be $53.40.

By the end of 1945, prices on all commodities other than farm products and food had gone up 19.8% since 1941. Chart does not show effect of 1946 increases.

Using U. S. Bureau of Labor Statistics with 1941 prices equaling 100, prices of farm machinery in 1945 were only 104.9.

Profit per dollar of sale has declined until in 1945 it was slightly less than four cents, as against 8.4 cents in 1941.

What about wages?

Wages have risen steadily for five years. Before the strike which began on January 21 in ten of our plants and which has choked off nearly all farm machinery production, earnings of employes of these plants averaged $1.15½ an hour, not including any overtime. The Union demanded a 34 cents per hour increase and a Government board has now recommended a general increase of 18 cents an hour, which would make average earnings $1.33½ an hour. Weekly average would be $53.40.

What about materials?

No one seems to know how high materials costs will go. The Government has increased steel prices as much as $12.00 a ton, with an average increase for all grades of 8.2%. Steel is the most important material we buy, but prices on other materials are also increasing.

What about prices?

There has been no general increase in our prices since they were frozen by the Government in early 1942. Since then a few small increases have been allowed where particular machines were substantially changed in design.

What about profits?

Risk is part of the American profit and loss system, so we do not, of course, ask either our customers or the Government to guarantee that we can be certain of profits each year. The chart tells the story of our profits during the war. Although Harvester produced more goods than ever before, it had no desire to get rich out of war, so our rate of profit has steadily gone down. What our 1946 profit will be is extremely uncertain.

What is the next step?

As you can see, our present situation is that with frozen prices and declining profits, we are asked to pay higher materials costs and to make the biggest wage increase in the history of the Company. Can we do this?

Wages and materials consume all but a few cents of every dollar we take in. If our prices continue frozen, and cost of wages and materials continues to rise, obviously our Company will begin to operate at a loss at some point.

The exact point at which operating at a loss would start is a matter of judgment. Government agencies and union leaders may have opinions as to where that point is. But if they turn out to be wrong, they can shrug their shoulders and say: "Well, it wasn't my responsibility. *I* didn't make the decision."

The management of this Company cannot and will not say that. It dares not gamble. It has to be sure. Continuation of our service to millions of customers, the future jobs of thousands of employes, and the safety of the investments of 39,000 stockholders depend on our making as correct a decision as is humanly possible.

What about future prices on farm machinery?

The judgment of Harvester's management now is that we cannot safely make the huge wage increase recommended by the Government until the Government authorizes adequate increases in the prices of farm machinery to cover the resulting increased costs.

That is not a judgment that makes us happy. The Company does not want to raise prices. We prefer to lower prices, when possible, and we know our customers prefer to have us do that. We have produced at 1942 prices, and hoped we could continue to do so. We have delayed seeking general price relief in the hope that it could be avoided. Now we are convinced that it cannot be avoided any longer. The price question must be settled. Until it is settled we do not see how we can settle the wage question. Until the wage question is settled we do not see how we can resume production and begin turning out the farm machines which we know our farmer customers need.

Because of the important stake which both farmers and city dwellers have in this controversy, we are bringing these matters to your attention. Through the cross currents of today's conditions, we are trying to chart a course that is fair to our employes, to our farmer customers, and to our stockholders.

Foot Comfort Specialist at—

PEOPLE'S SHOE STORE

814-816 Madison, Covington

HISTORY—Mrs. G. E. M. suffered headaches and neckaches. Her neck ached so intensely at the base of the skull she could hardly see. Days at a time she could not get out of bed because of the severity of the pains. She read one of ours ads, telling of the good work we were doing, and decided to see what we could do for her. After a very short time wearing surgical shoes, pain in the head and neck lessened till finally it disappeared entirely, and she is well and happy. It is now possible for her to do her own work even when it is necessary for her to climb a stepladder. Surgical shoes seemingly worked miracles for her.

COMMENT — Srtain on ligaments and tendons naturally has a weakening effect upon muscles. Continued neglect of these conditions may be the cause of your aches and pains in the neck and back and if you have been unable to get relief, come in and let us see what we can do for you.

If your ankles are weak and you are constantly rolling them, surgical shoes are definitely the answer to your problem.—Adv.

VERONA 4-H CLUB

The Verona 4-H Club held a community meeting February 18, 1946 and organized for the coming year. The boys and girls seemed very interested in their work. The club held its regular meeting March 11 with most all members present. The Home Demonstration Agent, Miss Mary Hood Gillaspie and Assistant County Agent, Bill Davis met with us and made plans for the coming year. Mrs. Marie Chapman, leader of the cooking project, met with the girls and planned their work and Mrs. Wilbur Florence, leader of the sewing project, discussed plans they will carry out.

Ruby Renaker, Sec'y.-Treas.

SILVER LEADERS' CLUB

The first unit of sewing of the Silver Leaders met with their leader, Mrs. Bruce Ryle, Tuesday, March 12th and made plans for the coming year. We had 100 per cent present. We again met Tuesday March 19th.

Betty Jean Feldhaus, Reporter

SILVER LEADERS MEET

The Silver Leaders of Hamilton, held their first meeting of the year February 27, 1946. The meeting was called to order by the acting president, Joyce Acra. An action song, "She'll Be Coming 'Round the Mountain" was sung and followed by the Lord's prayer. The roll call was answered by ten old members and we had 18 new members to join.

Minutes of the two previous meetings were read by our secretary and approved. Election of officers was held and the following were elected: Joyce Acra, president; Eugene Doolin, vice president; Marilyn Hankinson, secretary and treasurer; reporter, Ralph Pitcher; sergeant-at-arms, Bobby Acree; adult leaders, Mrs. Ruth Mason and Mrs. J. C. Acree.

We were glad to have Miss Gillaspie and Mr. Davis our new Assistant County Agent present, and each gave interesting talks about projects for the coming year.

We then divided into groups according to our projects and elected captains as follows: Clothing, first Unit Betty Jean Feldhaus; clothing, second Unit, Faye Feldhaus and Marilyn Hankinson; house keeping, Shirley McNeely; hogs, Charles Allen Bodle; dairy Charles Allen Bodle; poultry Chas. Allen Bodie; garden, Charles Allen Bodie; tobacco Ralph Pitcher.

We are glad to have Mrs. Sue Ryle for our sewing leader.

We adjourned to meet again March 22 at 9 a. m.

Marilyn Hankinson, Reporter.

ST. PAUL TROJANS

At the first meeting of our 4-H cooking class, Mrs. Aratti talked about what we were going to cook. There were eleven present at this meeting. One member of the class was absent because of sickness.

Every Friday we are going to have a cooking class. It is a good deal of fun to cook.

Joyce Rabe. Captain.

KILL FUNGI

... If you want to be free of many external skin infections

Fungi (parasitic vegetable growths) may cause conditions such as ringworm, athlete's foot and other infections that result in burning, itching, festering, and irritation. Relief requires destroying these growths.

Colomol and thymol-iodide, the two outstanding medicinal properties for fighting fungi, are together available in only one known ointment, called LODORAL.

That's why LODORAL works and works fast. Try it. It's the satisfaction, or money-back salve that soothes externally caused skin troubles faster than you ever thought possible. Try it—you'll be glad!

YOUTH INJURED IN ACCIDENT

SUNDAY WHEN MOTORCYCLE CRASHES INTO TRUCK ON BURLINGTON - FLORENCE ROAD.

Milton Smith, 28, 117 Anspaugh Avenue, Bellevue, suffered a left leg fracture, when a motorcycle he was riding crashed into a truck Sunday on Burlington Pike, just west of Camp Ernst Road.

The accident occurred when the truck attempted to turn into a drive, according to Sheriff Irvin Rouse.

Henry L. Bell, driver of the truck was turning into the driveway of his home. Smith was approaching the truck from the rear and was traveling at too fast a pace to avoid sideswiping the truck.

Smith was removed to St. Elizabeth Hospital, Covington, in an ambulance of the Tharp & Stith funeral home of Florence.

Veterans Address Utopia Members

The Utopia Club held its monthly meeting Thursday night at the courthouse with a large number present, according to James Franklin Brown, club reporter.

The girls' group discussed "Spring Style Trends—Making Hats and Purses." The boys' group discussed "Ways to Better Crop yields." After these discussions, talks by two ex-service men, Tommy Stewart and Sterling Dickey from the European Theatre of War were given. These talks were very interesting to everyone as they covered the countries of England, France, Germany, Belgium and Switzerland. These boys have many small pieces of Axis war material as well as other items of civilian goods. The meeting closed by serving refreshments.

Next month's meeting will be held April 25th at the courthouse.

Joseph Schulker

Joseph Schulker, farmer-trader, and lifelong resident of Kenton County died Sunday night, March 24th at the home of his son Brice, in Covington. He spent most of his life in Piner, Ky.

Funeral services were conducted Wednesday afternoon at 2 p. m. at the Goshen Christian Church, Piner, with burial in Independence Cemetery.

He is survived by his wife Della Rust Schulker; two sons Brice and Edgar of Fiskburg; five brothers, George of Ludlow; John of Independence; Frank, of Bromley; Lawrence of Ricedale, and Ben of Dayton, Ohio; two sisters, Mrs. George Odenwald, of Ludlow; and Mrs. Joseph Kohler, of Crescent Springs.

Chambers and Grubbs, Walton funeral directors were in charge of arrangements.

Mrs. Frank Kelly was ill several days last week with flu. Mrs. Walter Brown substituted for her at school.

BOONE 4-H BOYS AWARDED MEDALS

BY NATIONAL SPONSORS—WILL BE PRESENTED AT COMMUNITY CLUB MEETINGS IN NEAR FUTURE.

Four Boone County 4-H Club boys have been awarded County Championship medals by national sponsors, according to Bill Davis, Assistant County Agent. The boys were selected as County Champions in their projects in 1945 and were entered in national contests.

The medals will be presented to the winners at the next community club meetings. Winners are: William Maddox, Florence, dairy champion; Willard Arnold, Florence, garden champion and Wayne Kelly, Florence, meat animal champion. The field crops medal was presented to David King, Walton, at the last meeting of the Walton club.

Hazel McWethy, poultry champion, New Haven and Clyde Slayback, tobacco champion, Petersburg, will also receive special recognition.

The champions will be special guests at the Farm Bureau banquet Friday, March 29th at the Florence school.

Storage Space Studied By Local Homemakers

Leaders of Homemakers' Clubs discussed where to find needed storage space at their March Training Class. The meeting was held last week at the Town Hall in Florence, according to Mary Hood Gillaspie, Home Demonstration Agent. Nineteen leaders representing eleven local clubs attended the all-day meeting conducted by Miss Vivian Curnutt, Home Furnishings specialist, University of Kentucky.

The morning session was given to a discussion of ways of creating storage and using wasted space. Many methods of having more storage space in the average home were suggested by Miss Curnutt. Following lunch, leaders were divided into two groups. One group constructed a book unit from fruit boxes, while the other leaders covered floor and desk waste baskets with twisted crepe paper for a decorated finish.

"Using Available Storage Space" will be given to local clubs by leaders in April.

Indiana Man Fined $104.50 By Judge Cropper

Denver Sizemore, of Harrison, Indiana, was fined $104.50 in Judge Cropper's court Tuesday on a charge of operating a motor vehicle while intoxicated.

Sizemore was arrested Monday night on the Burlington-Florence Road by Sheriff Irvin Rouse. He was returned to Burlington and placed in jail. After being arraigned in Judge Croppers Court, Tuesday, he paid his fine and was released.

Bracht Men Draw Fines In Judge Cropper's Court

Charley and Harley Trinkner, twin brothers of Bracht Station were fined $24.50 in Judge Cropper's court Monday morning on a charge of drunkenness in a public place.

The men were arrested by Sheriff Irvin Rouse, Sunday at Florence, and were brought to Burlington and placed in jail until Monday morning. They were released after paying their fine.

BULLITTSVILLE HOMEMAKERS

A most enjoyable day, Thursday, March 21, was spent at the home of Mrs. Robert Grant by the B. H. C. There were nine members and nine guests present. We were pleased to have our County President, Mrs. Clyde Arnold with us. She was accompanied by Mrs. Fitzgerald of Florence, a county chairman.

"Our topic for the day was "Live at Home." This was presented by Mrs. Huey Aylor and Mrs. M. M. Lucas. Mrs. Fitzgerald gave a report on Style Trends for 1946. Mrs. Arnold gave us a splendid report on "Farm and Home Week."

During the lunch hour we celebrated the birthday anniversary of Mrs. V. E. Ware. She received a lovely print from the club.

In our business session the club voted to give the following donations: $5.00 to the Hebron Fire Co.; $5.00 to the Burlington Fire Co.; $25.00 to the Red Cross, and $25.00 to the Cancer Society.

Our next meeting will be in the home of Mrs. V. E. Ware on April 18. Visitors are always welcome.

Community Sale Attracting Crowds

The community sales being conducted by Dave Gaines and William Sullivan at the shop of Calvin Cress and Sons, Burlington-Florence road are attracting large crowds. The sales are held each Saturday.

Many articles, ranging from farm equipment to livestock are offered at these sales. Farmers having articles which they desire to sell at auction should contact Mr. Gaines or Mr. Sullivan.

An advertisement for the sale Saturday, March 30th will be found on another page of this issue.

COUNTY LEAGUE ORGANIZED MON.

AT MEETING HELD IN COURTHOUSE—OPENING FOR THREE TEAMS — GAMES SATURDAY AFTERNOONS.

Plans for a Boone County baseball league were started Monday night when a group of men and boys met at the courthouse to begin preparations to bring baseball back to Boone County.

There are three teams entered in the league at present, and leaders announce openings for one or three more teams. Anyone interested in entering should notify C. D. Benson.

A meeting will be held at the courthouse Monday night, April 1 for final plans, it was announced. Games will be played Saturday afternoons.

Communities entering teams are Burlington, Belleview and Petersburg. The teams will be composed primarily of former service men.

Come on fellows, in other sections of the county, let's bring baseball back to Boone County—the more teams entered in the league, the better the league.

Next Monday night the by-laws of the league will be formed. Here's our chance baseball fans and players—get in this league and let's have some real baseball.

For further information concerning the league, contact C. D. Benson.

Mrs. Margaret J. Wilson

Mrs. Margaret Jane Wilson, 74, passed away in the home of her daughter, Mrs. Rosa Ballinger, of Walton, Thursday following a long illness.

Funeral services were conducted from the Powersville Baptist Church Sunday at 2 p. m. with burial in Brookville, Ky.

Besides Mrs. Ballinger, she is survived by two sons, Charles and Elmo Wilson, both of West Carrollton, Ohio.

Chambers and Grubbs were in charge of funeral arrangements.

Vogt-Harmeling

The marriage of Miss Dorothy Jean Vogt, daughter of Mr. and Mrs. Louis Vogt, of Lloyd Ave., Florence, to Mr. Jack Harmeling, son of Mr. and Mrs. Charles Harmeling of May Street. Erlanger, was an event of March 2 at St. Paul Church, Florence, with the Rev. C. H. Carlin officiating. Masses of white gladioli and stock with ivory-tinted lighted tapers formed an artistic setting on the altar.

The bride was lovely in a white satin wedding gown with sweetheart neckline and long, fitted sleeves. The tight-fitted bodice was fashioned with a full skirt which ended in a long, circular train. Her fingertip veil of illusion fell from an orange-blossom headpiece. She carried white bridal roses.

Miss Laverne Pieper of Ft. Mitchell, the bridesmaid, was garbed in a pink faille frock, fashioned on identical lines as the bride's. A starched net hat held tiny pink rosebuds.

Mr. Elmer Sterling of Latonia was the best man.

Mrs. Vogt chose for her daughter's wedding a navy-blue frock with a pink rosebud corsage. Mrs. Harmeling wore a navy and chartreuse street-length dress with hat to match and a corsage of white gardenias.

A reception followed at the home of the bride's parents for 200 guests. The refreshment table was centered with a three-tiered wedding cake and lightedpink tapers. Following a brief wedding tour, the couple will be established with the groom's parents in Erlanger. The groom has recently returned from 39 months with the Navy.

CHRISTIAN ENDEAVOR MEETS

The Christian Endeavor of the Belleview Church of Christ met Thursday evening at the home of Bro. and Mrs. Mullins.

The meeting was called to order by the president, Charlotte Ashcraft. Several business matters were discussed including the candlelighting service to be held at the church Sunday, March 31 for the installation of C. E. officers. The public is cordially invited to attend.

A social followed the business meeting. All young people are invited to attend the endeavor, held every Thursday evening at the church.

Geneva Asheraft, Sec'y.

Youth Revival Scheduled For Burlington Church

Rev. William Estep

The annual Youth Revival of the Burlington Baptist Church will begin Sunday, March 31. Rev. William R. Estep, pastor of the Cold Springs Baptist Church will be the evangelist. Services will begin each night at 8:00. Prayer meetings will be held in the church basement at 7:45 each evening. Rev. R. A. Johnson will be the song leader.

Rev. Estep is well known by the young people of the local church and he is loved and admired by all. He has a passion for the lost and he brings great soul-stirring messages. Not only is he a great evangelist, but he also is a splendid singer. Everyone is urged to attend, and be a part of these special services.

A goal of 75 young people in church each night has been set. Every boy and girl, young man and young woman is asked to come and join in these services. The youth of the church will be in complete charge of the meeting.

Special music has been planned for each night by the young people. This is not a revival for young people only, but for everyone who loves Christ and has a desire to see lost people won to Him.

The revival closes April 7th.

Burlington School Winners Of Grade Tourney Tuesday

Burlington won the County grade school basketball tournament Tuesday by defeating Florence in the finals by a score of 18-16.

The game, one of the best witnessed on the local floor was hotly contested throughout, and required two overtime periods to decide the winners.

The tournament, which will be an annual affair, was played on the Burlington hardwood.

270 ENROLLED IN HOME ECONOMICS

4-H CLUB WORK WITH ORGANIZATION WORK PRACTICALLY COMPLETED IN 12 COMMUNITIES.

Home Economics project enrollment is practically completed in each of the twelve community 4-H Clubs. Two hundred and seventy girls have enrolled in one or more of the following projects: Clothing, foods, housekeeping, canning, and room improvement. The largest enrollment is in the clothing project, with foods running second in popularity; housekeeping, third; canning, fourth; and room improvement, fifth.

Adult project leaders hope to complete the clothing and foods work before school is dismissed for the summer vacation.

Thirty-nine adult local leaders are conducting the project group meetings. Leaders hold weekly classes for their groups.

STANFORD WILL ADDRESS MEMBERS

OF FARM BUREAU AT BANQUET SCHEDULED FOR MARCH 29—P.-T. A. WILL SERVE MEAL AT FLORENCE SCHOOL.

P. E. Stanford, executive secretary, Kentucky Farm Bureau Federation, will be guest speaker at the annual Farm Bureau banquet to be held at Florence school Friday evening, March 29th. Stanford is noted for being one of the best banquet speakers in the state.

The banquet dinner will be served by Florence P.-T. A. at $1.25 per plate. Reservations should be made not later than Thursday evening by calling phone number Burlington 75 or Burlington 412. Because of limited accommodations it is important that reservations be made at the earliest possible date.

CERTIFICATE AWARDED POST 4

BY FEDERAL BUREAU OF INVESTIGATION FOR OUTSTANDING SERVICE RENDERED—MUCH PROGRESS SHOWN.

American Legion, Boone Post No. 4, is in receipt of a certificate of Special Service, awarded by the Federal Bureau of Investigation for outstanding service to the FBI during World War II, according to C. G. Kelly, Adjutant.

The certificate, signed by J. Edgar Hoover, director, reads as follows:

"Federal Bureau of Investigation Special Service Certificate. This special service certificate is awarded to the American Legion, Boone Post No. 4, Burlington, Ky., in grateful recognition of outstanding service to the FBI during World War II.

During the past several months membership has grown steadily, according to Mr. Kelly. This increase is due to veterans of World War II joining the organization after being discharged.

Plans are now under way for initiation services and a general get-together in the near future, when veterans of World War II will be initiated into the organization. An invitation is extended to all honorably discharged veterans of World War II to become members of the organization, Mr. Kelly stated.

Boone Post No. 4 meets each first Monday at the courthouse in Burlington.

Homemakers Sponsor Scrap Paper Drive

The Bullittsville Homemakers are sponsoring a waste paper drive to begin immediately. Even though the war is over, it is very necessary to save all paper.

The Homemakers plan to sell the paper and use the money for worthy projects. Please save your paper and leave it at Mrs. Huey Aylor's on Route 20. Tie in neat bundles and keep magazines and brown paper in separate bundles as they bring more money.

If you have no way to take paper to Aylor's, call a member of the Homemakers near you and see if other arrangements can be made.

Let's all help in this worthy cause.

New Haven P.-T. A. Will Hold Meeting April 2nd

The New Haven P.-T. A. will hold its monthly meeting April 2, 8:00 p. m. This is a very important meeting. Officers for the following year will be nomination.

GUIDE TO TREE PLANTING

That black locust is the most generally satisfactory forest tree for gulley erosion control in Kentucky is a statement made in a new leaflet "Guide to Planting Forest Trees" by W. E. Jackson. He further recommends the kinds of trees for posts and timber, for building up worn soil and for thickening old wood stands. Copies of Leaflet 101 may be had from offices of county agents, or from the college, Lexington.

LOOKING AHEAD at ELECTRICAL LIVING
You can have frozen storage plus normal storage in your postwar

Electric Refrigerator
Today's trend toward increased use of frozen foods is reflected in the new 1946 model electric refrigerators.
Many postwar models are equipped with roomy frozen food compartments in addition to normal and high humidity storage. In these compartments is room for several days' supply of frozen fruits and vegetables, steaks, chops, roasts, fish, ice cream and other foods that keep best at below freezing temperatures . . . plus ice trays which can be removed for still more space.
With one of these new frozen storage models, you can keep frozen foods on hand indefinitely for use as needed . . . and save many trips to the grocery store. It's a big step forward in refrigeration convenience . . . and better electrical living.
THREE KINDS OF COLD
This advanced design 1946 refrigerator provides space for freezing and storage of frozen foods . . . high humidity compartment for high-moisture-content foods . . . and general storage for all average foods. It is a "full range" food-keeping device.

B. W. C. MEETING

The B. W. C.'s of the Bullittsburg Baptist Church, met at the home of Mary Stevens Yates and Lucy Barbe Stevens, Friday evening, March 15th for their regular monthly meeting.

Meeting was called to order by our Counselor, Mrs. Bruce Campbell. Our meeting was opened by singing the hymn, "We've A Story to Tell to the Nations." For our prayer we very softly sang "Spirit of the Living God Fall Fresh on Me."

The regular routine of business followed. Then the program was turned over to our very capable program conductor, Mrs. Amual Hensley.

Subject of program: "Home Missions Building In a New World."

The program was rendered as follows:

Introduction, Mary Stevens Yates

Devotional, Mrs. William Hill.

Building Into a City's Need, Mrs. W. T. Gardner.

Building Among Many Races, Mrs. Edward Black, Jr.

Building in Cuba, Miss Lucy Lee Grant.

Building in Panama, Mrs. Alberta Sullivan.

Building on New Fields, Mrs. Benjamin Setters.

Prayer, Mrs. Bruce Campbell.

We were very happy to have two new members, and wish to extend to all the young women of our church and community an invitation to meet with us next month, April 12th, 8:00 p. m. at the home of Mrs. Alberta Sullivan, with Mrs. V. E. Ware as co-hostess.

Mrs. William Hill, Reporter.

NEW HAVEN HOMEMAKERS

The New Haven Homemakers' Club met at the home of Mrs. Arthur W. Bowen on March 18th, with Miss Mary Hood Gillaspie and 18 others answering the roll call, about the first sign of spring.

Our president, Mrs. Ranson opened our meeting with a lovely reading about the Homemaker.

Our chairmen of the different committees were heard from. Our first chairman was Mrs. Clyde Johnson, our rocking chairman, who gave a splendid reading on South America. Mrs. Johnson also reported she is starting a scrap book on South America and asked the help of our club members.

Mrs. Mattie Griffith, our citizenship chairman requested all members to save their newspapers and magazines.

Mrs. Russell Garrison, our Live at Home chairman and her assistant, Mrs. Laura Bowen attended a meeting in Burlington a few weeks ago for all the leaders of Live at Home, and as Mrs. Garrison attended this meeting of the 18th at Mrs. Bowen's home, gave a splendid report on the Burlington meeting.

Our club gave a donation to the Red Cross.

We had a lovely visitor with us at this meeting, Mrs. Edward Bowen. Mrs. Bowen is a new resident of Boone County and we were very happy to have her with us. We also enrolled two new members at this meeting, Mrs. Ed Grater and Mrs. Ray Anderson, both of Union.

We held an auction sale at this meeting, which was a grand success and was highly enjoyed by all present.

Miss Mary Hood Gillaspie gave the lesson on "Style Training" and told us there was going to be a special meeting in Florence on the 29th day of March. The training would be on 'Glove Making" and all members were urged to attend. She also informed us there would be a district meeting in Lexington, Ky., at the University of Kentucky on May 30th and the main speaker would be Mrs. Wanda Wilkins. Another speaker on the program will be Mrs. W. E. Nickols.

Mrs. Virgil Young entertainment chairman gave birthday gifts to Mrs. K. Dunlap, Mrs. Mattie Griffith and Mrs. Alma Riley.

The New Haven Homemakers' Club is making plans for a Hill Billy show and bazaar. The committee is composed of the following: Mrs. Clyde Johnson, bazaar; Mrs. Mattie Griffith, refreshments; Mrs. Russell Garrison and Mrs. Ed Grater, entertainment.

Mrs. Ed Grater invited the club to meet with her at her home on April 15th at 11 o'clock.

L. Bowen, Pub. Chm'n.

HYBRID CORN PAYS WELL

Dennis Tibbs, 4-H club member in Metcalfe county, last year produced 65 bushels of corn on an acre of ridge land which ordinarily does not produce more than 15 bushels. He planted Ky. 103 hybrid seed. Young Tibbs was one of 44 4-H'ers in the county to get seed through the hybrid corn seed loan.

CONSTANCE-TAYLORSPORT CORNCRACKER 4-H CLUB

The Constance-Taylorsport Corncracker 4-H Club met Monday, March 18 with Earl Johnson, president presiding. The club had a "spooky" program.

The meeting was rather short as Miss Gillaspie could not attend the meeting. Mr. Davis, however, was present and talked about the garden projects. He promised to bring some hybrid sweet corn to the members.

Each project captain gave a report of his project.

A motion to adjourn was made by Rodney McGlasson and seconded by Merrill Pohle. The motion was carried.

Flora M. Johnson, Reporter.

NORBEH 4-H CLUB

Meeting was called to order by Miss Gillaspie. The following officers were then elected: President Harriett L. Jarboe; vice president, Helen Cummins; secretary and treasurer, Mary Bess Burns; song and cheer leaders, Marjorie Masters and Martha J. Pfalzgraf; sergeant at arms, Betty J. Jarboe.

Miss Gillaspie then told us about the projects offered us and explained them.

We have 31 members in the girls' club.

The meeting was then adjourned.

Mary Bess Burns, Reporter.

HEBRON 4-H CLUB

The Hebron Norbeh 4-H Club met at the Hebron School on Friday, March 22.

The meeting was called to order by our president, Harlett Jarboe. We repeated our club pledge and sang "America The Beautiful," led by our cheer and song leaders, Martha Pfalzgraf and Marjorie Masters.

We then had the secretary call the roll and read the minutes of the last meeting.

Miss Gillaspie told us when Spring Rally was going to be held and about the achievements in 4-H and Junior Week. Boone was ranked third among the high school of Boone County last year. We are going to work more towards the goal this year. We elected our project captains.

We had reports from the sewing teachers, Mrs. Rogers, Mrs. Hodges, Mrs. Nickols and Mrs. Hollis. The meeting was adjourned.

Mary Bess Burns, Sec'y.

Twenty-five dollar scholarships were offered by the Carroll County Farm Bureau to 4-H club members who produced the highest yields of hybrid corn.

CARBOLA-DDT

INSECT-KILLING AND GERM-KILLING WHITE POWDER PAINT

DON'T LET THOSE CHICKS DIE!

Now is the time to paint and disinfect your poultry houses, before you put in chicks for the season, using the old reliable Carbola, which destroys disease germs such as diphtheria, roup, cholera, that take so many chicks in untreated brooders and poultry houses. Simply mix Carbola DDT in water and brush or spray on walls and other surfaces. Dust floors, dropping boards, nests with dry powder to kill germs and to keep down ammonia. Rub powder into feathers to destroy lice. Used by agricultural colleges hatcheries and thousands of farmers.

KILLS FLIES AND GERMS IN BARNS

In the 2% DDT now contained in Carbola you have a guaranteed FLY KILLER that remains active for months when applied as a paint in cow barns and other buildings. In addition you get the germ-killing disinfection, which prevents Bangs disease, tuberculosis and other diseases. Dries white; meets Board of Health requirements. One or two easy paintings a year do the job.

KILL FUNGI

... If you want to be free of many external skin infections

Fungi (parasitic vegetable growths) may cause conditions such as ringworm, athlete's foot and other infections that result in burning, itching, festering, and irritation. Relief requires destroying these growths.

Colored and thymol-iodide, the two outstanding medicinal properties for fighting fungi, are together available in only one known ointment, called LODORAL.

That's why LODORAL works and works fast. Try it. It's the satisfaction, or money-back salve that soothes externally caused skin troubles faster than you ever thought possible. Try it — you'll be glad!

WAR-TESTED FOR EFFECTIVE ANTISEPTIC, FUNGICIDAL, SOMNIFACIENT PROPERTIES. EXPERIMENTALLY PROVED BY U.S.N. VESSELS

HOMEMAKERS PLAN TO GROW GARDENS

There will be no shortage of vegetables in Fayette county this year if plans made by garden leaders of homemakers' clubs are carried out. At a recent meeting they set up these goals, according to Miss Elizabeth Collins, home demonstration agent;

Grow and conserve all the food possible; plan to can from the early garden the entire amount called for in the family canning budget; have as good a garden in the fall as in the spring and, for additional variety, start a bed of asparagus.

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

VOLUME 70 — BURLINGTON, KENTUCKY THURSDAY, APRIL 4, 1946 — NUMBER 40

NEW FEATURES TO BE INSTALLED

AT NEW AIRPORT IN BOONE COUNTY — BLIND LANDING EQUIPMENT AND APPROACH LIGHTS ARE FEATURES.

Preliminary work was started Monday by a Civil Aeronautics Authority contractor at the new airport located near Hebron for the installation of equipment valued at $115,000.

Equipment to be installed includes blind lading equipment, radio range facilities and runway approach lights. Work is expected to be completed within the next 60 days.

Completion of the project begun Monday was expected to speed use of the field by the three major airlines serving the greater Cincinnati area. It was believed that work on the administration building will be completed at approximately the same time, and the airlines will be able to use the field for regularly scheduled flights.

The blind landing apparatus will be installed on the north-south runway, and will consist of outer and inner marker beacons, glide path and runway localizer. The outer and inner markers give the pilot his exact position in relation to the runway on which he is landing. the glide path sets his correct rate of decent and the localizer insures his landing near the center of the runway. He will not need any visual reference to the ground.

Radio range equipment to be set up will include both high and low frequency, it was said. Approach lights to be installed will mark the ends of runways for visual night flights.

New Haven And Hamilton Cooperate In Entertainment

Due to the fact that Hamilton school had scheduled the Corn Huskers Jamboree for April 13th, New Haven Homemakers are changing their date to Friday April 12th when Bert Layne and his boys will present the entertainment.

The Corn Huskers were to appear on April 13th at New Haven School.

Promoted In France

Word has just been received from France, that R. W. Tryling has risen to the highest rank held by an enlisted man in the U. S. Army. He has been promoted to the grade of a Master Sergeant. He has been transferred from Recruiting duty to Sergeant Major of the 711st A. A. A. at LaHavre. His many friends want to congratulate him on his rapid advancement.

125 ATTEND FARM BUREAU BANQUET

HELD AT FLORENCE FRIDAY EVENING — SECRETARY REPORTS 199 MEMBERS FOR YEAR.

One hundred twenty-five attended the annual Boone County Farm Bureau banquet held at Florence last Friday evening. J. E. Stanford, Executive Secretary of the Kentucky Farm Bureau stated that today more than a million farm families are members of the Farm Bureau and that the membership is increasing rapidly. He outlined the recent state and national accomplishments of the Farm Bureau Federation.

The secretary reported that Boone County had 199 members and was just one short of the 1946 goal of 200 members. The membership goal is expected to be exceeded this week. The goal is double the 100 membership goal of last year.

DIVISION PLANS TO PRODUCE BIRDS

CANCELLATION OF LONG-STANDING ORDERS BRINGS DECISION OF DEPARTMENT—EXPECTS TO PRODUCE 75,000.

Frankfort, Ky.—Last minute cancellation by game bird dealers of long standing quail orders has led to a hurry-up program by the Division of Game and Fish to produce its own Bob White for release in the fields of Kentucky this summer.

Confronted by one cancelled order for 7,000 birds, and with another order only partially filled Director Earl Wallace of the Division announced with defiance that upwards of 45,000 quail will be liberated over the State this summer—birds that will be produced at the Game Farm near Frankfort.

The aforementioned order for 7,000 birds, placed with M. E. Bogle of San Antonia, Texas, was cancelled today when he professed inability to obtain the birds. Another Texas dealer, Mrs. S. M. DeLearn, has shipped 2,000 of an order for 3,000. Director Wallace plans to place an additional order of 7,000 if acceptable, with the latter dealer. While contracting for birds, dealers throughout the United States were contacted and these were the only ones who would accept orders at anything less than exorbitant prices. Quail were available in West Virginia at $7.00 per pair, but such figures are far in excess of prices that can be paid in a widespread stocking program.

With new incubators of the latest type and design already installed at the Game Farm, and capable to turning out 25,000 at one hatching, Wallace confidently expects to produce 75,000 quail this spring and summer.

The Game Farm has been in operation only one year, precluding any earlier production of quail. With the equipment now made pointed out that Kentucky no available and on hand, Wallace longer will have to be dependent on imported birds, but will produce its own in numbers that could not be purchased on the market.

Present plans call for the release of 10,000 quail chicks on refuges during the early summer. These will be liberated with adult male birds, which have proven more perfect brooders than females.

More than 25,000 additional chicks eight weeks old will be released during the summer and before September 15. These will be put out in covies of 15 each.

Sportsmen's clubs, both senior and junior, will receive upwards of 20,000 birds when they reach eight weeks of age.

The program allows for a carry-over of some 30,000 birds for release next spring.

With grains restricted, propet food for birds has been a major item of distress, but Wallace, through special envoys to St. Louis has contracted for enough to fulfill needs.

Barton Johnson Will Conduct Revival At Petersburg Church

The Rev. Barton A. Johnson, pastor of the Madison Avenue Christian Church at Covington, will be the preacher for an eight-day series of evangelistic services to be held at the Petersburg Christian Church from April 7 through April 14, the Rev. Claude R. MacDonald, pastor, has announced.

Mr. Johnson, a newcomer to Kentucky, has been at the Covington church since June, 1945. After graduating from high school at David City, Nebraska, he received his A. B. degree from Cotner College, Lincoln, Neb., in 1921. Two years later he received his M. A. degree from the University of Nebraska and after that took his graduate work in divinity at the University of Chicago.

He has held pastorates at Harvard and Omaha, Neb.; Ft. Wayne, Ind., and at Springfield, Mo., where he spent seven years before coming to Covington last year. At present, he is a member of the Ministerial Alliance and of the Optimist Club in Covington.

Services during the revival will begin at 7:30 each evening and will be featured by special music each night. New members will be received into the fellowship of the church during the meeting and with a membership class on Sunday morning, April 14.

The Rev. George Jacobs, of Lexington, who served as a Navy chaplain during the war and who has been recently appointed as state evangelist for the Christian churches in the state of Kentucky, will have charge of the music during the meeting and will assist Mr. Johnson with other details of the meeting.

PLANNING MEETING SET FOR APRIL 16

BY POST WAR PLANNING COMMITTEE — SEVENTEEN COMMITTEES WILL SUBMIT WRITTEN REPORTS AT MEETING.

The Boone County Post War Planning Committee will hold a committee report meeting at Burlington on Tuesday, April 16th, according to Will Smith, chairman.

Seventeen committees have been appointed to submit written reports at this meeting. These committees include: Rural roads, electric, farm home improvement, tenant house improvement, livestock and water supply, increased farm income, rural youth, rural church, farm workshop, land clearing, food production and preservation, farm organization, road beautification, rural schools, rural health, state parks and industries.

The reports of the committees when completed, will be made public and will serve to bring before the people an analysis of the thinking of leading citizens in reference to long-time goals. These reports should not only create interest in long-time thinking but will assist those in charge of carrying out the work to strive toward more definite goals which the people of the county have expressed interest. The work and final reports of some of the committees may cover a considerable period of time and may not be completed for several months.

Bullittsville Property Sold Last Saturday

W. E. Jones sold his 8 acres, including dwelling and outbuildings at Bullittsville to Mr. and Mrs. Edwin W. Evans, of Erlanger, last Saturday, through A. B. Renaker.

Mr. and Mrs. Robert Gaines, of Erlanger, visited Mr. and Mrs. Garnett Tolin, Sunday.

LIQUOR VIOLATION DRAWS $100 FINE

EIGHTY-ONE CASES OF BEER AND 46 CASES OF WHISKY CONFISCATED BY STATE ALCOHOL AGENTS SUNDAY.

Two cafes were raided Sunday in which numerous cases of beer and whiskey were confiscated by State Alcohol Control Board agents.

The raids were made on the White Villa Cafe, of Dwight Penick, Florence, where 65 cases of beer were confiscated and sold, since it is a perishable commodity, and 35 cases of whisky were confiscated. At the cafe of Homer Clemmons, Dixie Highway, near Walton, 16 cases of beer and 11 cases of whisky were confiscated.

Both men were fined $100 and costs on charges that they failed to keep whiskey in a locked compartment on Sunday when its sale is prohibited by law.

Money derived from the sale of confiscated beer is placed in the state's general fund. Whisky confiscated in Sunday's raids will be kept at Frankfort until a sufficient supply is on hand for sale by auction.

PROPERTY TRANSACTIONS

The following deeds were left with the County Clerk for recording March 27th, by John Delahunty:

Twenty acres of land to the Richard Ernst Realty Co. for an open air theater in Florence, and the 107-acre farm belonging to J. B. Morris at Union to a Covington party.

SPECIALIST URGES BED TREATMENT

TO ELIMINATE WILDFIRE, ANGULAR LEAFSPOT AND RUST—TREATMENTS MUST BE GIVEN AT PROPER TIME.

If every tobacco plant-bed were given two treatments of bluestone-lime mixture, wildfire and angular leafspot, or rust, would be practically wiped out, according to Russell Hunt, specialist in tobacco production at the Kentucky College of Agriculture and Home Economics.

But to be effective, the treatments must be given at the right time, Mr. Hunt warned. Once started, there is nothing that can be done to control the diseases. Living over the winter in the soil, they are to be found in almost all plant-beds.

As soon as the first true leaf appears, the soil should be treated with the bluestone-lime mixture, the sprinkling being done through the canvas. To every square yard, approximately a quart of solution should be applied. Logs or boards framing the bed should be sprinkled. Fifty gallons of solution will be sufficient for 200 square yards, or for a bed 66 yards by 9 feet, or 50 yards by 12 feet. Bluestone-lime mixture must not be washed off, if it is to be effective. In about 10 days, or not later than two weeks, the bed should be treated for the second time.

Other important points in the production of healthy, vigorous tobacco plants are discussed by Mr. Hunt in Leaflet 85, "Tobacco Plant Bed Management," which is available from county agent offices, or from the college, Lexington.

Corncrackers Will Sponsor Paper Drive

The Constance-Taylorsport Corncrackers 4-H Club is making a paper drive. The people of Constance and Taylorsport are requested to save all paper while spring cleaning. A club member will call for paper, according to Janet Berry club reporter.

Walton Man Draws Fine

A fine of $100 and costs was levied on James Cleek, 30, Walton, Tuesday in Covington Police Court. Judge Eugene Benzinger ordered the charges changed to driving while intoxicated and suspended his right to operate an auto for one year.

Cleek was arrested on Friday by Detective Chief Leroy Hall, who said the defendant was driving his auto improperly.

A shower was given last Friday night in honor of Mr. and Mrs. Paul Clore at the home of Mr. and Mrs. Elmer Horton.

Hoard-McMullen

On March 29, 1946 at 6:30 p. m. a lovely wedding was solemnized at the home of Rev. Roy Johnson in Covington, Ky., when Loretta Hoard, daughter of Mr. and Mrs. Owen Hoard, of Elsmere, and Leslie McMullen, Jr., son of Mr. and Mrs. L. McMullen, Sr., Burlington, Ky., wore united in the holy bonds of wedlock.

Their attendants were Mr. and Mrs. James Wilson, cousins of the bride.

The impressive double ring ceremony was witnessed by parents of the bride and groom. A reception followed at the bride's home for relatives and friends.

The bride, a graduate of Lloyd High Shool is employed by Elsmere Drugs. The groom, a graduate of Burlington high school recently received an honorable discharge from the army after serving three years.

After a brief honeymoon trip the couple will be home to their many friends at their apartment, Cross St., and Carlisle Ave., Elsmere, Ky.

Boone County P.-T. A. Council To Be Selected

All presidents of the P.-T. A.'s of Boone County are requested to attend a meeting at New Haven School, Tuesday, April 9 at 8:00 p. m. The purpose of this meeting is to select a Boone County Council for our P.-T. A.'s.

Mrs. Oscar Ruschell, president of the Sixth District Kentucky Congress of Parent-Teacher Associations will be present to install the selected council.

It is very important that all schools of Boone County be represented.

Dr. J. W. Abernathy

Dr. J. W. Abernathy died last Tuesday at his home in Walton, after an extended illness. He was a former resident of Williamstown, having practiced medicine in Grant County for 30 years.

Dr. Abernathy had been a resident of Walton for the past three years. He was a member of the Williamstown Baptist Church.

He is survived by his wife, Cindah; one son Prentice, an employee of the government in Panama Canal Zone; one sister, Mrs. Lutie Brooks and one brother Charles, of Williamstown.

Funeral services were conducted from his home in Walton last Thursday at 2 p. m., with burial in Dry Ridge Cemetery.

Chambers and Grubbs, Walton funeral directors were in charge of arrangements.

56 Junior Sportsmen Present At Meeting

Fifty-six Junior Sportsmen of the Hebron school heard Rev. R. A. Johnson in a brief talk to the organization at a their regular meeting held Wednesday of last week, according to Edwin Johnson, conservation officer.

Much interest is being shown by the Junior organizations, conservationist Johnson reports.

Lamp Assemblies To Be Sold By Government

The War Assets Administration announced today, through Rowland D. Schell, Regional Director, that approximately 100,000 complete lamp assemblies, recently declared surplus by the Army, will be offered to electrical wholesalers, contractors, and veterans in a nation-wide disposal sale beginning April 2nd.

The assemblies, which are new and in excellent condition, are the kind with wire net guard used by electrical contractors for out-door and factory installations. They will be sold in lots at a fixed price below their cost to the Government of $1.62 each.

The lamps are now located in depots in Syracuse, New York; Natick, Massachusetts; Cleveland, Ohio; Gadsden, Alabama; and Denver, Colorado; but they will be sold through the 33 Regional Offices of WAA. Region IV with headquarters at 704 Race Street, Cincinnati 1, Ohio, will accept orders for this area.

April is Cancer Month

April is here, the month when we learn how to fight our No. 1 enemy—cancer.

WOOL POOL ELECT OFFICERS FOR '46

PRESIDENT AND SECRETARY ARE RE-ELECTED—PLANS ARE MADE FOR SECURING SACKS AND STRINGS.

The Boone County Wool Pool held its annual organization meeting at Burlington court day, Monday, April 1st. H. E. White was re-elected president and Lillard S. Scott, Secretary. Directors and sign-up committee for the new year are as follows:

C. S. Riddell, Hebron-Bullittsville.
G. H. Moore, Walton.
J. W. Conley, Beaver.
F. L. McGlasson, Taylorsport.
H. E. White, Burlington.
Lillard S. Scott, Grant.
Walter Johnson, Verona.
Clint F. Blankenbeker, Florence.
Alma Riley, Union.
Robert Grant, Petersburg.

The pool is making plans to secure sacks and strings and to distribute them through local points at Burlington, Florence, Hebron and Walton.

Members report that there are probably fewer sheep on farms, but that prospects for the 1946 wool sale price is practically as good as last year.

The next meeting of wool growers will be held at Burlington on May 6th at 1:30 p. m. Plans are to secure G. P. Summers, market specialist from the college to address growers on the 1946 wool and market lamb outlook. All sheepmen are urged to be present.

LEGUMES AS FERTILIZER DISCUSSED BY EXPERTS

In view of the present shortage and high cost of commercial nitrogen fertilizers, the College of Agriculture and Home Economics suggests that legumes be grown. Under the following conditions, they will furnish all or a major portion of the nitrogen needs for high crop yields:

1. Where conservation practices are carried out so that the soil is not lost by erosion.
2. Where adequate supplies of lime, phosphate and potash are maintained for good growth of legumes as well as other crops.
3. Where a livestock type of farming is followed in which most or all of the crops are fed to livestock, especially where additional feed, not grown on the farm is fed.
4. Where manure and crop residues are carefully conserved and returned to the soil.
5. Where a relatively small proportion of the land is used for row crops, as compared to close-growing legume and grass crops.
6. Where a winter legume or grain and legume crop follows summer annual crops, such as corn, tobacco and lespedeza, to reduce leaching and erosion during the winter months.
7. Where some of the legume crops are turned under and not all removed from the land for hay or pasture.

In contrast to the situations just described, farmers are told that legumes usually are not sufficient and will have to be supplemented with nitrogen fertilizer where soil fertility is lost through erosion; where adequate supplies of lime, phosphate and potash have not been maintained to provide a good growth of legumes or where the land is unsuited for legumes; where a livestock system of farming is not followed, and much of the crops are sold from the farm; where manure and crop residues are not returned to the soil, or where the proportion of land in row crops is relatively large compared to legumes and grasses.

SHEEP SHEARING SHORT COURSES

Two sheep-shearing short courses—one at Lexington, April 2 and 3, and the other at the Western Kentucky Experiment Substation at Princeton, April 8 and 9—are announced by the University of Kentucky College of Agriculture and Home Economics.

Because of the shortage of sheep shearers, the courses are designed to train new shearers and give experienced men practice in new methods. Many ex-service men have expressed interest in the courses, and all are invited to attend.

Instructors will be: Harold Barber, shepherd; R. C. Miller, field agent in animal husbandry; Guy Hilton, field representative of the Sheepman magazine; L. J. Horlacher, assistant dean of the College of Agriculture and Home Economics, and W. P. Garrigus, chairman of the animal industry group.

DISEASE FREE TOBACCOS PROVE BEST IN FLEMING

That farmers in Fleming county, who planted disease resistant varieties of tobacco in 1945, received an average of $84 more per acre than those who grew non root rot resistant varieties, has been determined in a survey completed by Farm Agent. James I. Stephens.

Although about three-fifths of the crop was disease resistant, farmers in that county lost approximately a quarter of a million dollars by growing varieties which were susceptible to disease.

A total of 452 acres from unselected farms was included in the report. The average of the entire acreage was 1,289 pounds per acre, and sold for $40.58 per hundred. The two highest yielding varieties were Ky. 41A and Ky. 16.

Twenty farmers reporting on Ky. 41 A had an average yield of 1,415 pounds per acre and received $41.39 per hundred, while 38 farmers, who grew Ky. 16, harvested an average of 1,376 pounds to the acre and received $39.25 per hundred.

Of the more than 100 farmers reporting, 98 percent used an average of 700 pounds of fertilizer per acre, 80 percent grew a vetch cover crop and 7 percent primed their tobacco.

FESCUE MAKES GOOD PASTURE

Six acres of Ky. 31 fescue, seeded in 1944 by J. R. Ford and Jack Meshew of Carlisle county, made excellent pasture last year as well as providing seed to sow 15 additional acres. According to Mr. Ford, the grass made good winter pasture and remained green during dry periods in the summer. Farm Agent John B. Watts notes that several other farmers in the county made fescue seedings last fall.

COLLEGE ANNOUNCES GARDENING PROGRAM

Because of the serious food situation abroad, the White House Food Conference has requested that home gardening again be a major project wherever space is available, according to a statement from the Kentucky College of Agriculture and Home Economics. The production and conservation of foodstuffs in home gardens will help to replace other foods needed for shipment abroad, it was pointed out.

In compliance with the request, an intensive home gardening program under the direction of John S. Gardner, field agent in horticulture, will be gotten under way at once, with county and home agents and other staff members contributing to it.

To assure a variety of vegetables, a succession of crops should be planned. From the early garden should come the vegetables for canning as they are of better quality and there is less danger of drought. Early in the season there are fewer weeds and insects to fight, and the hardest work is done before the heat of mid-summer.

A late garden should also be planned to provide storage crops.

To aid town and city residents as well as rural families in making their plans, Circular 376, "The Garden Month by Month" is available from offices of county and home agents, or from the college, Lexington.

FARM LEASES RECOMMENDED BY COLLEGE

Farmers and tenants alike will find a leasing form of value in drawing up renting arrangements, even though they do not go through the formality of signing it, notes farm economists at the Kentucky College of Agriculture and Home Economics.

Following, in general, the local customs already established with reference to good farm practices, the lease calls to mind those points which should be brought up for discussion. If signatures are attached, identical copies should be kept by each of the two parties. Copies of Farm Lease, Misc. 141, are available without charge from offices of county agents or from the college, Lexington.

PROFIT FROM HENS SURPASSES TOBACCO

From a flock of 460 New Hampshire hens, Phillip Depp, of Metcalfe county, made more money during the month of December last year than he cleared from his four-acre tobacco crop. By starting with certified quality chicks and following a good summer feeding program, he brought his pullets into production early, thus giving him the benefit of high prices, notes Farm Agent William Newman.

Mr. Depp started 1,100 chicks on April 13 with an electric brooder and lost only 3 percent of his flock. For 12 weeks he fed a commercial starter and grower. Then the pullets were put on a range of rye grass, crimson clover and rape, and self-fed grain and oyster shell supplemented with half as much mash as grain.

Ten days before housing, which was not until November 1 because of construction difficulties, Mr. Depp put his flock of 500 pullets on a full feed of laying mash. From mid-November, electric lights burned all night, resulting in 75 percent production which has been maintained steadily with the birds in good health and condition. During the months of December and January, average production per hen was 24.7 eggs.

The birds were blood tested in November with only one suspect, and the flock culled from 500 to 460 birds.

GROW SWISS CHARD FOR CHICK GREENS

To provide chicks with an ample supply of green feed, grow swiss chard, is the recommendation of poultry experts at the Kentucky College of Agriculture and Home Economics. Planted in rows as for greens, the leaves may be broken off and the plants allowed to continue to grow.

Scarce feed will not be wasted if plenty of feed and water space is provided, if good feeders which avoid spillage are used and if they are not filled too full.

KNOX COUNTY 4-H'ERS PLAN FOOD PRODUCTION

In Knox county, where 1,339 boys and girls are members of 31 4-H clubs, definite plans have been made by 28 of the clubs for the production of food. Farm Agent Gray H. Williams reports that gardens will be grown by 498 members; strawberries, 277; popcorn, 291 and corn, 79. Dairy calves will be raised by 154 members, and hogs by 211. Two hundred and sixty-six girls will can fruits and vegetables. Practically all of the clubs will be assisted by from one to three volunteer leaders.

Clothing construction will interest 369 members.

COOPERATIVE EFFORT RESULTS IN CLUBHOUSE

Organized for the purpose of making a better community for returning veterans, the Jefferson Utopia Club of Barren county, with its membership of 35 older 4-H youth, united with the Homemakers' Association and the Farm Bureau in leasing an unused schoolhouse as a community meeting place. Through their combined efforts, the building, known as the Jefferson Community Center, has been put in condition and wired for electricity. An early project to be undertaken by the club will be the planning and construction of a kitchen for the clubhouse.

FARMER PROFITS FROM SHEEP FLOCK

an average size farm is seen in the records of J. M. Rasco of Ballard county, said Farm Agent S. C. Bohanan. For the past five years, Mr. Rasco has kept 19 ewes and one buck, although he has made replacements from his own flock and has had different bucks. During the five-year period, he has sold $1,661 worth of lambs and wool, or an average of $332 per year, and still has his original investment. Each year he has sold an average of 24 lambs from 19 ewes.

AMMONIUM NITRATE UPS CROP YIELDS

The use of ammonium nitrate on his farm has paid good dividends, Ira Blevins of Taylor county told Farm Agent C. V. Bryan. He increased his yield of wheat 11 bushels per acre with the application of 100 pounds of the commercial fertilizer; by using 200 pounds, he increased his burley income $250 per acre, and balbo rye growth was more than doubled following heavy applications of it.

POEM FROM FRANCE

Mr. and Mrs. L. C. Shull and daughter Janet who have spent the winter in Florida will soon be leaving there for their home in Florence. Mrs. Shull says she feels like her brother about Kentucky, and sends his poem which was written while he was stationed in France. The poem follows:

A Happy Thought

I was born in old Kentucky,
The prettiest land I know;
The hills with all their beauty,
They fascinate my soul.

When I climb to their highest peak
For their beauties I can see;
It seems those hills were made
For a "hillbilly boy" like me.

I love those deep dark canyons,
Where streams come pouring down
And splatter on the rocks below,
With such a roaring sound.

It finds its way through places
No man or beast could go;
How God created nature,
No man will ever know.

As I look around
Other beauties appeal to me;
The hill tops in the horizon
As far as I can see.

A question comes in my mind,
Why aren't they all alike?
But God made everyone of them
And I'm sure He made them right.

As I turn down the hillside
To the valley down below,
I can see the old plantation
From the head to the toe.

Then I'd go back to my home
Where the doors swing open wide;
With a dear father and mother,
To welcome me inside.

Will ever more abide;
With me these happy thoughts
With the darkest nights, that're yet to come,
These thoughts it cannot hide.

This is a beautiful picture,
Its paintings I'll always see;
Those beautiful hills of Kentucky
Were made for a boy like me.

—James Russell Moore.

WORK OF RURAL YOUTH LAUDED BY CLUB LEADER

Members of 4-H clubs in Kentucky again may be counted on to help produce food for a hungry world, said J. W. Whitehouse, state leader of 4-H club work, as he related some of the achievements of 78,135 rural boys and girls in 3,095 clubs last year.

More than 10,390 members helped out in the meat shortage when they produced 20,572 head of sheep, beef and hogs. At the Kentucky fat cattle show and sale in Louisville, 1,865 baby beeves were sold for an average of $18.13 per hundred, or a total of $293,744. Five district shows and sales also were held.

In the poultry project, 10,156 members produced 386,996 chickens and 4,558 club members were enrolled in hybrid corn production.

Meals with greater food value and variety were assured when 14,566 4-H club girls canned 946,999 quarts of fruits and vegetables. Six thousand, five hundred girls prepared and served 14,754 meals.

More than 5,000 Negro boys and girls were enrolled in various food production projects.

Members of 105 counties participated in 12 district achievement meetings; 16 county dairy cattle shows were held.

The work of Utopia clubs, older 4-H club youth, was devoted largely, in 25 counties, to planning peacetime programs.

Recreational and educational programs were carried in 15 district camps attended by 2,740 club members from 113 counties. A camp for Negro boys and girls was held, also.

Mr. Whitehouse paid tribute to 5,586 men and women and 1,667 junior captains, who served as volunteer leaders in 4-H club work.

HOPPER FAMILY ENTERTAIN

The value of a flock of sheep on Mr. and Mrs. Clarence Hopper, of Union, Ky., entertained with a family dinner Sunday for Mr. and Mrs. Lewis Wynn, of Covington; Mr. and Mrs. Earl Adams, of Hopeful Road; Mr. and Mrs. Earl Hopper and family of Indiana; Miss Edna Hopper, Mr. and Mrs. Roy Hopper of Cincinnati; Anna Hopper, of Union. Their son Cecil is recovering from a recent illness at the Veterans Hospital in Indianapolis, Ind.

JUDYS ENTERTAIN

Mr. and Mrs. M. F. Judy entertained Sunday at their home on the North Bend Road for a number of friends. Those who enjoyed the delicious dinner were Rev. and Mrs. L. M. Hamilton, Sueta, Jerry and June Hope, of Francesville; Miss Ruth Furgeson, Miss Betty Green and Billy Nunnelley, all of Covington and Pvt. Joseph Jones, of Camp Knox.

FERTILIZER RECOMMENDED

It pays well to make land productive for burley, even when prices are low, is a statement made in a leaflet, "Fertilizing Burley Tobacco," recently revised by the Kentucky College of Agriculture and Home Economics. A large supply of plant food is necessary for the production of high-yielding, excellent quality burley tobacco, and very little land is fertile enough to produce such crops without application of farm manure or commercial fertilizers or both. Copies of the leaflet, No. 63, may be had from offices of county agents, or from the college, Lexington.

HOMEMAKERS STUDY ROOM IMPROVEMENT

A room may be as out-dated as a 20-year old hat, Boone county homemakers attending a training school on "House Harmony" were told by Miss Vivian Curnutt, home furnishings specialist at the Kentucky College of Agriculture and Home Economics.

Setting up combinations of wallpaper, floor covering, drapery fabrics, slip covers, glass curtains and accessories, Miss Curnutt demonstrated how rooms may be made attractive. Money is not the first consideration in making rooms inviting and livable, the specialist pointed out, as she suggested changes and additions which may be made at small cost.

Meetings of a similar nature have been held by Miss Curnutt in nine other counties during the past few months, approximately 3,000 homemakers receiving the information.

Jack Small, 4-H club member in Martin county, who ordered 1200 baby chicks for this year, made a profit of approximately $147 on 330 White Rock hens in January.

ON KENTUCKY FARMS

It is estimated that the use of 1,000 pounds of fertilizer per acre will be common practice among tobacco growers in Grant county this year.

In Franklin county, rural carpenters have been brought up to date on new methods of constructing and remodeling farm buildings and homes.

In McCracken county Lone Oak and Health 4-H Clubs each has an enrollment of 85 members.

Ladino clover was seeded for the first time in Marshall county this year, when eight farmers put in 22 acres.

Eight homemakers clubs in Garrard county report having made 30 dressforms, renovating 60 hats, and making 24 purses.

Members of the Utopia club, older 4-H youth in Monroe county, are taking part in soil building and livestock programs, and in 4-H club work.

Speed Hensley of Harlan county made four cuttings from his field of alfalfa last year, averaging about 4 tons per acre.

In Pike county, 50 4-H club boys and girls were allotted 500 strawberry plants, and fertilizer for the first year, to stimulate market production.

In Wolfe county, merchants have bought a carload of 450 bags of certified Irish cobbler seed potatoes.

Eighteen owners of poultry flocks in Robertson county are selling eggs to local hatcheries and to those in adjoining counties.

THIS country is short of industrial fats, mighty short.

The supply is so low that the government must decide how much fat can be released to make soap; how much for other peacetime goods. The shortage would be even worse without the wonderful help American housewives are giving by turning in used fats.

Keep saving to tide us over this emergency. It will help YOU get more soaps and other products you want so much.

Where there's fat there's soap

KEEP TURNING IN USED FATS TO HELP MAKE MORE SOAP

Will they thank you for good strong feet?

Oh, you mother of a child—you want his manners to be nice, you want his brain to be quick, you want his hands to be agile—but don't you want his feet to be sturdy and true, well-shaped and graceful? Are those of your daughter?

You mother of a child, twenty years from now his feet will be walking up to get a diploma, or confidently marching in to get a job, maybe walking up to an old church altar to meet a bride in white. (Or it may be the bride herself). Your child may never thank you for good strong feet, he'll take them as a matter of fact. But what will he think if they're not good strong feet? Sure he'll still love you—but "why didn't mother make sure I was growing up right?"

It is a responsibility, just one of the many a mother takes on when she bring a child into the world.—Adv.

BURLINGTON W. M. S.

Twenty-one members of the W. M. S. met at the church Wednesday, March 27 at 11 a. m. for an all-day session.

The regular monthly program and business session were conducted in the forenoon with Mrs. McBee presiding officer and Mrs. Brady as program director. The monthly topic, "Home Mission Building in a New World" was ably discussed by Mrs. J. R. Eddins and Mrs. Robt. Clore, preceded by a timely devotional message from Mrs. McBee.

A covered dish luncheon was enjoyed at the noon hour, after which the meeting reconvened for observance of Week of Prayer for promotion of Home Missions. Those participating in this program were Mrs. King, Mrs. Irvin Rouse and Ruth Kelly. Miss Virginia Spiegel rendered a vocal solo in keeping with the theme of discussion. A most generous offering for Home Missions was made.

During business session Mission Study chairman Mrs. Lucas, announced plans for study classes to be conducted in spring and fall. The first to be held April 10 at 11 a. m. at the church, with Mrs. Frakes as teacher. All members are urged to attend this class, and receive a real inspirational message. The regular monthly meeting will be held in the afternoon following close of study class.

Under the leadership of Mrs. Robt. Clore, assisted by Mrs. Robt. Maurer and Mrs. Alvin Clore, a G. A. tea was given in the church auditorium March 16 from 2 to 4 p. m with mothers of all G. A. girls and members of W. M. S. as guests. Thirty-five guests attended. June Brown and Cordella Kelly each entertained with piano numbers and Mary Alice Poston gave a talk on G. A. work and aims. Mrs. Loder, Associational Young People's Leader was guest speaker. Delightful refreshments were served by the G. A. girls.

—Publicity Chairman.

IN LOVING MEMORY

Of our dearly beloved son and brother Pfc. Tommy Owens, killed in action in Germany, March 30, 1945.

One year has gone, our precious boy
Since God called you away
To dwell with him in glorious love
Throughout the livelong day.
To you dear [illegible] bravely dear
Upon the watery bounds,
God reached down his pure white hand
And Victory for you found.
For you were in the service
Of a country brave and true,
And God made a place in heaven
For many boys like you.
And though our hearts are broken
There's one thing sweet and true,
We know you rest in heaven
Where we'll someday be with you.
So goodnight our precious Tommy,
There'll dawn another day
When we'll be again together
Forever more to stay!

BURLINGTON BLUE RIBBON 4-H GIRLS

The second community meeting of the Burlington Blue Ribbon Club was held on March 13 at 2:00 p. m. The meeting was called to order by the president, Cordelia Kelly, after which the secretary's report was read and the roll called. Nine members and Mrs. Kelly, our community leader, were present with Miss Gillaspie, Home Demonstration Agent. Miss Gillaspie talked to the sewing girls about material and patterns. She told us that our leaders have been selected. They are: Sewing, Mrs. J. G. Smith. Mrs. Robert Maurer and Mrs. J. E. Eddins; 1st Unit Foods, Mrs. Carl Middendorf. She also announced that Rally Day would be May 25th.

The meeting closed by repeating the 4-H Pledge.

Barbara Norris, Secretary

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

VOLUME 70 BURLINGTON, KENTUCKY THURSDAY, APRIL 11, 1946

APRIL TERM IS ADJOURNED MON.

AFTER BEING IN SESSION ONLY ONE DAY—NO INDICTMENTS RETURNED—JURORS HELD 4 HOURS.

What was said to be one of the shortest sessions of Circuit Court was held this week at Burlington. The court convened at 9:00 a. m. and all jurors were dismissed at 1:00 p. m. by Judge Ward Yager. A. D. Yelton, Circuit Court Clerk stated that this was the shortest term of court in the past fourteen years.

The grand jury heard no witnesses, but after examining the county property made the following recommendations: Jail to have usual minor repairs; all county infirmary buildings to be painted, and minor repairs made in court house.

The grand jurors were as follows: Ralph Boh, F. E. Bullock, John Rice, John Feagan, Edgar Snyder, Van Elliott, Carl Bodie, Ernest Brown, Jr., H. R. Anderson, Edward Hamilton, Elisha Allen. Clifford Garrison.

Petit jury No. 1 was composed of the following: Rodger Knox, Franklin Clore, Marvin Ligon, Findley Jacobs, Warren Miller, Stanley Ransom, C. M. Emral, Thomas Walton, Harry Trapp, M. G. Pope, Theodore Barnett and David Houston.

Petit jury No. 2 was composed of the following: W. P. Hollis, Dallas Ogden, Willard Ryle, James S. Wilson, C. A. Wolfe, Walter Johnson, John Cave, Henry Holliday, Clarence Struve, Melvin Kelly, Hubert Brady and Bruce Allen.

Three persons summoned for jury service failed to appear in court in response to the summons and attachments were issued against them to show cause why they did not appear.

The case of ——— Ishmul, colored, Cincinnati, was held over until the next term of court. He faces a charge of chicken stealing.

Youth Revival Close At Burlington Sunday

The Youth Revival held at the Burlington Baptist Church the past week, closed Sunday night. The guest speaker was Rev. William Estep, pastor of Cold Springs Baptist Church, Campbell County.

Large numbers attended the services each evening, and the meeting was declared very successful. Although no additions were made to the church roll the meeting was declared successful.

Special music was enjoyed thruout the week, with various groups participating.

The young people of the church was in charge of the program each evening, with several veterans taking an active part.

SPECIAL EVENTS ARE FEATURES

OF RALLY DAY SCHEDULED FOR MAY 25TH, ACCORDING TO ASSISTANT COUNTY AGENT, BILL DAVIS.

Demonstrations of farm and home practices will be a special event at the Boone County Spring Rally on May 25th, according to Bill Davis, Assistant County Agent.

Community 4-H Clubs are urged to enter the maximum number of teams. Each team entered in the contest will be awarded points that will count on their club's total toward winning the Boone County Banker's award.

Each club may enter six teams, one boys' and one girls' team with members over 13 years old; one boys' and one girls' team with members under 13 years old; and one boy and one girl as individual demonstrators of any age.

Winners, if over 13 years old, either an individual demonstrator or a team will go to Junior Week at the University of Kentucky to compete in the State contests.

Charles Benson Receives Discharge From U. S. Marine Corps April 4

Cpl. Charles Benson, husband of Mrs. Mabel Benson and son of Mr. and Mrs. C. D. (Dewey) Benson, received an honorable discharge from the U. S. Marine Corps, April 4th at Camp Pendleton, Oceanside, California.

Cpl. Benson entered the service October 15, 1943 and received his basic training at San Diego, Calif. He served with the Fifth Marine Division in the South Pacific from September 4th, 1944 until February 27, 1946, during which time he was stationed in Hawaii, Siapan, and spent six months occupation duty in Japan.

He apparently is enjoying the the best of health, and stated that "it was good to be home again."

Prior to entering the armed forces Charley was an employee of the Allis-Chalmers Co., Cincinnati.

FAIR DATE IS AUGUST 17TH

PLANS MADE FOR HOLDING THE THE LARGEST AND BEST FAIR ON RECORD—WILL BE ONE-DAY AFFAIR.

The Boone County 4-H and Utopia Council in a meeting last Thursday evening, set August 17th as the date for the 1946 Boone County 4-H and Utopia Club Fair. Plans are made for holding the largest and best fair and county picnic on record.

The council decided to hold a one-day fair again this year. Hopes were for holding a two-day fair, but because new equipment cannot be constructed to house the large numbers of crops and livestock exhibits, it was decided to abandon the idea for this year.

The council voted to secure sponsors for scholarships to Junior Week at the University of Kentucky June 10-14 and to promote farm and home practice demonstration team contests at Spring Rally on May 25th. A 4-H judging team will also be selected to represent the county at the State fair judging contest to be held at Louisville September 2 to the 7th. The committee appointed to study changing the awards to 4-H Club members at the county fair and other county exhibits from first, second and third prizes to blue, red and white ribbon awards depending on quality of work regardless of number of entrants was continued.

The fair grounds lake will be stocked with river and lake fish this year. A committee was appointed to secure stock and keep the lake in good condition.

R. V. Lentz was appointed advertising manager for the fair this year. He plans to begin work immediately.

Post War Planning Committees Meet

Boone County Post War Planning committee groups are holding a series of meetings this week, according to Mrs. Sibbia Reimer, secretary of the County committee. The groups are preparing detailed recommendations to be submitted at the general meeting to be held at Burlington on Tuesday, April 16th.

Committees on seventeen different lines of work are appointed to submit written reports on long-time recommendations. The purpose of these reports will be to develop thought and long-time plans for Boone County improvement.

Virgil Vice, Bobby Brown, Mrs. Mark Cook, Jewell Vice and Rev. R. A. Johnson attended the quarterly meeting of Sunday officers and teachers of North Bend Association at the Southside Baptist Church in Covington, Monday nite of this week.

INJURIES FATAL TO C. H. BRISTOW

DIES AT ST. ELIZABETH HOSPITAL FRIDAY FROM INJURIES RECEIVED WHEN TEAM OF HORSES RAN AWAY.

Cumberland Harrison Bristow, a member of a pioneer Boone County family, died Friday at St. Elizabeth Hospital, Covington, of injuries received Wednesday when a team of horses ran away on his farm near Union.

Mr. Bristow suffered severe shock and fractures of eight ribs when the horses bolted. He was 78 years old.

He is survived by his widow, Mrs. Mae Bristow; two daughters, Mrs. Mattie B. Utz and Miss Jane Bristow and two brothers, James and Julius C. Bristow, all of this county.

RECOMMENDATION GIVEN FOR YEAR '46

FOOD OUTLOOK DARK FOR ENTIRE WORLD—COUNTY CAN DO HER PART BY FOLLOWING RECOMMENDATIONS.

The food outlook for the entire world is dark. Nations with plenty must share with war-ravaged countries, or malnutrition, famine and starvation with their attendant evils of unrest, riots, revolutions, will stalk the world. Recommendations to farm and rural families fall into two main groups as follows:

Produce Year-Round Food Supply

Farm and rural people have done a wonderful job during the war but many are in the mood to relax their efforts, especially the backyard gardeners who have produced under handicaps. The time for relaxation of our efforts will not arrive until the agriculture of war-ravaged countries has been at least partially restored. Without seed, fertilizer or equipment and with much farm land either mined or pock-marked with bomb craters and full of shrapnel, immediate full production is impossible. These shortages will create heavy export demands on us. The more we can produce, the more we can release to meet these needs so vital to building a lasting peace.

Let us remember, too, that it is always good business for farm families to produce their own food supply to have the best of food at minimum cost, assure good nutrition of the farm family, save cash for the purchase of conveniences, improvements and comforts for the farm family and protect the family against potential shortages.

A year-round food supply entails a well-planned garden, a home poultry flock, a family cow, home butchered meat and such supplementary products as are economically produced in the area such as sorghum, meal flour, etc. It also entails the conservation of foods for winter use by canning, storing, freezing, drying, etc.

Decrease Consumption of Foods Needed to Prevent Famine

The foods which will go the farthest in prevention of starvation and will ship to best advantage are wheat and food fats. The Famine Emergency Committee has made recommendations to public feeding institutions, bakeries, food manufacturers and distributors based on suggestions of representatives of these food industries for decreasing the consumption of certain foods and preventing waste without impairing nutrition of our people. Recommendations have also been made to consumers householders, farm and rural people that they reduce by 40 per cent consumption of wheat products and by 20% consumption of food fats. To do this:

1. Prevent waste of bread. It is estimated that one slice from every loaf goes into the garbage can. Use all scraps of bread for crumbs for scalloped dishes, bread puddings, dressings for fowl or meat.

2. Use substitutes for wheat products. (a) Use potatoes and hominy grits as alternates for bread; (b) Make breads of cornmeal frequently; (c) Use oats cereals and corn cereals often; (d) Serve fruits and pudding instead of cakes, cookies and pastries for dessert; (e) buy rye bread occasionally instead of white bread; (f) don't hoard flour, it will probably spoil and be wasted anyhow.

A. Use less fat. (a) Boil, stew, bake or broil instead of frying foods; (b) Use boiled dressing instead of oil dressing.

B. Conserve fat. (a) Render fat from all meat scraps for cooking purposes; (b) Save all meat drippings and bacon fat for seasoning; (c) Salvage all fats that cannot be re-used and turn in to your butcher or grocer.

Boone County can do her part by following as many of the recommendations as possible according to Mary Hood Gillaspie, Home Demonstration Agent.

Bulletins on the home food production program may be obtained from the County or Home Agent's office in Burlington.

FARM EQUIPMENT DISPLAY IS SET

FOR APRIL 19TH AND 20TH AT WALTON HIGH SCHOOL—WILL FEATURE NEWEST IDEAS IN LABOR SAVING TOOLS.

The Boone-Kenton-Grant County Farm and Home Equipment display at Walton high school on the 19th and 20th is attracting wide interest, according to H. R. Forkner County Agent. The schools will inspect the display from 1 to 4 p. m. on Friday, the 19th and the public from 7 to 9 p. m. on Friday and from 10:00 a. m. to 4:00 p. m. on Saturday, April 20th.

The equipment display sponsored by the farm labor department of the College of Agriculture and the commercial display by local merchants will feature the newest ideas in labor saving equipment and some of the latest in home and farm appliances. Some of the exhibits included are as follows:

A weed cutter, which is easy to operate, is economical, and cuts grass and weeds as any desired height.

A hog stanchion, simply made and which allows one man to ring hogs.

A self-feeder for hogs which eliminates hand feeding, producing faster and cheaper gains.

Models of an efficient dairy barn; sheep and turkey feeders, and a dropping pit for poultry which does not reduce house capacity.

A portable elevator for baled hay.

Bags of grain and ear corn.

A hay drier, producing high quality hay and providing insurance against weather and reducing loss of leaves and food value.

The orchard exhibits include picking bags which allow use of both hands saving labor; pruning loppers and shears which save time.

A bag filling funnel which saves fruit and one-half of the labor costs.

For the home designed to ease the work on the housewife, there are many interesting kitchen and household items. Among them is a wood box for kindling, which is very adaptable for use as a utility table; a homemade floor polisher, which is weighted, is easy to make, and saves time and energy; a compact sewing cabinet which can be easily carried; a spot removal kit; drying forms for socks and sweaters; a lap table and adjustable ironing board.

A food preparation and preservation unit is especially interesting. It features cooking and cutting equipment, mixers, baking dishes, canning and freezing items.

There are many other features in the display. The exhibit is free and every farm family is urged to attend.

Paper Drive Continues

The Bullittsville Homemakers announce that the waste paper drive will be continued for an indefinite period, as collection has been rather slow.

Even though the war is over, it is very necessary to save all paper. The Homemakers plan to sell the paper collected in this drive and use the money for worthy projects. You are requested to leave your paper at Mrs. Huey Aylor's on Route 20. Tie in neat bundles and keep magazines and brown paper in separate bundles as they bring more money.

If you have no way to take paper to Aylor's call a member of the Homemakers near you and see if other arrangements can be made.

Your support in this drive will be greatly appreciated.

Real Estate Sales Reported This Week

Mr. and Mrs. Edwin W. Evans sold their modern brick home and 5 acres of land on Erlanger Road, in the edge of Erlanger, to Mr. and Mrs. J. T. Faris, of Erlanger. Mr. and Mrs. Evans expect to move to the property recently purchased from W. E. Jones at Bullittsville.

Mr. and Mrs. R. N. Green sold their modern home and 5 acres of land, 2 miles out on Burlington-Florence Highway 18, to Lieutenant and Mrs. R. Stoddard of Covington.

These sales were handled thru A. B. Rebsker the past week.

Mr. and Mrs. Green purchased a 75-acre farm on the East Bend Road, and will move to their new location in the near future. Rel C. Wayman handled the sale of this farm.

D. H. Norris returned to Christ Hospital last week, where he is undergoing treatments.

Twenty-One Lambs Reported From 11 Ewes

A flock of eleven ewes owned by Elmer Goodridge, Hebron farmer was reported to have had 21 lambs, one of which died. Twenty of the lambs have been raised by the ewes and are in splendid condition according to a report handed this office by C. A. Fowler, of Hebron.

Among the twenty-one lambs there were three sets of triplets, Mr. Fowler stated.

This is probably a record for eleven lambs, and will stand as such until reports are given us to the contrary.

Homemakers Making Reservations For Meet

Boone County Homemakers are making plans to attend the 13th annual meeting of the North Bluegrass Federation of Homemakers in Lexington, May 3rd. Those who do not want to drive are planning to use a special bus which will leave Florence 8:30 E. T. and return to Florence around 7 p. m. Any Homemakers on friend wanting to make the trip are urged to make bus and luncheon reservations with Mary Hood Gillaspie, Home Demonstration Agent by Saturday, April 20th.

The theme for the program is "Know Your Neighbor." Mrs. Leo Flynn, Walton, district speakers bureau chairman, will be on the morning program speaking on "Inform Your Neighbor."

BOONE DRIVE NETS 3300 LB. CLOTHING

WAS SECOND DRIVE OF ITS KIND SPONSORED IN COUNTY—CLOTHING WILL BE SORTED IN NEW YORK.

The final result of the Victory Clothing Drive held in Boone County in January is 3300 pounds, according to the county chairman. The local drive was part of the United National Clothing Collection made over the entire United States.

This was the second drive of its kind sponsored in Boone. The first collection made last April netted approximately 5,000 pounds.

The clothing will be sorted in New York, according to weight for different climates and sent to the many war torn countries of the world.

The success of the Boone drive was due to the assistance given by various church groups, schools, Homemaker Clubs, Boy Scouts, and service clubs. The Rotary Club of Florence packed all of the clothing in large cardboard boxes, while Nelson Markesbery transported the 134 boxes to the railroad freight station.

Training Class Scheduled April 17

The third "House Harmony" training class for Homemaker leaders will be held April 17th, 10 a. m. to 3 p. m. Mrs. Thomas Dunlap of Richwood will be hostess for the two leaders from each club. The proper use of accessories in the home will be discussed by Miss Vivian Curnutt, home furnishings specialist, University of Ky. This lesson will be given to local club members in May, according to Mary Hood Gillaspie, Home Demonstration Agent.

The store has a full line of popular and hillbilly records, record players, needles and racks, and repairs all makes of radios. You can have your voice recorded for a dollar.

Hamilton Will Stage Show April 13th

The Hamilton P.-T. A. will sponsor a show at the Hamilton school Saturday night, April 13th at 8:00 p. m. The Corn Huskers Jamboree members have been employed by the P.-T. A. to appear on the program.

John Lair of Radio Station WRRC, Bob Glenn, Shorty Hobbs, Lillie Lay, of Renfro Valley and High Cross, Art Gabbard, Judy Perkins and Eddie Smith are featured in the show.

Admission will be 60 cents for adults and 30 cents for children.

ED GRATER FINED TOTAL OF $15,000

AND SENTENCED TO SIX MONTHS IN JAIL ON THREE LIQUOR PRICE VIOLATIONS THURSDAY.

Ed Grater, of Union was fined a total of $15,000 and sentenced to six months in jail on each of three charges contained in a criminal information filed by Claude F. Stephens, U. S. District Attorney before Judge Mac Swinford. A Federal jury returned a guilty plea Wednesday, but the Judge withheld sentence until Thursday. The jail sentences are to run concurrently.

Grater was charged with having sold or caused to be sold a large quantity of liquor at above Office of Price Administration ceiling prices. The court overruled a motion filed by Daniel W. Davies, Newport attorney, to set aside the judgment and seeking a new trial.

The trial of Grater started Tuesday, and went to the jury late Wednesday. The government presented evidence to show that whisky sales involved in the case were handled through the Peoples Distributing Co., Covington.

District Attorney Stephens recommended that Grater be committed to jail on the fine if he could not pay, but the Judge said the defendant "had the means to pay it." Grater, according to the government, collected $38,000 in black market operations.

Passion Picture To Be Shown At Hebron Church

As a part of its Holy Week observance the Hebron Lutheran Church will present the great picture portraying the "Passon" of Christ, "King of Kings." The picture will show in connection with the Tuesday evening service which will begin promptly at 8:00.

"King of Kings," was produced by Cecil B. DeMille in view of the great picture "I. N. R. I." which was imported from Germany and met with wide success and praise from the churchmen of our land. "King of Kings" is not a new picture by any means, but the message of the Saviour of man is the same inspiring truth. This picture most accurately portrays the passion of Christ in his last few moments on earth. It is the nearest to perfection that man has yet been able to produce in an effort to build through the acting of men an outlet for the words and acts of Christ as recorded by the Gospel writers. "King of Kings" truly shows Christ as the King of God's kingdom of love, and Saviour of man.

The service will begin at 8:00 sharp due to the length of the picture. Everyone is cordially invited to attend this service.

T. B. TESTING NOW AVAILABLE

TO BOONE COUNTY DAIRYMEN FREE OF CHARGE, PROVIDED APPLICATION IS MADE BY APRIL 15TH.

Dairymen owning up to 1000 cows can have their herds tested for T. B. free of charge provided they apply at the County Agent's office, phone Burlington 412, by next Monday, April 15th, according to Albin G. Pass, U. S. Veterinarian. This is the five-year sample test in which if less than 5 head out of the 100 head react the county will remain for the next five years on an accredited basis. If more than this percent react, the whole county will be tested.

Mr. Pass states that he can test up to 100 head per day and that it is very important that dairymen desiring this test notify the County Agent's office immediately. This permits dairymen desiring the test to receive first consideration and assists the veterinarian in making up his schedule. All animals five months or older on the farm will be tested. Free tests are not available after the stamping is completed.

HYBRID CORN PLANTINGS TO BE DOUBLED IN KNOX

Jasper Gilbert of Knox county produced 90 bushels of Ky. 103 hybrid corn to the acre on one and a half acres last year, while a field of the open pollinated variety produced only half as much. Gray H. Williams, farm agent, predicts there will be twice as much hybrid corn planted in the county this year as in 1945, many farmers using it entirely.

KILL FUNGI
... If you want to be free of many external skin infections
Fungi (parasitic vegetable growths) may cause conditions such as ringworm, athlete's foot and other infections that result in burning, itching, festering, and irritation. Relief requires destroying these growths.
Calomel and thymol-iodide, the two outstanding medicinal properties for fighting fungi, are together available in only one known ointment, called LODORAL.
That's why LODORAL works and works fast. Try it. It's the satisfaction, or money-back salve that soothes externally caused skin troubles faster than you ever thought possible. Try it—you'll be glad!

It's **HOUSE CLEANING TIME** *for Lamps and Fixtures, Too!*

YOU would be surprised how much dust and dirt hold back light from your reading lamp. Just by washing the bulb and diffusing bowl you can get 25 to 30% more useable light. So don't let accumulated grime rob you of vitally needed eyesight protection. Wash bulbs, bowls, reflectors and enclosing globes regularly and get all the light you pay for.

Other Ways to Get More Light from Your Present Equipment

If lamp shades are dark or turned yellow inside you may be losing as much as 50% of the light. Clean or brush shades regularly; or if they are too bad reline them or replace them with fresh ones.

Replace blackened bulbs with bright new bulbs of the same wattage and you'll get up to 25% more useful light at no additional cost. Tinted bulbs also waste light. Replace them with inside frosted white bulbs.

Place lamps to make light more useful. By rearranging furniture, one lamp can often serve two or more people effectively. But be sure it isn't too far away from either.

CAUTION: Always disconnect lamps before washing, and be sure bulbs and fixtures are dry before reconnecting.

HOME PRODUCED FEEDS ADD TO DAIRY PROFIT

Dairymen in Taylor county, who fed home-grown rations supplemented with nitrogenous feeds, realized a remarkable return over feed costs, according to Farm Agent C. V. Bryan. As an example he cites the records of Ola Borton who has a cow which produced 15,520 pounds of milk selling for $306.64. Then a calf brought $15, and the subsidy payment $37.56, making a total income of $359.20. The net profit on the cow for the year was $191.

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

VOLUME 70 — BURLINGTON, KENTUCKY THURSDAY, APRIL 18, 1946 — NUMBER 42

D. H. Norris Resigns As County Superintendent

HAS SERVED COUNTY FOR PAST SEVENTEEN YEARS—MANY IMPROVEMENTS MADE DURING HIS ADMINISTRATION.

D. H. Norris, County Superintendent of Boone County schools, handed in his resignation to the local school board at a meeting held Friday night of last week. The resignation becomes effective July 1, 1946.

For the past several months Mr. Norris has been in failing health, but had remained at his desk even though his physicians had ordered "absolute rest." However, after consulting several specialists he decided to hand in his resignation.

Mr. Norris has faithfully served Boone County as County Superintendent for the past seventeen years, during which time he has been instrumental in the growth of our school system from two high schools to four, elimination of one-room schools in the county and a program of rebuilding which has been carried out in all schools in the county with the exception of Belleview and Petersburg.

When Mr. Norris took over the reins as superintendent there were two county high schools located at Burlington and Hebron and six independent schools. There were twelve 1-room schools scattered throughout the county with small attendance.

Through his foresight and study of school needs, the county school system has grown to four high school, all housed in modern buildings, and until four years ago, Hamilton (a grade school at present) was an accredited high school making a total of five accredited high schools in Boone County.

Seventeen years ago Boone county had five school busses "all Model T Fords," today the county boasts 26 modern buses in operation.

During Mr. Norris' administration, new schools have been erected at Burlington, Hebron, Florence New Haven and Hamilton, and at present there are no one-room schools in the county. Bonds in the amount of $200,000 were issued of which only $100,000 are now outstanding, and these are being paid as rapidly as they mature. The system boasts no floating indebtness and operate within its budget each year.

The county now boasts a full time librarian, with the number of volumes increasing from practically nothing to thousands of volumes at the present time.

Mr. Norris has a reputation as one of the most efficient County Superintendent's in the state, and holds many letters complimenting his board members' efficient management of school affairs, both financially and educationally. It was Mr. Norris' plan that was carried out in issuing bonds for erection of our four high schools, and his plan has worked out according to schedule.

He is one of the most modest men in our county, and does not claim any glory for himself, always referring to those who assisted him along the way. However his associates know that he has given seventeen years of outstanding service to the Boone County school system, and his presence will be greatly missed.

Mr. Norris is complimented the various school board members, both present and past, for the splendid cooperation given him during his administration. He stated that he had always had a splendid group of men with which to work.

Proof of this good's man's accomplishments during his administration can be found on the records of the county, and will disclose many achievements not mentioned in this brief article.

The Recorder joins his many friends throughout Boone County and Northern Kentucky in wishing him a speedy recovery from his present illness.

John Clarkson

John Clarkson, of 543 Palace Ave., Erlanged died Thursday at home. He was 90 years of age.

He is survived by two daughters, Mrs. Wm. Hagedorn, of Erlanger and Mrs. Ed Rouse of Covington; two brothers Frank and Edd Clarkson of Cincinnati, five grandchildren and three great grandchildren.

Funeral services were conducted from the Erlanger Baptist Church Saturday at 2.00 p. m., with burial in Hopeful Cemetery.

Philip Taliaferro, Erlanger funeral director was in charge of funeral arrangements.

Miss Maggie Taylor

Miss Maggie Taylor died Monday morning, April 15th at St. Elizabeth Hospital, Covington, following a prolonged illness. She was a member of the Big Bone Baptist Church and made her home with Mr. and Mrs. Omer Black, of Union.

She leaves no immediate family, only nieces and nephews, and host of friends to mourn her passing.

Funeral services were conducted Wednesday afternoon at 2:30 p. m. at the Richwood Presbyterian Church with Rev. Roy A. Johnson officiating. Burial was in the Richwood Cemetery.

Chambers and Grubbs, funeral directors were in charge of arrangements.

Mrs. Thelma First

Funeral services for Mrs. Thelma First, were held at the Hebron Pentecostal Church at 2 p. m. Tuesday, with burial in Highland Cemetery.

Mrs. First, who was 24 died Friday at her home, St. Bernard, O., after an illness of eighteen months.

She is survived by her husband, Floyd First; two daughters, Patricia Ann and Carolyn Jean; five sisters, Mrs. Sherman Peeno and Mrs. Norris Riddle; Mrs. Jeff Edmonds, Covington; Mrs. Joseph Goldman, Detroit and Mrs. Eugene Randall, Cincinnati; two brothers, Harold Ramey and Clyde Arnold and her father Walter Arnold, all of Erlanger.

Mrs. Katherine Ryan

Requiem High Mass for Mrs. Katherine Elizabeth Ryan, lifelong resident of Boone County, was sung at St. Patrick Church, Verona, at 9 a. m. Friday, following prayers at the Hamilton funeral home at 8:30 a. m. Burial was in the Carr Cemetery, Verona.

Mrs. Ryan, who was 76, died Tuesday at St. Elizabeth Hospital, following a long illness. She made her home at Verona.

She is survived by two sons Larry and Charles Ryan, Verona; four sisters, Mrs. Ellen Ryan, Walton; Mrs. Mag Maloney, Madisonville, Ohio; Mrs. Deo Roberts, Paris, Ill.; and Mrs. Nannie Ryan, St. Mathews, Ky.; a brother, Ben Dwyer, Hume, Ill., sixteen grandchildren and three great-grandchildren.

WARNING ISSUED RETURNING VETS

NUMEROUS SCHEMES TO "CLIP" VETERANS REACH OPA RELATIONS OFFICE, SALS L. A. CASSIDY, ADVISOR.

The "wolves are on the prowl" in Ky. for the returning veteran's savings, L. A. Cassidy, Ky. OPA Veterans Relations Advisor, said today in advising veterans to consult their banker or attorney and the OPA before they go into businesss for themselves.

Numerous of planned "build ups" to clip the veteran reach this office every week. One of the most vicious rackets came to light in Louisville this week in the lease of service stations. This "wolf" has "rigged" and leased several stations to veterans for amounts ranging from $1000 to $2500. Most of these are poor locations that have been abandoned as unprofitable by established oil companies. The "wolf" leases the station, puts a "stooge" in charge, and sells it at a fancy price to an unsuspecting veteran. In one instance the only proof of ownership the veteran had was a receipt for one thousand dollars made out on a piece of brown wrapping paper.

Another "gyp" is selling a veteran an eating establishment or meat market where legal ceiling prices have never been established and approved.

Before buying any business, especially a meat shop, be sure you are going to be supplied with meat by a packer or wholesaler, Cassidy advised.

Look out for the fellow who is "letting you in on a good thing" because you are a veteran and beware of the fellow who wants you to keep the deal confidential. If it is such a good thing why does he want to sell? If it is on the level it will stand investigation, and demand a legal bill of sale before laying any money on the line, Cassidy advised.

RESIGNS POST AFTER 17 YEARS' SERVICE

Superintendent D. H. Norris

NEW VARIETIES ARE PLANTED

BY BOONE COUNTY FARMERS—NEW TOBACCO VARIETIES HAVE ATTRACTED WIDE ATTENTION.

Boone County farmers are constantly trying to secure new and improved varieties of crops, according to H. R. Forkner, County Agent. Ninety-one farmers are trying fourteen new truck and garden crop varieties, fifty farmers new tobacco varieties and many farmers are trying for the first time new grass, clover and corn varieties.

Petersburg and Belleview bottoms are noted throughout the Greater Cincinnati area for their outstanding watermelons and cantalopes. These farmers the past sixteen years have tried thirty-one new wilt resistant varieties. Twelve farmers this year are planting 35 pounds of the new striped Klondike and four farmers two new Georgia wilt resistant watermelon varieties. Five farmers will try the new No. 5 mildew resistant cantalope.

Forty-six farmers and home gardeners are growing new certified hybrid sweet corn varieties including Carcross, Golden Cross Bantam and Ohiogold No. 1. This certified seed has demonstrated its superiority over ordinary hybrid varieties.

Eleven farmers are trying certified Sequoia potato seed this year for the first time. This is a white variety that under Kentucky conditions, has in tests proven superior to Irish cobblers.

Slobolt is a new variety of leaf lettuce and Wando peas a hybrid cross of Thos. Laxton, are being tried by four home gardeners.

Shipp's Green Pod and Refugee No. 5 are new varieties of late bunch beans that will be grown for the first time by 10 commercial growers and home gardeners.

New tobacco varieties have attracted wide attention. Thirteen farmers are growing small plots of Experiment Station 19 and 22 for the first time, three farmers in the bottoms are growing a new fusarium wilt resistant variety and approximately fifty farmers Experiment Station 52 variety.

New varieties of grasses, clovers, alfalfa and hybrid corn are also being treid.

Farmers through years of experience in planning their community and County agricultural improvement programs have found the demonstration idea the best and most practical way to test new crops varieties that have shown promise under experimental conditions. Small size plantings are made the first year. If these are successful, larger plantings are made the following year.

A pageant will feature the Friday evening service at 8 p. m. and Sunrise services will be held Sunday morning at 6:30 a. m. Regular services will be held at 10:00 a. m. and morning worship at 11:00.

FEED INSPECTOR CITES FEED DANGER

WEED SEEDS BEING FOUND IN MANY BRANDS OF YELLOW TAG DAIRY AND LIVESTOCK FEED.

Live weed seeds are being found in many brands of yellow tag dairy and livestock feeds, according to Robert Mathews, State Feed Inspector. Mr. Mathews visited the County Agent's office in Burlington last week and advised on this situation. He stated that as high as 800,000 weed seeds, many of which were noxious weed seeds had been found in certain feeds.

The weed seeds are used with ground screenings, refuses, oat hulls, etc., and are supposed to be steamed or rolled so as to kill the germination. Many feed manufacturers follow this practice but others apparently are not. Tests have shown that as high as 38 per cent of these seeds may pass thru animals and germinate.

Kentucky has one of the best feed and fertilizer inspection laws. However, some companies often dump below standard feeds on the market before inspection catches up with the sales. The safest plan is to buy only feeds bearing white tags and beware of yellow tag feeds.

William Peeno Receives Honorable Discharge

Pfc. William Peeno was honorably discharged April 13th at Camp Atterbury, Ind., after serving ten months overseas, stationed in the Philippine Islands and Kores. He served with the 160th Infantry and was later transferred to 81st M. P. Bn.

Pfc. Peeno received his basic training at Griffith Park, Los Angeles, Calif., and Camp House, Texas. He holds the Philippine Liberation Medal, Asiatic Pacific Ribbon, American Theatre of Operations Ribbon, Good Conduct and Victory Medals.

He is the son of Mr. and Mrs. Elmer Peeno, of Erlanger, Ky.

ARTHUR LITTRELL ARRESTED SAT.

ON CHARGE OF BREAKING AND ENTERING WITH INTENT TO KILL—COMPANION ARRESTED MONDAY IN GRANT COUNTY.

Arthur Littrell, 25, one of two men who allegedly intimidated a family in their home at Spanish Villa, near Devon, was arrested Saturday night by Sheriff Irvin Rouse, Sgt. Fletcher and Bob Gordon of State Highway Patrol and Lawrence Caldwell, Sheriff of Grant County. Elmer Evans, 29 years old of Williamstown, the second man sought by authorities was apprehended Tuesday morning and returned to Burlington by Sheriff Irvin Rouse. His examining trial will be held Friday morning at 10 a. m. in Judge Cropper's court.

Littrell, a resident of a tourist camp on U. S. 25 near Walton is charged with breaking and entering with intent to kill, Sheriff Rouse stated.

Sheriff Rouse stated that Littrell and his companion shouldered their way into the home of John Woods at the Spanish Villa and proceeded to take possession of the place. When Wood ordered them to leave, they drew pistols and threatened to kill him. Wood then summoned help, but before police could arrive the pair had fled.

Littrell was arraigned before Judge C. L. Cropper Sunday morning, where he pleaded guilty and was released after posting bond in the amount of $1000.

BASEBALL SEASON OPENS SATURDAY

IN BOONE COUNTY LEAGUE—BURLINGTON AND BELLEVIEW WILL TANGLE WHILE CONSTANCE AND PETE MEETING.

The Boone County League will open Saturday afternoon when Burlington will travel to Belleview and Constance goes to Petersburg. Both games will be called at 2:30.

Petersburg has defeated Belleview three times in practice games this year. The majority of the Petersburg nine are returned soldiers and sailors and have displayed plenty of hitting and pitching ability. Constance promises to have a good team and give Petersburg plenty yof trouble Saturday. "Red" Layne is the manager of the Constance nine.

Percy Ryle, manager of the Belleview team has been putting his team through regular practice sessions and they should be in good condition for the opener. The Belleview team has a good assortment of pitchers and the starter for the opening game is uncertain.

Burlington don't appear to be too strong, but with several of the boys back from the service, they may cause more trouble than is anticipated. Burlington's mound staff is rather weak, but have a good offensive team.

Baseball fans are urged to attend the games Saturday and show these clubs that Boone County does want baseball back again.

Receives Discharge

Pfc. Millard E. Pepper, Burlington, Ky., received an honorable discharge from the U. S. Army April 10, 1946 at Camp Atterbury, Ind.

W. M. U. NOTES

The W. M. U. of Union Baptist Church met at the church at 2 p. m. Wednesday, April 10 for their regular monthly meeting. There were 12 members present, and we were happy to welcome Mrs. Virgil Young and Mrs. Reuben Kirtley as new members and Miss Nina Stevens as a visitor.

Business meeting opened by singing "The King's Business" with prayer by our president, Mrs. Ray Newman. Good reports were made by all committees, with visitation of those new families in our community set as the aim of our Community Missions.

The program from Royal Service was under the direction of Mrs. Charley Hedges with the following members giving interesting discussions of the various parts: Mrs. Hedges, Mrs. Smith, Mrs. Newman, Mrs. Bristow, Mrs. Pressor, Mrs. Bernice Hedges, Mrs. Fothergill. Devotional from Isaiah 43:8-13; Timothy 4:1-8 was brought by Miss Lucy Newman with dismissal prayer by Mrs. Sara C. Huey.

Broadway Farce To Be Presented At New Haven

"Laughing Gas," one of Charles D. Whitman's best plays will be presented at New Haven high school, April 19, at 8:00 p. m. The admission will be 15c and 30 cents.

This play, which had a long run on Broadway, is this year's play by the Senior class. Few plays have received as much favorable criticism from New York critics and the seniors are expected to do as well here.

The cast includes Nell Jean Doane, Sarah Wood, Mattie Marie Miller, Pauline Vater, Dorothy McCormick, Rose Lee Scott, Norma Jean Stephenson, Gene Weaver, George Howard, Harold Marsh and Jimmy Ned Mason.

BURLINGTON HOMEMAKERS

The Burlington Homemakers met April 4 at the court house for their meeting of the month. The president opened the meeting by reading the club collect and a song, with the business session following.

The H. D. A. gave us an interesting talk and showed some samples of materials, telling us how to use and care for them.

We adjourned with our grace song for noon lunch. Our hostess spread a lovely cloth on the table and a beautiful center piece of spring flowers atteded much to the appearance of table. We enjoyed a social hour.

After lunch the lesson was given "House Harmony," showing the use of all available storage space, also making waste baskets with twisted crepe paper. The lesson was given very graciously by Mrs. Kirtley Cropper and Mrs. C. L. Cropper.

Twelve members and one visitor were present. Our next meeting will be at the home of Mrs. Kirtley Cropper, May 2nd.

Mrs. M. M. Lucas, Pub. Chm'n.

Certificate Awarded Draft Board Clerk

C. G. Kelly, who has acted as clerk of Local Draft Board 9 for the past five years, received a certificate of appreciation from Lewis B. Hershey, director of Selective Service System. The wording of the certificate follows:

"The director of the Selective Service System has awarded this Certificate of Appreciation to Courtney G. Kelly in grateful recognition of five years of loyal and faithful service."

Christmas Seal Sale Beneficial To County

The response which a large majority of Boone County people gave to the last Christmas Seal Sale encouraged the County Tuberculosis Association to such an extent that it feels it can pretty well take care of tuberculosis in Boone County, so far as financing goes.

The jump in the seal sale from $838.58 in 1944 to $2137.98 in 1945 has not only boosted and encouraged this organization, but Kentucky State Tuberculosis Association, as well. Quoting from Dr. L. E. Smith, Executive Secretary for the State: "As I look back over the Seal Sale Record for the past ten years, it is almost like a fairy tale. I recall when we first began the work there, it was very difficult to get any one interested. At that time the sale only amounted to $256.25. This year the amount raised is $2137.98. You can see why this seems like a fairy story to me. It is really wonderful."

During the past year Boone County has paid approximately nine hundred and thirty-three days' board and treatment at $3.00 per day to the three Sanatoriums to which have been sent Boone County patients.

The association has tried to see that practically all persons, particularly children, who are living in the house with a person who has tuberculosis have periodical X-ray examinations.

All known cases of tuberculosis are visited regularly by the County Red Cross Nurse in an effort to help the patient and teach the family how to protect themselves and others.

An intensive week's program has been put on by the State Tuberculosis Association and the County Red Cross nurse on prevention and cure of tuberculosis in all Boone County schools. Clinic services and cod liver oil for children have been furnished where there was a special need.

With as many as six cases in sanatoriums at one time during the past year, funds were exhausted. Following a county meeting, the Tuberculosis made this known: The County Red Cross Chapter, the Fiscal Court, most County Churches and private individuals came to the rescue in a very substantial way, which tided things over until money could be borrowed from the 1945 Seal Sale.

Boone County now has the promise of a State X-ray Clinic for high schools and others as soon as one is available.

The above report was handed The Recorder and signed by the following: Mrs. Sibbia Reimer, president; Mrs. John L. Vest, vice president; Mrs. Oleva Dolph, secretary; Miss Mary Bess Cropper, treasurer; Mrs. Louis Houston, board member; Miss Lucy Lee Grant, board members; Miss Elizabeth Lowry, County Nurse.

NORBEH CHAMPIONS

The Norbeh 4-H Club met on Wednesday, April 10th at Hebron School House.

We were called to order by our president. We sang "God Bless America," and then we repeated the club pledge. The secretary then called the roll and read the minutes of the last meeting. We then had reports from our project captains. Miss Gillaspie told us about demonstrations at Spring Rally and urged us to exhibit some. We are also planning a community rally on May 9th at Hebron School. Miss Evelyn Swank, our Home Economics teacher, is helping us on our clothes judging and Miss Rogers and Mrs. Hollis are helping us on our demonstrations. The girls enrolled in good grooming were appointed to meet with their teacher after the meeting. The meeting was adjourned by singing "The Three Fishermen."

Hebron School Will Present Operetta

The Hebron high school will present the operetta "Top O' the World," Tuesday night, April 23 at 8:00 p. m.

When the curtain rises on the first act we find the graduating class of Wayback Tech. Collegg has just arrived at the Grand Canyon in Arizona. One of the most noticeable figures is Jim Gray disguised as an Indian guide. When he sees Nancy Gray, he knows he has found his sister, who was lost when a baby. Jim sends to the ranch for his father, but the father is kidnapped by the Wild Hawk Band. A possee composed of cowboys, and students start out to rescue him.

Of course there are many amusing situations. There are heart throbs and laughter for students, cowboys and robbers. But the good prevails and the bad is ironed out.

SCIENTIFIC EXAMINATIONS
HOW ARE YOUR EYES?
Many persons suffer from eye-strain and do not know the cause of their distress or discomfort—headaches, dizziness, nervousness, mental dullness, etc.
Our expert EXAMINATION —not mere "testing"—will reveal the true condition of your eyes and may save you considerable trouble in the future.

The Electric **LAUNDRY** *Center*

A NEW IDEA FOR HOME BUILDERS AND REMODELERS
Major inconveniences and minor irritations that once gave "Blue Monday" its bad name are done away with in the new Laundry Center. It's a work-saving idea that's sweeping the country.
Everything that is needed to turn out a week's washing with a minimum of effort is arranged on a production line basis. There's a special sorting and sprinkling table next to the automatic clothes washer. Clothes baskets are portable—and the laundry sink has deep bowls. The electric dryer fluff-drys everything from diapers to bedspreads and eliminates dependence on the weather. A built-in ironing board folds into the wall when not in use. A cabinet-type ironer, at which you may sit down while you iron, is also provided.
With modern laundry appliances, washing is not the damp, dripping job of former years, so the laundry need not be relegated to the basement, garage or servant's house. A first floor Laundry Center, adjacent to the kitchen, can be step-saving, light, airy. It may double as a sewing and mending center, a study spot for the youngsters, a play place for children on rainy days.

CONGREGATION MEETING SET

The Union Presbyterian Church would like to announce a congregational meeting following their service Sunday, April 21. This is to be a brief but important business meeting.

PRE-EASTER SERVICES ANNOUNCED BY CHRISTIANS

The Bullittsville Christian Church will hold pre-Easter services on Wednesday, Thursday and Friday nights at 8 p. m. The service on Thursday night will be the customary highly impressive candlelight Communion service.

Following their annual custom, the Women's Missionary Society will gather at the church at 7 p. m. on each of the designated evenings for an hour of prayer meeting.

On Easter Sunday a sunrise service will be held at 6 a. m., which will be followed by a fellowship breakfast in the basement of the church to be partaken of by all who come prepared to do so. Sunday School will convene at 10 a. m., as usual after which the morning church service will start at 11 a. m.

Rev. A. C. Young, of the Bullittsville Church speaks for all of the members in extending a cordial invitation to everyone to attend all of these services and partake of the fellowship. All members of the church are especially urged to be present at all of the services, not only for what they may derive from them, as vital as that is, but also, for what they can contribute to them.

Approximately 75 percent of Anderson county farmers plan to use root rot resistant varieties of tobacco this year.

CARD OF THANKS

I wish to thank all my relatives, friends and neighbors for their visits, nice cards and flowers I received while at the hospital and home, during my illness. Again I thank you all. 1t-pd

Post War Planning Committees Report

AT MEETING HELD TUESDAY, APRIL 16TH—PLANS CALL FOR GOALS TO BE ACCOMPLISHED DURING NEXT FIVE YEARS.

The Boone County Post War Planning Committees held their second meeting at the County Agent's office in Burlington, Tuesday, April 16th. W. M. Smith, chairman and Mrs. Sibbia Reimer, secretary, presided at the meeting and received the written reports of the committees.

Each of the seventeen committees appointed at the January 15 meeting were present in person or had a representative to submit the committees' reports. Several of the committees had not completed their recommendations due to the size of the job and the considerable period of time required. The committees did show deep interest in their job and the Post War Welfare of Boone County.

The reports of each of the seventeen committees will be published during the next several weeks to create thought. The plans call for the creating of goals to be accomplished during the next five to twenty years. The committees' work will continue and plans may be added to or improved in the light of new developments.

The first of the committee reports is on rural roads. The committee, "Rural Roads for All Farm Families" is headed by Judge C. L. Cropper. The report is as follows:

"As Chairman of the Rural Roads committee for Boone County in the Post War Planning Program, wish to advise that the program for rural road improvement has been set up and we believe that our County roads will be much improved during the next three years.

"For the year 1946 all of the present rural blacktop roads will be repaired and improved, and due to an agreement with the Kentucky State Highway Department the greater part of this work will be done by the State which will allow the County Road Department to work on, and better maintain the side, or feeder roads.

"In addition to the above mentioned roads, about eight miles of now practically impassable roads will be reconstructed and placed in condition for all-year travel, during the year 1946, and we hope to continue this program of re-building about eight miles of the low type roads over a period of years.

"Several of the State Roads in Boone County will be re-surfaced during the coming summer which will place these roads in a better condition than they have ever been since taken over by the State.

"We expect the Federal-State Aid program to take over, and build, several miles of roads in Boone County during the next three years which will relieve the County of the cost and time spent on used on other County roads to great advantage.

"We believe that great improvement will be made in the building and maintaining of rural roads during the next few years, unless something unforeseen blocks the present program.

"The lack of road working equipment is the present bottle-neck, as it is impossible to purchase trucks and other necessary machinery, which may slow up the beginning of the road building program, as the greater part of the equipment on hand is in a badly run condition."

Respectfully submitted, C. L. Cropper, Chairman, Rural Roads Committee.

The committees' reports on "Electric for all Farm Families," and "Improvement of the Rural Home for Better Living" will be published next week.

The next meeting of all committees is set for Tuesday, October 8.

Florence Seniors Will Present "Youth Saves The Day" Friday April 26

The cast includes James Bonar, Virginia Zinermon, Sue Stephens, Jewel Ward, Charles Popham, Jowell Scott, Doris Jean Taylor, Billie Chitwood, Finley Horton, Juanita Clark and Wendell Aylor.

Wilbert Newhall Dismissed From Hospital

Lt. Wilbert J. Newhall, U. S. N. was dismissed from the naval hospital at Doublin, Ga., on April 7th, and was assigned to duty at the Charleston, S. C., naval base, where he awaited further assignment.

April 17th it was reported he had been assigned to duty aboard the USS Franklin D. Roosevelt, a large carrier.

Wilbert had planned to visit his father in Boone County, but due to scarcity of officer personnel he was unable to take a leave at this time.

His assignment aboard the carrier is that of a Division Officer.

BELLEVIEW AND PETERSBURG WIN

IN OPENING GAMES OF BOONE COUNTY BASEBALL LEAGUE—BOTH GAMES WERE CLOSELY CONTESTED.

The opening games of the Boone County League found Belleview and Petersburg the winners, with Burlington and Constance on the losing side of the ledger.

The Belleview-Burlington game was a very close contest throughout. Belleview scored the winning run in the eleventh inning. The final score was 3 to 2.

Ivan Cason pitched the first ten innings for the winners, but was relieved by "Hoots" Ryle in the eleventh. Cason allowed four hits. Ivan Gulley, the marine, went the route for the losers. Gulley had plenty on the ball and held the Belleview hitters to a few scattered blows.

Both ball teams played a good game and good sportsmanship prevailed throughout.

Petersburg defeated Constance by a score of 7 to 5. Eddy Deck was the winning pitcher. The game was close, and both teams displayed power at the plate.

Next Saturday Constance travels to Belleview and Burlington will play at Petersburg. The teams are evenly matched and good games are in store for all who attend.

Club Members Urged To Help Food Shortage

Four-H Club members in Boone County are urged to help the food shortage during the coming year by producing more gardens, according to Bill Davis, Assistant County Agent. Club members who produce enough fresh vegetables for the family's use will release crops produced by commercial growers for consumption in large cities and for export of canned vegetables to foreign countries. Vegetables produced at home and used fresh, or canned for winter use, will greatly reduce costs.

Club members who are enrolled in garden projects are urged to raise larger gardens. Members who are not enrolled in garden projects and boys and girls not enrolled in 4-H Clubs may secure enrollment cards from Community Club Secretaries or from the Agricultural Extension office.

Boone Youths Apply For Enlistment In Navy

A. S. Johnston, Jr., U. S. Navy Recruiter, Covington, Kentucky, announces that Marion Emmett Riddell, R. R. 2, Ludlow, Kentucky, has applied for enlistment in the U. S. Navy and will go to Louisville for his final examination on April 25.

Three other Boone County men, high school seniors, applied for enlistment in the Navy effective after the present school term. They are: Charles Porter Shinkle, Burlington, Ky., R. 2; Harold Lloyd Presser, Burlington, R. 2; Bernard Allan Hogan, Burlington R. 1.

Mr. and Mrs. Carl Cason, of Belleview, were Sunday guests of Mr. and Mrs. William Rudicill and family.

Mr. and Mrs. C. D. Benson visited relatives in Walton Sunday afternoon and Mr. Benson's father returned home with them for a visit of several months.

FIFTY WOMEN PLAN TO ATTEND MEET

TO BE HELD AT LEXINGTON MAY 3RD—MRS. WANDA WILKINS WILL BE FEATURED SPEAKER OF DAY.

A copy of the program for the Thirteenth Annual District meeting of Homemakers has been received by Mary Hood Gilliaspie, Home Demonstration Agent. The highlight of the program is a talk by Mrs. Wanda Wilkins, Sao Paulo, Brazil on "Building Inter-American Understanding."

The North Bluegrass District meeting will be at Memorial Hall, University of Kentucky, Lexington, May 3rd. Almost fifty bus reservations have been made by Boone Homemakers for the trip to Lexington.

The theme for the program will be "Know Your Neighbor." District chairmen of reading, publicity, citizenship, and Speaker's Bureau will give short reports at the morning session. Mrs. W. E. Nichols, state president of Homemakers will follow with a talk on "New Frontiers." After lunch Miss Myrtie Weldon, state leader of Home Demonstration Agents, plans to talk on "Building a Strong Home Front." After special music by the Scott County chorus, Mrs. Wilkins will talk and exhibit articles from Brazil.

Training Class Well Attended

Eleven Homemakers Club sent project leaders to the training class on House Harmony last week. The group had been invited to meet at the home of Mrs. Tom Dunlap near Richwood.

Roll was called by Mrs. William Fitzgerald, county home furnishings chairman. She asked each club to display their miniature model room. Following this the meeting was turned over to Miss Vivian Curnutt, home furnishings specialist, U. of K., who gave an interesting discussion on the use of accessories and furniture arrangement. After lunch, leaders were divided into three groups to work on various furniture arrangements.

Mr. and Mrs. R. A. Hodder, Jr., entertained in honor of Mrs. W. C. Stock's birthday, Dr. and Mrs. B. J. Burns, and Mr. and Mrs. W. C. Stock, of Price Hill, Mr. and Mrs. E. J. Ruppert of Erlanger and Mr. and Mrs. Sommerkamp of St. Bernard.

ORCHARD FIELD INSPECTION MEET

PLANNED APRIL 30TH AT W. L. SCHELL'S ORCHARD—PURPOSE OF MEETINGS IS TO STUDY SPRAY AND OTHER PRACTICES

Northern Kentucky fruit growers have planned a series of monthly orchard field inspection meetings, according to H. R. Forkner, County Agent. The first of these meetings will be held next Tuesday, April 30th at 1:00 p. m. at the Dr. W. L. Schell orchard, one-half mile west of Burlington on State Road 18.

The purpose of these meetings is to study the spray and orchard management practices that have been carried out to date, see the results and to discuss what sprays and practices that should be carried out during the next thirty days. W. W. Magill, orchard specialist from the College of Agriculture, will meet with growers at these meetings. The meetings are scheduled to last not longer than one hour.

All fruit growers are urged to bring their spray and weather records to the meetings.

EVANS-LITTRELL FOUND GUILTY

ON BREAKING AND ENTERING CHARGE—EVANS RETURNED STATE REFORMATORY TO SERVE NINE-YEAR TERM.

Elmer Evans, 29, of Williamstown, Ky., pleaded guilty to charges of breaking and entering at the Spanish Villa last week and has been returned to LaGrange reformatory to serve a probated sentence of nine years on other charges.

According to local authorities, Evans had served 6 years of a 15-year sentence and was released on probation. When he became involved in the recent affair at Spanish Villa, and upon his plea of guilty, he was automatically returned to LaGrange to serve the balance of the term or 9 years.

At the hearing it was proven that Arthur Littrell was merely a companion of Evans and did not take an active part in the affair. After the case was heard, he was fined $25.00 and costs for disorderly conduct.

Branch Recruiting Office To Be Opened In Burlington, Soon

According to an announcement received from Leroy F. Lester, Lt. Colonel, the U. S. Army Recruiting Service will open a branch office of the Cincinnati Recruiting station in Burlington, to further the Army Recruiting program now in process.

Sgt. Erwin Cates will be the representative in our community. Sgt. Cates is married and the father of seven children. He first enlisted in 1919 with the Army Air Corps at Aberdeen Proving Grounds, Maryland, he was assigned to duty with the 96th Bombardment Group (a unit of the first day Bombardment Group of World War I.) He flew border patrol duty with flight "A" of the 96th along the Mexican border. He served three years as chief clerk of the Armament and Communications Department for three years at Kelley Field, Texas. At that time they were active in training flying cadets and experimental low altitude bombing and machine gun tactics. He served from 1919 to 1925. He enlisted again a short time ago and of course it was the Air Corps he chose as his branch of service.

Local headquarters will be in the court house, with the office being open six days each week. Sgt. Cates will move into our community during the time of his service here.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

DECISIVE MOMENTS IN PETER'S LIFE

LESSON TEXT—John 1:42; Mark 8:27-29; Luke 22:54-57, 61, 62; John 21:15-17.
MEMORY SELECTION—We ought to obey God rather than men.—Acts 5:29.

Men are of primary interest to God. Our Lord Jesus has always been concerned about men, eager that they should be filled with all the fullness of His love and the beauty of His grace. He it is who stands by in the hour of weakness and failure to give renewed strength to His repentant child.

The life of Peter runs the gamut of human feelings from the height of joy and assurance to the depth of despair. He learned many of his lessons the hard way—by a stubborn struggle in the school of experience—but he came out into a glorious and triumphant faith in Christ.

I. A New Name and a Great Confession (John 1:42; Mark 8:27-29).

When a man comes to Jesus in true faith and devotion he becomes a changed man. The Bible speaks of it as a new birth, a radical change from darkness to light, a going from death to life.

A name is important in its bearing on the individual's life. How often parents hinder or embarrass a child with an unworthy name, or a foolish imitation of the name of some giddy individual in the public eye, but lacking real character.

Simon, which means "hearing" was completed by the name Peter meaning "rock," a token of this change of direction of life. The Lord gave it to him, and He knew all about the man, his past, present and future, the longings of his heart which were to be fulfilled in service for Him.

The great confession of Christ (Mark 8), which became the foundation of the church (see Matt. 16: 16), was the expression of the heart of this spiritually changed man.

"Thou art the Christ!" Such is the conviction and confession of the man or woman with the reborn life!

II. An Awful Failure and a Deep Repentance (Luke 22:54-57, 61, 62).

Peter had vaunted himself in declaring his everlasting loyalty to the Lord. His old self-satisfaction and boastfulness had overcome him. He had even come to the place where he felt capable of telling the Lord that He was mistaken.

He made the grave mistake of following the Lord "afar off" (v. 54). He did not intend to deny the Lord, but he had allowed himself to get into a position where it was hard to stand up for Him.

The lesson for us is evident. If we want our faith to be steady and true in the hour of the enemy's attack we must not get far from the Lord, nor may we find our fellowship with this Christ-denying world.

Peter's strong denial of our Lord, his use of language unbecoming to a believer, his quick falsehoods—all these mark the thing he did for what he knew it to be when he heard the cock crow—a terrible sin against the Christ.

The look of Jesus doubtless carried conviction, but one somehow feels that it was even more a look of tenderness and of assurance of the Lord's promised prayers for him.

The thing which brought the tears of repentance was the remembrance of the Lord's own words (v. 61). It is the recollection of the Word of God which brings a man to his senses spiritually.

Peter's repentance was real. So we find that Peter was restored and reinstated in his place of service for the Lord.

III. A Complete Restoration and an Obedient Service (John 21:15-17).

Jesus met Peter on the first Easter morning, so he was assured of forgiveness. But Peter and the others had returned to their old life as fishermen. They seem to have lost their vision, or had become discouraged.

But the Lord had not forgotten them. He appeared and told them where to catch fish, and then we have the lovely scene around the fire as they breakfasted together.

There it was that the Lord met Peter, and as he had denied Christ thrice he is asked to thrice declare his devotion to Him. He is standing by Christ's fire now. There is no hesitancy and no uncertainty in his witness now.

The man who thus declared his readiness to serve Christ to the end had many an opportunity to prove the sincerity of that profession. He met persecution and imprisonment, but to every effort of man to close his mouth or to change his witness he had the simple reply of absolute obedience to the Lord.

Tradition tells us that this faithfulness finally led Peter to a martyr's death, but he was ready even for that. So we see a life made over, made powerful, made glorious for God through the matchless grace of our Lord Jesus Christ. He can do it for you, too. Will you let Him?

Long Illness And Your Feet

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

Long illness or long convalescence often may be the cause of painful muscle spasm in the lower limb and foot. In either circumstance long periods of inactivity, lack of exercise, coupled with the weakened condition of the body cause the muscles to lose tone and become weak and flabby.

The foot, while lying, as in bed, cannot and is not, held in a normal position in relation to the limbs and rest of the body. The foot is held in an extended position, which allows a shortening of the large muscles in the back of the limb, and allows the weaker muscles in the front of the limb to stretch.

When partial strength, to the patient, is restored and he finally is allowed to walk, it is imperative that the bones of the foot are properly supported in shoes designed to distribute body weight evenly over the whole bottom surface of the foot, and to relieve further the strain on the muscles, ligaments and tendons, until normal strength and muscle tone return.

An ordinary "strong looking" shoes is not the solution to this problem. Ordinary shoes with so-called arch support and flat base planes, can only allow the foot condition to degrees further.

At this time special attention should be paid to the inner construction of the shoe. The base construction and inner foundation of the shoes should be shaped to the NORMAL CONTOUR of the bottom of a NORMAL FOOT.. The inside of the shoe should resemble the normal foot print in soft turf or sand.

Such a shoe with sound construction and foot shaped base planes is found in an especially built surgical shoe.—Adv.

RESOLUTIONS OF RESPECT

Whereas E. Keeler Stephens departed this life Jan. 14, 1946, age 83 years, Mr. Stephens was active in church work until his last declining years, an original charter member of our present church and an honorary Elder at death.

Resolved that the church has lost a loyal member, the family a devoted father and the community a good citizen.

Resolved that we offer sincerest sympathy to the family.

And be it finally resolved that a copy of these resolutions be sent to The Recorder for publication and a copy be placed on file in our church book.

CORNCRACKERS MEET

The Constance Cornecracker 4-H Club met at the school house Friday, April 12. Miss Gillaspie and Mr. Davis were present. The program the club had was a spooky program and this one was a nutty program. Mr. Lents gave hints that would suggest some kind of nut. The boys competed with the girls in the contest, the boys winning by a point.

The next meeting of the club will be Monday, April 29th at 1:30 p. m. A program has been arranged. There will be a style show and some demonstrations.

The Constance P.-T. A. will also meet the same day at 1:00 p. m. This will be the last meeting of the P.-T. A. this school year, and some business will be transacted. All are invited to attend this this meeting whether you are a member of the P.-T. A. or not.

COLLEGE STRESSES VALUE OF ALFALFA

The dependability of alfalfa, its high yield per acre, nutritive value and the fact that livestock like it should give this hay crop a place on thousands of Kentucky farms where it is not now grown, according to a circular of the State College of Agriculture and Home Economics. There is seldom a season so unfavorable that one or more cuttings are not obtained, in normal seasons, three to four cuttings.

Since from 60 to 80 percent of new sowing of alfalfa are made in the spring, particularly where sloping fields make the preparation of fall seedbeds impractical because of the washing, there is still time for this crop to be put in.

In northern Kentucky, alfalfa seeding begins in late February and extends well into April; in the southern and western part of the state, it begins in February and is completed in March.

Spring seeding is done by broadcasting in fields of small grain in the same manner that red clover is sowed.

Farmers have found it is profitable to graze sheep and cattle on alfalfa-sowed grain fields. The tramping of the soil provides the desired seedbed and a light cover for the seed. With the pasturing of the grain, the alfalfa seedlings suffer less from shade and competition for moisture and plant food.

Circular 312, Growing Alfalfa in Kentucky, may be had from county agents or from the college at Lexington.

The Breathitt county agriculturaal council is purchasing a plaque on which the names of farmers growing 100 or more bushels of corn to the acre will be inscribed.

Omar Claypole of Robertson county produced 4,024 pounds of Ky. 41A tobacco on one and nine-tenths acres treated with ammonium nitrate.

SPRING HOUSECLEANING SUGGESTIONS ARE GIVEN

Spring housecleaning takes much time and energy. The use of certain inexpensive homemade recipes for quicker and better cleaning is always welcomed by the busy housewife. Following are some suggestions that have been used by homemakers for several years, according to Mary Hood Gillespie, Home Demonstration Agent:

1. To remove the gummy accumulation on wood furniture brought on by use of too much furniture polish, give it a good washing of a mixture of one quart of hot water, three tablespoons boiled linseed oil and one tablespoon of turpentine. If boiled linseed oil is not available, add a few drops of Japan dryer to raw linseed oil before adding to solution. The proportion is 1-5 as much dryer as oil. Rub the furniture with a soft cloth wrung out of the solution which is best warm, then wipe dry and rub to a polish with another cloth. This is excellent for varnished woodwork. When furniture is clean, apply a good coating of wax; allow wax to dry 20 minutes then polish surface well (hard rub). Liquid wax is all right for little used surfaces. For chair arms and backs, table top., floors, etc., paste wax is advised. Furniture polish is not advised for any household cleaning.

2. Miss Ida C. Hagman, Home Management Specialist, University of Kentucky gives the following cleansing soap recipe: 1 qt. boiling water. ¼ cup sal soda (washing soda) and ½ cake shaved yellow soap. Add soda and soap to boiling water. Remove from heat, stir until dissolved, then cool Use on painted walls or woodwork with a damp cloth or sponge. Rub continuously, but not too hard, until dirt loosens. Rinse with clear water. Polish with a soft, dry cloth. This soap is good for washable painted walls and linoleum.

3. Soap Jelly: Used to shampoo upholstery, rugs, lamp shades. Place one cup mild soap chips (may be chips made from small bits of toilet soap) in a quart of water and heat over slow flame until completely dissolved. Pour into a jar and allow to stand over night or for several hours until it has jellied. Shampoo: Take as much soap jelly as need, beat with dover egg beater until frothy.

To Shampoo Rugs, Upholstery, or Parchment Lamp Shades. Equipment needed; 3 pans of lukewarm rinse water with a cloth or sponge in each; a pan of shampoo, with sponge or cloth in it; a case knife or spatula and newspaper. Method: Work over area 2 feet square, overlap each square. Do not get rug (upholstery, or parchment) wet! Use circular motion to apply frothy shampoo—work fast, quickly and lightly; scrape lather from surface with spatula or knife (on parchment, wipe off) and wipe spatula on the newspaper. Then rinse by wringing rag dry out of first pan of rinse water and going circular motion) over the area. Follow same procedure with cloths from other 2 rinse pans. Remember, do not get piece wet; simply dry shampoo the surface. This same method may be applied to washable window shades; allow one side to dry before washing other.

4. To Gluesize an old rug: Dissolve powdered glue in warm water until the consistency of milk. Apply to back or rug with paint brush. Only a light coat is necessary or rug will be too stiff. Brush sizing on in one direction. When dry, if another coating is desired, brush sizing on in the opposite direction.

5. To Remove Spots from Rugs or Upholstered Pieces: Grease-Carbon tetrachloride, or other dry cleaner is best. A small amount on a cloth, applied with a circular motion, working from outside of spot into the center is best. If it is possible to use a blotter or cloth under the spot, or to apply remover from te back of the cloth, forcing spot onto a blotter, the task may be easier. (Be sure to use a fresh spot on the blotter for each application, so removed grease will not cause another spot). Ink: For writer's ink, use solution made by dissolving 2 ounces of oxalic crystals in one pint of hot water. Squeeze a sponge or cloth fairly dry and work fingers with a dabbing motion directly over the spot. Rinse well with cloth wrung dry from clear water. Chewing gum may be removed by using carbon tetrachloride. To wash silk lamp shades, check first to see if fringe decoration on the lamp shade is glued or stitched. If glued and the fringe is a desirable decoration it should be sewed on before washing. Cords, ribbons or trimming should be removed and cleaned separately. Use the frothy shampoo and a brush for this. The job is easier if done in the sink or tub where it is possible to immerse the shade and plenty of fresh rinse water is available. Care should be taken when brushing in the shampoo, or when brushing the rinse water through to avoid injuring a weak fabric. Rayon, particularly calls for special car. To clean a parchment with a design, use turpentine on clean cloth. Test the method on inconspicuous spots before attempting the entire lamp shade.

6. To clean copper or brass: Use either 1, cut lemon dipped in salt, or 2, cloth dipped in vinegar, then in salt. When tarnish has been removed, wash well with clear water, and wax surface.

Grease on walls: Before repapering a wall which is spotted with grease, remove old paper. Shellac the surface, when it is dry, roughen the shellac with steel wool to aid paper in sticking. If there is much grease, a second coat of shellac may be applied and roughen before papering.

PRIMING TOBACCO PAYS BIG PROFITS

Farm Agent Hugh Hurst estimates that at least $50,000 was received by Pulaski county farmers who primed around 10,500 pounds of tobacco leaves in the field.

A few farmers having small crops primed all the leaves. Harry Mitchell primed 1,210 pounds from six-tenths acre of medium sized tobacco, and averaged 46 cents per pound. Victor Black prived seven-tenths acre and produced 1,204 pounds.

Omar Trimble gathered only the bottom leaves from a half-acre. They weighed 200 pounds and sold for 57 cents a pound. Mr. Trimble said he made more money for the time spent in priming than for anything else he did in his tobacco.

Robert Flynn primed 1,200 pounds which brought him $814.

Glenn L. Loveless picked up 816 pounds which cost him approximately $50. He sold his crop for 50 cents per pound when the market was low. It was the highest price he received.

Huey Vaughn primed 840 pounds which sold for $393.76 on a low market.

Due to the drouth in Pulaski county last fall, priming did not pay as great a dividend as it will in ordinary seasons, said Mr. Hurst.

Lee Busby and wife are improving after a recent illness.

On 400 farms in Monroe county, there are approximately 7,500 dairy cows

STATION ANNOUNCES NEW OAT VARIETIES

New varieties of spring oats suitable for Kentucky planting are announced at the Agricultural Experiment Station, following a test of two years.

Osage and Neosho—new varieties of oats from Kansas—have outyielded Columbia and are superior in grain quality and straw. They are also more resistant to rust and smut. Although seeds are not available this year, they should be in 1947 if orders are placed early with dealers.

Tama, Boone, Vicland, Vikota, Cedar and Marion, new varieties from the corn belt, have not equaled Columbia in yield, but are suitable for planting in Kentucky. All are rust and smut resistant. In some localities, seeds of these varieties are to be had now.

In a single year's test; Clinton and Benton, also new corn belt varieties, yielded slightly less than Columbia, but had excellent grain and very good straw. Too late for successful production in this state, they nevertheless produced fairly rank growth and heavy tonnage which should make them valuable as sheaf oats. Seed of Clinton oats will be available in 1947.

How to sharpen household tools correctly was learned by Graves county homemakers at their January meetings.

National Home Demonstration Week To Be Observed

In observance of National Home Demonstration Week, May 5 to 12, Miss Myrtle Weldon, state leader of home demonstration work, Kentucky College of Agriculture and Home Economics, points out some of the results of the program carried by home agents, specialists and supervisors in 66 counties in the state.

Home demonstration work in Kentucky, based on the problems of rural people and determined by them, is given through organized Homemakers' Clubs with a membership of 16,347; of that number 11,200 members served as leaders. Boone County has an active membership of 350. More than 110,260 farm and rural families report having adopted improvements in home and family living last year. The spread of information from neighbor to neighbor can scarcely be estimated, said Miss Weldon. As during the war, home gardening and conservation are being stressed; but in addition, Homemakers are interested in housing, health and consumer problems.

As a result of food conservation, 65 million quarts of food were canned and 64 million bushels of vegetables were stored. To insure safety in canning and to save time, homemakers, bought 23,000 pressure canners. Diets were improved in 28,797 families through greater use of milk and eggs.

In 35 counties. homemakers estimated they saved $156,028 by dyeing articles of clothing; they making, repairing, cleaning and dyeing articles of clothing; they put 6,203 sewing machines in good running order and made or remodeled 197,000 garments.

Twenty-four thousand families in 46 counties improved their homes and made 4,329 slipcovers, 16,913 glass curtains, 2,088 rugs and 3,056 lampshades. They also painted or papered 22,000 rooms.

Easier methods of housekeeping, washing and ironing were adopted by approximately 25,000 homemakers; 8,000 kitchens were made more convenient and 5,000 storage units added. Fifteen thousand homemakers reported having been assisted in buying wisely, and 10,000 learned to make better use of their time.

Mrs. Clyde Arnold, Boone County President of Homemakers, will be interviewed on Station WHAS Saturday, May 11th at 1:15. This program will be one of two broadcasts from the Louisville station during Home Demonstration Week.

Attend Convention

Mrs. Pearl Gulley, Mrs. Mary Berkshire and Mrs. Minnie Dungan or Ludlow attended the State Royal Neighbors Convention held at the Irvin Cobb Hotel in Paducah. on April 17. The main session was held in the morning, followed by luncheon and then a tour of the city.

Paul Friedlander, City Commissioner, made the opening address.

Mrs. Doris Smith, of Knoxville, Tenn., and Mrs. Minnie Dungan, of Ludlow were elected to attend the supreme camp meeting to be held in Cincinnati, Ohio, June 10.

Mayfield, Ky.. was chosen as the location for the next state meeting to be held in 1949.

BULLITTSVILLE HOMEMAKERS

Mrs. V. E. Ware was hostess to the B. H. C. on last Thursday, April 18. There were nine members and one guest present. We were pleased to have the Home Agent present.

Our president, Mrs. R. Grant opened the meeting. We read our collect and gave the flag salute. We held a very short business session, which was followed by a discussion on citizenship by Mrs. A. L. Pfalzgraf. Miss Gillaspie urged as many as possible attend the district meeting in Lexington on May 3.

During our lunch hour we celebrated the birthday anniversary of our president. Her gift from the club was two lovely handkerchiefs. Miss Gillaspie then led us in a discussion on projects for next year's work.

Our subject matter for this meeting, "Making bookcases out of wooden crates; wasterpaper baskets and similar objects out of old containers; and using all available space in our homes," was presented by Miss Gillaspie and Mrs. M. M. Lucas. Much enthusiasm was displayed and I'm sure hammers, saws, sandpaper and paint will have a prominent place in housecleaning plans this season. A large group of pictorial views on the subject were displayed by our leaders.

Our scrap paper drive is continuing for another month. We have made some progress and urge this whole community to get behind our efforts and help in this worthy cause. Tie papers and magazines in neat bundles in order to handle it properly. Card board boxes can be filled and tied shut. Thanks to all who have donated. Take your scrap paper to the home of Mrs. Huey Aylor on Route 20, near Hebron.

Our next meeting will be in the home of Mrs. Earl Souther, May 16. Guests are always welcome.

Pub. Chairman.

Sheep Treatments Due

Sheepmen who have not already treated their flocks with the Phenothiazine drench or pills should do so immediately, according to H. R. Forkner, County Agent. Failure to treat all old sheep soon as the lambing season is over, causes the old sheep to infest pastures with intestinal parasites that causes heavy losses in the lamb crop. Only the old sheep should be treated now.

The Phenothiazine one part, salt nine parts mixture should be kept before the sheep at all times after the old sheep individual treatment. This checks and prevents further spread to the lamb crop.

This intestinal parasite control program has added thousands of dollars to the income of Boone County farmers. Reports of the Cincinnati stockyards show that our lambs are reaching the market much higher in quality and heavier in weight. Some stockyards men state many farmers following this program have been able to double the income per lamb marketed the past two years. Circulars giving detail recommendations for treatment are available at the County Agent's office.

BIG BONE W. M. S.

The regular monthly meeting of the Big Bone W. M. S. was held at the church on Thursday, April 11, with 11 members and 6 visitors present.

After a social morning and an enjoyable lunch, our meeting was called to order by our president, Mrs. Gruelle, and we were favored with a duet, "Neath the Old Olive Trees," by Thelma Rouse and Jane Aylor, followed by the repeating of our watchwords.

The devotional was given by Mrs. Hogan and Mrs. Tom Hamilton led the society in prayer.

Our program chairman. Mrs. Huff. presented the program "Evangelical Witness to the World" with the following taking part: Jane Aylor, Mrs. Mae Harrison, Mrs. Mary E. Aylor, Mrs. Myrtie Adams, Mrs. Dewey Crisler, Thelma Rouse and Mrs. Olive Gruelle. Prayer for shut-ins especially Miss Maggie Taylor, was offered by Mrs. Hogan.

Business session followed and we were dismissed with prayer by Mrs. Mae Harrison.

Mrs. Wm. W. Aylor, Pub. Chmn.

McVILLE

Mr. and Mrs. Kenneth Rogers and son have moved into one of the houses on the reservation at Dam 38. We are glad to have these people in McVille. They were given a showed by their friends last Thursday evening.

Mr. and Mrs. Charles Newman visited his father E. E. Newman and family Saturday night and Sunday.

Mary E. Presser visited Nellie Jo Purdy one night last week from school.

Mrs. Cam White is visiting her son Harold and family in Washington and helping them prepare to move home.

Mr. and Mrs. Vernon Scott and sons were entertained Easter Sunday by the John Ryle's at Rabbit Hash.

Mrs. Les Ryle has been on the sick list the past week, but is much improved at this writing.

Mr. and Mrs. Robt. Maurer and son, of Burlington, spent Sunday with Mr. and Mrs. Clarence Wolfe.

Several from here enjoyed the Easter Sunrise service at the Christian Church, Sunday morning.

June Caryl Stephens spent from Friday until Monday with Vera Dean Scott.

Mrs. Josie Cason spent Thursday with her daughter, Mrs. Zora Scott.

Web Rogers spent the week-end with Tom Rogers and family.

Mr. and Mrs. "Buddy" Rogers have gone to housekeeping in their home below McVille.

DISEASE-RESISTANT TOBACCOS PAY WELL

When Wendell Van Hoose of Johnson county lost an estimated $4,000 fruit crop from a heavy frost and freeze in April, 1945, he decided to try tobacco as a cash crop, he told Farm Agent Carl H. Lay.

On one and six-tenths acres, Van Hoose applied 3,200 pounds of 3-9-6 fertilizer and 1,000 pounds of 20 percent phosphate before the land was plowed. Three hundred pounds of ammonium nitrate were applied as a side dressing.

His total yield of Ky. 16 and Ky. 41A tobacco was 3,993 pounds, which he sold for $1,952.74, or an average of $1,220.46 per acre.

Home Canning Equipment Prospects Better For '46

Home canning will be as important this year, when famine stalks overseas, as it was any summer during the war, says the Bureau of Human Nutrition and Home Economics of the U. S. Department of Agriculture. Every jar of good home-canned food that a family puts up for itself will do its bit toward making the world's food supply go around.

"What about canning equipment and supplies?" many homemakers ask when they begin planning for canning. Luckily, this year no serious shortages in canning equipment are expected, according to Mary Hood Gillaspie, Home Demonstration Agent. Here is a round-up of the supply picture:

Canners: Outlook is good for production of both pressure and water-bath canners. Aluminum is fairly plentiful. The enamelware industry is running well above its pre-war production of various items, and should be able to make water-bath canners to meet demands.

Jars and tops: Prospects are bright. Stocks on hand are greater than at any time during the war or before the war.

Rubber rings: No shortage is expected. Quality should be better than in the last few years because somewhat more natural rubber is being used.

Tin: Supplies of tin for cans continue scarce, and where ever practical it is better to use glass jars for home canning, to conserve tin this year.

Sugar: Supplies are still short. Spare ration stamp number 9 is now good for 5 pounds of sugar for home canning and can be used through October 31. Wait to buy this sugar until you need it and then use it only for canning. Only one additional stamp for home canning sugar will be issued this year, and the total sugar ration for home canning will not be more than 10 pounds per person. So make every bit of canning sugar count.

FARMERS PLAN SOIL BUILD-UP

Building up soil fertility is the foremost objective of progressive farmers and other interested leaders in Johnson county. To that end, a planning committee for agriculture set up a series of eight goals which Farm Agent Carl H. Lay lists as follows:

1. Use contour cultivation to decrease soil loss and increase crop yields.
2. Plant grasses and legumes in all seedings to improve pastures and increase soil fertility.
3. Establish kudzu on steep or waste land.
4. Establish 10 experimental fields of sericea.
5. Sow cover crops for land protection, feed and green manure.
6. Use lime and fertilizers to increase crop yields and aid in establishing pastures and meadows.
7. Drain wet land and put it to good use.
8. Provide regular income from proper woodland management.

RECIPE OF THE WEEK

Canned tomatoes take on more character when they are combined with celery or canned corn in a baked dish. Topped with toasted crumbs, second helpings will be in order. Food specialists at the Kentucky College of Agriculture and Home Economics recommended this recipe: Scalloped Tomatoes—3 cups canned tomatoes—4 slices toasted bread, 1 cup diced celery, one fourth cup chopped onion, 3 tablespoons butter and one half teaspoons salt.

Mix vegetables and salt. Pour half the vegetables into a buttered casserole and cover with broken pieces of toasted bread. Pour remainder of vegetables on toast and dot with butter. Cover with toast pieces and bake in a moderate oven, 375 degrees for 15 minutes.

Menue: Pork chops, baked potatoes, scalloped tomatoes, fruit salad, rolls, butter and blackberry roll.

The acreage grown to pickles in Ohio county will be considerably greater this year than in 1945, when farmers sold about $10,000 worth.

About 3,000 bushels of hybrid seed corn was produced by 16 members of the Logan County Hybrid Seed Corn Association.

Baptists Will Hear Executive Secretary

Seventeen Baptist "Get Acquainted" meetings have been scheduled to give the 450,000 Kentucky Baptists an opportunity to meet their new Executive Secretary, Dr. W. C. Boone, Louisville. Dr. Boone announces that a thousand are expected in the afternoon conferences and three thousand at the mass meetings. The meeting in this section will be at the Madison Avenue Baptist Church, Covington, Kentucky, the Reverend Frank H. Malone, pastor, Tuesday, April 30.

The more than 1,500 pastors and all missionary leaders are invited for an afternoon conference at 2:00 with Dr. Boone. Present and future plans for the expanding State Mission program will be discussed.

In the evening service at 7:30, Dr. Boone will speak and a recent film of Baptist work in the State will be shown. This picture presents the two Baptist orphanages, one hospital, five church schools, eight departments of Baptist work, and the fifty-two missionaries serving in every section of the State.

Farmers in Magoffin county, who previously had fusarium wilt in their tobacco, last year grew Ky. 33 with good results.

Be CAREFUL

In times like these the confidence man is very active. His propositions always look good. Before investing your money in some "fly by nite" venture, talk to your banker. Is Your Refrigerator Ready for Its Summer Work?
The coming of warmer weather means extra duty for your electric refrigerator, so give it the care and attention it needs to operate at maximum efficiency.
If your refrigerator is an open unit model, see that the motor is properly lubricated. Check condition of belt and door gasket. Keep unit compartment and condenser coils clean. And if you have reason to suspect mechanical trouble, have your refrigerator checked by a competent serviceman.
Refrigerator servicemen are busy now and will be extra busy during the midsummer rush. You'll save possible food losses and inconvenience later by having your refrigerator put in first-class condition now.

What is your GUESS on our profits...?

SOMETIMES, although an idea is wrong, it does no harm. Like the idea that a square jaw is the sign of will power. That winters aren't as severe as they used to be, or that red hair denotes quick temper.

But there are other wrong ideas, which are definitely harmful to public confidence in and understanding of industry. One such idea is the current "guessing" about profits made by large business organizations.

Many people are apt to grossly exaggerate the money made by business. So Opinion Research Corporation (an independent organization) made a survey to learn just what the public thinks about profits. Compare these guesses and yours with the International Harvester profit figures given below.

Public guess on war profits . . 30.0¢

I H four war year average profit . . . 4.9¢

In this survey, the average of the guesses by the public of the wartime profits made by industry was . . . thirty per cent (30%).

But in the four war years of 1942, 1943, 1944, and 1945, the profits of International Harvester Company averaged only . . . 4.9% on sales. *Less than one sixth of what the general public "guessed" for all industry.*

For this period, the year by year per cent of profits on sales was: 1942—7.34, 1943—5.59, 1944—3.95, 1945—3.93.

Public guess on peace profits 18.0¢

I H four pre-war year average profit . . 7.17¢

In the four peace years of 1938, 1939, 1940, and 1941, the profits of International Harvester Company averaged . . . 7.17%. *This is well under half of what the public "guessed" for all industry.*

Majority think fair profit in normal times is . . . . . 10¢

I H. ten-year average is less than 7¢

The survey indicates the public knows that in our economy profits are indispensable. And the majority regard 10% as a fair rate of profit in normal times. Many large businesses, including ourselves, would consider it a banner year if we could reach this figure. *Our average profit for the last ten years—four war and six peace—was 6.43%—more than a third less than what the public considers fair.*

All these figures show that our profits are not high. As a matter of fact, the entire farm machinery industry is a low profit industry. In 1944, the Federal Trade Commission published a list of 76 industries ranked in order of their ratio of profits to sales. The farm machinery industry was 57th on the list.

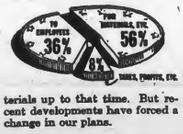
What About Current I H Prices?

When the War ended and we planned our peace-time production, we had hoped to be able to serve our farmer customers at the same level which has held since 1942, regardless of war-time increases in costs of wages and materials up to that time. But recent developments have forced a change in our plans.

Wages and materials consume nearly all of every dollar Harvester takes in from sales. A Government board has recommended and the Company has agreed to pay a general wage increase of 18 cents per hour for Harvester factory employees. The Government has also allowed price increases on raw materials which we purchase in large quantities. Steel has had an average increase of 8.2%.

There has been no general increase in our prices since they were frozen by the Government early in 1942.

So our situation today is that what we BUY costs us 1946 prices. We will be paying average hourly wages 56% above 1941. For what we SELL we get only 1942 prices. This condition cannot long be met out of our present low rate of profit.



Future Prices on I H Products

It is plain that price relief will be needed to meet the increased wage and material costs which we must carry.

We regret this necessity. We prefer to lower prices, when possible, rather than raise them and we know our customers prefer to have us do that. We had hoped to be able to "hold the line," at least.

But we do not see how we can avoid operating at a loss if our prices continue to remain at their present frozen levels. We will NOT "cut corners" on any of our products, because QUALITY IS THE FOUNDATION OF OUR BUSINESS.

Our customers can be certain that we will seek no more than a moderate profit, both because of our policies and because we have approximately 900 competitors fighting us vigorously for your business. Our request for price relief will be no more than is necessary to insure continued service to our customers, continued work for our employees, and a reasonable return for our stockholders.

80-Year-Old Union Lady Killed By Truck Friday

HAD BEEN WATERING FLOWERS IN YARD OF PRESBYTERIAN CHURCH—FUNERAL SERVICES HELD SUNDAY.

Mrs. May Spears, 80-year-old Union woman was injured fatally by a truck Friday, as she crossed the road with a coat thrown over her head to protect herself from a sudden shower, according to Sheriff Irvin Rouse. The tragedy occurred on Sate Highway 42, Union.

Witnesses exonerated the driver of the vehicle, Frank Hanlon, 41, Ghent, and that no charges had been filed against him. Dr. J M. Huey, Walton physician, was called, but Mrs. Spears died within 30 minutes after the accident.

Mrs. Spears was watering flowers in the yard of the Union Presbyterian Church, across the road from her home, when she was surprised by a sudden downpour. She was hurrying to shelter at her home when the accident occurred. The victim was a great lover of flowers and was an active worker in the church.

The truck which struck Mrs. Spears was the property of the Baker & Vickers Trucking Co., Ghent, Ky., and was engaged in hauling cream to Cincinnati.

Mrs. Spears is survived by a sister, Mrs. Maud Rachal, with whom she made her home, and three brothers, A. H. Norman, Union and Victor Ephraim and Fielding Norman, all of Anniston, Ala.

Funeral services were conducted from the Union Presbyterian Church Sunday afternoon, with burial in Union Cemetery.

Chambers and Grubbs, Florence funeral directors were in charge of arrangements.

Admission price ten and twenty-five cents.

The eighth grade commencement exercises for the Petersburg eighth grade will be held at the auditorium Tuesday evening at 8:00. Address by Rev. W. T. Gardner, pastor of the Bullittsburg Baptist Church. Miss Mary Lou Bowlin will give the valedictory address and Miss Ollie Mae Brady will bring the salutatory address. Lyter Kirkpatrick, a member of the seventh grade will also give an address.

The public is invited.

Harvey W. Furnish, of Columbus, Ind., was Wednesday evening guest last week of Mr. and Mrs. A. B. Greenup, of Covington, Ky.

WOOL GROWERS TO MEET MAY 6TH

G. P. SUMMERS, MARKET SPECIALIST WILL ADDRESS GROWERS AND GIVE LIVESTOCK MARKET OUTLOOK.

Boone County sheepmen and wool growers will meet at Burlington courthouse at 1:30 p. m., court day, Monday, May 6th, according to H. B. White, County Wool Pool President. The 1946 sales committee will be appointed and the date for selling the 1946 pooled clip will be set.

Mr. G. P. Summers, market specialist from the College of Agriculture, will address the growers at the meeting. Mr. Summers will discuss the 1946 wool and livestock market outlook.

The County Pool the past year sold practically 100 percent of all wool produced in the county. Two hundred eighty-seven growers last year sold 46,098 pounds of wool for $24,926.12. It has been in continuous operation for more than 45 years. It is also the most outstanding in years of service and price received per pound for its membership of all pools according to a recent state survey.

All wool growers and others interested in the livestock market outlook are invited to attend the meeting on May 6th.

Local Youth Applies For Enlistment in Regular Army

William Acree, son of Mr. and Mrs. J. C. Acree applied for enlistment in the regular army at the local recruiting office here Saturday and left Monday for Cincinnati, shipping point for this area. From Cincinnati he will go to Louisville for final examination and enlistment.

William chose the army air forces of the regular army as the branch of service he most desires, and is very much interested in the educational advantages being offered to young men who enlist now. William enlisted for a period of three years.

Sgt. Cates of the local recruiting office states that if a young man will take advantage of all the opportunities now being offered by the Army he will have gained much more in three years of army life than he could gain in three years of college life.

When William completes his term of service he will be eligible to all the benefits under the GI Bill of Rights, including a college education plus $65 a month while going to college.

MAY FISHING IS PERMISSIBLE

IN ALL IMPOUNDED WATERS DURING MONTH, ACCORDING TO INFORMATION RELEASED BY GAME DEPARTMENT.

Frankfort, Ky., Emergency powers vested in the Game and Fish Commission paved the way for May fishing this year in navigable streams and impounded waters of the State.

New laws enacted during the past Legislature provide for year-round fishing in certain waters of the State, but it was necessary for the Commission to exercise its emergency powers to give the fishermen the green light this May because new statutes are not effective until ninety days after they become law, which is June 19 in this case.

Pole and line fishing is permissible in impounded waters and in all navigable streams except not above the last lock and dam upstream. Herrington and Dale Hollow Lakes are impounded waters, while Kentucky Lake falls within the classification of waters under lock and dam since lock and dam controls water in that body.

The new code also permits commercial fishing with legal nets during May in all navigable streams, but never above the last lock and dam upstream. Kentucky Lake is open to the commercial fishermen, too, but not Herrington and Dale Hollow Lakes.

The entire length of the Ohio River bordering Kentucky is open to May fishing, be it commercial or pole and line, inasmuch as the last lock and dam does not come within the bounds of this State.

All streams and waters will be opened for pole and line fishing May 30 when the protective ban is lifted from potential spawing waters.

Utopia Club Meeting Held Thursday Night

The Utopia Club held its April meeting April 26 with a large number of members present, according to James F. Brown, club reporter.

The boys' group discussed grass seeds and pastures. Mr. Forkner had several kinds of grass and grass seed on display and told the group how to identify some of them when the variety is not marked. Many kinds of seed cannot be identified except by those who have had experience working with them.

The Book Review as planned had to be postponed until a later date as Miss Mary Bess Cropper could not be present for this meeting.

Next month's meeting will be held at the courthouse, May 23rd. The club will discuss Post War Planning.

Mr. and Mrs. Earl Sullivan, of Burlington R. 2 are the proud parents of an eight and one-half pound boy, born Sunday morning. The baby has been named Earl Glenn.

Henry Clay Duncan

Funeral services for Henry Clay Duncan, 95, descendant of Boone County pioneer settlers, horse trader and farmer, who died Tuesday night of last week at the home of his daughter, Mrs. G. H. Grant, Bullittsville, were conducted Thursday at 2:30 p. m. in Bullittsburg Baptist Church. Burial was in Bullittsburg Cemetery.

Mr. Duncan was born in Bullittsville and attended the Baptist church there for half a century. He was well known throughout this section, and was probably the oldest citizen in the county.

He is survived by two daughters, Mrs. G. H. Grant, and Mrs. Joseph E. Snyder, both of Bullittsville; a sister, Mrs. Jannie Riley, Butler, Pa., and three grandchildren.

Chambers and Grubbs, Florence funeral directors were in charge of arrangements.

Mrs. Mollie Conrad

Mrs. Mollie Conrad, 84, died Tuesday night at the home of her daughter, Mrs. M. C. Fisher, Florence, Ky., with whom she resided, following an extended illness. She was a member of St. Paul Church, Florence.

Besides her daughter she is survived by one brother, Charles Cahill, Indianapolis; a sister, Mrs. L. L. Kroger, Hamilton, O., and two granddaughters.

Funeral services were conducted Saturday at 8:30 a. m. from the residence with requiem high mass at 9 a. m. at St. Paul Church. Burial was in St. Mary Cemetery.

The Taliaferro funeral home, Erlanger was in charge of arrangements.

Clarence B. Hanson

Clarence B. Hanson, died last Thursday at St. Elizabeth Hospital. He was a resident of the Bracht-Piner road, Kenton County.

Funeral services were conducted from the Chambers & Grubbs funeral home with Rev. C. G. Dearing officiating, Friday at 3:00 p. m. The body was removed to Zanesville, Ohio for burial on Saturday afternoon at 1 p. m.

Chambers and Grubbs were in charge of arrangements.

Refreshments will be served by the committee at the usual hour.

FLORENCE F.-T. A. WILL MEET

The Florence Parent-Teachers' Association will hold their regular monthly meeting Thursday evening, May 9th at 7:30 at Doc's Place, Dixie Highway, Florence. Reservations for dinner should be made not later than May 5th to Mrs. Sarah Rouse, telephone Florence 200. After the business part of the program the newly elected officers for the coming year will be installed.

This being the last meeting for this school year, all members please be present.

Farmers Seek Tobacco Bed Fertilizer Information

Farmers from all sections of the county are requesting information on fertilizing their tobacco beds with nitrate of soda, according to H. R. Forkner, County Agent. Applying nitrate to the beds will make the plants grow faster and will help grow them out of a set back caused by blue mold. The nitrate tends to grow the plants fast and may make them too brittle and tender at setting time. It should be used only when plants make unsatisfactory growth.

The recommended application is one pound of nitrate of soda in five gallons of water for a bed 9 feet by 22½ feet. A bed 225 feet long by 9 feet wide should require 10 pounds of nitrate of soda dissolved in fifty gallons of water. This solution sprinkled evenly over the bed with the canvas off should be immediately washed off with an equal amount of water.

Ammonium nitrate should be used at only one-half the above rate if substituted for the nitrate of soda.

Interest High In Meeting Being Held At Belleview Church

The revival meeting at the Church of Christ in Belleview has been meeting with a great deal of success. The attendance has been very good and the interest high. Special music has been offered each night. Monday we were favored by a duet by Misses Willa Maude Deck and Evelyn Rogers; Tuesday the Burlington High School Glee Club, under the direction of Mr. Walton, brought us several beautiful numbers; Wednesday the special music was brought by our evangelist Hugh B. Harris; on Thursday night Miss Geneva Ashcraft sang a solo; Friday night Mr. Dorsel Lawhorn of Portsmouth. O., brought a message in song.

The church would like to take this opportunity to publicly thank each of these persons for their cooperation and willingness to help out.

The congregational singing is being led very ably by Brother John C. Mullins, minister of the Belleview Church of Christ.

Hugh B. Harris, of San Antonio Texas, the evangelist, is at present minister of the Christian Church at Whites Run, Ky. He will graduate this spring from the Cincinnati Bible Seminary, where he will receive his Bachelor of Arts degree. From there he will go to the Christian Church at Apache, Okla.

The public is invited to attend each of the services which remain in this meeting. The services begin at 7:30 each evening. The meeting will reach its climax on May 3rd.

Albert C. Martin

Albert C. Martin, plasterer contractor and resident of Erlanger for 30 years, died early Tuesday at his home, 116 Stephenson Road, following an extended illness. He was 68.

Mr. Martin is survived by a son, Robert C. Martin, Erlanger building contractor; a brother, Leva Martin, Carrollton; two sisters, Mrs. Tillie Crawford, Dayton; Mrs. John Morrison, Madison, Ind., and three grandchildren.

The Philip Taliaferro funeral home, Erlanger is in charge of arrangements.

Pvt. Carl Middendorf left last week after spending a furlough with his wife and son, here.

DAIRY PAYMENTS ARE INCREASED

TO PROTECT FARMERS FROM INCREASED FEED AND LABOR COSTS—WILL BE AT SAME RATE AS APRIL 1945.

To encourage farmers to maintain a high level of production and to protect them from increased feed and labor costs the Secretary of Agriculture, Clinton P. Anderson, has taken the following action:

1. Effective as of April 1 the dairy production payments for April will be made at the same rate paid in April 1945, 60 cents per hundredweight of whole milk and 17 cents per pound of butterfat.

2. The payments for May and June, 1946, will be increased over those paid in May and June, 1945, by 20 cents per hundredweight for whole milk and 5 cents per pound for butterfat, making whole milk payments 45 cents per hundredweight and the butterfat payments 15 cents per pound.

These payments are subject to termination or revision in the event of any authorised increase in the price of milk on butterfat before June 30, 1946.

Receives Discharge

Pfc Raymond H. Jackson, son of Mrs. Mary Jackson, of Constance, Ky., received an honorable discharge from the Army April 18th.

He served with the 742nd Amphibian Tank Battalion personnel as a driver. He is entitled to wear the American Theater Ribbon, Good Conduct Medal and Victory Medal.

He is now enjoying a rest with his mother in Constance.

Verne L. Reeves S1c of Constance received an honorable discharge from the U. S. Navy April 23, 1946 at the U. S. Naval Personnel Separation Center, Great Lakes, Ill.

George D. Mullins CM3c (CB) received an honorable discharge from the U. S. Navy at the U. S. Naval Separation, Great Lakes, Ill., April 23rd, according to information received from that center.

Former Burlington Man Receives Navy Citation

Harold Snow MM1c, former Burlington boy is in receipt of a citation for his outstanding services with U. S. Navy in the Pacific theater. Harold is a son of Mr. and Mrs. Alva Snow, and now resides in Cincinnati.

Harold served seven years and 8 months with the fleet in the Pacific three years of which time was spent in operating against the Japanese in World War II.

The citation received by Harold follows:

"For distinguished service in the line of his profession during the period 30 April to 26 June 1945 as a leading machinist's mate in the after engineroom on board the United States ship Lowry, during operations against the enemy in the Okinawa area on radar picket duty, during which time the ship was under five serious air attacks, by his exceptional coolness, alertness, and skill he contributed greatly to the success of the operation of the ship by quickly and efficiently anticipating and meeting the rapid and numerous high speed requirements during evasive maneuvers while under enemy suicide plane attacks. His coolness and efficency in the face of the enemy were in keeping with the highest traditions of the United States Naval Service."

Hospital Drive Opens In County May 6th

The Booth Memorial Hospital drive will open in Boone County on Monday, May 6th. William P. McEvoy, of Florence has been named county chairman.

Precinct chairmen will be selected by the first of next week in order to solicit the various donations. The purpose is to help all people in the county who need hospital aid.

All contributions will be greatly appreciated. An article will appear in next week's paper, giving further details.

Reitmann-Sebastian

Miss Alice Reitmann, daughter of Mr. and Mrs. Fred Reitmann, was united in marriage to Mr. William Sebastian, son of Mr. and Mrs. Henry Sebastian, Thursday, April 11, 1946 at the home of Rev. Forest Taylor of Woodlake, Ky.

The bride wore powder blue with navy accessories. The groom wore navy blue.

The attendants were Wendell and Fred Allen Taylor.

Following the ceremony the happy couple left for a honeymoon trip through Kentucky, visiting all the scenic and historic spots. They are now at home to their many friends in Madisonville, Ohio.

Interesting Talk Heard

Those who were present on Monday night at the Burlington school and heard Mr. Tucker's inspiring talk on "Cancer" in which he explained how easy early cancer is cured, will carry a lasting impression of the necessity for work to be done in this field.

Everyone present also enjoyed the concert given by the Boone County Band under the direction of Mr. Bloss.

Piano Recital

Mrs. Ella Gradford will present her pupils in recital on Thursday evening, May 9th, 8:30 at the Christian Church, Bullittsville.

The public is very cordially invited to attend.

Overseas Veteran Ends Life With War Trophy

BODY FOUND IN CAB OF PICK-UP TRUCK BY SHERIFF IRVIN ROUSE WEDNESDAY MORNING NEAR UNION.

Harold Barlow, 29, Union, veteran of World War II, ended his life early Wednesday morning after arising from his bed and drove one and one-half miles from his home. Barlow shot himself in the heart with a war trophy he had brought back from Germany, a .38-caliber Luger pistol, according to Sheriff Irvin Rouse, his brother-in-law.

Sheriff Rouse reported that neither he, nor members of the family knew of the reason for Barlow's act, other than that he came back nervous and just couldn't seem to get settled.

The body was found at 8 a. m. Wednesday in the cab of his father's pick-up truck by the sheriff and L. R. Barlow, father of the victim. The vehicle was parked on Hick's Pike south of Union.

Since his discharge from the Army three months ago, Barlow had been employed as a clerk in the Hulett Hardware Store, Williamstown. He was married and the father of a three-year-old girl.

After being discharged from the Army he had resided with his parents, Mr. and Mrs. L. R. Barlow, Union, Ky.

He is survived by his widow, Mrs. Ottlie Barlow; one daughter, Natalie; two brothers, Ralph and Surface Barlow; and two sisters, Mrs. Doretta Rouse and Miss Frances Barlow.

Funeral services were conducted from the Hopeful Lutheran Church Friday morning at 11:00, with Rev. Paul Rimmer officiating. Burial was in Hopeful Cemetery.

Chambers and Grubbs, Florence funeral directors were in charge of arrangements.

Belleview School Club To Hold Special Meeting

The Belleview School Club will hold a special meeting at the school house next Thursday afternoon, May 2 for the purpose of receiving bids for school cook for the next school term. The cook will be expected to manage school room, hire her helper, plan menus and fill out government reports. These bids may be handed to the president, Mrs. Ashcraft or handed to chairman on day of meeting.

This meeting will also be for the purpose of electing officers. It has been named "Dad's Day," and all Dads who are interested in the school and its work are urged to be present at 2:30 p. m.

DELAYS CAUSED BY ERRORS IN FORMS

IN SUBSISTENCE PAYMENTS TO VETERANS TAKING ON-THE-JOB TRAINING, ACCORDING TO REGIONAL OFFICE.

Subsistence payments to veterans taking on-the-job training are being delayed in many cases because forms are not being prepared correctly by veterans and employers, according to Mr. T. O. Hall, Veterans Administration Regional Office. Lexington, Kentucky.

This delay and resulting correspondence can be avoided if more care is used in preparing necessary papers, said Mr. Hall, Acting Chief, Vocational Rehabilitation and Education Division. Both veteran and employer must sign a Certificate of Eligibility under their respective endorsements, Mr. Hall said, and the dates of entrance on training must agree with the date on the Certification of Business Establishment prepared by the employer. At present, he said, about 300 incorrectly prepared sets of documents are received daily which must be returned for correction.

The VA official stated that the employer's form must show the monthly wage, exclusive of overtime, when the veteran starts training, also the minimum wage the veteran will receive as a skilled worker after training has been completed. He stated that veterans desiring information concerning delayed subsistence payments should not write to the Regional Office until a reasonable time has elapsed after the correct submission of all papers. On-the-job trainees, Mr. Hall added, should also check with their employers that delay has not been caused by return of papers for correction.

Jitney Supper Planned

The ways and means committee of Evadell Chapter, Order of Eastern Star, No. 453, will sponsor a "Jitney Supper" at the Hebron School lunchroom Saturday, May 4. Serving will be from 5 to 9 p. m.

The menu will consist of creamed chicken, roast beef, vegetables, salads, pie, coffee, and barbecue sandwiches.

Come out for a good meal at a moderate cost.

Real Estate Transactions

Carroll Rice, of Burlington purchased a house and lot in Crescent Springs, Kenton County, from George H. Otten.

W. A. McLoney sold his farm of 71 acres, near Idlewild, on Highway 20, to George H. Otten. Mr. McLoney purchased this farm over a year ago from Rev. J. W. Campbell and had made extensive repairs to the house, making it a very attractive home.

Possession of these properties will be given within 30 days.

These sales were handled thru A. B. Renaker the past week.

Band Organized At New Haven School

Mr. Dean Bloss has organized a band at New Haven, and the new organization rendered "America," "America the Beautiful," and "Anchors Aweigh" at the Senior play. Some popular numbers such as "I'm Always Chasing Rainbows" are being used as solos.

Uniforms have been ordered for the twenty-one members. Officers were elected as follows: President, George Howard; vice president, Joan Anderson; secretary, Kathleen Kenney and treasurer, Gracie Grater.

If you would like to see some snappy looking majorettes, come out and see Mary Scott and Bertha Carroll at our next performance.

The New Haven group is looking forward to playing with the Boone County Band. With the encouragement and help of all the parents and other people in the community the band will be successful.

L. L. Tucker, formerly, of Burlington is ill at Good Samaritan Hospital.

SAFE AND TRUCK RECOVERED HERE

AFTER BEING STOLEN FROM TWO ERLANGER FIRMS—HIGH EXPLOSIVES USED TO OPEN SAFE.

A truck and a safe taken Sunday night from two Erlanger businesses were recovered early Monday on Price Pike, near the new airport in Boone County, according to Sheriff Irvin Rouse.

The truck was stolen from the Erlanger Lumber Co. and driven to the office of the Standard Oil Co. of the Kentucky bulk station. The thieves broke a side window to enter the office and then rolled the safe out through the front door.

Loot consisted of forty-five dollars in cash and several checks were taken from the safe. Police believe powerful explosives were used to open the safe described as a heavy double vault.

The theft was discovered Monday at 7 a. m. when A. G. Turner, a route salesman opened the office.

The truck was returned Monday to the Erlanger Lumber Co. Sheriff Rouse [illegible] safe after he had received a call telling him of a truck parked on the road.

SECOND REPORT MADE BY 2 AND 3

PROJECTS ON POST WAR PLANNING—ELECTRIC AND RURAL DWELLING IMPROVEMENT ARE SUBJECTS.

The Post War Planning Committee report on projects Nos. 2 and 3 are listed below:

No. 2 Committee "Electric Available for all Farm Families."

"In 1935, 2 percent of farm homes were electrified. In 1946, 45 per cent of farm homes were electrified. The national government sponsors of R. E. A. propose to cover the entire rural area and make farm houses 100 per cent. To support this program, 450 million dollars have been appropriated by the government to loan to the R. E. A. Cooperative of the nation.

Breaking this down to Owen County Coop. that consists of nine northern Kentucky counties, we can borrow $650,000. Mr. Dubell, our superintendent is in Washington negotiating the loan to build 361 miles in these 9 counties. About 40 miles will be built in Boone County in the near future. That will complete the entire area coverage for electricity in Boone County. This will cover 15 new communities and around 120 more customers will be served in Boone County.

The Coop. has the poles, wire and hardware with exception of the transformers on hand.

Owen County Coop. is a 5 million dollar corporation; has now 3200 members; will have 500 members when area is complete. Patience and time and R. E. A. will complete a wonderful service."

Submitted by W. M. Smith.

Note: The committee did not have the post war report for the Community Public Service, the C. G. E. and other companies serving the territory. The committee was continued until the next meeting in order to secure a more complete report from other utilities serving the county.

No. 3 "Committe for Improvement of Rural Dwelling or Home."

"A. Goals to be attained:

"I. Rural home constructed or remodeled to conform with approved building practices.

II. Electricity in every home.

III. Adequate water supply.
(a) Water pumped into house.

IV. Efficient heating facilities.

V. Improved surroundings of farm home.

B. Recommendations for attainment of goals.

I. Construction of homes.
(a) Plans for building and remodeling rural homes be made available.
(b) Importance of insulation be stressed.

II. Electricity.
(a) Cooperation with R. E. A. and other Public Utilities.
(b) Displays of electric equipment at fairs and public meetings.

III. Water Supply.
(Refer to report of Committee on Home Water Supply)

IV. Heating.
(a) Insulation of house.
(b) Central heating system where practical.
(c) Adequate and safe chimneys.

V. Improved surroundings.
(a) Better fencing.
(b) Correct pleacement of out-buildings.
(c) Lawn beautification.
(d) Special attention to improvement and sanitation of out-door toilets.

Committee—Mrs. Stanley Ranson, Mrs. Clyde Arnold and Mrs. Sibbia Reimer.

Committees Nos. four and five report will be submitted next week. The Committees attempted to set up goals for the next five to twenty years. Goals are subject to revision at the next County Planning meeting to be held at Burlington, October 8th, 1946 at 1:30 P. M.

IT PAYS TO ADVERTISE

Spray Tips Given On Home Gardens

Commercial growers have already planned their 1946 insect and disease control schedules, but home gardeners usually wait until trouble arrives, according to H. R. Forkner, County Agent. Difficulty is often encountered at the last minute in securing the desired control materials.

The following suggestions are listed as timely:

1. Grapes should have been sprayed twice already with 3-4-50 Bordeaux (Bluestone-Lime) mixture. It is not too late to spray the home vineyard now for the control of rot that usually destroys the unsprayed grapes. Secure spray schedule at County office.

2. Rotenone dust, one per cent strength is expensive but the best all around home garden insecticide where a duster is used. Can be used for both chewing and sucking insects.

3. Arsenate of lead, Calcium arsenate and lime should be bought fresh or new each year. These materials often burn tender foliage if kept over from the previous year. These poisons are used only for those insects that chew the leaves.

4. Cucumber and melon beetles are best controlled by a combination poison repellant dust consisting of calcium arsenate or lead arsenate 1 pound to 15 pounds of gypsum powder or building plaster minus the hair. The dust should be kept regularly on the hills from the time the young seedlings crack the ground.

5. Peach or plum curculio or worms—peach and plus trees should be sprayed this week with a poison composed of a pound of arsenate of lead, 16 pounds of lime and 100 gallons of water. Reduced down, this would be 1 oz. arsenate of lead. 8 ozs. lime. and 3 gallons of water.

6. Apples that are not already sprayed probably have been infected with apple scab and it is now too late for control.

The Great Toe

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison, Covington

Do you know that the great toe supports the entire weight of the body for an instant, in the last act of walking?

The foot muscles acting upon the four lesser toes preserve the balance of the body by causing the toe to grip in the shoe and in final spring, or "take off." By the last act of walking to give the their attachment the toes flex at their first (holongel) points and extend at their second and third joints, so that the ends of the toes are pressed upon and grip in standing so as to form powerful propelling levers as the body swings forward upon the toes.
